JUSTIFICATION:

1. An initial inspection was made of the subject real property by the Code Enforcement Officer on November 29, 2007.
2. The inspection revealed two substandard structures (white building with blue trim and brown building with white trim) on the subject real property in violation of Riverside County Ordinance No. 457. The substandard conditions of the structures included, but were not limited to the following: lack of required electrical lighting; hazardous wiring; members of walls, partitions or other vertical supports that split, lean, list or buckle due to defective material or deterioration; members of ceilings, roofs, ceiling and roof supports or other horizontal members which sag, split or buckle due to defective material or deterioration; faulty weather protection; general dilapidation or improper maintenance; and abandoned, vacant, public and attractive nuisance. The inspection also revealed the accumulation of rubbish (approximately 200 square feet) on the subject property in violation of Riverside County Ordinance No. 541. The accumulation of rubbish consisted of, but was not limited to the following materials: household trash, scrap wood, clothes and green waste.

3. Subsequent inspections of the above-described real property on February 7, 2008, April 1, 2008, June 10, 2008 and July 23, 2008, revealed that the property continues to be in violation of Riverside County Ordinance Nos. 457 and 541.
4. Staff and the Code Enforcement Department have complied with the requirements set forth in the appropriate laws of this jurisdiction pertaining to the administrative abatement proceedings for substandard structures and accumulation of rubbish.
