RE: Construction of Traffic Signal and Lighting, at Limonite Avenue and Lucretia Avenue, Mira Loma area.

was submitted by DBX, Inc. in the amount of \$358,393. The bid is \$104,997 (23%) less than the Engineer's Estimate. The Transportation Improvement Program provides for the construction of the subject improvements.

The proposed traffic signal meets traffic signal warrants and will improve safety by providing protected traffic movements and pedestrian crossings.

This project will also provide striping and signing improvements at the intersection and pavement widening on Limonite Avenue. The pavement widening on Limonite Avenue will be striped to add an eastbound left turn lane at Lucretia Avenue and an additional eastbound lane between Etiwanda and Wineville Avenue.

The West County Development Impact Fee (DIF) program, which is governed under Ordinance 659.6, allows for the use of DIF funds for traffic signal facilities.

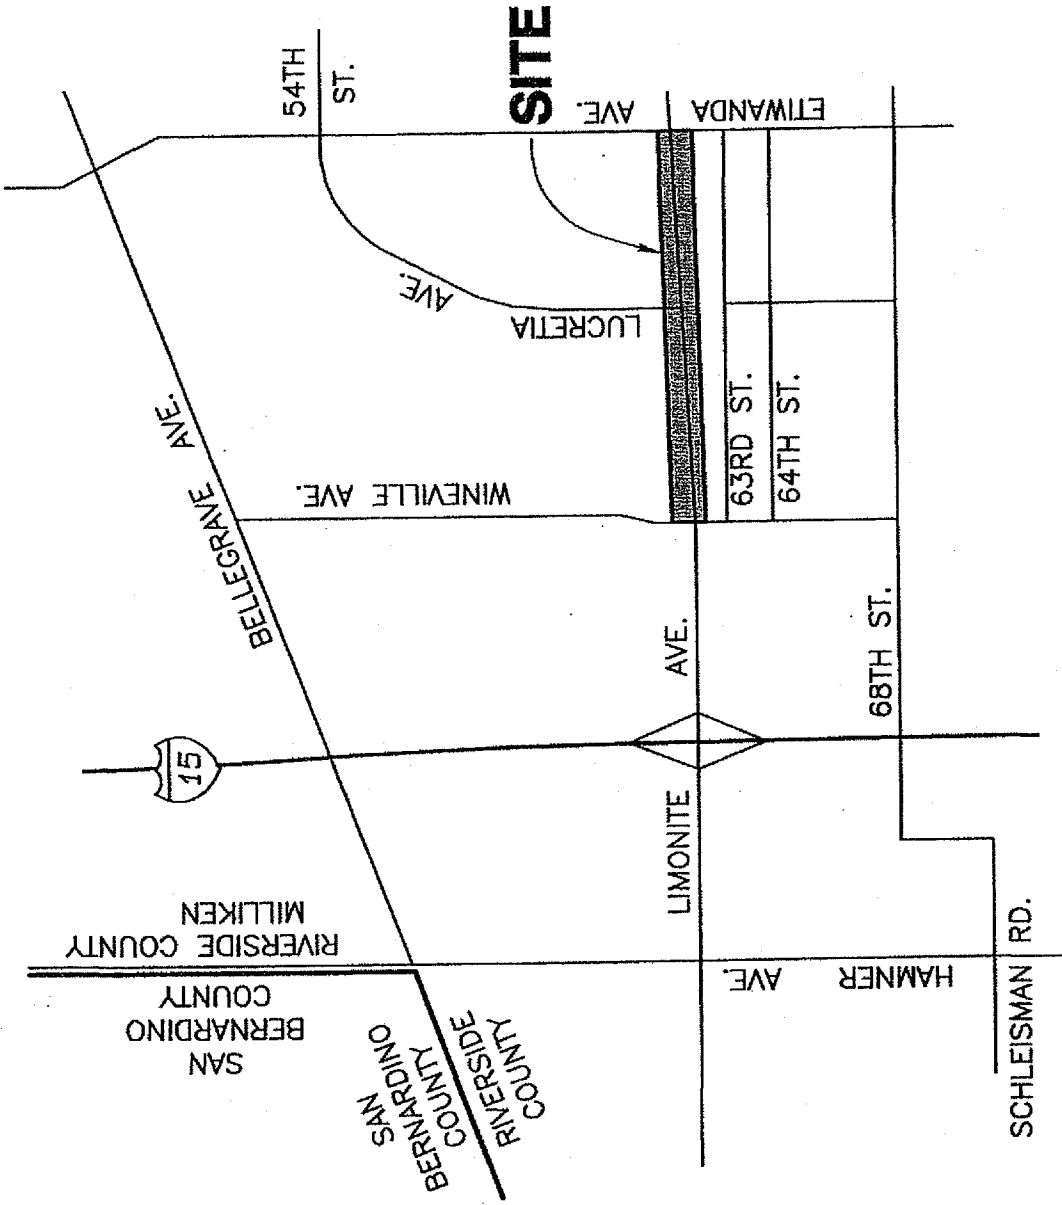

Annual traffic signal operation and maintenance costs are estimated at \$5,500 to be funded from gas tax.

The relocation and adjustments of utilities owned by Jurupa Community Service District (JCSD) was included in the bid package as an alternate bid schedule. The District has approved the award of the alternate bid schedule as bid by the apparent low bidder. The costs for the work will be funded by the district.

The Contractor has executed the contract and has provided bonds and insurance certificate documents which meet the requirements of the contract.

The contractor is qualified.
