SUBJECT: U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
RENEWAL GRANT AGREEMENT [CA0666C9D080800] & DPSS
PROJECT SPONSOR AGREEMENT [HO-01521]

BACKGROUND:

On October 23, 2008, DPSS submitted an application for Homeless Assistance funds to the U.S. Department of Housing and Urban Development (HUD). On February 20, 2009, HUD announced three new and eighteen renewal grants for Riverside County's homeless projects – including the new project, Street to Home Chronic Homeless Project, operated by the Housing Authority of Riverside County.

The Street to Home project is a rapid re-housing program for chronically homeless persons. This program combines strategic outreach services with immediate housing placement for the most vulnerable of the street dwelling homeless. Some people who experience homelessness remain in shelters or outdoors for years at a time or have recurrent episodes of homelessness.

Typically, these individuals have mental health or substance use disorders and often are in poor health. Outreach teams will target these individuals and utilizing Shelter Plus Care rental certificates will facilitate the move from the streets to apartments. Once the individuals are in stable housing, comprehensive services will be offered to make progress towards recovery and self sufficiency. The Street to Home project will consist of thirteen (13) Shelter Plus Care Tenant Based Rental Assistance (TBRA) certificates; regional homeless outreach teams, and supportive services tailored to the needs of the individual and provided by local service providers.

DPSS received the Grant Agreement on November 16, 2009. HUD will execute the attached agreement upon the Board's approval and signature.

FINANCIAL DATA: No County General Funds are required. Funding is 100% Federal funds. The full Grant amount is \$744,120; however, it is estimated that the Housing Authority of Riverside County will expend \$74,412 in FY 2009-10, leaving \$74,412 to be expended in FY 2010-11. The Grant offers \$595,296 to be expended in the subsequent fiscal years [FY 2011-14]

No delay or omissions by HUD in exercising any right or remedy available to it under the Agreement shall impair any such right or remedy or constitute a waiver or acquiescence in any Recipient default.

This Agreement constitutes the entire agreement between the parties hereto, and may be amended only in writing executed by HUD and the Recipient. More specifically, Recipient shall not change sponsor or population to be served, or make any other change inconsistent with the Application, without the prior approval of HUD. Further, the Project Sponsor must develop an accounting procedure manual. Said manual shall be made available to DPSS upon request or during fiscal monitoring visits.

H. AVAILABILITY OF FUNDING

The County's obligation for payment of the Agreement beyond the term of the Agreement is contingent upon the availability of funding from which payment can be made. No legal liability on the part of the County shall arise for payment beyond the term of the grant unless funds are made available for such performance.

V. GENERAL PROVISIONS

A. TERM OF AGREEMENT

The Agreement shall be effective five (5) years from the operation start date.

B. COMPLIANCE WITH RULES, REGULATIONS, REQUIREMENTS, AND DIRECTIVES

The Contractor shall comply with all rules, regulations, requirements, and directives of the California Department of Social Services, other applicable state agencies, and funding sources which impose duties and regulations upon DPSS and which are equally applicable and made binding upon the Project Sponsor as though made with the Project Sponsor directly.

C. CONFLICT OF INTEREST

The Project Sponsor covenants that it presently has no interest in, including but not limited to, other projects or independent agreements, and shall not acquire any such interest, direct or indirect, which is, or which the Project Sponsor believes to be, incompatible in any manner or degree with the performance of services required to be performed under this Agreement. The Project Sponsor further covenants that in the performance of this Agreement, no person having any such interest shall be employed or retained by the Project Sponsor under this agreement. The Project Sponsor agrees to inform DPSS of all of the Project Sponsor's interests, if any, which are or which the Project Sponsor believes to be incompatible with any interest of DPSS. DPSS will make final determination of any dispute about conflict(s) of interest.

D. DEFAULT

1. A default shall consist of any use of grant funds for a purpose other than as authorized by this Agreement or failure in the Project Sponsor's duty to provide the supportive housing for the minimum term in accordance with the requirements of the provisions of the Shelter Plus Care Rule, the Application, or this Agreement. In the event of an occurrence of default, DPSS and HUD may take one or more of the following actions:

 - b. Direct the Project Sponsor to submit progress schedules for completing the approved activities;
 - c. Direct the Project Sponsor to establish and maintain a management plan that assigns responsibilities for carrying out remedial actions;

Any attempt to assign any interest without DPSS written consent shall be void and of no further force or effect.

With respect to any action or claim subject to indemnification herein by Project Sponsor, Project Sponsor shall, at their sole cost, have the right to use counsel of their own choice and shall have the right to adjust, settle, or compromise any such action or claim without the prior consent of County; provided, however, that any such adjustment, settlement or compromise in no manner whatsoever limits or circumscribes Project Sponsor's indemnification to County as set forth herein.

The Project Sponsor's obligation hereunder shall be satisfied when the Project Sponsor has provided to County the appropriate form of dismissal relieving the County from any liability for the action or claim involved.

The specified insurance limits required in this Agreement shall in no way limit or circumscribe the Project Sponsor's obligations to indemnify and hold harmless the County herein from third party claims.

In the event there is conflict between this clause and California Civil Code Section 2782, this clause shall be interpreted to comply with Civil Code 2782. Such interpretation shall not relieve the Project Sponsor from indemnifying the County fully allowed by law.

The Street to Home project is a rapid re-housing program for chronically homeless persons. This program combines strategic outreach services with immediate housing placement for the most vulnerable of the street dwelling homeless. Some people who experience homelessness remain in shelters or outdoors for years at a time or have recurrent episodes of homelessness. Typically, these individuals have mental health or substance use disorders and often are in poor health. Outreach teams will target these individuals and utilizing Shelter Plus Care rental certificates will facilitate the move from the streets to apartments. Once the individuals are in stable housing, comprehensive services will be offered to make progress towards recovery and self sufficiency. The Street to Home project will consist of 13 Shelter Plus Care Tenant Based Rental Assistance (TBRA) certificates; regional homeless outreach teams, and supportive services tailored to the needs of the individual and provided by local service providers.

Experience of Project Applicant, Sponsor, and Partners

Instructions:

The purpose of this screen is to determine the ability of the project partners to operate and carry-out the housing and/or supportive service activities of the project.

All projects - describe the specific type and length of experience for the applicant, project sponsor, housing and supportive service providers, and if applicable, key subcontractors involved in implementing the project. In addition, describe the experience in working with homeless persons, and the experience directly related to the proposed activities being carried out, including housing development, housing management, housing families (especially for Rapid Re-housing projects), service delivery, and HMIS activities (for new HMIS projects).

Rapid Re-housing projects - must also describe specific experience serving homeless households with dependent children and include a description of the performance for previous Rapid Re-housing for Families and/or households with dependent children projects. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>.

Describe how the project applicant, sponsor, and partners meet the experience standards outlined in the NOFA.

Describe experience of project partners related to providing activities and working with homeless persons.

The Housing Authority of the County of Riverside (HACR) was established in 1944 with the principal mission of providing affordable, decent, safe, and sanitary housing for low income households including those who are homeless. To accomplish this mission, the agency develops, finances and operates affordable housing programs throughout the County of Riverside. These programs include: the Section 8 Housing Choice Voucher program, the Moderate Rehabilitation program, the Public Housing program, the Capital Fund program, Housing Opportunities for Persons with AIDS (HOPWA), the Family Self Sufficiency program (FSS), and supportive housing programs for special needs populations. The Housing Authority owns and operates 469 units of HUD funded Public Housing; 17 units of bond financed rental housing; a newly renovated farm worker community with 76 units of permanent housing; and the Nightengale Manor homeless shelter that is managed by a local non-profit. The agency has a staff of over 100 including administrators, supervisory personnel, housing specialists, accounting staff, maintenance workers, and clerical staff for over 900 years of combined service.

As a Project Sponsor for the Shelter Plus Care Program the Housing Authority brings over 60 years of experience in delivering rental assistance programs county-wide and has administered the Shelter Plus Care program locally for almost ten years. The Riverside County Shelter Plus Care program at present time consists of 91 tenant based rental certificates of which over half are reserved for chronically homeless persons. The Housing Authority, as the sole administrator for the Shelter Plus Care in the Riverside Continuum of Care, partners with local service providers to provide supportive services to program participants.

The Street to Home project is modeled after other successful programs that combine strategic outreach services with immediate housing placement. This new model of care is very different from older models in which a referral to the Shelter Plus Care program was initiated by a participating service provider. In the Street to Home program rather than service providers being targeted actual homeless persons will be targeted for program participation. For this reason, the Housing Authority has chosen to partner with the City of Riverside for the Street to Home Project.

The City of Riverside is aggressively working to address homelessness in the community in partnership with a wide-range of non-profit organizations, social service agencies, faith-based institutions and private citizens. In June of 2003, the City of Riverside adopted the Riverside Community Broad-Based Homeless Action Plan. Since its adoption, the City has aggressively pursued implementation of 30 action-based strategies within the plan including hiring a Homeless Services Coordinator, opening a new Emergency Shelter, developing a Multi-Service Access Center, allocating new funding for homeless prevention and rental assistance activities, expanding funding to community-based service agencies, strengthening collaboration with faith-based and other community service providers and developing new permanent supportive housing opportunities.

In October of 2006, the City of Riverside launched its Homeless Street Outreach program. The Homeless Street Outreach Team (HSOT) is made up of four professional service providers conducting daily mobile outreach and client services focused on the hardest-to-reach and service-resistant populations on the streets, in service venues, and other locations where they can be found. HSOT works in partnership with local service providers, law enforcement, health professionals, and city staff to help people get off the streets and connected with the services they need to enter stable housing and achieve self-sufficiency.

Staff from local service provider agencies as well as community volunteers assists the team through ride-alongs throughout the week. During the first year of operation HSOT initiated contact with 750 homeless individuals and families in the City of Riverside. The majority of these households were living on the streets, in cars, and homeless encampments. Once contact is made, the team works with community partners to connect these individuals and families to shelter, employment, benefits assistance, behavioral health services, healthcare, transportation and other services.

The City's Homeless Action Plan also included the development of a Multi-Service Access Center. Modeled after the PATH Mall in Los Angeles, the center will include a wide range of services including health care, job training, employment services, behavior health, substance abuse services, social service agencies, and housing case managers under one roof to ensure that homeless persons can easily access the necessary programs to secure stable housing. The City recently acquired a building for the Access Center adjacent to the Riverside Emergency Shelter and Riverside Safe Haven. This Center should be operational by June, 2009. This center will be the service hub for participants in the Street to Home program.

The Housing Authority's experience in administering federally funded rental assistance programs combined with the City of Riverside's experience and commitment to providing intensive services to homeless persons will ensure that the Street to Home Project is an effective tool for ending chronic homelessness. Both the Housing Authority and the City are committed to incorporating best practices and housing first strategies into our local Shelter Plus Care program. The Street to Home project will serve as a model for the ways in which older more traditional forms of supportive housing can be modified to support new ideas and research that produce substantially better outcomes for the chronically homeless population.

Describe applicable experience relating to the administration of rental assistance.

The Housing Authority has successfully administered rental assistance programs in Riverside County for over sixty years. This assistance includes screening applicants for eligibility; assisting participants and landlords with the lease-up process; determining rent reasonableness; calculating tenant rental subsidies; ensuring that assisted housing units meet federally established Housing Quality Standards (HQS); making timely payments to landlords; maintaining participant files; and ensuring that the program is compliant with all federal, state, and local regulations. For fiscal year 2008/2009, the agency has an annual operating budget of over \$93 million dollars. On a monthly basis over \$5 million in housing assistance is provided to approximately 8,500 households in the Section 8 Housing Choice Voucher program alone. This figure does not include the housing assistance that is provided in our Public Housing or special needs programs.

Are there any unresolved monitoring or audit findings on HUD McKinney-Vento Act grants, excluding ESG? No
 (If yes, select the "Save" button to explain findings)

Special Housing Project

All new projects requesting special housing funds (Samaritan Housing or Rapid Re-housing for Families) must address all mandatory fields below. It is imperative that applicants carefully review the 2008 NOFA for program eligibility requirements.

How will the project address the specific case management needs of chronically homeless participants?

Addressing the specific case management needs of chronically homeless participants is challenging. Their needs are varied and range from basic necessities such as food and clothing to substance abuse treatment and income support. These needs cut across many service systems and are often provided within very fragmented systems of care. The greatest advantage the Street to Home project will have in addressing these needs through case management will be the City's Homeless Street Outreach Team (HSOT) and Multi-Service Access Center. Unlike other outreach programs that transition clients to a regular case manager once they are placed in housing, the participants in the Street to Home project will continue to be serviced by the outreach worker that facilitated the move to permanent housing. This continuity of care is especially important considering the fact that many chronically homeless individuals are distrustful of mainstream programs and interventions. The City's team consists of highly qualified staff which includes a licensed clinician and certified drug and alcohol counselors. Additionally, the Access Center will provide a one-stop center for participants to access entitlement benefits, medical care, mental health services, substance abuse services, vocational rehabilitation, and employment services. These services will be offered by staff who work exclusively with homeless persons and are equipped to meet the unique needs of chronically homeless individuals. Finally, the Street to Home program staff acknowledge the need for flexibility in case management for this hard to reach population and adhere to a no wrong door policy. This policy means that services will be made available to participants whether or not they are willing to accept a specific intervention that may be indicated. Home based case management and the harm reduction model will be utilized whenever possible.

Describe the contingency plan that the project will implement if the project experiences difficulty in meeting the 100% chronically homeless requirement for Samaritan Housing projects. (This may include re-evaluating the intake assessment procedures or outreach plan.)

The Housing Authority does not anticipate having any difficulty reaching the 100% chronically homeless requirement due to the small scale of the project (only 13 certificates). If this problem does arise staff will review the outreach plan, tenancy requirements, and assessment tools and will modify the program accordingly.

For the 2008 competition, the available housing type selections have been re-defined. Refer to the detailed instructions located on the left menu for additional instructions on completing this page.

If the project is funded, the applicant/sponsor will be responsible for operating the project as indicated here. Entering incorrect information may result in the reduction or withdrawal of the conditional award. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

Complete the following fields related to the number of units, beds, and bedrooms for each housing type in the project.

Housing Type: Scattered-site apartments (including efficiencies)

Project Participants - Households with Dependent Children

Instructions:

The purpose of this form is to capture the total number of homeless persons served by the project at a point in time, as well as the subpopulations/disabilities for each household. If the project is not serving households with dependent children, enter "0" in the "Total Number of Households" field, and select "Save & Next" to move to the next form.

Rapid Re-housing projects: 100% of the adults served by the project must be accompanied by children and should be reflected in the fields below.

Samaritan Housing, Safe Haven, and SRO housing projects: 100% of the households served by the project must not be accompanied by children. Therefore, enter "0" in the "Total Number of Households" field, and select "Save & Next" to move to the next form.

All projects: in the "Total Persons" column indicate the total number of "disabled adults," "non-disabled adults," "disabled children," "non-disabled children," and "Total Number of Households" for each household in the project. The system will auto-populate the remaining fields in this column.

Next, identify the appropriate subpopulation (Severely Mentally Ill, Chronic Substance Abuser, Veterans, Persons with HIV/AIDS, and Victims of Domestic Violence) for each person in the project. If the participants are dually-diagnosed and fit into more than one subpopulation (i.e. severely mentally ill with chronic substance abuse), make sure to indicate these individuals in all appropriate subpopulations (it is possible to have overlapping information). The system will auto-calculate all totals based on the values entered for each subpopulation.

Notice that information cannot be entered into certain fields. Persons with a severe mental illness and/or HIV/AIDS constitute disabled adults; therefore, no entry is allowed in the "non-disabled adult" fields. Also, no values can be entered for any children under the Veterans columns. For homeless assistance programs, chronic substance abuse, by itself, may constitute as a disability.

For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

Indicate the total number of households that include a homeless adult with dependent children. Also identify the number of persons and subpopulations within each household in the project.

Project Participants - Households without Dependent Children

Instructions:

The purpose of this form is to capture the total number of homeless persons served by the project at a point in time, as well as the subpopulations for each household. If the project is serving households with dependent children, enter "0" in the "Total Number of Households" field, and select "Save & Next" to move to the next form.

Samaritan Housing, Safe Haven, and SRO housing projects: 100% of the adults served by the project must be unaccompanied by children and should be reflected in the fields below.

Rapid Re-housing projects: 100% of the adults served by the project must be accompanied by children. Therefore, enter "0" in the "Total Number of Households" field, and select "Save & Next" to move to the next form.

All projects: in the "Total Persons" column indicate the total number of "disabled adults," "non-disabled adults," "non-disabled unaccompanied youth," "non-disabled children," and "Total Number of Households" for each household in the project. The system will auto-populate the remaining fields in this column.

Next, identify the appropriate subpopulation (Chronically Homeless, Severely Mentally Ill, Chronic Substance Abuser, Veterans, Persons with HIV/AIDS, and Victims of Domestic Violence) for each person in the project. If the individuals are dually-diagnosed and fit into more than one subpopulation (i.e. severely mentally ill with chronic substance abuse), make sure to indicate these individuals in all appropriate subpopulations (it is possible to have overlapping information). The system will auto-calculate all totals based on the values entered for each subpopulation.

Notice that information can only be entered into certain fields. Chronically Homeless persons must be disabled adults in households without children, so no entry is allowed in the "non-disabled adult" fields. Also, Veterans must be adults; therefore, no entry is allowed for unaccompanied youth. All severely mentally ill persons and persons living with HIV/AIDS are automatically considered disabled; therefore, there can be no entry for non-disabled persons. For homeless assistance programs, chronic substance abuse, by itself, may constitute as a disability.

For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>. Indicate the total number of households that include a homeless adult without dependent children. Also identify the number of persons and subpopulations within each household in the project.

Instructions:

Chronically Homeless must be disabled adults in households without children (so no entry allowed in non-disabled adult or children/youth)

Severely Mentally Ill are all considered disabled (so no entry allowed in non-disabled)

Chronic Substance Abuse may not constitute a disability on its own

Veterans must be adults (so no entry allowed in children/youth)

Persons living with HIV/AIDS are all considered disabled (so no entry allowed in non-disabled)

Supportive Services for Participants

Instructions:

The information entered in this form will help determine the project's capacity to provide services or access to services for participants. If the project is requesting supportive services funding, the level of services must be reflected here.

Describe supportive services being offered - all new projects must describe the supportive services that will help participants obtain and remain in permanent housing, access mainstream resources, and/or obtain employment.

Frequency of supportive services - Each new project must also indicate the frequency (daily, weekly, bi-weekly, monthly, quarterly, does not apply) at which these basic supportive services are provided to project participants.

Rapid Re-housing projects- in the "other" boxes, indicate the frequency at which housing placement, literacy training, and legal assistance services will be provided to participants.

Indicate the level of accessibility of community amenities for project participants - basic community amenities include medical facilities, grocery stores, recreation facilities, schools, etc, and should be accessible to participants via walking, public transportation, driving, or transportation provided by the project. For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

In the fields below, provide information about the type of supportive services that will be provided to participants in the project as well as the frequency in which they are provided. In addition, describe how participants will be assisted to increase self-sufficiency.

Describe how participants will be assisted to obtain and remain in permanent housing.

The major focus of the Street to Home project is rapid re-housing. Staff will conduct landlord outreach and will maintain a comprehensive list of potential rental properties in the community. The client's initial assessment will include a comprehensive housing history that will identify potential housing barriers such as evictions, criminal record, etc. Together, the client and the outreach staff will identify appropriate rental units. Staff will assist the client through the entire process including securing a current credit report, completing rental applications, advocating with the landlord and signing the lease.

Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.

The program's assessment tool will assist staff in determining if the participant may qualify for additional benefit programs which they have not accessed such as food stamps, veterans benefits, SSI and to determine if the participant is able to participate in work activities. Participants will then be assisted in accessing these services at the Homeless Access Center. The center will include onsite employment specialists, job training programs, and vocational rehabilitation activities.

Outreach for Participants

Instructions:

To help determine the eligibility of homeless participants served by the project, as well as the project's eligibility to apply for homeless assistance funding, indicate where the homeless participants are coming from (streets, emergency shelters, safe havens, transitional housing who came directly from the street, or other places). Also, describe how the applicant/sponsor plans to bring these participants into the project.

For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

Complete the following fields related to the outreach plans to bring participants into the project.

Enter the percentage of homeless person(s) who will be served by the proposed project for each of the following locations.

Note: this includes persons who ordinarily sleep in one of the places listed below but are spending a short time (30 consecutive days or less) in a jail, hospital, or other institution.

50%	Persons who came from the street or other locations not meant for human habitation.
50%	Person who came from Emergency Shelters.
	Persons who came from Safe Havens.
	Persons in TH who came directly from the street, Emergency Shelters, or Safe Havens.
100%	Total of above percentages

If the total is less than 100%, describe very specifically where the other persons you propose to serve would be coming from, and how these persons would meet the HUD homeless definition.

Describe the outreach plan to bring these homeless participants into the project.

A comprehensive street outreach program is key to the Street To Home project. This program will consist of: establishing an accurate registry of street homeless by identifying individuals who are permanently living on the street; prioritizing for housing those who are the most vulnerable by means of a vulnerability index that calculates the impact of disease and other risk factors; simplifying the process for helping individuals secure permanent housing; and arranging personalized services in consultation with the participant.

Housing for Participants

Instructions:

The purpose of this form is to determine the ability of the project to meet the housing standards as described in the NOFA. While this form may be visible by all projects, it only applies to specific housing activities. All renewal projects and new SHP-SSO, SHP-HMIS, SHP-SH, S+C-SRA, and S+C-PRA projects do not have to complete this form and may move to the next form.

The maximum allowable length of stay for participants in SHP-TH projects is 24 months. However, Rapid Re-housing participants must not be housed longer than 18 months. HUD does not impose a length of stay restriction on participants in permanent housing projects (S+C, SHP permanent housing, and Section 8 SRO).

All SHP-PH, S+C-TRA, and S+C-SRA projects must describe the reason for selecting the proposed housing structure.

All S+C-PRAR, S+C-SRO, Section 8 SRO projects and SHP projects that are requesting funds for rehabilitation must describe the rehabilitation activities that will be undertaken for housing the participants in the project.

All other project types are not required to complete this form and may move to the next form.

For additional instructions and examples on completing this form, reference the online training modules at: <http://esnaps.hudhre.info/training>. Reference the 2008 NOFA, and the program desk guide located at: <http://www.hudhre.info/index.cfm?do=viewHomelessAndHousingProgramInfo> for detailed program requirements.

Complete the following fields related to housing participants in the project.

Will participants be required to live in particular structures or units during the first year and in a particular area within the locality in subsequent years, or to live in a particular area for the entire period of participation? No

Explain how and why the project will implement this requirement (use less than one-half page)

Instructions:

Indicate the type, source (government or private), and total amount of contributions for which the project has a written commitment in hand at the time of application. If you do not have a written commitment in-hand, do not enter the contribution. Undocumented leveraging claims may result in the re-scoring of the CoC application and the withdrawal of the conditional award.

A written agreement should include signed letters, memoranda of agreement, or other documented evidence of a commitment. All written commitments must be signed and dated by an authorized representative, and should include the name of the contributing organization, the type of contribution (cash, child care, case management, etc.), the value of the contribution, and date the contribution will be available. It is also important that the written commitment include the project name and be addressed to the project applicant or sponsor.

Eligible leveraging items may include any written commitments that will be used towards the cash match requirements in the project, as well as any written commitments for buildings, equipment, materials, services and volunteer time. The value of commitments of land, buildings and equipment are one-time only and cannot be claimed by more than one project (e.g. the value of donated land, buildings, or equipment claimed in 2007 and prior years cannot be claimed as leveraging by that project for 2008 or any other subsequent year).

Shelter Plus Care Rental Assistance Budget Detail

Instructions:

The rent requested for each unit size must not exceed the published Fair Market Rent (FMR) for the project area. Rent requests that exceed 100% of the published FMR for a given area are no longer an option. The most recent FMRs are available online at: <http://www.huduser.org/datasets/fmr.html>.

If the rent requested is equal to 100% of the published FMR, the award amount will be that in effect at the time when all grants are conditionally approved, which may be higher or lower than the FMRs listed here.

If the requested rent is less than 100% of the published FMR, the grant award will be funded at the amounts requested here and will not receive an FMR update.

S+C/SRO and Section 8 SRO projects may not request assistance for more than 100 units per project.

For this form, values cannot be entered into fields in the "Total Rent (per unit size)" or "Number of Months" columns, or the "Total" row; the system will auto-calculate the fields based on the information entered in the other fields.
