

SUBMITTAL TO THE BOARD OF SUPERVISORS  
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

904B

SUBMITTAL DATE:  
January 27, 2010

FROM: TLMA - Planning Department

SUBJECT: Alcoholic Beverage Control License  
Determination of Public Convenience and Necessity (PNC-61)

**CONTROVERSIAL ISSUES:** Conditional Use Permit No. 3587 was approved on December 16, 2008 to "permit the sale of beer and wine for consumption off the premises where sold (ABC Type-20) for the proposed market." The "Fresh and Easy" (Tesco) food market is currently seeking a determination for public necessity and convenience findings for a type 20 license to allow for the sale of beer and wine for off-site consumption only.

**RECOMMENDED MOTION:** That the Board of Supervisors, based on the findings below, make a determination of Public Convenience and Necessity so that another Alcoholic Beverage license be issued to allow the sale of beer and wine for off-site consumption only, northerly of A Street, easterly of Raymond Drive, southerly of Schleisman Road, and westerly of Hamner Avenue, Riverside County Assessor's Parcel Nos. 152-050-047, in the Second Supervisorial District, may be issued. Furthermore, that the State Department of Alcoholic Beverage Control be directed to place a restriction of the license limiting it to off-site consumption only.

**BACKGROUND:** In accordance with Government Code 23958.4 the State of California Department of Alcoholic Beverage Control (ABC) may deny an application for an ABC license if there is an "undue concentration of licenses." An "undue concentration" exists if it is deemed to be in a census tract where the ratio of on-sale or off-sale retail ABC licenses to population exceeds the ratio of on-sale or off-sale retail ABC licenses to population in the county in which the applicant premises are located. A license may still be issued, however, if the local agency determines that the public use and necessity would be served by issuance of the license. The statute provides no definition or standard for determining "public necessity & convenience." The Alcoholic Beverage Control Board has determined that an "undue concentration" exists for the

Census Tract in which the applicant's establishment is located. A "public convenience and necessity" determination is required to establish an ABC license for "Fresh and Easy" (Tesco) food market, northerly of A Street, easterly of Raymond Drive, southerly of Schleisman Road, and westerly of Hamner Avenue, Riverside County Assessor's Parcel Nos. 152-050-047, in the Second Supervisorial District,, in the Second Supervisorial District. The State Department of Alcoholic Beverage Control is allowing the applicant to obtain a determination of "public convenience and necessity" from the County of Riverside prior to granting the license pursuant to Government Code Section 23958.4.8.

**FINDINGS:**

1. The issuance of a new ABC license on the property will not require additional Planning Department approvals because an approved Conditional Use Permit (CUP03587) was granted on December 16, 2008 to permit the sales of alcoholic beverages (type 20) for off premises consumption for "Fresh and Easy" (Tesco) food market.
2. A radius map buffering 1,000 feet from the subject site was prepared by Riverside County Geographic Information Systems and concluded that no public elementary school or secondary school district is within 1,000 feet of the site.
3. A radius map buffering 1,000 feet from the subject site was prepared by Riverside County Geographic Information Systems and concluded that no public park and playground is within 1,000 feet of the site.
4. The "Fresh and Easy" (Tesco) food market is requesting a type 20 license to allow for the sale of beer an wine for off-site consumption only.
5. The "Fresh and Easy" (Tesco) food market is primarily engaged in the sale of groceries and shall be selling beer and wine in conjunction with food and other household items.
6. The project shall not be situated in such a manner that vehicle traffic from the facility may reasonably be believed to be a potential hazard to a school, church, Public Park or playground.
7. No displays of beer, wine or other alcoholic beverages shall be located on the exterior of the building or within window areas.
8. The State Department of Alcoholic Beverage Control is allowing the Riverside County Board of Supervisors to grant a determination of "public necessity and convenience" for the new license.
9. Currently three (3) alcohol and beverage control (ABC) licenses are allowed in Census Tract 406.02; however thirteen (13) licenses have been issued. Approval of Public Convenience and Necessity No. 61 would increase the number of existing ABC licenses from thirteen to fourteen.

**APPLICATION FOR DETERMINATION OF PUBLIC  
NECESSITY & CONVENIENCE**

In accordance with the Business and Professions Code, Section 23958.4, the State of California Department of Alcoholic Beverage Control (ABC) has been granted the authority to deny an application for an ABC License if there is "undue concentration of licenses." An "undue concentration" exists if the site for the license is deemed to be in a census tract where the ratio of on-sale or off-sale retail ABC licenses to population exceeds the ratio of on-sale or off-sale retail ABC licenses to population in the county in which the applicant premises are located. A license may still be issued, however, if the local agency (Riverside County Board of Supervisors) determines that the public use and necessity would be served by issuance of the license.

Hi Garret,

Planning assembles notification mailing labels and Findings of Public Necessity and Convenience within a Staff Report, this should not take more than a week. The Staff Report package is transmitted by Planning to the Executive Office for Board of Supervisors scheduling, which should be about three to four weeks. If applied this week, the project could potentially be at hearing towards the end of January (note: BOS hearings occur on Tuesdays).

The PNC is scheduled as a "Administrative Action" item, and is not discussed nor does a public hearing occur. There are typically a few projects scheduled at the same time, and all are approved in one motion. They only way a hearing could occur is if a Supervisor specifically request for the PNC to be pulled from the Administrative Action section, or if an appeal is received after Board Approval.

Upon submittal, please request the project be forwarded to myself. Feel free to include this email in your application package.

Jeff,

I will be submitting the PNC application on Monday, 12/28 for Fresh & Easy. What exactly are the steps to complete the approval of the PNC? Will this PNC have to go to the Board of Supervisors, and require a public hearing, and voting approval. Or is the process more simple? And what is the projected time span?

Thanks for your help.

Re: Fresh and Easy Neighborhood Market on the northwest corner of Hamner Avenue and Schleisman Road, in the unincorporated city of Mira Loma.

To Whom It May Concern:

We represent Fresh and Easy Neighborhood Market, Inc., which would like to open a grocery store in Mira Loma. It is our understanding that a finding of Public Convenience or Necessity is essential for obtaining a liquor license at the northwest corner of Hamner Avenue and Schleisman Road in the unincorporated City of Mira Loma. We appreciate your time reviewing our justification letter and look forward to your approval.

#### PREMISES DESCRIPTION

The premises is located on the northwest corner of Hamner Avenue and Schleisman Road in the unincorporated City of Mira Loma, County of Riverside. There is approximately 13,969 square feet of gross leasable floor area. Fresh and Easy Neighborhood Market will carry a line of fresh, prepared and packaged grocery and non-food items consistent with the line of products found in full-service grocery stores. Fresh and Easy Neighborhood Market also is proposing that alcohol sales will comprise no more than 10 percent of floor space.

#### PUBLIC CONVENIENCE OR NECESSITY

First, it is important to emphasize that Business & Professional Code § 23958.4 requires a positive finding of public convenience "*or*" necessity in order for an on-site ABC application to be approved. Thus, it is legally sufficient if Fresh and Easy Neighborhood Market (formerly known as Tesco Stores West, Inc.) shows *either* public convenience *or* public necessity. It is *not* legally necessary to show both.

Second, it is only necessary to show public convenience or necessity where there is an "undue concentration" of licensees in the census track. The term "undue concentration" (also referred to

BERGMAN  
4300 Edison Ave. 909-548-3651 /P  
Chino, California 91710 909-627-5425 /F

[thebergman.com](http://thebergman.com)

LICENSE# 436418

as "over concentration") is specifically defined in Business & Professional Code § 23958.4 as simply a ratio of *the number of licenses in a census tract* compared to *the average number of licenses in a County*, as a whole. It does *not* mean that a particular census tract necessarily has too many licenses for the needs or convenience of residents in that tract. "Over concentration" also does not mean that the State, or anyone else, has previously looked at this census tract and determined that it has suffered any deleterious effects from the actual number of licenses existing; or that it will suffer if a new license is issued. It merely provides a guideline for making such a determination, in the form of determining whether, in a particular situation, the ABC license would serve the "public convenience or necessity."

Thus, the fact that the census tract in which Fresh and Easy Neighborhood Market site is located is statutorily "over concentrated" does not mean that selling a small amount of alcoholic beverages at a grocery store will have adverse impacts. Rather, it simply means that either public convenience or public necessity will be served by the sale of alcoholic beverages at this site.

#### **BASIS FOR SUPPORTING OFFSITE ALCOHOLIC BEVERAGES SALES AS AN INTERGAL PART OF THE PROPOSED PROJECT.**

##### **1. The convenience of Fresh and Easy Neighborhood Market's Concept:**

Tesco PLC is a premier international supermarket chain. They are the fourth largest retailer in the world. Currently, Tesco operates grocery stores in The United Kingdom, Ireland, China, Czech Republic, France, Hungary, Japan, Malaysia, Poland, Slovakia, South Korea, Thailand, and Turkey. The stores reflect the markets and communities they serve, but everywhere the goal is the same; to bring quality, service, and choice at a competitive price, to the heart of local neighborhoods.

Although alcohol beverages are expected to comprise only a small percent of the store shelf-space, it is nevertheless necessary in order to provide Fresh and Easy Neighborhood Market customers with a complete range of products. Thus, alcoholic beverages are a key element of the Fresh and Easy Neighborhood Market concept. By providing an assortment of products, including alcoholic beverages, readily available to the consumer at the Fresh and Easy Neighborhood Markets, the public convenience of the area will certainly be served. Without it, customers may be obliged to travel to a range of retail outlets in order to complete their weekly shopping.

##### **2. Security and Control**

Fresh and Easy Neighborhood Market is committed to taking all feasible steps to address law enforcement concerns about the site. In addition, Fresh and Easy Neighborhood Market has an extensive employee-training program and is a responsible retailer of alcoholic beverages. Tesco PLC (dba, Fresh and Easy Neighborhood Market) is a large corporate retailer with an international presence and experience. It certainly has the resources to be a responsible retailer of all types of goods and especially of alcoholic beverages. Moreover, the sale of alcoholic beverages is not their primary purpose.

Fresh and Easy Neighborhood Market facilities are designed to provide a safe environment for patrons and employees. To that end, the following design elements are incorporated into our security plan. The storefront includes a significant number of windows so that the interior of the

store is visible from the exterior of the building. Additional security measures include; adequate lighting levels both on the interior and exterior of the store, employee supervision of the facility, closed circuit video monitoring system with cameras located strategically throughout the property, and careful window signage and landscaping placement to avoid obstruction of visibility into and out of the facility.

Fresh and Easy Neighborhood Market understands the importance of maintaining the appearance of a facility to both expanding their customer base and preventing criminal activity. Fresh and Easy Neighborhood Market's property maintenance program includes timely graffiti and litter removal, repairs to structures and replacement of dead or diseased plant material, signs and curb painting to encourage parking in designated parking spaces, and strategic trash receptacle placement.

Fresh and Easy Neighborhood Market is committed to a neighborhood grocery market that allows for safe family oriented shopping. This is achieved by placing large windows along the front of the building so that passing motorists and police have a direct view into the facility. Fresh and Easy Neighborhood Market will integrate the following procedures:

1. A video camera shall be mounted inside the premises in such a position as to be visible to patrons yet not accessible by reach.
2. Post in English and the predominant language of the facility's clientele and a notice shall be placed therein that California state law prohibits the sale of alcoholic beverages to persons who are under the age of twenty-one (21) years and no such sales will be made.
3. Ensure no more than 33 percent of the square footage of the windows and clear doors of an off-sale premises shall bear advertising or signs of any sort, and all advertising and signage shall be placed and maintained in a manner that ensures that law enforcement personnel have a clear and unobstructed view of the interior of the premises, including the area in which the cash registers and maintained, from the exterior public sidewalk or entrance.
4. Post and maintain a professional quality sign stating "No loitering is allowed on or in front of these premises."
5. Post and maintain a professional quality sign stating "No open alcoholic beverage containers are allowed on these premises."
6. Restrict any pay phone from receiving incoming calls.
7. The possession of alcoholic beverages in open containers or the consumption of alcoholic beverages are prohibited on the premises.
8. The parking lot of the premises shall be equipped with lighting of sufficient power to illuminate and make easily discernible the appearance and conduct of all persons on or about the parking lot. Additionally, the position of such lighting shall not disturb the normal privacy and use of any neighboring residences.
9. Any graffiti or marks upon the premises shall be removed or painted over within 24 hours of discovery thereof.

10. Litter shall be removed daily from the premises, including adjacent public sidewalks and all parking areas under the control of the licensee.
11. All areas under control of the licensee shall be swept or cleaned, either mechanically or manually, on a weekly basis to control debris.

In addition, Fresh and Easy Neighborhood Market recognizes the seriousness of loitering, delinquency, crime, and underage drinking. Therefore, Fresh and Easy Neighborhood Market has developed stringent operational standards and training programs to teach techniques for the lawful selling of alcoholic beverages. All store employees are trained with the TIPS (Training for Intervention Procedures) liquor awareness training program. TIPS is a national program and is approved by California's Department of Alcohol Beverage Control. Also, Fresh and Easy Neighborhood Market requires all employees selling alcoholic beverages will execute an ABC "Clerk's Affidavit" (ABC-299). In addition, Fresh and Easy Neighborhood Market is open to operating conditions that the police department considers appropriate to ameliorate any concerns that do exist.

### **3. The site will not result in an adverse impact on public health, safety, or welfare**

Fresh and Easy Neighborhood Market's acquisition of this site will have a positive impact on public health, safety, and welfare. In fact, by providing a new, safe, and convenient location to make grocery purchases, public health, safety, and welfare will be advanced by this site. The addition of selling alcoholic beverages will not change this. But beyond this, it should be noted that Fresh and Easy Neighborhood Market has a very extensive training program for its employees to help ensure that it is a responsible retailer of alcoholic beverages. There are oral, written, and electronic video training aspects to Fresh and Easy Neighborhood Market's training program to ensure that employees understand and implement the procedures imposed by Fresh and Easy Neighborhood Market to comply with ABC laws and regulations.

Fresh and Easy Neighborhood Market realizes that a healthy community translates to healthy business, and is willing to consider any conditions the Planning Commission deems necessary in order to ensure that the public health, safety, and welfare are protected. In short, Fresh and Easy Neighborhood Market is committed to protecting the public health, safety, and welfare of the community, and will take appropriate steps to do so. The sale of alcoholic beverages on the site will **not** threaten these important concerns.

### **4. Community Service and Investment**

Fresh and Easy Neighborhood Market is committed to improving the communities they operate within. Initially, revenues for the construction of this project, including all applicable city permits and fees, will filter into the city. Moreover, Fresh and Easy Neighborhood Market's investment of over \$3 million in the site will increase the property tax base as well as sales tax revenue.

### **CONCLUSION**

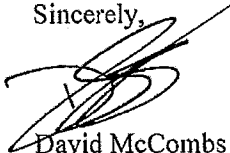

Parent Company, Tesco PLC has been a responsible retailer of alcoholic beverages for over 70 years. Permitting the sale of alcoholic beverages at this site will not change this, but will 'round-out' Fresh and Easy Neighborhood Market's concept at this site, providing customers the added convenience to make purchases of alcoholic beverages along with their weekly grocery needs. Fresh and Easy Neighborhood Market, by reason of its location, character, manner, and method

of operation, merchandise, and potential clientele, will serve the community of Mira Loma. Fresh and Easy Neighborhood Market respectfully requests that they are granted a finding of Public Convenience for the Fresh and Easy Neighborhood Market alcoholic beverage license.

Thank you for your attention to this matter.

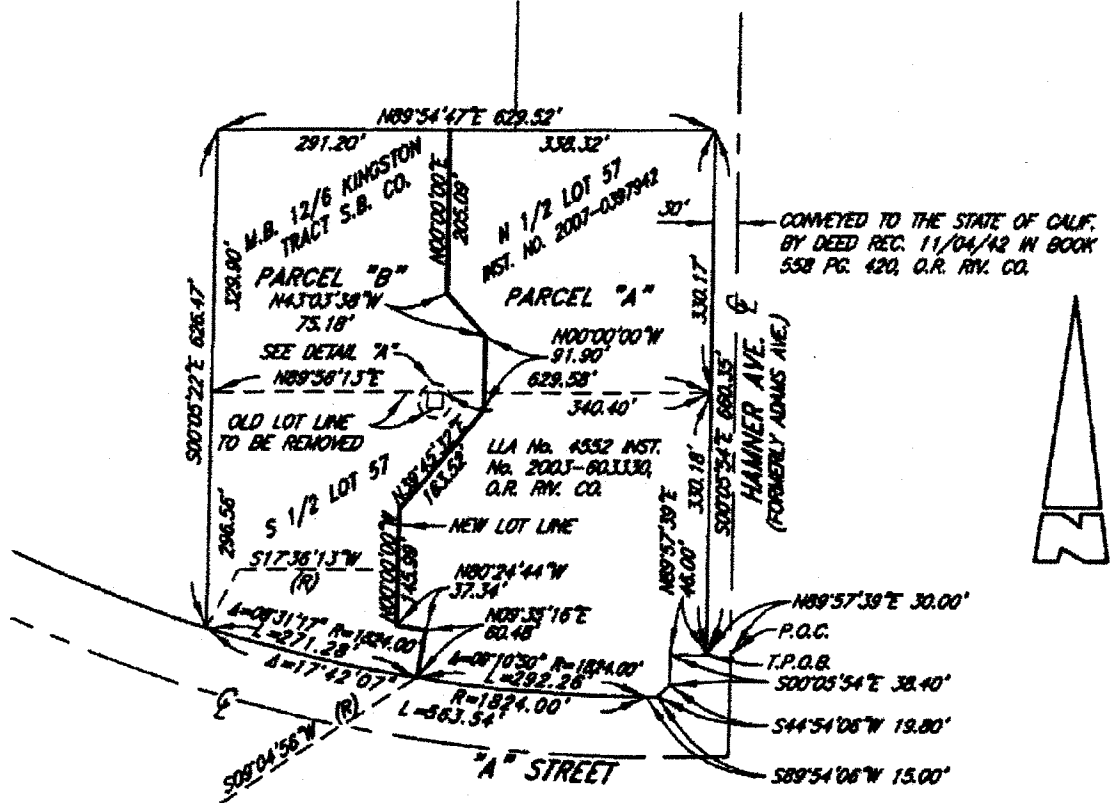

Sincerely,
