intersection.

The construction of this signal project will be funded with DIF funds and a contribution from the City of Perris.

The Development Impact Fee (DIF) program, which is governed under Ordinance 659.6, allows for the use of DIF funds for traffic signal facilities.

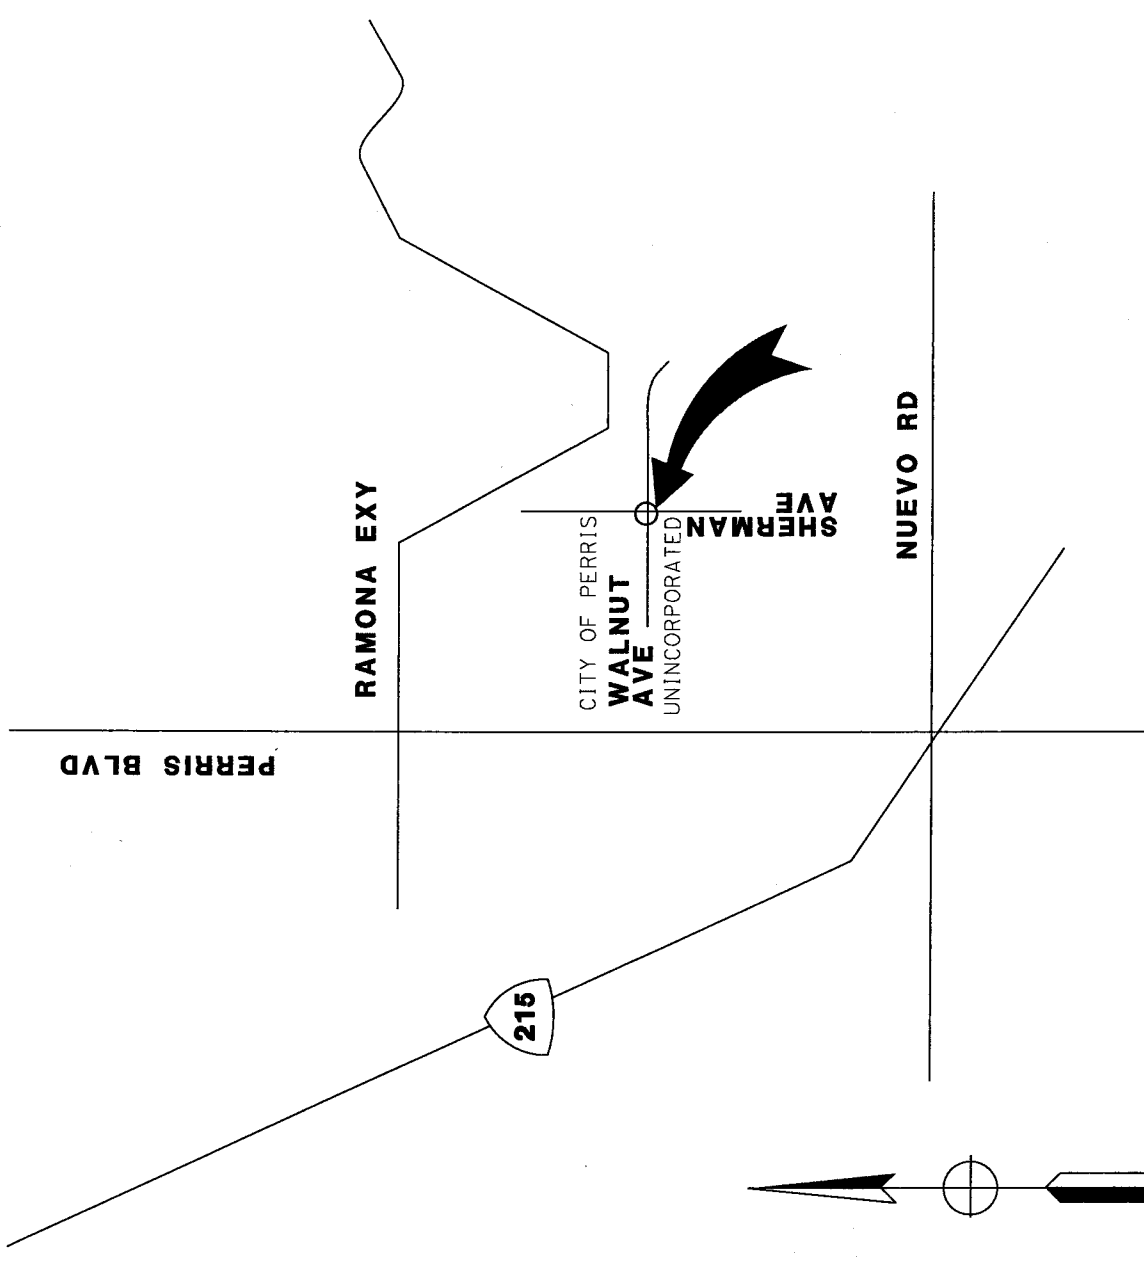

A portion of this project is located within the City of Perris. This portion is located north of the Walnut Avenue center line. A cooperative agreement between the County and the City for the funding, construction operation and maintenance of the traffic signal has been prepared and sent to the City for review and approval. An executed agreement will be submitted to the Board prior to or concurrently with the recommended construction contract award.

Annual traffic signal operation and maintenance costs are estimated at \$5,500 to be funded from gas tax and the City of Perris.

The submitted contract documents and specifications have been approved as to form by County Counsel.

Environmental clearance is complete.
