SUBJECT: Mayflower Park Phase 2 Improvement Project – Award of Construction - District IV

Bids were received and publicly opened by the Clerk on May 19, 2010, with the Clerk receiving four (4) bids. A bid protest was filed, and upon review, it was determined that the two lowest bidders were non-responsive. The Department then opted to re-bid the project.

On June 15, 2010 (per Board Minute Order 13.1), the Board of Supervisors approved the rejection of all bids and authorized the Clerk of the Board to advertise for bids. Bids were received and publicly opened by the Clerk on July 15, 2010, with the Clerk receiving five (5) bids. Three bid protests were received by Doug Wall Construction, A.E.L. Construction, Inc., and C.N.B. Excavating, Inc. The protests contended that certain items in the bids by Doug Wall Construction and A.E.L. Construction Inc. made those bids non-responsive. A summary of the protests and the Department's response to those protests can be found in the chart below. Department staff and County Counsel have reviewed the protest information and conclude the protest issues related to the lowest bidder warrant the rejection of said bid. Department staff and County Counsel then reviewed the protest information related to the second lowest bidder and concluded the protest issues do not warrant rejection of the bid and it is appropriate to proceed with the award to A.E.L. Construction, Inc. Therefore it is recommended that the Board award the lowest, responsive/responsible bid submitted by A.E.L. Construction, Inc., Blythe, California in the amount of \$3,109,000.

All costs associated with this project will be funded through the Park Department funds, existing Development Impact Fee commitments (August 23, 2005, M.O. 3.65) and State Resources Bonds; thus there is no fiscal impact to the County General Funds as a result of this project.

Summary of Bid Protests and Recommended Findings

Bid Protest Item Re Doug Wall Construction	Department Response	Recommended Finding
Item 4 of Addendum No. 4 stated "All bidders are directed to use an allowance in their bids and therefore directed to enter \$400,000 (four hundred thousand) on <u>'Item 4 Installation of a Well and Domestic Water System'</u> of the Bid Schedule." Doug Wall Construction did not.	The referenced Addendum item was clear in stating to enter the \$400,000 figure in the appropriate location. This could constitute a clerical error for which Doug Wall Construction would be entitled to request relief from his bid under Public Contract Code Section 5103, and suffer no penalty against his bid bond. That option gives this bidder an advantage over the other bidders which cannot be waived as set forth in case law under the Public Contract Code.	Bid from Doug Wall Construction, Inc., is non-responsive.

Bid Protest Item(s) Re A.E.L. Construction	Department Response	Recommended Finding
As stated by the CSLB, well drilling cannot be self-performed by an "A" or "B" licensed contractor. The fourth low bidder argues that since AEL does not have a C-57 well drilling license and did not list one on his subcontractor list, this makes the bid by AEL nonresponsive and invalid.	AEL's listed sub-contractor, JPI is listed to perform all plumbing, underground utilities, and well work. Per confirmation letter dated July 22 from AEL, they are aware of the licensing restriction and JPI will be sub-contracting with Palm Springs Pump for the well drilling portion of the work. Palm Springs Pump has a C-57 (Well Drilling) license.	Bid from AEL Construction, Inc., is responsive.
The fourth low bidder states that A.E.L. submitted two bid forms, and altered the bid form, and it is therefore non-responsive.	<p data-bbox="630 829 1003 1451">Bid Addendum No. 2 to the project specifications provided a new bid form. The difference between the original and new form was to combine two lines items into one – the description of the work remained the same. A.E.L. submitted both the original form and the newer form. The bid is the same on the two line items and the total bid is the same. This does not give the bidder any advantage and is a minor irregularity that can be waived.</p> <p data-bbox="630 1459 1003 1812">It is unclear what part of the bid form is alleged to be modified. A copy of the bid does make it appear that the numbers in front of each line item are blacked out, however the original form reveals that these numbers were merely highlighted with a marker pen.</p>	This is a minor irregularity that can be waived and bid from A.E.L. is responsive.
