BACKGROUND:

The Department of Public Social Services Arlington building was completed in 1977. The parking lot has reached the end of its life cycle. In coordination with the Department of Public Social Services, Facilities Management has developed plans and specifications for the restoration of the parking lot surrounding the facility and now requests permission to solicit bids to complete the work. The plans and specifications have been reviewed by County Counsel and approved as to form. Facilities Management will return to the Board under separate cover for approval of the total project budget and award of the contract to the lowest responsive and responsible bidder.
