| 10000-1000100000-551100 | Contribution to Other Co Funds | \$302,092.00 |
|-------------------------|--------------------------------|--------------|

**BACKGROUND:** See Attached.

Roy Wilson, Fourth District Supervisor

**BACKGROUND:**

The ADA Transition Plan for the Riverside County Fair and National Date Festival (Plan) prepared by BOA Architecture in July 2008 documented physical barriers that limit the accessibility of the County's resources and programs to individuals with disabilities. The Plan established priorities and a schedule for improvements which would maximize accessibility at the Fairgrounds. Priority for barrier removal in accordance with Federal Department of Justice Priorities – 28 CFR 36.304(c):

1. Entrances onto fairgrounds / onsite paths of travel to facilities/facilities entrances.  
[28 CFR 36.304(c)(1)]
2. Accessible use of facilities [28 CFR 36.304(c)(2)]

The current fiscal year project which will address path of travel improvements at the entrances onto the fairgrounds and to facilities/facilities entrances is "Phase 3 From Gate 6 to Fine Arts Building" The project includes demolition of existing pathway and reconstruction in accordance with hydrology and engineering plans developed for the entire fairgrounds. The improved access will benefit those accessing the fairground at Gate 6.

We would like to use Fourth District Community Improvement Designation funds to make the necessary infrastructure improvements to the fairgrounds.
