BACKGROUND:

The Stephan Center is a non-profit organization that offers educational material, resources and referral information in the area of Life Losses to promote understanding, insight and support for those struggling with life challenges that include finances, addictions, child abuse, homelessness, death, divorce, unemployment, illness, etc.

They would like to improve their outreach efforts to local organizations such as school counseling departments, head start and child development programs, hospitals and hospices, county agencies, senior centers, faith and based organizations.

We would like to use Fourth District Community Improvement Funds to assist in this effort.
