- (5) The reasonable costs of abatement, after notice and an opportunity for hearing, shall be imposed as a lien on the real property, which may be collected as a special assessment against the real property pursuant to Government Code Section 25845 and Ordinance No. 725.
- (6) That upon the restoration of the property and payment of all abatement costs assessed against the property are paid the five (5) year hold on the issuance of building permits and land use approvals will be lifted.
- (7) County Counsel be directed to prepare the necessary Findings of Facts and Conclusions that the grading without a permit on the real property is declared to be in violation of Riverside County Ordinance No. 457 and a public nuisance, and further, to prepare an Order to Abate for approval by the Board.

JUSTIFICATION:

1. An inspection was made of the subject property by the Code Enforcement Officer on April 26, 2008. The inspection revealed that the area was cut and graded in excess of 50 cubic yards. The grading had caused the property to deviate from the natural topography in violation of Riverside County Ordinance No. 457 (RCC Title 15). The Officer estimates that approximately six hundred seventy-one (671) cubic yards of dirt have been graded. A search of Riverside County records indicates that a grading permit BHR080159 was issued but expired and the property has not been restored. This creates a public and attractive nuisance.
2. Follow-up inspections on January 29, 2009 and May 6, 2009, revealed that the property continues to be in violation of Riverside County Ordinance No. 457.
3. Staff and the Code Enforcement Department have complied with the notice requirements set forth in the appropriate laws of this jurisdiction pertaining to the administrative abatement proceedings for grading without a permit.
