To ensure fair, consistent, and effective implementation of the Plan, Board Policy A-61 was adopted on February 26, 2008, establishing principles and policies affecting both private and public projects within the conservation areas. Under Policy A-61, a landowner is allocated a maximum of 8% of each Plan habitat types within a proposed project's gross acreage, unless otherwise authorized under the policy. Additional Take, in excess of the above allocation, may be allowed by the Board for individual projects. In considering the merit of recommending Additional Take, the Planning Director shall consider the community need for the proposed development, such as the provision of low income housing, the creation of job producing projects, or relevant site related issues.

**PROJECT DESCRIPTION:**

This is a Request to Allocate Additional Take for the future development of 1.6 acres within a five (5) acre parcel. The landowner has NOT submitted an application for development of the property at this time; however, the landowner has submitted a conceptual plan (under PAR No. 1220) that proposes to construct an office building with related parking and outdoor storage area for a Contractor's Storage Yard, within 2 acres of a 5 acre parcel.

**PROJECT DETAILS:**

1. The project site is located within the Thousand Palms Conservation Area of the CVMSHCP.
2. Under Policy A-61, the project site contains the following:

<b>A. Habitat Type</b>	<b>B. Acres of Habitat</b>	<b>C. 8% Allowed Disturbance (B x 8%)</b>	<b>D Requested Additional Take</b>	<b>E Acreage of Total Take (C + D)</b>
Le Conte's Thrasher	5.0	0.4	1.6	2.0
C.V. Round-Tailed Ground Squirrel	5.0	0.4	1.6	2.0
Palm Springs Pocket Mouse	5.0	0.4	1.6	2.0
Fluvial & Aeolian Sand Transport	5.0	0.4	1.6	2.0
Linkages	5.0	0.4	1.6	2.0

3. The landowner has agreed to place the remaining portion of the property (3 acres) into a conservation easement with the Coachella Valley Conservation Commission.

This allocation of Additional Take is contingent upon successful completion of a subsequent development proposal, and shall be awarded only for the period of time of which the entitlement is valid. Any future discretionary action for the development proposal, including extensions of time to use the entitlement, shall be subject to the County's determination of Take available at the time such discretionary action is considered.

**FINDINGS:**

1. The Planning Director finds that there is a community need for proposed development which will create jobs.
