

**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

933

FROM: Waste Management Department

SUBMITTAL DATE:
May 29, 2009

SUBJECT: Construction of the Southwest Sedimentation Basin at the Badlands Landfill – Final Construction Cost Adjustment

RECOMMENDED MOTION: That the Board of Supervisors authorize the General Manager/Chief Engineer of the Waste Management Department to make an additional payment to Contractor.

BACKGROUND: On June 17, 2008, the Board awarded Earth Construction and Mining, Inc. (ECM) the contract to construct the Southwest Sedimentation Basin at the Badlands Landfill. The project was completed on March 6, 2009. The Department has accepted the work and a Notice of Completion (NOC) was filed on April 7, 2009 with the County Clerk. The NOC stated the total cost as \$456,012.38. During the calculation of the final progress payment to ECM, it was discovered that there was a spreadsheet error resulting from the final quantity reconciliation which increases the project amount by \$3,744.00 in favor of ECM. This additional amount brings the total cost of the Project to \$459,756.38.

Departmental Concurrence

Hans W. Kernkamp, General Manager-Chief Engineer
