

**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

FROM: Waste Management Department

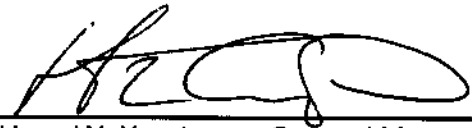

SUBMITTAL DATE:
July 24, 2008

SUBJECT: Continuance of County Ordinance 779.9, as it Relates to the Alternative Daily Cover (ADC) Surcharge

RECOMMENDED MOTION: That the Board of Supervisors, at the close of public hearing on July 29, 2008, adopt the \$10 per ton surcharge on green waste utilized as Alternative Daily Cover (ADC) per Ord. 779.10 with the surcharge to be effective July 1, 2009.

BACKGROUND: At the May 20, 2008 public hearing, Ordinance 779.9 was approved, with the exception of the \$10 Alternative Daily Cover (ADC) Surcharge. The ADC surcharge was continued to July 29, 2008, in order to allow the Waste Haulers time to discuss with their contract cities. Since the 1990's, Riverside County has been accepting ADC at no cost due to the demand from the greenwaste recycling industry in the County to find an alternative outlet for the processed material. Jurisdictions in Riverside County have benefitted from this outlet as State regulations do not count this tonnage as landfilled tonnage but as diverted material, thereby aiding a jurisdiction's efforts to meet the 50% diversion mandated under AB 939. From March 2006 to March 2007, the Riverside County waste system utilized over 253,000 tons of greenwaste as ADC, which represents approximately 11.8% of the total deposited refuse during the same period, and results in a loss of airspace capacity in the landfill system that is not funded. F11 – Continuance of County Ordinance 779.10 as it Relates to the Alternative Daily Cover (ADC)
Surcharge
July 24, 2008
Page 2

BACKGROUND (Continued):

It is, therefore, appropriate and prudent fiscal planning to consider setting a rate for this material to partially offset the long-term expansion costs for the system. Considering that the current blended rate for refuse deposited in the County system is \$27.52 per ton for disposal, a heavily discounted rate of \$10.00 per ton for ADC is reasonable and appropriate, and still represents a significant subsidy. Staff is sensitive to the issue raised by the Solid Waste Management Advisory Council regarding timely notification to haulers and residents due to Proposition 218 requirements and, therefore, recommends that the implementation date of the proposed surcharge be delayed until July 1, 2009.

3 **ORDINANCE NO. 779.10**
4 **AN ORDINANCE OF THE COUNTY OF RIVERSIDE**
5 **RELATING TO**
6 **COUNTY SOLID WASTE FACILITIES**
7 **AND ESTABLISHING FEES**

8 The Board of Supervisors of the County of Riverside, State of California, ordains as follows:

9 SECTION 1:

10 This ordinance amends Appendix "A" of Ordinance No. 779.9 with the following
11 provision: "Effective July 1, 2009, a \$10.00 per ton surcharge will be applied to loads of
12 preapproved greenwaste to be used for Alternative Daily Cover", and amends and replaces
13 any prior version of Ordinance No. 779 in their entirety with the following:

14 **Section 1. DEFINITIONS.**

15 The words used in this ordinance shall have the definitions provided in Public
16 Resources Code 40100 et. Seq.

17 **Section 2. ESTABLISHMENT OF SITES.** Subject to control of the Board of

18 Supervisors, the General Manager-Chief Engineer of the Waste Management Department may
19 designate and operate or control by contract County owned or leased or contracted sites to be
20 used for the public transfer, processing or disposal of solid waste.

21 **Section 3. REFUSE FROM OUTSIDE OF COUNTY.** Unless so authorized in

22 writing by the General Manager-Chief Engineer of the Waste Management Department or
23 his designated representative, under general policies adopted by the Board, no person shall
24 place, deposit, or dump, or cause to be placed, deposited, or dumped, in or upon any
25 County owned, leased, or contracted transfer station or disposal site, any solid waste
26 originating outside of the County of Riverside, provided however, the General Manager-
27 Chief Engineer of the Waste Management Department has discretion to accept incidental
28 amounts of refuse from outside of Riverside County and near County borders for disposal
 at County landfills when payment is made according to Appendix A for such incidental

1
2
3 refuse.

4 **Section 4. REGULATIONS.** All County owned, leased, or contracted transfer
5 stations and disposal sites shall be under the supervision of the General Manager-Chief
6 Engineer of the Waste Management Department who shall have the power and the duty to
7 prescribe reasonable regulations regulating the use by the public and the operation of such
8 sites. Such rules shall include, but need not be limited to, the following subjects:

- 9 a. Days and hours of use.
- 10 b. Charges for use of sites at times other than regular hours, which shall be
11 sufficient to reimburse the County for equipment, personnel and overhead
12 costs.
- 13 c. Maximum size of articles and objects being dumped.
- 14 d. Allocation of various types of waste to specific sites and the placement of
15 waste within any site.
- 16 e. Prohibition or conditional acceptance of harmful or dangerous materials, if
17 allowed under the state operating permit, including a reasonable charge for
18 their acceptance.
- 19 f. Prohibition of unauthorized persons from access to areas within a site,
20 including the unauthorized conducting of salvage operations.

21 Except for short term emergency situations, any regulation fixing days or hours of
22 operation shall be submitted to the Board of Supervisors for approval before taking effect. All
23 regulations prescribed by the General Manager-Chief Engineer of the Waste Management
24 Department shall be filed in his or her office and shall be available for public inspection.

25 **Section 5. HAZARDOUS WASTE LOAD CHECKING PROGRAM.** All
26 Operators of landfills and transfer stations in the County, including the County itself, shall
27 implement and maintain a hazardous waste load checking program at each of their solid waste
28 facilities as required by California law (pursuant to Titles 14 and 27, California Code of

1
2
3 Regulations); and which program shall also meet the following minimum requirements:

- 4 a. Each solid waste facility operator shall perform random loadchecks across
5 load types of residential, commercial, and industrial to detect hazardous waste
6 before such incoming waste is transferred to, and/or disposed at, the landfill.
7 Such program shall have the objectives of: (1) preventing hazardous waste
8 from being placed in a landfill not permitted to receive such waste and (2)
9 educating and discouraging customers from bringing in such material. The
10 minimum number of loadchecks performed at each solid waste facility shall
11 comply with the following schedule:

12 **Landfill and Transfer Station Facility Random Loadcheck Schedule – Per Average Daily Tonnage**

<u>Average Daily Tonnage</u>	<u>Random Samples per Day*</u>
0 to 50 tons/day	**
51 to 200 tons/day	2
201 to 400 tons/day	4
401 to 600 tons/day	6
601 to 800 tons/day	8
801 to 1000+ tons/day	10

13
14
15
16
17
18
19
20 *The initial schedule is for the number of “random samples per day” to be applied to
21 three days a week. The three days shall be rotated so arriving customers will not know
22 when they may be loadchecked. If a problem still persists with large quantities of
23 hazardous waste showing up at the landfill or transfer station, the Enforcement
24 Agency or the General Manager-Chief Engineer of the Waste Management
25 Department may require the number of “random samples per day” to be applied every
26 day the solid waste facility is open until the problem is deemed corrected.

27 **As defined in the State Permit.

- 28 b. An inspection form (which shall be certified for completeness and accuracy by the
loadcheck inspector on duty) shall be filled out in its entirety at the time of each
loadcheck performed at the solid waste facility. The inspection form shall include
the following information:

Each inspection form shall be reviewed by management and initialed verifying completeness.

c. The General Manager-Chief Engineer of the Waste Management Department or his designated representative and/or a representative of the Enforcement Agency shall have the right to enter the solid waste facilities at any time and observe the operator performing loadchecks. The General Manager-Chief Engineer of the Waste Management Department or his designated representative and/or a representative of the Enforcement Agency may perform loadchecks in order to audit the solid waste facility loadchecking program and/or assist the operator in making its loadchecking program successful.

Section 6. SALVAGE OPERATIONS. Subject to the approval of the Board of Supervisors, salvage operations of reusable waste materials at County owned, leased, or

3 contracted transfer stations and disposal sites may be conducted only by such persons as are
4 authorized to do so and upon such terms and conditions as are imposed by the General
5 Manager-Chief Engineer of the Waste Management Department.

6 **Section 7. FEES.**

- 7 1. **Tipping Fees at Scaled Urban Sites:** Pursuant to the authority of
8 Government Code Section 25823, fees for the disposal of solid waste and
9 disposal of liquid waste at enumerated landfills shall be as established by the
10 Board of Supervisors following a duly noticed public hearing. The fees so
11 established shall be in an amount sufficient to cover all costs including but not
12 limited to the following: closure/postclosure (including past unfunded costs),
13 remediation, environmental mitigation, state mandated and other pass-through
14 fees, and general operations. Such fees and the landfills to which they shall
15 apply appear as Appendix A to this Ordinance. The Board of Supervisors may
16 establish different rates through contractual agreements when the terms of said
17 agreements help stabilize revenues and system rates over a long term period.
- 18 2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government
19 Code Section 25823, fees for the disposal of solid waste at landfills and
20 transfer stations, formerly in a land use assessment area, shall be as established
21 by the Board of Supervisors following a duly noticed public hearing. The fees
22 so established shall be calculated to substantially cover a fair share of the
23 estimated costs for these facilities. Cards permitting entrance into these
24 landfills and transfer stations shall be offered for sale to residents and
25 businesses (only in the local areas surrounding these sites as shown on maps in
26 Exhibit 1) at rates set by the Board of Supervisors. No access to these
27 facilities will be allowed without a card, except in cases where permitted waste
28 haulers or other large commercial users have negotiated separate contracts

with the County. Waste from outside these areas shall not be accepted at the rural sites providing however, waste from unincorporated areas outside of, but near the borders of these service areas may be accepted under the same terms and conditions herein set forth, if it is determined by the General Manager-Chief Engineer of the Waste Management Department that this is the most practical way to provide disposal service to these customers. Such rates and the landfills and transfer stations to which they apply shall appear in Appendices B and C to this Ordinance.

3. **Miscellaneous Fees.** A schedule of miscellaneous fees is attached as Appendix D.

Section 8. PROHIBITIONS. No person shall violate any regulation prescribed by the General Manager-Chief Engineer of the Waste Management Department regulating the use of a County disposal site or transfer station, or fail to obey any sign giving notice of any regulation, maintained at any such site or facility by the General Manager-Chief Engineer of the Waste Management Department. Violation of any such regulation shall be a violation of this Ordinance.

Section 9. VIOLATIONS AND PENALTIES. The General Manager-Chief Engineer of the Waste Management Department reserves the right to deny entrance to an individual for an appropriate time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal workflow of the County disposal site or transfer station operations. A letter of notification specifying the dates of restriction and the locations will be mailed to the individual and on hand at the gate fee booth.

It shall be unlawful for any person to violate any provision of this Ordinance. Any person violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as hereinafter specified. Such persons shall be deemed guilty of a separate offense for each and every day or portion thereof during which any violation of any of the

(1) guilty of an infraction offense and punished by a fine not exceeding One Hundred dollars (\$100.00) for a first violation; (2) guilty of an infraction offense and punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second violation. The third and any additional violations shall constitute a misdemeanor offense and shall be punishable by a fine not exceeding Five Hundred dollars (\$500.00).

Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor. Payment of any penalty herein shall not relieve a person from the responsibility for correcting the violation.

Section 10. SEVERABILITY. If any provision, clause, sentence or paragraph of this Ordinance (including its appendices) or the application thereof to any person or circumstances shall be held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this Ordinance (and its appendices) which can be given effect without the invalid provision or application, and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be severable.

SECTION 2:

This ordinance shall take effect thirty (30) days after the date of adoption.

MINUTES OF THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

12.3

1:30 p.m. being the time set for public hearing on Adoption of Ordinance 779.9, an Ordinance of the County of Riverside Relating to County Solid Waste Facilities and Establishing Fees, the Vice-Chairman called the matter for hearing.

Hans Kernkamp, General Manager-Chief Engineer, presented the matter and recommended to continue the \$10/ton surcharge greenwaste for 30 days and adopt the Ordinance.

David Fahrion, resident, spoke in support of greenwaste and concurred to 30 day continuance on \$10 per ton surcharge on greenwaste for Alternative Daily Cover (ADC).

Mary Matava, resident, spoke in support of greenwaste and asked for 30 day continuance.

It appearing no one else wished to speak on the matter, the Vice-Chairman declared the hearing closed except on the portion relating to the \$10 per ton surcharge to be applied to loads of preapproved greenwaste to be used for Alternate Daily Cover (ADC).

On motion of Supervisor Tavaglione, seconded by Supervisor Ashley and duly carried, IT WAS ORDERED that Ordinance 779.9 is adopted as recommended except for the \$10.00 per ton surcharge to be applied to loads of preapproved greenwaste to be used for Alternate Daily Cover (ADC) in Appendix A, which is continued to Tuesday, July 29, 2008 at 1:30 p.m. for further hearing.
