**BOARD OF SUPERVISORS**

**FORM 11: PROPOSED AWARD FOR THE 2008 MONITORING WELL CONSTRUCTION  
PROJECT AT THE BADLANDS SANITARY LANDFILL**

**PAGE 2**

**BACKGROUND (Continued)**

Board (the State agency responsible for the regulatory enforcement of the subject sections of the CCR) has specified that the Department shall install three additional groundwater monitoring wells.

**PRICE REASONABLENESS**

In order to comply with the subject sections of the CCR, and as directed by the Santa Ana Regional Water Quality Control Board, Central Purchasing, on behalf of the Waste Management Department, prepared a Request for Quote for the groundwater well construction project which was advertised to Plan Rooms, the County website, and to those named on the vendor list. Two (2) bids were submitted ranging from \$143,650.00 to \$217,670.00. Layne Christensen Company submitted the lowest responsive, responsible bid of \$143,650.00, which exceeds the Purchasing Agent's dollar authority of \$125,000.00. The Waste Management Department has sufficient funds in their budget to cover this project.
