**SUBJECT: Fiscal Year 2009 – 2010 Dental Services Agreements with
Contract Dentist for the Medically Indigent Services Program
(MISP)**

Page 2

BACKGROUND:

The development of services networks for the indigent population and the limitations of public transportation have deemed it necessary to create a network of dental services providers. The contracts establish a defined payment protocol and benefit set for dental services for the medically indigent enrollees who reside in the county. It is expected that the contracts will facilitate a consistent standard of care and thereby allow for a better control of the use of funds for these services.

The Agreements have been approved as to form by County Counsel.
