Riverside County Transportation and Land Management Agency

**BACKGROUND:** Responding to constituent complaints, the Coachella Valley Association of Governments Off-Highway Vehicle Task Force has been successful in curtailing the illegal use of off- road vehicles in rural desert areas. The Task Force has targeted specific areas for enforcement and continues to patrol combat this environmentally destructive problem.

In order to better promote awareness of the unlawful riding, the Sheriff's Department, Bureau of Land Management and other involved law enforcement agencies requested better posting of the pertinent Ordinance 529. Signs were installed by the County Transportation Department and will serve to alert potential violators of the regulations.

We would like to use Fourth District Community Improvement funds to assist this effort.
