JUSTIFICATION:

1. An initial inspection was made of the subject real property by the Code Enforcement Officer on August 28, 2009.
2. The inspection revealed five substandard structures (two dwellings, a garage and two accessory buildings) on the subject real property in violation of Riverside County Ordinance No. 457. The substandard conditions of the structures included, but were not limited to the following: lack of hot and cold running water to plumbing fixtures; hazardous wiring, members of walls, partitions or other vertical supports that split, lean, list or buckle due to defective material or deterioration, members of ceilings, roofs, ceiling and roof supports or other horizontal members which sag, split or buckle due to defective material or deterioration; dampness of habitable rooms; faulty weather protection; general dilapidation or improper maintenance; public and attractive nuisance; bee infestation.

The inspection also revealed the accumulation of rubbish (approximately 75,620 square feet) on the subject property in violation of Riverside County Ordinance No. 541. The accumulation of rubbish consisted of, but was not limited to the following materials: green waste, collapsed accessory structure and discarded used lumber.

3. Subsequent inspections of the above-described real property on December 16, 2009, January 8, 2010, March 24, 2010 and June 17, 2010, revealed that the property continues to be in violation of Riverside County Ordinance Nos. 457 and 541.
4. Staff and the Code Enforcement Department have complied with the requirements set forth in the appropriate laws of this jurisdiction pertaining to the Administrative Abatement Proceedings for substandard structures and accumulation of rubbish.
