project to replace the nonfunctioning sound system in the rotunda and Department 1 of the 1903 Historic Courthouse. Facilities Management solicited proposals from engineering firms for the proposed work. Audioptic Inc. was selected based on their proposed solution and cost. Audioptic has extensive experience and expertise in both design and installation of sound systems in historically significant buildings like the county courthouse.

All related project costs are fully funded with Court Funds, thus no additional net county cost will be incurred as a result of this agreement.
