BACKGROUND (Continued)

The HPOS/Dazel software maintenance is necessary for OASIS to continue to receive technical support and regularly scheduled system updates from HP for the HPOS/Dazel software through June 30, 2009.

PRICE REASONABLENESS: HP has applied the full volume discount available for State and Local government customers to obtain the current pricing.

HP is the sole provider for Output Server/Dazel software and maintenance support products. HPOS/Dazel maintenance support is only available through HP direct sales channels.
