**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

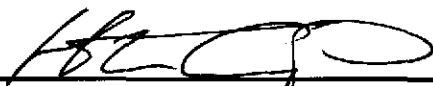

FROM: Waste Management Department

SUBMITTAL DATE:
March 4, 2009

SUBJECT: Agreement between SMR Ventures and the County of Riverside to Install three off-site Groundwater Monitoring Wells on Land Adjacent to the Closed Highgrove Sanitary Landfill

RECOMMENDED MOTION: That the Board Supervisors approve the Agreement between SMR Ventures and the County of Riverside and authorize the Chairman to execute the Agreement on behalf of the Board.

BACKGROUND: SMR Ventures is developing land to the west of the closed Highgrove Sanitary Landfill for residential housing. In order to complete grading for the project, SMR Ventures sent a letter to the Regional Water Quality Control Board (RWQCB) requesting approval to abandon three offsite groundwater monitoring wells. The RWQCB approved the request, but required that replacement wells be constructed in a location approved by the RWQCB and the County. To continue conducting groundwater monitoring downgradient from the closed Highgrove Sanitary Landfill, the County needs the wells originally abandoned by SMR Ventures replaced. SMR Ventures has agreed to allow the Waste Management Department (Department), on behalf of the County, to install the three replacement groundwater monitoring wells and agreed to pay \$32,000.00 to the Department for said installation costs (wells and staff time).
