Community of Nuevo. The plans and specifications have moved ahead and are nearing approval by all agencies involved. However, Southern California Edison is requiring a change to the electrical plans which deviates from what they initially were requiring. This requires additional electrical engineering work to change the panel schedules and revise the lighting details.

Additional civil engineering was also required to complete a maintenance plan for the Water Quality Management Plan Handbook which was not included in the scope of services.

This change in scope includes additional design and engineering. The Amendment of \$4,500 will fund these additional services. The total contract amount with RHA Landscape Architects Planners, Inc. will be \$303,840. The Executive Director of the Redevelopment Agency for the County of Riverside, or his designee, will also have authority for amendments up to 10% of the total contract amount or \$30,384.

The term of the original agreement commenced on December 12, 2006, and expired on June 12, 2007. An amendment was not executed at that time. A delay in the project occurred due to the availability of funding for the construction and maintenance of the facility. It is the Agency's desire to now complete the last details of design in order to have the project ready when funding becomes available.

Agency staff recommends that the Board ratify the Amendment.

3 for financial aid in connection therewith, if requested to do so by the
4 AGENCY. However, the LANDSCAPE ARCHITECT shall not be
5 required to sign any documents, no matter by who requested, that
6 would result in the LANDSCAPE ARCHITECT having to certify,
7 guarantee or warrant the existence of conditions whose existence
8 the LANDSCAPE ARCHITECT cannot ascertain.

9 C. If the lowest responsible construction bid for the PROJECT
10 exceeds the adjusted estimated cost of construction by 10%, the
11 LANDSCAPE ARCHITECT shall, upon request from the AGENCY,
12 revise the construction documents, without cost to the AGENCY, so
13 as to bring the cost of the project within said adjusted cost estimate
14 without program alteration and shall prepare the necessary
15 documents to invite further bids, and in a like manner shall furnish
16 revised construction documents in the same manner initially
17 required herein. However, if the AGENCY elects to award a

16 the PROJECT is constructed or not. The AGENCY may use the
17 design documents and the designs depicted in them, without the
18 LANDSCAPE ARCHITECT's consent, in connection with the
19 PROJECT or other AGENCY projects, including, without limitation,

16 (hereinafter individually and collectively referred to as "Indemnities") from:

17 A. All liability, including, but not limited to, loss, suits, claims, demands,
18 actions, or proceedings to the extent caused by any alleged or actual
19 negligent, reckless or intentional act, error or omission, of LANDSCAPE
20 ARCHITECT, its principals, officers, partners, employees, agents or
21 representatives or any person or organization for whom LANDSCAPE
22 ARCHITECT is responsible, arising out of or from the performance of
23 professional services under this Agreement; and

25 demands, based upon any alleged or actual act, error, omission, or
26 occurrence of LANDSCAPE ARCHITECT, its directors, officers, partners,
27 employees, agents or representatives or any person or organization for
28 whom LANDSCAPE ARCHITECT is responsible, arising out of, in

1 connection with, resulting from conditions created by LANDSCAPE
2 ARCHITECT, or caused by the LANDSCAPE ARCHITECT's performance
3 or failure of performance of any work or services, other than professional
4 services covered under Section 'A' above, under this Agreement.

5
6 As respects each and every indemnification herein, LANDSCAPE
7 ARCHITECT shall defend and pay, at its sole expense, all costs and fees

16 have the right to use counsel of choice and shall have the right to adjust,
17 settle, or compromise any such action or claim without the prior consent of
18 AGENCY; provided, however, that any such adjustment, settlement or
19 compromise in no manner whatsoever limits or circumscribes
20 LANDSCAPE ARCHITECT's indemnification to Indemnities as set forth
21 herein.

22
23 LANDSCAPE ARCHITECT's obligation hereunder shall be satisfied when
24 LANDSCAPE ARCHITECT has provided to Indemnities the appropriate
25 form of dismissal relieving Indemnities from any liability for the action or
26 claim involved.

27
28 The specified insurance limits required in this Agreement shall in no way

1 limit or circumscribe LANDSCAPE ARCHITECT's obligations to indemnify
2 and hold harmless Indemnities from third-party claims.

3
4 In the event there is conflict between this clause and California Civil Code
5 Section 2782, this clause shall be interpreted to comply with Civil Code
6 2782. Such interpretation shall not relieve the LANDSCAPE ARCHITECT
7 from indemnifying the AGENCY to the fullest extent allowed by law.

8 X. TERMINATION.

9 A. The AGENCY shall have the right to terminate this Agreement at any time,
10 with or without cause, upon thirty (30) days prior written notice. Upon
11 receipt of notice, the LANDSCAPE ARCHITECT shall immediately
12 discontinue work and cancel all outstanding commitments for material,
13 equipment or subcontractors that may be cancelled without undue cost.
14 LANDSCAPE ARCHITECT shall notify AGENCY of commitments that

16 to determine the best course of action. Subject to compliance with the
17 foregoing and all other provisions of this Agreement, AGENCY shall pay to
18 LANDSCAPE ARCHITECT reasonable and proper termination charges
19 which shall not include anticipated profit. AGENCY shall be entitled to all
20 material specifically accumulated for the work and included in the above
21 costs. The AGENCY shall further compensate LANDSCAPE ARCHITECT
22 for actual services performed in accordance with this Agreement, through

3 the event the AGENCY terminates without cause, or elects to abandon or
4 indefinitely postpone the project and gives notice of termination, the
5 AGENCY shall make a lump-sum payment for all services performed to
6 date of written notice, a total amount which bears the same ratio to the
7 total maximum fee otherwise payable under this Agreement as the
8 services actually performed bear to the total services necessary for
9 performance of this Agreement.

10 C. Notwithstanding any of the provisions of this Agreement, the LANDSCAPE
11 ARCHITECT's rights under this Agreement shall terminate (except for fees
12 accrued prior to the date of termination) upon the LANDSCAPE
13 ARCHITECT's bankruptcy, or in the event of fraud, dishonesty, or willful or
14 material breach of this Agreement by the LANDSCAPE ARCHITECT or at
15 AGENCY's election, in the event of the LANDSCAPE ARCHITECT's
16 unwillingness or inability for any reason whatsoever to perform the duties
17 hereunder. In such event, the LANDSCAPE ARCHITECT shall be entitled
18 to no further compensation under this Agreement except for services
19 actually rendered, it being the intent that the LANDSCAPE ARCHITECT
20 shall be paid as specified only during such period that the LANDSCAPE
21 ARCHITECT shall, in fact, perform the duties hereunder.

22 XI. MISCELLANEOUS PROVISIONS.

23 A. Unless otherwise required by the AGENCY prior to commencement of the
24 work , the construction documents shall be prepared so that all of the work
25 on the PROJECT will be executed under a single construction contract,
26 but the AGENCY may request the LANDSCAPE ARCHITECT to provide
27 for one (1) or more alternate proposals whereby a reasonably severable
28 portion or portions of the project may be bid as additive alternates in the

1 event the AGENCY requests that any portion of the work be bid as
2 additive alternates. The LANDSCAPE ARCHITECT shall not be entitled
3 to any extra compensation for such work. If the additive alternates are let

5 ARCHITECT shall agree on the nature and extent thereof, and additional
6 services, if any, will be authorized the LANDSCAPE ARCHITECT in
7 connection therewith.

8 B. The LANDSCAPE ARCHITECT shall consult with the AGENCY's legal
9 adviser on legal matters affecting the AGENCY in relation to the drawings,
10 specifications and contract documents and the relationship between
11 AGENCY and contractor when requested by the AGENCY. The
12 LANDSCAPE ARCHITECT shall submit for the AGENCY's legal advisers'
13 review, and correction if required, for approval as to legality or form, the
14 contract documents and specifications (but not the drawings in the
15 absence of a request therefore or of any specific legal problem therein),
16 addenda (other than for correction of minor errors or minor omissions in
17 the drawings or specifications), change orders and other documents which
18 may have legal implications or legal consequences to the AGENCY. Such
19 documents shall be submitted in time reasonably to permit their review
20 and advice to the AGENCY before the AGENCY shall act thereon and in
21 sufficient quantity to permit said legal adviser to retain one (1) copy
22 thereof if he so desires.

23 C. The AGENCY's Executive Director or a designated assistant shall
24 represent the AGENCY initially in any informal discussions or conferences
25 with the LANDSCAPE ARCHITECT preliminary to or not requiring the
26 action of the AGENCY's governing body, unless the AGENCY shall
27 designate some other person or persons for that purpose. A written
28 summary of conclusions reached at any such conference will be required

1 of the LANDSCAPE ARCHITECT by the AGENCY.

2 D. This Agreement shall not be assignable by the LANDSCAPE ARCHITECT
3 as to any rights or duties there under without the prior written consent of
4 the AGENCY, and any assignment attempted in violation of this provision,
5 or any involuntary assignment, shall give the AGENCY cause to terminate
6 and cancel this Agreement the same as for a breach thereof. In other
7 respects, this Agreement shall be binding upon and inure to the benefit of
8 the successors and assigns of the respective parties.

9 E. Any notice or communication under this Agreement shall be transmitted to

6 H. Construction Period Site Visits/Communication:

7 It is the intention of the AGENCY to schedule weekly job-site visits. There

11 consultants and/or those other consultants considered being appropriate
12 in attendance.

13
14 The LANDSCAPE ARCHITECT shall be allowed the option of providing
15 on-site services in lieu of in-office services for the express purpose of
16 expediting the interpretation of drawings, processing of shop drawings and
17 processing of clarification requests. The additional on-site time shall not
18 be interpreted by the parties as any increased responsibility for actual
19 construction observation.

20 I. Jurisdiction/Venue/Attorneys' Fees:

21 The laws of the State of California will govern the validity of this
22 Agreement, its interpretation and performance. Litigation arising from this
23 Agreement shall be brought in California Courts. The prevailing party will

25 time, court costs, attorneys' fees and other related expenses.

26 J. Hazardous Materials:

27 It is acknowledged by both parties that the LANDSCAPE ARCHITECT's
28 scope of services does not include any services related to asbestos or

1 hazardous or toxic materials. In the event the LANDSCASPE
2 ARCHITECT or any other party encounters asbestos or hazardous or toxic
3 materials at the jobsite, or should it become known in any way that such
4 materials may be present at the jobsite or any adjacent areas that may
5 affect the performance of the LANDSCAPE ARCHITECT's services, the
6 LANDSCSPE ARCHITECT may, at the LANDSCAPE ARCHITECT's
7 option and without liability for consequential or any other damages,
8 suspend performance of services on the project until the AGENCY retains
9 appropriate specialist consultants or contractors to identify, abate and/or
10 remove the asbestos or hazardous or toxic materials, and warrant that the
11 jobsite is in full compliance with applicable laws and regulations.

SECTION ONE: PROJECT APPROACH / SCOPE OF SERVICES

To provide a comprehensive park design we propose the following scope of services:

A. PRELIMINARY DESIGN SERVICES:

 - ❖ Base sheet preparation
 - ❖ Field aerial topographic survey
 - ❖ Conceptual grading and site utility plan
2. **Utilities / Services Research:** We will research existing utilities and easements on the site and adjacent to the site and provide an exhibit showing utility and easement locations.
3. **Site analysis and Inventory of Conditions:** The design team will conduct a review of the site to evaluate existing conditions on the site and the adjacent properties. These findings will be summarized on a Site Analysis Plan. The Site Analysis Plan will be presented to the staff when the conceptual plan alternatives are presented.
4. **Pre-design project kickoff meeting:** Prior to the start of design we will meet with agency staff to review the project and share project information. A possible Agenda for this meeting might include the following:
 - ❖ Review project schedule
 - ❖ Discussion of public meeting schedule
 - ❖ Review base sheet data and site analysis
 - ❖ Discuss possible project design elements
5. **Public Meetings/Workshops:** To involve the public in the park design process we propose the following public meeting process:
 - ❖ **Workshop #1 Design Program:** For the first public meeting, working with staff we will conduct a workshop for the citizens neighboring the park site. At this workshop we will display and discuss possible park design elements. The comments of the public will be noted and utilized to formulate the park design program.
 - ❖ **Workshop #2 Conceptual Design Alternatives:** At the second public workshop, working with staff we will present two park design alternatives to the public. Following the presentation of the concepts we will open the meeting for discussion. Public input will be noted to be utilized in the preparation of the preliminary plan.
 - ❖ **Workshop #3 Preliminary Plan:** The public meeting process will culminate in the presentation of the preliminary plan at this public workshop. Again public comments will be noted.
6. **Conceptual Design:** Using the project design criteria gathered at the first public workshop

we will develop two conceptual design alternatives. The concept plans will illustrate proposed placement of site elements and amenities. We will meet with staff and present these concepts for their review and discussion. The conceptual design alternatives will include conceptual alternatives for the skate park feature as well as designated pads in the master plan of the site for future community buildings. We will meet with the staff and present draft conceptual park alternatives. After we have gathered comments from the staff we will revise the concepts for presentation to the public.

7. **Preliminary Design**: Following the first public workshop, with the guidance provided by staff we will refine the conceptual designs to create the preliminary plan. The preliminary plan will be presented to staff for further review and discussion. The preliminary planning process will include the preparation of a cost estimate. Following the review by staff the preliminary plan will be presented at the third public workshop.
