**JUSTIFICATION:**

1. An inspection was made of the subject property by the Code Enforcement Officer on December 19, 2007. The inspection revealed several motorcycle jumps had been graded on the property and that the jumps deviated from the natural topography in violation of Riverside County Ordinance No. 457 (RCC Title 15). The Officer estimates that approximately two hundred sixty (260) cubic yards of dirt has been graded. The inspection also revealed that a foam pit structure had been constructed on the Property. A search of Riverside County records indicates that no permit for the grading or the construction of the foam pit structure has been obtained. This creates public and attractive nuisances.
2. Follow-up inspections on February 6, 2008, April 24, 2008, December 16, 2008, December 19, 2008, April 27, 2009, and July 18, 2009 revealed that the property continues to be in violation of Riverside County Ordinance No. 457.
3. Staff and the Code Enforcement Department have complied with the notice requirements set forth in the appropriate laws of this jurisdiction pertaining to the administrative abatement proceedings for grading without a permit and construction without a permit.
