funded in the Transportation Improvement Program (TIP). The on-call contracts provide flexibility to engage consultants for a variety of tasks for various projects on short notice to provide special surveying expertise and to augment our staff resources. The surveying services rendered under these on-call contracts will be provided on an as-needed basis only and it does not guarantee work for the annual allocated budget amount of \$500,000.

A request for proposals was posted on the Transportation Department's website, and notification letters were also mailed to over one hundred sixty-five firms. Thirty-seven firms submitted written proposals which were carefully reviewed and evaluated by representatives of the Transportation Department's Survey Division. Based on each consultant's expertise and the Survey Division's needs, a shortlist of eight firms was created. The eight firms that were selected for the shortlist then participated in interviews.

Upon completion of interviews, Hunsaker & Associates Irvine, Inc.(Riverside Office) was ranked as one of the top five firms, and has been selected to provide on-call surveying services. Hunsaker & Associates Irvine, Inc. will be directed to furnish specific project related tasks to support County staff with the delivery of approved TIP projects. This contract is for a 3-year term for a not-to-exceed annual amount of \$500,000. The County has the option to extend the contract for two additional one year terms following the close of the initial three (3) year term. The County also has the option to terminate this contract with 30 days notice. Funding for the services provided for each assignment will come from the respective project funds.
