the Transportation Department with the needed services. This amendment exercises the option in the agreement to extend the term of the contract for the first of the two optional one-year extensions.

Kimley-Horn and Associates, Inc. is currently assisting the Transportation Department with the preparation of a Nexus Study for the proposed Lakeview-Nuevo Road and Bridge Benefit District and their continued services are required to complete this effort. This Nexus Study will assist the County with infrastructure planning and determination of the levels of supplemental development fees necessary to mitigate cumulative impacts of development. This contract amount also provides additional contract capacity for the Transportation Department to utilize Kimley-Horn on other projects that may come up during the year which they may be well suited to perform.

All associated contract costs will be funded using project funds. Thus, no net county costs will be incurred as a result of this contract amendment.

AMENDMENT TO AGREEMENT
for On-Call Engineering Services
between County of Riverside – Transportation Department
and Kimley-Horn and Associates, Inc.

THIS AMENDMENT (hereinafter the "Amendment") to an agreement is made and entered into as of this _____ day of _____, 2009, by and between the County of Riverside, a political subdivision of the State of California (hereinafter the "COUNTY"), and Kimley-Horn and Associates, Inc. (hereinafter "ENGINEER").

RECITALS

- A. COUNTY and ENGINEER have entered in an agreement entitled "On-Call Engineering Services between County of Riverside – Transportation Department and Kimley-Horn and Associates, Inc." that is dated February 6, 2007 (hereinafter the "Agreement"). The Agreement provides the terms and conditions, scope of work, schedule and budget for the performance of professional and technical services necessary to provide on-call engineering services.
- B. Appendix B • Article BI establishes the time period for allowing work assignments to be authorized under the original agreement. The terms and conditions specify that work assignment can be authorized until June 30, 2009 and that the authority to execute work assignments can be modified through one-year supplemental extensions. The agreement allows for two separate one-year extensions. The ENGINEER is satisfactorily performing the duties under this agreement and the Transportation Department continues to need the services provided. The parties therefore now desire to implement the first one-year extension of the authority to execute work assignments.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants hereinafter contained, the parties agree as follows, effective June 30, 2009:

- 1. The authority to authorize work assignments under this contract is hereby extended to June 30, 2010 in accordance with Appendix B • Article BI of the original agreement.
- 2. Except to the extent specifically modified or amended hereunder, all of the terms, covenants and conditions of the Agreement shall remain in full force and effect between the parties hereto.

IN WITNESS HEREOF, the parties hereto have caused this Amendment to the Agreement to be duly executed this day and year first written above.
