27 the "Paying Agent"), to the registered owners thereof (the "Owners"). This Board hereby
28

1 approves payment of reasonable fees and expenses of the Paying Agent as they shall become due
2 and payable.

3 Section 2. Form of Notes. The Notes shall be issued in registered form, without coupons,
4 and shall be substantially in the form and substance set forth in Exhibit A attached hereto and by
5 reference incorporated herein, the blanks in said form to be filled in with appropriate words and
6 figures. The Notes shall be initially registered in the name of "Cede & Co." as nominee of The
7 Depository Trust Company, and shall be evidenced by one note in the full principal amount of the
8 Notes. The Depository Trust Company, New York, New York is hereby appointed depository for
9 the Notes (the "Depository"). Registered ownership may not thereafter be transferred except as
10 set forth in Section 4 hereof.

11 Section 3. Transfer and Exchange of Notes. In the event the Notes are no longer
12 registered in the name of "Cede & Co.," the registration of any Note may, in accordance with its
13 terms, be transferred, upon the registration books kept by the Paying Agent for such purpose, by
14 the person in whose name it is registered, in person or by his or her duly authorized attorney,

17 Whenever any Note shall be surrendered for registration or transfer, the Paying Agent
18 shall execute and deliver a new Note, for a like aggregate principal amount. The Paying Agent

20 governmental charge required to be paid with respect to such transfer. The Paying Agent may
21 require the Owner requesting such registration of transfer to pay such additional reasonable
22 charge as may be necessary to cover customary expenses incurred and fees charged by the Paying
23 Agent with respect to such registration of transfer. The Paying Agent may treat the registered
24 owner of any Note as the absolute owner thereof for all purposes whatsoever in accordance with
25 this Resolution, and the Paying Agent shall not be affected by any notice to the contrary.

26 Subject to the provisions of Section 4 hereof, Notes may be exchanged at the office of the
27 Paying Agent for a like aggregate principal amount of Notes in other authorized denominations.
28 The Paying Agent shall require the payment by the Owner requesting such exchange of any tax or

1 other governmental charge required to be paid with respect to such exchange. The District may
2 require the Owner requesting such exchange to pay such additional reasonable charge as may be
3 necessary to cover customary expenses incurred and fees charged by the Paying Agent with
4 respect to such exchange.

5 Section 4. Use of Depository.

6 (A) The Notes shall be initially registered as provided in Section 2 hereof.
7 Registered ownership of the Notes, or any portion thereof, may not thereafter be transferred
8 except:

9 (i) To any successor of Cede & Co., as nominee of The Depository
10 Trust Company, or its nominee, or to any substitute depository designated pursuant to clause (ii)
11 of this Section 4 (a "substitute depository"); provided, that any successor of Cede & Co., as
12 nominee of The Depository Trust Company or a substitute depository, shall be qualified under
13 any applicable laws to provide the services proposed to be provided by it;

14 (ii) To any substitute depository not objected to by the Paying Agent,
15 upon (1) the resignation of The Depository Trust Company or its successor (or any substitute
16 depository or its successor) from its functions as depository, or (2) a determination by the
17 Treasurer and Tax Collector of the County (the "Treasurer") to substitute another depository for
18 The Depository Trust Company (or its successor) because The Depository Trust Company or its
19 successor (or any substitute depository or its successor) is no longer able to carry out its functions
20 as depository; provided, that any such substitute depository shall be qualified under any
21 applicable laws to provide the services proposed to be provided by it; or

22 (iii) To any person as provided below, upon (1) the resignation of The
23 Depository Trust Company or its successor (or substitute depository or its successor) from its
24 functions as depository, or (2) a determination by the County to remove The Depository Trust
25 Company or its successor (or any substitute depository or its successor) from its functions as
26 depository.

27 (B) In the case of any transfer pursuant to clause (i) or clause (ii) of subsection
28 (A) of this Section 4, upon receipt of the outstanding Notes by the Paying Agent, together with a

1 request of the District to the Paying Agent, a new note shall be executed and delivered in the
2 aggregate principal amount of the Notes registered in the name of such successor or such
3 substitute depository, or their nominees, as the case may be, all as specified in such request of the
4 District. In the case of any transfer pursuant to clause (iii) of subsection (A) of this Section 4,
5 upon receipt of the outstanding Notes by the Paying Agent together with a request of the District
6 to the Paying Agent, new Notes shall be executed and delivered in such denominations numbered
7 in the manner determined by the Paying Agent and registered in the names of such persons as are
8 requested in such a request of the District; provided that the Paying Agent shall not be required to
9 deliver such new Notes within a period less than sixty (60) days from the date of receipt of such a
10 request of the District. Thereafter, Notes shall be transferred pursuant to Section 3 hereof.

11 (C) The Paying Agent shall be entitled to treat the person in whose name any
12 Note is registered as the Owner thereof for all purposes of this Resolution and any applicable
13 laws, notwithstanding any notice to the contrary received by the Paying Agent or the District; and
14 the Paying Agent shall have no responsibility for transmitting payments to, communication with,
15 notifying, or otherwise dealing with any beneficial owners of the Notes and neither the District
16 nor the Paying Agent will have any responsibility or obligations, legal or otherwise, to the
17 beneficial owners or to any other party, including The Depository Trust Company or its successor
18 (or substitute depository or its successor), except for the Owner of any Notes.

19 (D) So long as the outstanding Notes are registered in the name of Cede & Co.
20 or its registered assigns, the Paying Agent shall cooperate with Cede & Co., as sole registered
21 Owner, or its registered assigns in effecting payment of the principal of and interest on the Notes
22 by arranging for payment in such manner that funds for such payments are properly identified and
23 are made immediately available on the date they are due.

24 Section 5. Deposit of Note Proceeds. The moneys so borrowed shall be deposited in the
25 General Fund of the District.

26 Section 6. Payment of Notes.

27 (A) Source of Payment. The principal amount of the Notes, together with the
28 interest thereon, shall be payable from taxes, income, revenue, cash receipts and other moneys

1 which are received by the District during or are attributable to fiscal year 2010-11 and which are
2 available therefor, and are not payable from moneys of the County. The Notes shall be a general
3 obligation of the District, and to the extent the Notes are not paid from the Pledged Revenues
4 defined below, the Notes shall be paid with interest thereon from any other moneys of the District
5 lawfully available therefor, as provided in the District Resolution and by law. Notwithstanding
6 anything to the contrary contained herein or in any document mentioned herein or related to the
7 Notes, the County shall not have any monetary liability hereunder or by reason hereof or in
8 connection with the transactions contemplated hereby and the Notes shall be payable solely from
9 the moneys of the District available therefor as set forth in this Section and in Section 4 of the
10 District Resolution. Further, the County shall have no responsibility for or liability as a result of
11 the use of the proceeds of the sale of the Notes.

12 (B) Pledged Revenues. Unless otherwise provided for in the Note, as security
13 for the payment of the principal of and interest on the Notes, as provided in the District
14 Resolution, the District has pledged unrestricted revenues received in or attributable to fiscal year
15 2010-11 in such amounts and in such months as determined upon pricing of the Notes as shall be
16 sufficient to pay principal of and interest on the Notes through maturity (such pledged amounts
17 being hereinafter called the "Pledged Revenues"). The term "unrestricted revenues" shall mean
18 taxes, income, revenue, cash receipts, and other money of the District as provided in Section
19 53856 of the Act, which are intended as receipts for the General Fund of the District and which
20 are generally available for the payment of current expenses and other obligations of the District.

21 The principal of the Notes and the interest thereon shall be a first lien and charge against
22 and shall be payable from the first moneys received by the District from such Pledged Revenues
23 as provided by law.

24 In the event that there are insufficient unrestricted revenues received by the District to
25 permit the deposit into the Repayment Fund of the full amount of Pledged Revenues to be
26 deposited from unrestricted revenues in any month, then the amount of such deficiency shall be
27 satisfied and made up from any other moneys of the District lawfully available for the repayment
28 of the Notes and the interest thereon.

1 (C) Deposit of Pledged Revenues. The Pledged Revenues shall be held (in
2 accordance with the District Resolution) in a special fund designated as the "Val Verde Unified
3 School District, Riverside County, State of California, 2010-11 Tax and Revenue Anticipation
4 Notes, Series A Repayment Fund" (herein called the "Repayment Fund") and applied as directed
5 in this Resolution. Any moneys accounted for in the Repayment Fund shall be for the benefit of
6 the holders of the Notes, and until the Notes and all interest thereon are paid or until provision has
7 been made for the payment of the Notes at maturity with interest to maturity, the moneys
8 accounted for in the Repayment Fund shall be applied only for the purposes for which the
9 Repayment Fund is created.

10 (D) Disbursement and Investment of Moneys in Repayment Fund. From the
11 date this Resolution takes effect, all Pledged Revenues shall, when received, be deposited in the
12 Repayment Fund. After such date as the amount of Pledged Revenues deposited in the
13 Repayment Fund shall be sufficient to pay in full the principal of and interest on the Notes, when
14 due, any moneys in excess of such amount remaining in or accruing to the Repayment Fund shall
15 be transferred to the General Fund of the District upon the request of the District. On the maturity
16 date of the Notes, the moneys in the Repayment Fund shall be used, to the extent necessary, to
17 pay the principal of and interest on the Notes. Moneys in the Repayment Fund shall be invested
18 in accordance with the provisions of the District Resolution.

19 Section 7. Execution of Notes. The Chairman is hereby authorized to sign the Notes
20 manually or by facsimile signature; the Treasurer, or a designated deputy thereof, is hereby
21 authorized to sign the Notes manually; and the Clerk of the County Board (the "Clerk") is hereby
22 authorized to countersign the Notes manually or by facsimile signature; the Clerk is hereby
23 authorized to affix the seal of the County Board thereto by printed copy or facsimile impression
24 thereof; and said officers are hereby authorized to cause the blank spaces thereof to be filled in as
25 may be appropriate.

26 Section 8. Approval of Contract of Purchase. The Notes shall be sold by negotiated sale.
27 The form of Contract of Purchase for the Notes, substantially in the form presented to this
28 meeting and on file with the Clerk is hereby approved. The Treasurer or the Treasurer's designee

1 is hereby authorized to execute and deliver the Contract of Purchase on behalf of the County, and
2 the Treasurer is hereby authorized and requested to acknowledge such Contract of Purchase, if
3 necessary, such approval to be conclusively evidenced by his or her execution and delivery
4 thereof. The Treasurer or the Treasurer's designee, working in conjunction with the
5 Superintendent or the Deputy Superintendent or an authorized deputy thereof, is hereby further
6 authorized to determine the maximum principal amount of Notes to be specified in the Contract
7 of Purchase, up to \$10,000,000 and to enter into and execute the Contract of Purchase with the
8 Underwriter named therein (the "Underwriter") upon the terms and conditions set forth in the
9 District Resolution and this Resolution.

10 Section 9. Delivery of Notes. The proper officers of the County Board are hereby
11 authorized and directed to deliver the Notes to the Underwriter. All actions heretofore taken by
12 the officers and agents of the County with respect to the sale and issuance of the Notes are hereby
13 approved, confirmed and ratified, and the officers of the County are hereby authorized and
14 directed, for and in the name and on behalf of the County, to do any and all things and take any
15 and all actions and execute and deliver any and all certificates, agreements and other documents
16 which they, or any of them, may deem necessary or advisable in order to consummate the lawful
17 issuance and delivery of the Notes in accordance with this Resolution and a resolution heretofore
18 adopted by the District Board.

19 Section 10. Further Actions Authorized. It is hereby covenanted that the County, and its
20 appropriate officials, have duly taken all proceedings necessary to be taken by them, and will take
21 any additional proceedings necessary to be taken by them, for the levy, collection and
22 enforcement of the secured property taxes pledged under the District Resolution in accordance
23 with the law and for carrying out the provisions of the District Resolution and of this Resolution.

24 In addition, notwithstanding any other provision herein, the provisions of this Resolution
25 may be amended by the Note Purchase Agreement.

26 Section 11. Investment of Note Proceeds. Notwithstanding anything to the contrary
27 contained herein, the proceeds of the Notes shall be pledged to the payment of the Notes in the
28 event and to the extent sufficient Pledged Revenues of the District and other legally available

1 revenues are not deposited into the Repayment Fund. In addition to investments in the
2 Treasurer's Pooled Investment Fund, pursuant to Section 53601(1) of the Government Code of
3 the State of California, the following are hereby designated as additional authorized investments
4 for the proceeds of the Notes: (i) a guaranteed investment contract with a financial institution or
5 insurance company which has or its guarantor has at the date of execution thereof one or more
6 outstanding issues of unsecured, uninsured and unguaranteed debt obligations or a claims paying
7 ability rated not lower than the second highest rating category (without regard to subcategories)
8 by Standard & Poor's Ratings Services and Moody's Investors Service (in which case, the
9 Superintendent or the Deputy Superintendent of the District shall execute a certificate of
10 indemnity holding the Treasurer and the County, its officers, employees and servants harmless
11 and indemnifying them from any costs, liabilities, claims or damages, including but not limited to
12 attorneys' fees, caused by or arising from the investment of the funds in such an instrument, or,
13 alternatively, a written agreement to pay for any costs, liabilities, claims or damages, including
14 but not limited to attorneys' fees, to the Treasurer, the County, its officers, employees and
15 servants, caused by or arising from the investment of the funds in such an instrument); or (ii) the
16 Local Agency Investment Fund (LAIF) administered by the State of California.

17 Note proceeds shall be invested as directed by the District. To the extent that moneys
18 invested or held by the County are subject to arbitrage rebate, neither the County nor any officer
19 or employee of the County shall assume hereunder or under the provisions of any rebate
20 certificate any duty or obligation to make the actual calculations of arbitrage rebate liability of the
21 District, or to pay any such rebate or any penalties in regard thereto if the District miscalculates or
22 fails to pay or cause such rebate or such penalties to be paid.

23 Section 12. Limited Liability of County. Notwithstanding anything to the contrary
24 contained herein, in the Notes or in any other document mentioned herein or used in connection
25 herewith, the County, County Board, officers, employees and agents shall have no responsibility
26 with respect to the Preliminary Official Statement or the Official Statement, or any of the

Ladies and Gentlemen:

The undersigned (the "Underwriter") offers to enter into this Contract of Purchase (the "Contract of Purchase") with the County of Riverside, California (the "County"), and the Val Verde Unified School District (the "District"). This offer is made subject to written acceptance by the County and the District prior to 11:59 p.m., Pacific Daylight Time, on the date hereof, and, upon such acceptance, this Contract of Purchase will be binding upon the District, the County and the Underwriter.

1. Purchase and Sale of the Notes. Upon the terms and conditions and in reliance upon the representations, warranties and agreements herein set forth, the Underwriter hereby agrees to purchase from the District for reoffering to the public, and the District hereby agrees to sell to the Underwriter for such purpose, all (but not less than all) of the District's 2010-11 Tax and Revenue Anticipation Notes, Series A (the "Notes"), in the aggregate principal amount of \$_____. The aggregate purchase price to be paid by the Underwriter for the Notes shall be \$_____, being the principal amount of the Notes, plus net original issue premium of \$_____, less an Underwriter's discount of \$_____, and less cost of issuance in the amount of \$_____ to be paid by the Underwriter at the request of the District.

2. The Notes. The Notes shall be dated their date of issuance, shall mature on _____, 2011, and are being issued under a resolution adopted by the Board of Education of the District (the "District Resolution") and the Resolution of the Board of Supervisors of the County (the "County Resolution" and collectively with the District

Resolution, the "Resolutions"), in full conformity with the Constitution and laws of the State of California including Article 7.6, Chapter 4, Part 1, Division 2, Title 5 (commencing with Section 53850) of the California Government Code (the "Act"), as amended and supplemented. The Notes will bear interest at the rate of _____% per annum, priced to yield _____%. The Notes will be registered initially in the name of "Cede & Co." as nominee of The Depository Trust Company ("DTC") in New York, N.Y., the securities depository for the Notes.

3. Use of District Documents. The District has delivered to the Underwriter copies of its Preliminary Official Statement dated _____, 2010 (the "Preliminary Official Statement"). As of its date, such Preliminary Official Statement has been "deemed final" by the District for purposes of Securities and Exchange Commission Rule 15c2-12 (the "Rule"), except for information permitted to be omitted by said Rule. The District agrees to deliver to the Underwriter a final Official Statement, dated the date hereof (the "Official Statement") within 7 business days from the date hereof and in sufficient time to accompany any confirmations requesting payment sent to purchasers. The number of Official Statements so delivered will be sufficient to comply with the requirements of paragraph (b)(4) of the Rule and the Rules of the Municipal Securities Rulemaking Board. The District has approved the distribution by the Underwriter of the Official Statement and the District hereby authorizes the Underwriter to use, in connection with the offer and sale of the Notes, the Official Statement and the Resolution and all information contained herein and therein and all other documents, agreements, certificates or statements furnished by the District to the Underwriter or entered into in connection with the transactions contemplated by this Contract of Purchase.

The District will undertake, pursuant to a Continuing Disclosure Certificate (the "Continuing Disclosure Certificate"), to provide notices of the occurrence of certain events, if material. A description of such undertaking is set forth in the Preliminary Official Statement and will also be set forth in the Official Statement.

4. Public Offering of the Notes. The Underwriter agrees to make a bona fide public offering of the Notes at the price or yield set forth on the cover of the Official Statement. The Underwriter may offer and sell the Notes to certain dealers and banks at prices lower than the public offering price stated on the cover of the Official Statement and said public offering price may be changed from time to time by the Underwriter.

5. Closing. At 8:00 a.m., Pacific Daylight Time, on _____, 2010, or at such other time and on such other date as shall have been mutually agreed upon by the District, the County and the Underwriter (the "Issue Date"), the District will deliver to the Underwriter, through the facilities of DTC, the Notes in registered form duly executed and other documents hereinafter mentioned, and the Underwriter will accept such delivery and pay the purchase price thereof in immediately available funds to the order of the District (the "Closing").

6. Representations, Warranties and Agreements of the District. The District hereby represents, warrants and agrees with the Underwriter that:

(A) The District is a school district, organized and existing pursuant to the Constitution and laws of the State of California (the "State"), and has all requisite right, power and authority to conduct its business, to adopt the District Resolution, to issue the Notes and to execute this Contract of Purchase and the Continuing Disclosure Certificate (collectively, the "District Documents"), and to perform its obligations under each such document or instrument, and to carry out and effectuate the transactions contemplated by the District Documents.

(B) (i) At or prior to the Closing, the District will have taken all actions required to be taken by it to authorize the issuance and delivery of the Notes; (ii) the execution and delivery of the Notes and the District Documents, the adoption by the District of the District Resolution, and the performance by the District of the obligations contained in the District Documents, have been duly authorized and such authorization will be in full force and effect at the time of the Closing; (iii) this Contract of Purchase has been duly executed and delivered and constitutes the valid and legally binding obligation of the District enforceable against the District in accordance with its terms, except as may be limited by applicable bankruptcy, insolvency, reorganization, moratorium and other similar laws in effect for the protection of debtors and by application of general principles of equity; (iv) the Board of Education has duly authorized the consummation by the District of all transactions contemplated by the District Documents and the District Resolution; and (v) the District has authorized and approved the Preliminary Official Statement and the Official Statement and the distribution thereof by the Underwriter.

(C) No consent, approval, authorization, license, order, filing, registration, qualification, election or referendum, of or by any person, organization, State court or State governmental agency or public body whatsoever is required for the consummation of the transactions contemplated hereby, except for such actions as have been taken or as may be necessary to qualify the Notes for offer and sale under the Blue Sky or other securities laws and regulations of such states and jurisdictions of the United States as the Underwriter may designate (except that the District shall not be responsible for the failure to comply with any such laws of regulations with regard to Blue Sky).

(D) Except as otherwise disclosed in the Official Statement, to the best knowledge of the District, based upon reasonable inquiry, as of the time of acceptance hereof, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before any State court or public body, pending or threatened against the District: (i) in any way affecting the existence of the District or in any way challenging the respective powers of the District or the entitlement of the officials of the District to their respective offices; or (ii) seeking to restrain or enjoin the sale, issuance or delivery of any of the Notes, the application of the proceeds of the sale of the Notes, or the collection of revenues or taxes of the District pledged or to be pledged or available to pay the principal

of and interest on the Notes, or the pledge thereof, or in any way contesting the validity of the Notes or the District Documents, or contesting the powers or authority of the District with respect to the Notes or the District Documents; or (iii) in which a final adverse decision would (a) materially adversely affect the consummation of the transactions contemplated by the District Documents, or (b) declare the District Documents to be invalid or unenforceable in whole or in material part.

(F) As of the date thereof, the Preliminary Official Statement with respect to the information therein regarding the District did not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, except for information permitted to be omitted therefrom by the Rule 15c2-12.

(G) As of the date thereof, the Official Statement with respect to the information therein regarding the District does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. If between the date of the Official Statement and the Closing (i) any event shall occur or any pre-existing fact or condition shall become known which might or would cause the Official Statement, as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the District shall promptly notify the Underwriter thereof, and (ii) if in the reasonable opinion of the Underwriter and the District, such event, fact or condition requires the preparation and publication of a supplement or amendment to the Official Statement, the District will at its expense supplement or amend the Official Statement in a form and in a manner jointly approved by the Underwriter and the District, which approval shall not be unreasonably withheld.

(H) The District undertakes that, for a period beginning with the day on which the Notes are delivered to the Underwriter and ending on the earlier of (i) the 25th day following the end of the underwriting period, as defined in the Rule under the Securities Exchange Act of 1934, or (ii) 90 days following Closing, it will (a) apprise the Underwriter of all material developments, if any, occurring with respect to the District and (b) if determined by the District or requested by the Underwriter, prepare a supplement to the Official Statement in respect of any such material event. The period described in the preceding sentence shall be reduced to twenty-five (25) days if the Official Statement has been deposited with the Municipal Securities Rulemaking Board (the "MSRB") and is available from such depository upon request. The Underwriter hereby agrees to use its best efforts to deposit the Official Statement with the MSRB so that such period will be reduced to twenty-five (25) days. Unless otherwise notified in writing by the Underwriter, the District may assume that the end of this underwriting period occurs on the date when the District delivers the Notes to the Underwriter.

(I) Between the date hereof and the Closing, without the prior written consent of the Underwriter, the District will not have issued any bonds, notes or other obligations for borrowed money except as may be described in or contemplated by the Official Statement.

(J) Any certificates signed by any official of the District and delivered to the Underwriter shall be deemed a representation and warranty by the District to the Underwriter as to the statements made therein but not of the person signing the same.

(K) The District will punctually pay or cause to be paid the principal of and interest to become due on the Notes in strict conformity with the terms of the District Resolution and the Notes and it will faithfully observe and perform all of the conditions, covenants and requirements of the Notes and the District Documents.

(L) The District will furnish such information, execute such instruments and take such other action in cooperation with the Underwriter if and as the Underwriter may reasonably request in order (i) to qualify the Notes for offer and sale under the Blue Sky or other securities laws and regulations of such states and jurisdictions of the United States as the Underwriter may designate and (ii) to determine the eligibility of the Notes for investment under the laws of such states and other jurisdictions and will, if requested by the Underwriter, use its best efforts to continue such qualifications in effect so long as required for distribution of the Notes; provided that the District shall not be required to pay any fees in connection with the foregoing or to subject itself to service of process in any jurisdiction in which it is not presently so subject.

(M) Between the date hereof and the Closing, the District will not modify or amend the District Resolution without the prior written consent of the Underwriter.

(N) The District will enter into the Continuing Disclosure Certificate in order to provide the information required therein. Except as disclosed in the Official Statement, the District has not failed to comply in all material respects with a continuing disclosure undertaking under the Rule during the previous five years.

(O) The Notes will be issued only under and within the limits of the Act, and, as such, are general obligations of the District, but payable only out of certain taxes, income, revenue, cash receipts and other moneys to be received by the District attributable to District fiscal year 2010-11.

(P) There has been no material adverse change in the financial condition of the District since June 30, 2009, except as described in the Official Statement.

7. Representations, Warranties and Agreements of the County. The County hereby represents, warrants and agrees with the Underwriter that:

(A) The County is a political subdivision duly organized and validly existing under the laws of the State of California, with the power to issue the Notes pursuant to the Act.

(B) (i) At or prior to the Closing, the County will have taken all action required to be taken by it to authorize the issuance and delivery of the Notes; (ii) the County has full legal right, power and authority to enter into this Contract of Purchase, to adopt the County Resolution, to issue and deliver the Notes to the Underwriter on behalf of the District and to perform its obligations under each such document or instrument, and to carry out and effectuate the transactions contemplated by this Contract of Purchase and the County Resolution; (iii) the execution and delivery or adoption of, and the performance by the County of the obligations contained in the Notes, the County Resolution and this Contract of Purchase have been duly authorized and such authorization shall be in full force and effect at the time of the Closing; (iv) this Contract of Purchase constitutes a valid and legally binding obligation of the County; and (v) the County has duly authorized the consummation by it of all transactions contemplated by this Contract of Purchase.

(C) No consent, approval, authorization, order, filing, registration, qualification, election or referendum, of or by any court or governmental agency or public body whatsoever is required in connection with the issuance, delivery or sale of the Notes or the consummation of the other transactions effected or contemplated herein or hereby, or which have not been taken or obtained; except for such actions as may be necessary to qualify the Notes for offer and sale under the Blue Sky or other securities laws and regulations of such states and jurisdictions of the United States as the Underwriter may reasonably request, provided, however, that the County shall not be required to subject itself to service of process in any jurisdiction in which it is not so subject as of the date hereof.

(D) To the best knowledge of the County, the issuance of the Notes, the execution, delivery and performance of this Contract of Purchase, the County Resolution and the Notes, and the compliance with the provisions hereof do not conflict with or constitute on the part of the County a violation of or default under, the Constitution of the State of California or any existing law, charter, ordinance, regulation, decree, order or resolution and do not conflict with or result in a violation or breach of, or constitute a default under, any agreement, indenture, mortgage, lease or other instrument to which the County is a party or by which it is bound or to which it is subject.

(E) Except as described in the Preliminary Official Statement, as of the time of acceptance hereof, based on the advice of County Counsel, no action, suit, proceeding, hearing or investigation is pending or in which service of process has been completed against the County to the best knowledge of the County, threatened against the County:

(i) in any way affecting the existence of the County or in any way challenging the respective powers of the several offices or of the titles of the officials of the County to such offices; or (ii) seeking to restrain or enjoin the sale, issuance or delivery of any of the Notes, the application of the proceeds of the sale of the Notes, or the pledge thereof, or the levy of any taxes contemplated by the County Resolution, or in any way contesting or affecting the validity or enforceability of the Notes, this Contract of Purchase or the County Resolution or contesting the powers of the County or their authority with respect to the Notes, the County Resolution or this Contract of Purchase; or (iii) in which a final adverse decision could (a) materially adversely affect the operations of the County or the consummation of the transactions contemplated by this Contract of Purchase or the County Resolution; (b) declare this Contract of Purchase to be invalid or unenforceable in whole or in material part; or (c) adversely affect the exclusion of the interest paid on the Notes from gross income for federal income tax purposes and the exemption of such interest from California personal income taxation.

(F) Between the date hereof and the Closing, without the prior written consent of the Underwriter, the County will not have issued in the name and on behalf of the District any bonds, notes or other obligations for borrowed money except for such borrowing as may be described in or contemplated by the Official Statement.

(G) Any certificates signed by any officer of the County and delivered to the Underwriter shall be deemed a representation and warranty by the County to the Underwriter, but not by the person signing the same, as to the statements made therein.

8. Conditions to Obligations of Underwriter at Closing. The Underwriter has entered into this Contract of Purchase in reliance upon the representations and warranties of the District and County contained herein and the performance by the District and the County of their respective obligations hereunder, as of the date hereof and as of the Closing. The obligation of the Underwriter to purchase the Notes at the Closing is subject to the following further conditions, any or all of which can be waived by the Underwriter in writing:

(ii) the statements contained in the Official Statement in the sections thereof entitled "THE NOTES," "TAX MATTERS," and the Appendix containing the form of approving opinion, excluding any material that may be treated as included under such captions by cross-reference, insofar as such statements expressly summarize certain provisions of the Resolutions and the Notes and the form and content of the approving opinion, are accurate in all material respects; and

(County of Riverside)
State of California
2010-11 Tax and Revenue Anticipation Notes,
Series A

INTRODUCTION

This Official Statement provides certain information in connection with the issuance, sale and delivery by the County of Riverside, California (the "County"), in the name and on behalf of the Val Verde Unified School District, Riverside County, California (the "District") of \$ _____* of the District's 2010-11 Tax and Revenue Anticipation Notes, Series A (the "Notes"). The Notes are issued under the authority of Article 7.6, Chapter 4, Part 1, Division 2, Title 5 (commencing with Section 53850) of the California Government Code and pursuant to resolutions adopted by the Board of Education of the District (the "District Note Resolution") and by the Board of Supervisors of the County (the "County Note Resolution" and together with the District Note Resolution, the "Resolutions"). Issuance of the Notes will provide funds to meet General Fund expenditures, including operating expenses, capital expenditures, and the discharge of other obligations or indebtedness, of the District during Fiscal Year 2010-11 (the "Fiscal Year").

Borrowing is necessitated by District General Fund expenditures occurring in relatively level amounts throughout each fiscal year with receipts occurring in uneven amounts, primarily as a result of the uneven pattern of payments from state and federal sources and payments of secured property taxes in December and April, which are the largest sources of District revenues. As a result, the General Fund cash balance is negative during parts of the Fiscal Year. The Notes are intended to finance such cash flow deficits and are an alternative to the District's borrowing from the County Treasury.

The Notes, in accordance with California law, are general obligations of the District, and to the extent not paid from taxes, income, revenue, cash receipts and other moneys received by the District allocable to Fiscal Year 2010-11 and pledged for the payment thereof, will be paid with interest thereon from any other moneys of the District legally available therefor. Security for the Notes is described under "SECURITY FOR AND SOURCES OF PAYMENT OF THE NOTES – Security for the Notes."

Brief descriptions of the Notes, the security and sources of payment for the Notes, the District and its financial status follow. Such descriptions do not purport to be comprehensive or definitive. All references herein to various documents are qualified in their entirety by reference to the forms thereof, all of which are available for inspection at the office of the Deputy Superintendent, Business Services of the District.

* Preliminary; subject to change.

THE NOTES

General Provisions

The Notes will be dated the date of their delivery and will mature on June 30, 2011. The Notes will be registered in the name of Cede & Co. ("Cede & Co."), as nominee of the Depository Trust Company, New York, New York ("DTC"). Interest on the Notes will be computed on a 360-day year and 30-day month basis. The Notes are not subject to redemption prior to maturity. Principal of and interest on the Notes shall be payable upon maturity on June 30, 2011, as described below under "THE NOTES – Book-Entry Only System."

Book-Entry Only System

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy or completeness thereof. The District cannot and does not give any assurances that DTC, DTC Participants or Indirect Participants will distribute to the Beneficial Owners (a) payments of interest, principal or premium, if any, with respect to the Notes, (b) certificates representing ownership interest in or other confirmation or ownership interest in the Notes, or (c) redemption or other notices sent to DTC or Cede & Co., its nominee, as the registered owner of the Notes, or that they will so do on a timely basis or that DTC, DTC Participants or DTC Indirect Participants will act in the manner described in this Official Statement. The current "Rules" applicable to DTC are on file with the Securities and Exchange Commission and the current "Procedures" of DTC to be followed in dealing with DTC Participants are on file with DTC.

DTC will act as securities depository for the Notes. The Notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for the Notes, in the aggregate principal amount of the entire issue, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Notes, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Notes may wish to ascertain that the nominee holding the Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Notes unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Distributions, and dividend payments on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Beneficial Owner shall give notice to elect to have its Notes purchased or tendered, through its Participant, to the Paying Agent, and shall effect delivery of such Notes by causing the Direct Participant to transfer the Participant's interest in the Notes, on DTC's records, to the Paying Agent. The requirement for physical delivery of Notes in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Notes are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Notes to the Paying Agent's DTC account.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the District or the Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Note certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Note certificates will be printed and delivered to DTC.

Note Payments

Pursuant to Section 53856 of the Government Code of the State of California (the "Code"), the District's Note Resolution specifies, as security for the payment of principal of and interest on the Notes, the pledging of certain unrestricted revenue (as hereinafter defined) of the District [attributable to the 2010-11 fiscal year and received during the period ending June 30, 2011 (such pledged amounts being called "Pledged Revenues"). In the event that there are insufficient Pledged Revenues received by the District to permit the deposit into the Repayment Account (as hereinafter defined) of the full amount of the aforesaid pledge, then the amount of any deficiency shall be satisfied and made up from any other moneys of the District lawfully available for the payment of the principal of and interest on the Notes. The term "unrestricted revenues" means taxes, income, revenue, cash receipts and other moneys intended as receipts for the general fund of the District for the Fiscal Year and which are generally available for the payment of current expenses and other obligations of the District. See "THE NOTES – Security for the Notes."

Principal of and interest on the Notes will be payable at maturity by the District upon presentation at the principal office of the Paying Agent of the District, U.S. Bank National Association (the "Paying Agent"). The Notes are not subject to redemption prior to maturity.

Authority for Issuance

The Notes are issued pursuant to Article 7.6, Chapter 4, Part 1, Division 2, Title 5 (commencing with Section 53850) of the Code and pursuant to a Resolution adopted by the Board of Education of the District on August 10, 2010, and the Board of Supervisors of the County on [September 7], 2010 (collectively, the "Resolutions").

Purpose of Issue

Issuance of the Notes will provide funds to meet Fiscal Year 2010-11 General Fund expenditures, including operating expenses, capital expenditures, and the discharge of other obligations or indebtedness of the District.

Investment of Note Proceeds

Pursuant to the Resolutions, the District is authorized to invest Note proceeds in the Riverside County Treasury Pool pursuant to Section 53601(1) of the Code, the Local Agency Investment Fund, or a guaranteed investment contract with a financial institution or insurance company which has or its guarantor has at the date of execution thereof one or more outstanding issues of unsecured, uninsured and unguaranteed debt obligations or a claims-paying ability rated not lower than the second highest rating category (without regard to subcategories) by Standard & Poor's, a division of the McGraw-Hill Companies and Moody's Investors Service, Inc. The District expects to invest the Note proceeds in the Riverside County Treasury Pool.

SECURITY FOR AND SOURCES OF PAYMENT OF THE NOTES

Security for the Notes

The Resolutions authorizing the issuance of the Notes provide that the Notes shall be payable from certain pledged revenues of the District. Pursuant to Section 53856 of the Code, the Resolutions pledge, as security for the payment of the principal of and interest on the Notes, (i) an amount not less than ___ percent (___%) of the principal amount of all Notes from the first unrestricted revenues received by the District in the period from ___, 20__ to ___, 20__, inclusive (the "First Set Aside Period"), and (ii) from the first unrestricted revenues received by the District in the period from ___, 20__ to ___, 20__, inclusive (the "Second Set Aside Period") an amount that together with the amount then on deposit in the Repayment Fund is sufficient to pay the principal of and interest on the Notes when due (the "Pledged Revenues"). The term "unrestricted revenues" is defined by the Resolutions to mean taxes, income, revenue, cash receipts and other moneys intended as receipts for the general fund of the District and which are generally available for the payment of current expenses and other obligations of the District. In the event that there are insufficient unrestricted revenues received by the District to permit payment of the full amounts due and owing on the Notes, then the amount of any deficiency will be satisfied and made up from any other moneys of the District lawfully available for the repayment of the principal of and interest on the Notes. The principal of and interest on the Notes will constitute a first lien and charge against, and will be payable from, the first moneys received by the District from such Pledged Revenues.

All Pledged Revenues will be deposited into a special fund held by the Treasurer and Tax Collector of the County designated as the "Val Verde Unified School District 2010-11 Tax and Revenue Anticipation Notes, Series A Repayment Fund" (the "Repayment Fund"). Moneys in the Repayment Fund will be invested as described above. After the date on which the amount of Pledged Revenues deposited in the Repayment Fund are sufficient to pay in full the principal of and interest on the Notes, when due, any moneys in excess of such amount remaining in or accruing to the Repayment Fund shall be transferred to the General Fund of the District upon request of the District.

Available Sources of Payment

The Notes, in accordance with California law, are general obligations of the District, and to the extent not paid from taxes, income, revenue, cash receipts and other moneys received by the District during or allocable to Fiscal Year 2010-11 pledged for the payment thereof, will be paid with interest thereon from any other moneys of the District legally available therefor. A 1978 change in the Constitution of the State of California substantially limited the District's ability to levy *ad valorem* taxes. See "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING SCHOOL DISTRICT REVENUES" and "APPENDIX A - FINANCIAL AND DEMOGRAPHIC INFORMATION RELATING TO THE DISTRICT - *Ad Valorem* Property Taxation." The District may, under existing

law, issue the Notes only if the principal of and interest on the Notes and any other short-term debt will not exceed 85% of the estimated moneys legally available for the payment of the Notes and such other debt. With an interest rate of __%, the amount needed to repay the Notes and the interest thereon is \$_____. The District estimates that funds available from its General Fund for payment of the Notes will be in excess of \$_____.

The District has not previously issued any tax and revenue anticipation notes payable from its receipts during this Fiscal Year.

In addition to the District's obligation to repay the Notes, the District has other contractual commitments that must be paid from General Fund revenues. For information regarding the levels of the District's expenditure commitments for the Fiscal Year and its projected commitments for 2010-11, see APPENDIX A – "FINANCIAL AND DEMOGRAPHIC INFORMATION RELATING TO THE DISTRICT – Financial Statements of the District," "– District Budget," "– Projected and Actual Cash Flows."

The District filed its 2009-10 First Interim Financial Report with the Riverside County Office of Education with a negative certification within the meaning of Section 42133 of the Education Code of the State due to its debt burden, certain costs related to employee salaries and benefits, and the expectation of decreased revenues from the State. For further information regarding the District's 2009-10 First Interim Financial Report, see APPENDIX A – "FINANCIAL AND DEMOGRAPHIC INFORMATION RELATING TO THE DISTRICT – Significant Accounting Policies and Financial Statements."

Cash Flow Projections

The District has prepared the accompanying monthly General Fund cash flow statement covering the 2010-11 fiscal year. The General Fund is used to finance the ordinary operations of the District and is available for any legal authorized purposes. While expenditures generally occur evenly throughout the fiscal year, cash receipts occur unevenly. As a result, the General Fund cash balance, absent the use of Note proceeds, tends to show a deficit during parts of the fiscal year. The projections are based on the District's budget.

Limitations on Noteholder Remedies

The rights of the Owners of the Notes are subject to certain limitations. Enforceability of the rights and remedies of the Owners of the Notes, and the obligations incurred by the Participants may become subject to the Federal Bankruptcy Code (defined below) and applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting the enforcement of creditor's rights generally, now or hereafter in effect, equity principles which may limit the specific enforcement under State law of certain remedies, the exercise by the United States of America of the powers delegated to it by the Constitution, the reasonable and necessary exercise, in certain exceptional situations, of the police powers inherent in the sovereignty of the State and its governmental bodies in the interest of serving a significant and legitimate public purpose and the limitations on remedies against school and community college districts in the State. Bankruptcy proceedings, or the exercise of powers by the federal or State government, if initiated, could subject the Owners of the Notes to judicial discretion and interpretation of their rights in bankruptcy or otherwise, and consequently may entail risks of delay, limitation, or modification of their rights.

Under Chapter 9 of the Federal Bankruptcy Code (Title 11, United States Code), which governs the bankruptcy proceedings for public agencies such as the District, there are no involuntary petitions in bankruptcy. If a District were to file a petition under Chapter 9 of the Bankruptcy Code, the Owners, the Paying Agent and the District could be prohibited from taking certain steps to enforce their rights under the Resolutions. In a decision dated March 8, 1995, the United States Bankruptcy Court for the Central District of California ruled that a pledge granted by Orange County pursuant to a resolution adopted by that county in connection with the issuance of tax and revenue anticipation notes ("TRANS") was not effective with respect to general revenues accruing to Orange County after the filing of a petition in bankruptcy. The resolution obligated Orange County to set aside a specified amount of revenues in certain months in order to secure the payment of its TRANS. On July 12, 1995, the United States District Court for the Central District of California reversed the order of the Bankruptcy Court and determined that the obligation created under the resolution adopted by Orange County is a statutory lien which survived the filing of Orange County's bankruptcy petition. The parties subsequently negotiated a settlement. No assurance can be made that future allegations would not be raised in another bankruptcy proceeding.

CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS

The primary source of revenue for the payment of the Notes will be the General Fund of the District. Amounts available to the District for such payment will vary, dependent in large part upon funding available from the State of California. See "FINANCIAL AND DEMOGRAPHIC INFORMATION RELATING TO THE DISTRICT, State Funding of Education" above.

Article XIII A of the California Constitution. Article XIII A of the California Constitution limits the amount of any *ad valorem* tax on real property, to one percent of the full cash value thereof, except that additional *ad valorem* taxes may be levied to pay debt service on indebtedness approved by the voters prior to July 1, 1978 and on bonded indebtedness for the acquisition or improvement of real property which has been approved on or after July 1, 1978 by two-thirds of the voters on such indebtedness. Article XIII A defines full cash value to mean "the county assessor's valuation of real property as shown on the 1975-76 tax bill under "full cash value," or thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership have occurred after the 1975 assessment." The full cash value may be increased at a rate not to exceed two percent per year to account for inflation.

Article XIII A has subsequently been amended to permit reduction of the "full cash value" base in the event of declining property values caused by damage, destruction or other factors, to provide that there would be no increase in the "full cash value" base in the event of reconstruction of property damaged or destroyed in a disaster and in other minor or technical ways.

Legislation Implementing Article XIII A. Legislation has been enacted and amended a number of times since 1978 to implement Article XIII A. Under current law, local agencies are no longer permitted to levy directly any property tax (except to pay voter-approved indebtedness). The one percent property tax is automatically levied by the County and distributed according to a formula among taxing agencies. The formula apportions the tax roughly in proportion to the relative shares of taxes levied prior to 1989.

Increases of assessed valuation resulting from reappraisals of property due to new construction, change in ownership or from the two percent annual adjustment are allocated among the various jurisdictions in the "taxing area" based upon their respective "status." Any such allocation made to a local agency continues as part of its allocation in future years.

Article XIII B of the California Constitution. In 1979, an initiative added Article XIII B to the State Constitution ("Article XIII B"). Under Article XIII B, the State and each local governmental entity has an annual "appropriations limit" and is not permitted to spend certain moneys that are called "appropriations subject to limitation" (consisting of tax revenues, state subventions and certain other funds) in an amount higher than the appropriations limit. Article XIII B does not affect the appropriations of moneys that are excluded from the definition of "appropriations subject to limitation," including debt service on indebtedness existing or authorized as of January 1, 1979, or bonded indebtedness subsequently approved by the voters. In general terms, the appropriations limit is to be based on certain 1978-79 expenditures, and is to be adjusted annually to reflect changes in consumer prices, populations, and services provided by these entities. Among other provisions of Article XIII B, if these entities' revenues in any year exceed the amounts permitted to be spent, the excess would have to be returned by revising tax rates or fee schedules over the subsequent two years. However, in the event that a school district's revenues exceed its spending limit, the district may, in any fiscal year, increase its appropriations limit to equal its spending by borrowing appropriations limit from the State, provided the State has sufficient excess appropriations limit in such year.

Article XIII C and Article XIII D of the California Constitution. The so-called "Right to Vote on Taxes Act" ("Proposition 218") was approved by the voters in 1996. Proposition 218 added Articles XIII C and XIII D to the State Constitution, which contain a number of provisions affecting the ability of local agencies, including school districts, to levy and collect both existing and future taxes, assessments, fees and charges. Among other things, Article XIII C establishes that every tax is either a "general tax" (imposed for general governmental purposes) or a "special tax" (imposed for specific purposes); prohibits special purpose government agencies such as school districts from levying general taxes; and prohibits any local agency from imposing, extending or increasing any special tax beyond its maximum authorized rate without a two-thirds vote. Article XIII C also provides that no tax may be assessed on property other than *ad valorem* property taxes imposed in accordance with Articles XIII and XIII A of the California Constitution and special taxes approved by a two-thirds vote under Article XIII A, Section 4.

Article XIII C also provides that the initiative power shall not be limited in matters of reducing or repealing local taxes, assessments, fees and charges. The State Constitution and the laws of the State impose a mandatory, statutory duty on a county treasurer-tax collector to levy a property tax sufficient to pay debt service on general obligation bonds coming due in each year. The initiative power cannot be used to reduce or repeal the authority and obligation to levy such taxes which are pledged as security for

payment of general obligation bonds or to otherwise interfere with performance of the mandatory, statutory duty of the District and the County with respect to such taxes which are pledged as security for payment of the general obligation bonds. Legislation adopted in 1997 provides that Article XIII C shall not be construed to mean that any owner or beneficial owner of a municipal security assumes the risk of or consents to any initiative measure which would constitute an impairment of contractual rights under the contracts clause of the U.S. Constitution.

Article XIII D deals with assessments and property-related fees and charges. Article XIII D explicitly provides that nothing in Article XIII C or XIII D shall be construed to affect existing laws relating to the imposition of fees or charges as a condition of property development; however it is not clear whether the initiative power is therefore unavailable to repeal or reduce developer and mitigation fees imposed by the District. Developer fees imposed by the District are neither pledged nor available to pay the Notes.

Proposition 62. In 1986, California voters adopted Proposition 62, a statutory initiative which amended the California Government Code by the addition of Sections 53720-53730. Proposition 62 requires that (i) any local tax for general governmental purposes (a "general tax") must be approved by a majority vote of the electorate; (ii) any local tax for specific purposes (a "special tax") must be approved by a two-thirds vote of the electorate; (iii) any general tax must be proposed for a vote by two-thirds of the legislative body; and (iv) proceeds of any tax imposed in violation of the vote requirements must be deducted from the local agency's property tax allocation. Provisions applying Proposition 62 retroactively from its effective date to 1985 are unlikely to be of any continuing importance; certain other restrictions were already contained in the Constitution.

Most of the provisions of Proposition 62 were affirmed by the 1995 California Supreme Court decision in *Santa Clara County Local Transportation Authority v. Guardino*, which invalidated a special sales tax for transportation purposes because fewer than two-thirds of the voters voting on the measure had approved the tax. Following the California Supreme Court's decision upholding Proposition 62, several actions were filed challenging taxes imposed by public agencies since the adoption of Proposition 62, which was passed in November 1986. On June 4, 2001, the California Supreme Court released its decision in one of these cases, *Howard Jarvis Taxpayers Association v. City of La Habra, et al.* ("La Habra"). In this case, the court held that public agency's continued imposition and collection of a tax is an ongoing violation, upon which the statute of limitations period begins anew with each collection. The court also held that, unless another statute or constitutional rule provided differently, the statute of limitations for challenges to taxes subject to Proposition 62 is three years. Accordingly, a challenge to a tax subject to Proposition 62 may only be made for those taxes received within three years of the date the action is brought.

Although by its terms, Proposition 62 applies to school districts, the District has not experienced any substantive adverse financial impact as a result of the passage of this initiative or the Santa Clara or La Habra decisions and believes that any impact experienced by the District will not adversely effect the ability of the District to make payments of principal of and interest on the Notes.

Proposition 98. In 1988, California voters approved Proposition 98, a combined initiative, constitutional amendment and statute called the "Classroom Instructional Improvement and Accountability Act" (the "Accountability Act"). The Accountability Act changed State funding of public education below the university level, and the operation of the State's Appropriations Limit, primarily by guaranteeing State funding for K-12 school districts and community college districts (collectively, "K-14 districts").

Under Proposition 98 (as modified by Proposition 111, which was enacted on June 5, 1990), K-14 districts are guaranteed the greater of (a) in general, a fixed percent of the State's General Fund (the "State General Fund") revenues ("Test 1"), (b) the amount appropriated to K-14 schools in the prior year, adjusted for changes in the cost-of-living (measured as in Article XIII B by reference to State per capita personal income) and enrollment ("Test 2"), or (c) a third test, which would replace Test 2 in any year when the percentage growth in per capita State General Fund revenues from the prior year plus one-half of one percent is less than the percentage growth in State per capita personal income ("Test 3"). Under Test 3, schools would receive the amount appropriated in the prior year adjusted for changes in enrollment and per capita State General Fund revenues, plus an additional small adjustment factor. If Test 3 is used in any year, the difference between Test 3 and Test 2 would become a "credit" to schools which would be the basis of payments in future years when per capita State General Fund revenue growth exceeds per capita personal income growth. Legislation adopted prior to the end of the 1988-89 fiscal year, implementing Proposition 98, determined the K-14 districts' funding guarantee under Test 1 to be 40.3% of the State General Fund tax revenues, based on 1986-87 appropriations. However, that percentage has been adjusted to 35% to account for a subsequent redirection of local property taxes whereby a greater proportion of education funding now comes from local property taxes.

Proposition 98 permits the State Legislature by a two-thirds vote of both houses, with the Governor's concurrence, to suspend the K-14 districts' minimum funding formula for a one-year period. In the fall of 1989, the Legislature and the Governor utilized this provision to avoid having 40.3% of revenues generated by a special supplemental sales tax enacted for earthquake relief go to K-14 districts. Proposition 98 also contains provisions transferring certain State tax revenues in excess of the Article XIII B limit to K-14 districts.

Application of Proposition 98. The application of Proposition 98 and other statutory regulations has become increasingly difficult to predict accurately in recent years. One major reason is that Proposition 98 minimum funding levels under Test 1 and Test 2 are dependent on State General Fund revenues. In past fiscal years, the State made actual allocations to K-14 districts based on an assumption of State General Fund revenues at a level above that which was ultimately realized. In such years, the State has considered the amounts appropriated above the minimum as a loan to K-14 districts, and has deducted the value of these loans from future years' estimated Proposition 98 minimum funding levels. The State determined that there were loans to K-14 districts of \$1.3 billion during fiscal year 1990-91, \$1.1 billion during fiscal year 1991-92, \$1.3 billion during fiscal year 1992-93 and \$787 million during fiscal year 1993-94. These loans have been combined with the K-14 1992-93 loans into one loan totaling \$1.760 billion. The State proposed that repayment of this loan would be from future years' Proposition 98 entitlements, and would be conditioned on maintaining current funding levels per pupil for K-12 schools.

In 1992, a lawsuit, *California Teachers' Association et al. v. Gould*, was filed, which challenged the validity of the off-budget loans. As part of the negotiations leading to the 1995-96 Budget Act, an agreement was reached to settle this case. The agreement provides that both the State and K-14 districts share in the repayment of prior years' emergency loans to schools. Of the total \$1.76 billion in loans, the State will repay \$935 million, while K-14 districts will repay \$825 million. The State share of the repayment will be reflected as expenditures above the current Proposition 98 base calculation. The K-14 districts' share of the repayment will count as appropriations that count toward satisfying the Proposition 98 guarantee, and thus are treated as from "below" the current base. Repayments are spread over the eight-year period of 1994-95 through 2001-02 to mitigate any adverse fiscal impact. In April 1996, a court settlement was reached and \$360 million in appropriations from the 1995-96 fiscal year was disbursed to districts in August 1996.

Substantially increased State General Fund revenues, above initial budget projections, in the fiscal years 1994-95 and thereafter have resulted or will result in retroactive increases in Proposition 98 appropriations from subsequent fiscal years' budgets. Because of the State's increasing revenues, per-pupil funding at the K-12 level has increased by about 42% from the level in place from 1991-92 through 1993-94. A significant amount of the "extra" Proposition 98 moneys in the last few years has been allocated to special programs, most particularly an initiative to allow each classroom from grades K-3 to have no more than 20 pupils by the end of the 1997-98 school year. There are also new initiatives to improve reading skills and to upgrade technology in high schools, as well as numerous programs approved by the State Budget Act for Fiscal Year 1999-2000 and proposed for Fiscal Year 2001-02. The economy of the State has slowed and the State is experiencing severe budget shortfalls. For a discussion of State funding of the District, see "APPENDIX A – FINANCIAL AND DEMOGRAPHIC INFORMATION RELATING TO THE DISTRICT – State Funding of Education."

Proposition 39. On November 7, 2000, California voters approved Proposition 39, called the "Smaller Classes, Safer Schools and Financial Accountability Act" (the "Smaller Classes Act") which amends Section 1 of Article XIII A, Section 18 of Article XVI of the California Constitution and Section 47614 of the California Education Code and allows an alternative means of seeking voter approval for bonded indebtedness by 55 percent of the vote, rather than the two-thirds majority required under Section 18 of Article XVI of the Constitution. The 55 percent voter requirement applies only if the bond measure submitted to the voters includes, among other items: (1) a restriction that the proceeds of the bonds may be used for "the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities," (2) a list of projects to be funded and a certification that the school district board has evaluated "safety, class size reduction, and information technology needs in developing that list" and (3) that annual, independent performance and financial audits will be conducted regarding the expenditure and use of the bond proceeds.

Section 1(b)(3) of Article XIII A has been added except from the one percent *ad valorem* tax limitation under Section 1(a) of Article XIII A of the Constitution levies to pay bonds approved by the 55 percent of the voters, subject to the restrictions explained above.

The Legislature enacted AB 1908, Chapter 44, which became effective upon passage of Proposition 39 and amends various sections of the Education Code. Under amendments to Section 15268 and 15270 of the Education Code, the following limits on *ad valorem* taxes apply in any single election: (1) for a school district, indebtedness shall not exceed \$30 per \$100,000 of taxable property, (2) for a unified school district, indebtedness shall not exceed \$60 per \$100,000 of taxable property, and (3) for a community college district, indebtedness shall not exceed \$25 per \$100,000 of taxable property. Finally, AB 1908 requires that a citizens' oversight committee must be appointed who will review the use of the bond funds and inform the public about their proper usage.

Proposition 1A. Proposition 1A (SCA 4), proposed by the Legislature in connection with the 2004-05 Budget Act and approved by the voters in November 2004, provides that the State may not reduce any local sales tax rate, limit existing local government authority to levy a sales tax rate or change the allocation of local sales tax revenues, subject to certain exceptions. Proposition 1A generally prohibits the State from shifting to schools or community colleges any share of property tax revenues allocated to local governments for any fiscal year, as set forth under the laws in effect as of November 3, 2004. Any change in the allocation of property tax revenues among local governments within a county must be approved by two-thirds of both houses of the State Legislature. Proposition 1A provides, however, that beginning in Fiscal Year 2008-09, the State may shift to schools and community colleges up to 8% of local government property tax revenues, which amount must be repaid, with interest, within three years, if the Governor proclaims that the shift is needed due to a severe state financial hardship, the

shift is approved by two-thirds of both houses of the State Legislature and certain other conditions are met. The State may also approve voluntary exchanges of local sales tax and property tax revenues among local governments within a county. Proposition 1A also provides that if the State reduces the Vehicle License Fee rate below 0.65 percent the State must provide local governments with equal replacement revenues. Further, Proposition 1A required the State, beginning June 1, 2009, to suspend State mandates affecting cities, counties and special districts, schools or community colleges, excepting mandates relating to employee rights, in any year that the State does not fully reimburse local governments for their costs of compliance with such mandates.

Future Initiatives. Article XIII A, Article XIII B, Article XIII C, Article XIII D and Propositions 62, 98 and 39 were each adopted as measures that qualified for the ballot pursuant to the State's initiative process. From time to time other initiative measures could be adopted, further affecting District revenues or the District's ability to expend revenues.

COUNTY INVESTMENT POOL

The Treasurer and Tax Collector (the "Treasurer") of Riverside County has the delegated authority to invest funds on deposit in the County Treasury (the "Treasury Pool"). As of _____, 2010, investments in the Treasury Pool were held for local agencies including school districts, community college districts, special districts and discretionary depositors such as cities and independent districts.

Decisions on the investment of funds in the Treasury Pool are made by the County Investment Officer in accordance with established policy, with certain transactions requiring the Treasurer's prior approval. Riverside County investment decisions are governed by California Government Code Section 53601, *et seq.*, which governs legal investments by local agencies in the State of California, and by an Investment Policy developed by the Treasurer and adopted by the Riverside County Board of Supervisors on an annual basis.

The Treasurer prepares a monthly Report of Investments (the "Investment Report") summarizing the status of the Treasury Pool, including the current market value of all investments. This report is submitted monthly to the Board of Supervisors for formal action to approve it. According to the Investment Report prepared for _____, 2010, the _____, 2010 book value of the Treasury Pool was approximately \$_____ billion and the corresponding market value was approximately \$_____ billion.

An internal controls system for monitoring cash accounting and investment practices is in place. The Treasurer's Compliance Auditor, who operates independently from the Investment Officer, reconciles cash and investments to fund balances daily. This office also reviews each investment trade for accuracy and compliance with the Board-adopted Investment Policy. The County Auditor-Controller's Office performs similar cash and investment reconciliations on a quarterly basis and regularly reviews investment transactions for conformance with the approved policies. Additionally, the County's outside independent auditor annually accounts for all investments.

As of _____, 2010, approximately ____% of the pool investments were scheduled to mature between 30 and 90 days, with a weighted average maturity of 1.00 years for the entire portfolio. The following table identifies the types of securities held by the Treasury Pool as of _____, 2010.

Effective January 1, 1996, Section 27131 of the Government Code required all counties investing surplus funds to establish a County Treasury Oversight Committee. The Board of Supervisors approved the establishment of an oversight committee in accordance with that Section. The Committee is required to review and monitor for compliance the investment policies prepared by the Treasurer.

TAX MATTERS

The delivery of the Notes is subject to delivery of the opinion of Bond Counsel, to the effect that interest on the Notes for federal income tax purposes under existing statutes, regulations, published rulings, and court decisions (1) will be excludable from the gross income, as defined in section 61 of the Internal Revenue Code of 1986, as amended to the date of initial delivery of the Notes (the "Code"), of the owners thereof pursuant to section 103 of the Code, and (2) will not be included in computing the alternative minimum taxable income of the owners thereof. The delivery of the Notes is also subject to the delivery of the opinion of Bond Counsel, based upon existing provisions of the laws of the State of California that interest on the Notes is exempt from personal income taxes of the State of California. The form of Bond Counsel's anticipated opinion is included as APPENDIX B. The statutes, regulations, rulings, and court decisions on which such opinions will be based are subject to change.

In rendering the foregoing opinions, Bond Counsel will rely upon the representations and certifications of the Board made in a certificate of even date with the initial delivery of the Notes pertaining to the use, expenditure, and investment of the proceeds of the Notes and will assume continuing compliance with the provisions of the Resolutions by the Board subsequent to the issuance of the Notes. The Tax Certificate contains covenants by the Board with respect to, among other matters, the use of the proceeds of the Notes and the facilities and equipment financed or refinanced therewith by persons other than state or local governmental units, the manner in which the proceeds of the Notes are to be invested, if required, the calculation and payment to the United States Treasury of any "arbitrage profits" and the reporting of certain information to the United States Treasury. Failure to comply with any of these covenants may cause interest on the Notes to be includable in the gross income of the owners thereof from the date of the issuance of the Notes.

Except as described above, Bond Counsel will express no other opinion with respect to any other federal, State or local tax consequences under present law, or proposed legislation, resulting from the receipt or accrual of interest on, or the acquisition or disposition of, the Notes. Prospective purchasers of the Notes should be aware that the ownership of tax-exempt obligations such as the Notes may result in collateral federal tax consequences to, among others, financial institutions, life insurance companies, property and casualty insurance companies, S corporations with subchapter C earnings and profits, certain foreign corporations doing business in the United States, individual recipients of Social Security or

Railroad Retirement benefits, individuals otherwise qualifying for the earned income tax credit, Owners of an interest in a financial asset securitization investment trust, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry, or who have paid or incurred certain expenses allocable to, tax-exempt obligations. Prospective purchasers should consult their own tax advisors as to the applicability of these consequences to their particular circumstances.

Bond Counsel's opinion is not a guarantee of a result, but represents its legal judgment based upon its review of existing statutes, regulations, published rulings and court decisions and the representations and covenants of the Board described above. No ruling has been sought from the Internal Revenue Service (the "Service") or the State of California with respect to the matters addressed in the opinion of Bond Counsel, and Bond Counsel's opinion is not binding on the Service or the State of California. The Service has an ongoing program of auditing the tax-exempt status of the interest on municipal obligations. If an audit of the Notes is commenced, under current procedures, the Service is likely to treat the Board as the "taxpayer," and the Owners of the Notes would have no right to participate in the audit process. In responding to or defending an audit of the tax-exempt status of the interest on the Notes, the Board may have different or conflicting interests from the Owners of the Notes. Public awareness of any future audit of the Notes could adversely affect the value and liquidity of the Notes during the pendency of the audit, regardless of its ultimate outcome.

The excess of the stated redemption price at maturity of the Notes over the initial offering price to the public of the Notes set forth on the inside cover of this Official Statement is "original issue discount." Such original issue discount accruing on a Note is treated as interest excluded from the gross income of the owner thereof for federal income tax purposes and exempt from California personal income tax. Original issue discount on any Note purchased at such initial offering price and pursuant to such initial offering will accrue on a semiannual basis over the term of the Note on the basis of a constant yield method and, within each semiannual period, will accrue on a ratable daily basis. The amount of original issue discount on such a Note accruing during each period is added to the adjusted basis of such Note to determine taxable gain upon disposition (including sale, redemption or payment on maturity) of such Note. The Code includes certain provisions relating to the accrual of original issue discount in the case of purchasers of the Notes who purchase the Notes other than at the initial offering price and pursuant to the initial offering. Any person considering purchasing a Note should consult his or her own tax advisors with respect to the tax consequences of ownership of notes with original issue discount, including the treatment of purchasers who do not purchase in the original offering and at the original offering price, the allowance of a deduction for any loss on a sale or other disposition, and the treatment of accrued original issue discount on such notes.

The initial offering price (as furnished by the Underwriter) of certain Notes (the "Premium Notes"), may be greater than the amount payable on such Notes at maturity. An amount equal to the difference between the initial public offering price of a Premium Note (assuming that at least ten percent of the Premium Notes of that maturity are sold to the public at such price) and the amount payable at maturity constitutes premium to the initial purchaser of such Premium Notes. The basis for federal income tax purposes of a Premium Note in the hands of such initial purchaser must be reduced each year by the amortizable note premium, although no federal income tax deduction is allowed as a result of such reduction in basis for amortizable note premium. Such reduction in basis will increase the amount of any gain (or decrease the amount of any loss) to be recognized for federal income tax purposes upon a sale or other taxable disposition of a Premium Note. The amount of premium which is amortizable each year by an initial purchaser is determined by using such purchaser's yield to maturity. Purchasers of the Premium Notes should consult with their own tax advisors with respect to the determination of amortizable note premium with respect to the Premium Notes for federal income purposes and with respect to the state and local tax consequences of owning Premium Notes.

A copy of the proposed form of opinion of Bond Counsel is attached hereto as APPENDIX B.

LEGAL OPINION

Bond Counsel will render a final approving opinion with respect to the Notes substantially in the form attached as Appendix B. A copy of such approving opinion will be available at the time of delivery of the Notes.

The statements of law and legal conclusions set forth in this Official Statement have not been reviewed by Bond Counsel. Bond Counsel's employment is limited to a review of the legal proceedings required for the authorization of the Notes. Bond Counsel's opinion will not consider or extend to any documents, agreements, representations, offering circulars or other material of any kind concerning the Notes. Certain matters will be passed upon for the District by Parker & Covert LLP.

LEGALITY FOR INVESTMENT IN CALIFORNIA

Under the provisions of the State of California Financial Code, the Notes are legal investments for commercial banks in the State to the extent that the Notes, in the informed opinion of the bank, are prudent for the investment of funds of its depositors and under provisions of the State Government Code the Notes are eligible to secure deposits of public moneys in the State.

RATING

The District has received the rating of "SP-1+" on the Notes from Standard & Poor's Ratings Service ("S&P"). Certain information was supplied by the District to S&P to be considered in evaluating the Notes. The rating issued reflects only the view of S&P, and any explanation of the significance of such rating should be obtained from S&P. There is no assurance that any rating obtained will be retained for any given period of time or that the same will not be revised downward or withdrawn entirely by S&P if, in its judgment, circumstances so warrant. The District undertakes no responsibility either to bring to the attention of the holders of the Notes any downward revision or withdrawal. Any such downward revision or withdrawal of the rating obtained may have an adverse effect on the market price of the Notes.

LITIGATION

No litigation is pending or threatened concerning the validity of the Notes, and a Certificate of the District and an opinion of County Counsel to that effect will be furnished to the Underwriter at the time of the original delivery of the Notes. The District is not aware of any litigation pending or threatened questioning the political existence of the District or contesting the District's ability to receive *ad valorem* taxes or to collect other pledged revenues or contesting the District's ability to issue and retire the Notes.

AVAILABILITY OF INFORMATION

Copies of the Resolutions are available, upon written request, from the District. For further information concerning the financial condition of the District, copies of the final Fiscal Year 2009-10 budget may be obtained from the District. Audited financial statements for Fiscal Years prior to 2008-09 are also currently available for review from the District.

This Official Statement contains financial data taken or constructed from the official records of the District. Such data has been reviewed by an authorized representative of each District acting in his or her official capacity. Such representative has determined that as of the date hereof the information contained herein is, to the best of his or her knowledge and belief, true and correct in all material respects

and does not contain an untrue statement of a material fact, or omit to state a material fact, necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

UNDERWRITING

The Notes are being purchased for reoffering by Piper Jaffray & Co. (the "Underwriter"). The Underwriter has agreed to purchase the Notes at a price of \$ _____ (representing the aggregate principal amount of the Notes of \$ _____, plus a net original issue premium of \$ _____, less an Underwriter's discount of \$ _____ and less cost of issuance to be paid by the Underwriter of \$ _____) pursuant to the Note Purchase Agreement dated [September __], 2010 (the "Note Purchase Agreement"). The Note Purchase Agreement provides that the Underwriter will purchase all of the Notes, if any are purchased. The obligation to make such purchase is subject to certain terms and conditions set forth in the Note Purchase Agreement.

The Underwriter may offer and sell Notes to dealers and others at a price lower than the offering price stated on the cover page hereof. The offering price may be changed from time to time by the Underwriter.

The Underwriter has entered into an agreement (the "Distribution Agreement") with Advisors Asset Management, Inc. ("AAM") for the distribution of certain municipal securities offerings allocated to the Underwriter at the original offering prices. Under the Distribution Agreement, if applicable to the Notes, the Underwriter will share with AAM a portion of the fee or commission, exclusive of management fees, paid to the Underwriter.

CONTINUING DISCLOSURE

The District will covenant for the benefit of the holders of the Notes to provide notices of the occurrence of certain enumerated events, if material. The notices of material events will be filed by the District with the Municipal Securities Rulemaking Board. The specific nature of the notices of material events is contained in "APPENDIX C – FORM OF CONTINUING DISCLOSURE CERTIFICATE." These covenants have been made in order to assist the Underwriter in complying with S.E.C. Rule 15c2-12. The District is currently in compliance with all prior continuing disclosure obligations.

MISCELLANEOUS

References are made herein to certain documents and reports which are brief summaries thereof which do not purport to be complete or definitive and reference is made to such documents and reports for full and complete statements of the contents thereof.

Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact. This Official Statement is not to be construed as a contract or agreement between the District and the purchasers or Owners of any of the Notes.

FINANCIAL AND DEMOGRAPHIC INFORMATION RELATING TO THE DISTRICT

District Organization

The Val Verde Unified School District was formed by unification on July 1, 1991 to provide educational services to residents in and to the north side of the City of Perris, plus the southeast side of the City of Moreno Valley, and an unincorporated area of Riverside County. The Cities of Moreno Valley and Perris are located approximately 5 and 8 miles, respectively, southeast of the City of Riverside in Riverside County, California, generally along U.S. Interstate 215. The District services an area of approximately 67 square miles within Riverside County. The District's 23 schools and other facilities comprise approximately 1,685,593 square feet of building area.

Facilities, Staff and Enrollment

The District currently operates fourteen elementary schools, four middle schools, two high schools, one continuation high school, one opportunity school and one preschool. It is administered by a Board of Education whose members and officers are shown below:

State Funding of Education

The State Constitution requires that from all State revenues there will first be set apart the moneys to be applied by the State for support of the public school system and public institutions of higher education. As discussed below, school districts in the State receive a significant portion of their funding from State appropriations.

Annual State apportionments of basic and equalization aid to school districts for general purposes are computed up to a revenue limit (as described below) per unit of average daily attendance (“ADA”). Generally, such apportionments will amount to the difference between the District’s revenue limit and the District’s local property tax allocation. Revenue limit calculations are adjusted annually in accordance with a number of factors designed primarily to provide cost of living increases and to equalize revenues among all of the same type of California school districts (*i.e.*, unified, high school or elementary). State law also provides for State support of specific school-related programs, including summer school, adult education, deferred maintenance of facilities, pupil transportation, portable classrooms and other capital outlays and various categorical aids.

The State revenue limit is calculated three times a year for each school district. The first calculation is performed for the February 20th First Principal Apportionment, the second calculation for the June 25th Second Principal Apportionment, and the final calculation for the end of the year Annual Principal Apportionment. Calculations are reviewed by the County Office of Education and submitted to the State Department of Education to review the calculations for accuracy, calculate the amount of State aid owed to such school district and notify the State Controller of the amount, who then distributes the State aid.

The calculation of the amount of State aid a school district is entitled to receive each year is a five step process. First, the prior year State revenue limit per ADA is established, with recalculations as are necessary for adjustments for equalization or other factors. Second, the adjusted prior year State revenue limit per ADA is inflated according to formulas based on the implicit price deflator for government goods and services and the statewide average State revenue limit per ADA for the school districts. Third, the current year’s State revenue limit per ADA for each school district is multiplied by such school district’s ADA for either the current or prior year. Fourth, revenue limit add-ons are calculated for each school district if such school district qualifies for the add-ons. Add-ons include the necessary small school

district adjustments, meals for needy pupils and small school district transportation, and are added to the State revenue limit for each qualifying school district. Finally, local property tax revenues are deducted from the State revenue limit to arrive at the amount of state aid based on the State revenue limit each school district is entitled to for the current year.

Proposed 2010-11 State Budget. On January 8, 2010, Governor Schwarzenegger released his Proposed 2010-11 State Budget (the "Proposed 2010-11 Budget") which projects a budget gap of approximately \$19.9 billion in fiscal year 2010-11 (including a deficit of \$6.6 billion carried forward from the end of fiscal year 2009-10, assuming no corrective action is taken with respect thereto). The deficit reflects \$3.4 billion in lower revenues, court decisions expected to cost \$4.9 billion, \$2.3 billion anticipated in lost savings, \$1.4 billion in higher program costs and the elimination of the \$1 billion reserve. The Proposed 2010-11 Budget, while fully funding the Proposition 98 guaranty, incorporates further reductions to many programs, including \$8.5 billion in cuts commencing in the 2009-10 fiscal year (including \$2.9 billion in health and human services cuts, \$1.6 billion in employee compensation changes, and \$1.2 billion in reductions in prison funding). In addition, the Proposed 2010-11 Budget includes \$4.5 billion in fund shifts and new revenues, including a transportation funding swap and renewing the T-ridge off-shore drilling proposal, and incorporates a "trigger list" of cuts for Federal funding amounts that are not funded as anticipated by the Proposed 2010-11 Budget. While the Proposed

2010-11 Budget recognizes that the State is slowly emerging from the recession, it is predicated on economic growth being very modest and the likely persistence of high unemployment.

Proposition 98 spending set forth in the Proposed 2010-11 Budget for K-12 schools for fiscal year 2010-11 remains relatively flat at close to \$43.9 billion, with the share from the State's General Fund increasing by 3.8% whereas the share covered by property tax revenues would decrease by 9.7%, resulting in a slight decrease of approximately \$108 million from the prior fiscal year. While the slumping housing market contributes to the drop in local property tax revenues, the bulk of the decline is attributable to the one-time \$850 million contribution from redevelopment agencies in 2009-10 (required as part of the Proposed 2009-10 Budget). While, for fiscal years 2009-10 and 2010-11, the Governor is funding at the constitutionally required minimum level, known as the "minimum guarantee," the Proposed 2010-11 Budget recognizes a lower 2008-09 minimum guarantee (\$46.8 billion) and assumes the payment of \$1.3 billion in maintenance factor in 2008-09, and also delays the start of the remaining maintenance factor payments until 2012-13. In addition, the elimination of the sales tax on fuels reduces State General Fund revenues and, therefore, also the minimum guarantee in fiscal year 2010-11.

Major additional elements of the Proposed 2010-11 Budget pertaining to K-12 education include the following:

Revenue Limit Funding. A reduction of \$1.5 billion to K-12 general purpose or revenue limit funding by requiring school districts to spend less on central administration, consolidating certain county office of education functions, and removing restrictions on the contracting out of non-instructional services.

Cal-WORKS. Tightened eligibility for Cal-WORKS Stage 3 child care and reduced reimbursement rates for child care vouchers which results in a combined savings of \$200 million.

Mandates. An increase of \$77 million to fund three K-12 mandates including a newly recognized mandate relating to behavior intervention plans for special education students.

Class Size Reduction. \$340 million in savings from the K-3 Class Size Reduction program.

Flexibility Options. Elimination of seniority rules applicable to layoffs, assignments, transfers and hires and to priority for receiving substitute teaching assignments; and extending the layoff notification window.

LAO Overview of Proposed 2010-11 Budget. The LAO's Overview of the 2010-11 Budget (the "2010 LAO Overview") was released on January 12, 2010 and highlights the major components of the Proposed 2010-11 Budget, including considerations for the Legislature as it moves forward. The 2010 LAO Overview recognizes that, with billions of dollars of temporary budget solutions from fiscal year 2009-10 set to expire and the economy recovering slowly, the State once again faces an extremely severe budget problem. In November 2009, the LAO anticipated the size of the 2009-10 and 2010-11 budget deficit at \$20.7 billion. The LAO believes the estimate set forth in the Proposed 2010-11 Budget is reasonable, but that the Governor's baseline estimates of both revenues and expenditures are somewhat more optimistic than the LAO's and that, due to the variety of lawsuits which threaten to expand the State's budget problems, to balance the 2010-11 State budget, the Legislature and the Governor eventually may have to address a budget problem a few billion dollars larger than the Proposed 2010-11 Budget identifies. The LAO acknowledges that the Proposed 2010-11 Budget aggressively seeks additional Federal funding related to health, social services, education, and prison programs and flexibility to reduce spending in several areas, including the In-Home Supportive Services program and Proposition 98 school funding. Combined, these Federal relief requests total about \$8 billion—around 40

percent of the Governor's proposed budget solutions. The LAO believes that while the odds seem favorable for some Federal relief sought by the administration, it believes that the likelihood of the federal government agreeing to all of the Governor's requests is almost non-existent. The LAO also believes that the Legislature must make very difficult choices affecting both State revenues and spending and that the State Legislature faces incredibly daunting challenges in balancing the 2010-11 State budget as many major expenditure reductions will require significant lead-time for departments to implement. Also, the LAO notes that the State Legislature must make difficult decisions suggested by the Governor's "trigger list" of cuts and revenue increases, even if the Legislature rejects some of the specifics of the Governor's list. As to the Governor's Proposition 98 plan included in the Proposed 2010-11 Budget, the LAO believes the plan contains several major risks, including the assumption that California will obtain \$1 billion in one-time federal funding related to special education. On the other hand, the LAO recognizes that the Proposed 2010-11 Budget maintains flat year-to-year Proposition 98 funding within a difficult budget context while providing local education agencies with new forms of flexibility.

As to K-12 education, the LAO notes that the Proposed 2010-11 Budget assumes the Federal Department of Education will approve its request to be exempted from a maintenance of effort ("MOE") requirement included in ARRA. Under the Proposed 2010-11 Budget, K-12 funding is approximately \$600 million below the required MOE level in 2010-11. Under ARRA provisions, the State may apply for a waiver from the MOE requirement and whether the waiver requirement will be met by the State for 2010-11 will depend on many factors that will remain in flux until a final 2010-11 budget package is adopted.

A complete copy of the 2010 LAO Overview is posted by the Office of the Legislative Analyst at www.lao.ca.gov. This website is not incorporated herein by reference and neither the District nor the Underwriters make any representation as to the accuracy of the information provided therein.

ABX8 5 and ABX8 14. On March 1, 2010, the Governor signed into law ABX8 5, effective immediately, which included several measures meant to allow the State to effectively manage its cash resources in the fiscal years 2009-10 and 2010-11. For fiscal year 2009-10, ABX8 5 authorized the deferral of General Fund payments to be made to trial court operations, the California University system, the University of California system, and CCCs in March 2010 to no sooner than April 15, 2010, but no later than May 1, 2010. Prior to such deferrals, the State Controller, Treasurer, and Director of Finance are required to review the actual cash situation to determine if the deferrals are in-fact necessary. Further, if such deferrals are implemented, the Controller, Treasurer and Director of Finance, after April 1, are required to review daily the actual cash receipts and disbursements to determine when all or a portion of the deferrals can be paid, and to make such payments as soon as feasible. To address the cash management issues in fiscal year 2010-11, ABX8 5 authorized specific deferrals to K-12 apportionments, Supplemental Security Income/State Supplementary Payments, local government social services and transportation payments and trial court operations. These deferrals are allowed only in July 2010 for no more than 60 days, October 2010 for no more than 90 days, and March 2011 for no more than 60 days. Prior to the implementation of such deferrals, the Controller, Treasurer and Director of Finance must review the actual cash receipts and disbursements to determine if they are in-fact necessary. Further, if such deferrals are implemented, the Controller, Treasurer and Director of Finance, after July 1, 2010, are required to conduct a daily review of the actual cash receipts and disbursements to determine when all or a portion of the deferrals can be paid, and to make such payments as soon as feasible. In addition, such deferrals may be moved forward or backward one month from the dates specified if all three of the Controller, Treasurer and Director of Finance determine that a move is necessary. ABX8 5 limited the K-12 deferrals to \$2.5 billion at any given time during the fiscal year 2010-11 and sets a maximum of three K 12 deferrals during the fiscal year. ABX8 5 provided a hardship exemption for County Offices of Education, Local Education Agencies and Charter Schools. ABX8 5 further authorized the deferral of

\$200 million from July 2010 to October 2010 and \$100 million from March 2011 to May 2011 for CCCs. ABX8 5 also provided for a hardship exemption for CCCs.

On March 22, 2010, the Governor signed into law, effective immediately, ABX8 14 which amended the cash management provisions for 2009-10 and 2010-11 enacted into law pursuant to ABX8 5. With regard to the 2009-10 cash management issues, ABX8 14 provides a hardship exemption process for the current year deferrals for CCCs and makes them the first entity to have deferrals paid as soon as funds are available. As to the 2010-11 cash issues, ABX8 14 clarifies the hardship exemption process for school districts, county offices of education and charter schools and provides certain other changes pertaining to those provisions. In addition, ABX8 14 requires the State Controller, State Treasurer, and Director of Finance to jointly provide a written declaration of the intended payment deferrals for the 2010-11 fiscal year no later than March 31, 2010 as well as requiring approval by the Director of Finance for hardship exemptions; and states the intent of the legislature that July 2010 deferrals shall first be made from the advance principal apportionment payment. The legislation also delays the date by which hardship exemption requests must be submitted (including with respect to 2010-11 CCC deferrals) and provides a second hardship waiver opportunity for the March 2011 deferral for those District's that did not receive an initial hardship waiver in June 2010.

May Revision to the Proposed 2010-11 State Budget. The May Revision to the Proposed 2010-11 Governor's Budget (the "2010-11 May Revision"), released by the Governor on May 14, 2010, addresses a General Fund budget shortfall of \$19.1 billion, comprised of \$7.7 billion for the 2009-10 fiscal year, \$10.2 billion for the 2010-11 fiscal year, and a reserve of \$1.2 billion, and includes overall General Fund expenditures for 2010-11 of approximately \$0.5 billion above those included in the Proposed 2010-11 Budget. In addition, the 2010-11 May Revision assumes General Fund revenues \$2.1 billion greater than those projected in the Proposed 2010-11 Governor's Budget as well as spending reductions and alternative funding solutions to address the projected budget shortfall. While the 2010-11 May Revision purports to fully fund K-12 education and CCCs, and fully funds the CalGrant program, it also proposes deep reductions and program eliminations, including child care programs, the CalWORKs program and reductions in funding for local mental health. Federal funds account for \$3.4 billion in reduction from the Proposed 2010-11 Budget while spending decreases account for \$12.4 billion in reductions.

With regard to K-12 funding, significant Non-General Fund workload adjustments to the Governor's Budget include a decrease of \$31.3 million Federal Funds to the Department of Education (the "Department") to reflect the revised estimate of meals to be served through the Child Nutrition Program. Significant Non-General Fund adjustments set forth in the 2010-11 May Revision include an increase of \$1.1 million Federal Funds to the Department for additional implementation costs associated with the California Longitudinal Pupil Achievement Data System (CALPADS); and an increase of \$3.9 million Federal Funds and 2.8 personnel-years to the Department for the California Teacher Information Data System (CALTIDES). The 2010-11 May Revision includes \$5 million to be applied to the CALPADS and CALTIDES systems for a total proposed 2010-11 Budget funding amount of \$9.8 million and a decrease of \$5.2 million in reimbursements from the Department of Social Services to the Department for Adult Education and Regional Occupational Centers and Programs to train CalWORKs recipients to eliminate the CalWORKs program effective with the second quarter of the 2010-11 fiscal year. The 2010-11 May Revision includes \$2.5 million of funding for this purpose.

For fiscal year 2010-11, the Proposition 98 funding level is \$48.4 billion, of which \$35 billion is sourced from the General Fund and reflects elimination of State funding for child care only and does not reduce funding for K-14 education. As a result, the Proposition 98 guarantee is rebenched downward by \$1.4 billion. Additionally, the 2010-11 May Revision proposes a fund shift of \$386 million from on-going Proposition 98 funding to one-time reappropriations. Aside from rebenching the Proposition 98

guarantee to reflect the elimination of child care, K-14 funding in the 2010-11 May Revision remains largely unchanged from the Proposed 2010-11 Budget level. For 2009-10, the Proposition 98 funding level is \$49.9 billion, of which \$35.8 billion is General Fund. This Proposition 98 funding level is \$52.4 million higher than the level included in the Proposed 2010-11 Budget. The significant decline in tax receipts in the second quarter of 2010 results in lowering the Proposition 98 guarantee in 2009-10. The 2010-11 May Revision does not propose reductions in the Current Year to the minimum guarantee level, therefore the funding level proposed by the Governor in 2009-10 is \$502 million higher than the level required by Proposition 98.

For fiscal year 2010-11, the significant General Fund workload adjustments to the Governor's Proposed 2010-11 Budget for K-12 programs include the following:

Property Tax - An increase of \$447.5 million for school district and county office of education revenue limits to cover a reduction in the estimate of property tax revenue.

COLA - A decrease of \$4.1 million for school district and county office of education revenue limits as a result of a decrease in cost of living adjustment index.

Unemployment Insurance and CalPERS Offsets - An increase of \$71.7 million for school district and county office of education revenue limits as a result of increased unemployment insurance and CalPERS costs.

Program Cost Adjustments - A decrease of \$78.5 million for special education, Economic Impact Aid, Child Nutrition and the Charter School Categorical Block Grant to reflect anticipated savings in these programs.

State-Operated Programs - An increase of \$3.3 million to reflect educational program costs for the Department of Corrections and Rehabilitation's Juvenile Justice Division.

The significant General Fund policy adjustments to the Governor's Proposed 2010-11 Budget for K-12 programs are as follows:

School District Administration - The 2010-11 May Revision does not propose to dictate specifically the level of reductions from school district administration. The Administration no longer proposes to require a specific level of savings to be achieved related to contracting out, instead proposing to provide local district administrators and school boards maximum flexibility to manage the level of funding provided in the 2010-11 May Revision.

County Offices of Education - The 2010-11 May Revision includes an increase of \$16.8 million to restore a portion of the \$45 million reduction to County Office of Education revenue limits included in the Proposed 2010-11 Budget to make reductions proportional to those proposed for school districts.

Fund Shift for Economic Impact Aid - A funding shift of \$321.7 million to one-time reappropriations for the Economic Impact Aid Program to achieve Proposition 98 General Fund savings.

Testing and Accountability - The 2010-11 May Revision proposes to restore the writing component of the fourth grade English/language arts California Standards Test and California Modified Assessment and to commence the development of a longitudinal

academic growth model without the need to increase the Standardized Testing and Reporting (STAR) program appropriation for these tasks.

LAO's Report on 2010-11 May Revision. The LAO's Report on the 2010-11 May Revision (the "LAO's May Report"), released on March 19, 2010, confirms that the 2010-11 May Revision estimate of a \$17.9 billion 2010-11 General Fund budget shortfall was reasonable, however, the LAO recommends that the State Legislature should reject certain of the 2010-11 May Revision spending reductions, especially the proposed elimination of CalWORKs and child care funding. The LAO's May Report suggests that alternative spending reductions could help sustain critical components of these core programs for the State's neediest families, and that some of the most severe cuts could be avoided by adopting selected revenue increases. The LAO regards it as counterproductive to eliminate CalWORKs in light of the programs' funding structure, and suggests that while it would save the General Fund \$1.2 billion, it would eliminate more than \$4 billion in Federal matching funds. However, even with such drastic reductions, the LAO believes that the State's long-term structural budget problems would remain and recommends that lawmakers use the current budget crisis as a prod to enact long-term reforms, including realigning programs between State and local governments, creating a meaningful rainy-day fund, and taking permanent budget actions to bring down the long-term structural deficit.

As to Proposition 98 funding, the LAO's May Report recognizes that, relative to the Proposed 2010-11 Budget, the 2010-11 May Revision contains only a minor funding increase in the current year (due to various technical adjustments) but a substantial funding reduction in the budget year (due to the proposed elimination of child care programs), and that while the reduction in 2009-10 General Fund revenues resulted in a drop in the minimum guarantee, the Governor's proposed Proposition 98 spending level for 2009-10 remains virtually unchanged from the Proposed 2010-11 Budget. The LAO's May Report recognizes that the 2010-11 May Revision provides \$503 million more than the Governor's estimate of the Proposition 98 minimum guarantee and for 2010-11, reduces Proposition 98 spending by \$1.5 billion from the Proposed 2010-11 Budget level. To achieve additional savings without suspending the Proposition 98 minimum guarantee, the 2010-11 May Revision "rebenches" the guarantee to reflect the elimination of child care services, reducing the 2010-11 minimum guarantee by an amount equal to Proposition 98 child care spending in 2009-10. The LAO believes this rebenching redefines expenditures counted towards Proposition 98 and the minimum percentage of General Fund revenues that the State must provide for Proposition 98 spending and results in 2010-11 savings of \$1.5 billion. The LAO has raised the concern that the Governor's Proposition 98 approach was legally risky, as it assumed the State had no maintenance factor obligation entering 2009-10 and that not only does the 2010-11 May Revision retain this questionable maintenance factor assumption, but further complicated it by the proposed rebenching of the minimum guarantee due to the elimination of child care programs. The LAO believes that the legality of rebenching for the elimination of State-subsidized child care is uncertain and, given these concerns, the LAO recommends that the State Legislature take a different approach to building the K-14 budget. The LAO's May Report sets forth several options as alternatives to the 2010-11 May Revision, including the suspension of the minimum guarantee in 2009-10 to the current spending level as allowed under the California Constitution. Despite the suspension, the LAO believes that schools would be funded at the same level as proposed by the 2010-11 May Revision and would not be subject to additional programmatic reductions in 2009-10 (beyond the reductions already imposed in the enacted budget).

The LAO's May Report recommends making targeted cuts (before resorting to across-the-board reductions) such as reducing funding for physical education courses offered by CCCs, aligning special education funding with revised student counts, and reducing the number of times the State administers the high school exit exam, and to make other cuts, as needed, to K-12 revenue limits and CCC apportionments from general purpose monies, and the K-12 flex item. In addition, the LAO continues to

recommend combining these additional cuts with additional flexibility for school districts and CCCs (both from categorical program requirements and education mandates).

Future State Budgets. Under State law, the State Legislature is required to adopt its budget by June 15 of each year for the upcoming fiscal year, with approval by the Governor to occur on June 30. The State Legislature failed to pass a State budget for fiscal year 2008-09 until September 23, 2008. Accordingly, State payments were held until the 2008-09 State Budget was adopted, including those scheduled to be made to school districts under Proposition 98 and receipt of State categorical funds by the District were delayed until the State budget was adopted for the 2008-09 fiscal year. The events leading to the inability of the State Legislature to pass a budget in a timely fashion are not unique, and the District cannot predict what circumstances may cause a similar failure in future years. In each year where the State budget lags adoption of the District's budget, it will be necessary for the District's staff to review the consequences of the changes, if any, at the State level from the proposals in the Governor's May Revision for that year, and determine whether the District's budget will have to be revised.

The State has in past years experienced budgetary difficulties and has balanced its budget by requiring local political subdivisions to fund certain costs theretofore borne by the State. No prediction can be made as to whether the State will take further measures which would, in turn, adversely affect the District. Further State actions taken to address its budgetary difficulties could have the effect of reducing District support indirectly, and the District is unable to predict the nature, extent or effect of such reductions.

The District cannot predict whether the State will continue to encounter budgetary difficulties in the current or future fiscal years. The District also cannot predict the impact future State Budgets will have on District finances and operations or what actions the State Legislature and the Governor may take to respond to changing State revenues and expenditures. Current and future State Budgets will be affected by national and State economic conditions and other factors which the District cannot control.

In addition, the District cannot predict the effect that the general economic conditions within the State and the State's budgetary problems may have in the future on the District budget or operations.

Significant Accounting Policies and Audited Financial Statements

The California State Department of Education imposes by law uniform financial reporting and budgeting requirements for K-12 school districts. Financial transactions are accounted for in accordance with the California School Accounting Manual. Vavrinek, Trine, Day & Co., L.L.P., Rancho Cucamonga, California, serve as independent auditors to the District and their report for Fiscal Year Ended June 30, 2008 is attached hereto as APPENDIX D. The District has not requested, and the auditors have not provided, any review of such statements in connection with the inclusion of their report in this Official Statement.

California Assembly Bill 1200 ("A.B. 1200"), effective January 1, 1992, tightened the budget development process and interim financial reporting for school districts, enhancing the authority of the county schools superintendents' offices and establishing guidelines for emergency State aid apportionments. Many provisions affect District operations directly, while others create a foundation from which outside authorities (primarily state and county school officials) may impose actions on the District. Under the provisions of A.B. 1200, each school district is required to file interim certifications with the county office of education as to its ability to meet its financial obligations for the remainder of the then-current fiscal year and, based on current forecasts, for the subsequent fiscal year. The county office of education reviews the certification and issues either a positive, negative or qualified certification.

A positive certification is assigned to any school district that will meet its financial obligations for the current fiscal year and subsequent two fiscal years. A negative certification is assigned to any school district that will be unable to meet its financial obligations for the remainder of the fiscal year or subsequent fiscal year. A qualified certification is assigned to any school district that may not meet its financial obligations for the current fiscal year or two subsequent fiscal years. Each certification is based on then-current projections.

The District filed its 2008-09 Second Interim Financial Report with the Riverside County Office of Education, with financial information available as of January 31, 2009, with a negative certification within the meaning of Section 42133 of the Education Code of the State due to increased General Fund expenditures resulting from amounts owed to the State as a result of the material inaccuracy finding by the State Board of Allocation as well as a decline in Developer Fees which had, in previous years, been used to make debt service payments on certain outstanding lease purchase obligations, which debt service payments in 2008-09 have been charged to the General Fund.

The District subsequently filed an End of the Year Financial Report (the "Third Interim Report") which shows an excess of revenues and transfers over expenditures resulting from the agreement by the State to structure the District's repayment obligations such that no further payment is due in 2008-09 and the transfer in to the General Fund of certain accrued and unappropriated amounts on hand. The Third Interim Report would have an underlying positive certification; however, the Third Interim Report is not a report that receives certification. The District's certification will not be changed from negative, if such change is warranted, until the County reviews the District's 2009-10 budget which was filed with the County on or about June 30, 2009.

The District filed its 2009-10 First Interim Financial Report with the RCOE using financial information available as of October 31, 2009, with a negative certification within the meaning of Section 42133 of the Education Code of the State due to its debt burden, certain costs related to employee salaries and benefits, and the expectation of decreased revenues from the State. The District has implemented a plan to improve its financial condition that includes budget reductions, the refinancing of certain debt obligations, the negotiation of labor contracts with employee unions and the creation of a new process to monitor District expenditures.

Independently audited financial reports are prepared annually in conformity with generally accepted accounting principles for educational institutions. The annual audit report is generally available about six months after the June 30 close of each fiscal year. For the District's most recent available audited financial statements, see APPENDIX D.

The following tables contain accounting data abstracted from financial statements prepared by the District's independent auditors, Vavrinek, Trine, Day & Co., L.L.P., Rancho Cucamonga, California.

District Budget

State law requires school districts to maintain a balanced budget in each fiscal year. The State Department of Education imposes a uniform budgeting and accounting format for school districts.

Under current law, a school district governing board must file with the county superintendent of schools a tentative budget by July 1 in each fiscal year and an adopted budget by September 8 of each fiscal year. After approval of the adopted budget, the school district's administration may submit budget revisions for governing board approval.

School districts in California must also conduct a review of their budgets according to certain standards and criteria established by the State Department of Education. A written explanation must be provided for any element in the budget that does not meet the established standards and criteria. The district superintendent or designee must certify that such a review has been conducted and the certification, together with the budget review checklist and a written narrative, must accompany the budget when it is submitted to the governing board for approval. The balanced budget requirement makes appropriations reductions necessary to offset any revenue shortfalls.

Furthermore, county superintendent of schools offices are required to review district budgets, complete the budget review checklist and conduct an analysis of any budget item that does not meet the established standards. A copy of the completed checklist, together with any comments or recommendations, must be provided to the district and its governing board by November 1. By November 30, every district must have an adopted and approved budget, or the county superintendent of schools will impose one.

Presented on the following page are the District's Adopted Budgets for Fiscal Year 2007-08, 2008-09 and 2009-10. The District adopted its budget for the 2009-10 Fiscal Year on June 30, 2009.

Collective Bargaining

The District has concluded negotiations with the Val Verde Teachers Association (“VVTA”) for 2008-09. The District has concluded negotiations with the California School Employees Association (“CSEA,” and together with VVTA, the “Associations”) for 2008-09. The District and the Associations have negotiated a health and welfare benefits cap of \$8,120 for full-time VVTA members and \$8,420 for full-time CSEA members for 2008-09. The District and VVTA and CSEA have agreed not to fund a COLA for 2008-09. Negotiations for 2009-10 are currently underway.

Assessed Valuation

As required by State law, the District utilizes the services of the County for the assessment and collection of taxes for District purposes. District taxes are collected at the same time and on the same tax rolls as are County, City and other special district taxes.

California law exempts \$7,000 of the full cash value of an owner-occupied dwelling, but this exemption does not result in any loss of revenue to local entities, since an amount equivalent to the taxes which would have been payable on such exempt values is paid by the State.

The law provides, among other things, for accelerated recognition and taxation of increases in real property assessed valuation upon change in ownership of property or completion of new construction. Accordingly, each K-12 school district is to receive, on a timely basis and in proportion to its average daily attendance (“ADA”), allocations of revenue from such accelerated taxation remaining after allocations to each redevelopment agency in the county and, in accordance with various apportionment factors, to the county, the county superintendent of schools, each community college district, each city and each special district within the county.

In fiscal year 2009-10, the District’s total net secured and unsecured assessed valuation before accounting for the redevelopment increment is \$5,447,132,180. Shown in the following table is the net assessed valuation of property in the District over the past five fiscal years.

Economic and other factors beyond the District’s control, such as economic recession, deflation of land values, a relocation out of the District or financial difficulty or bankruptcy by one or more major property taxpayers, or the complete or partial destruction of taxable property caused by, among other eventualities, earthquake, flood or other natural disaster, could cause a reduction in the assessed value of

taxable property in the District and, all other factors being equal, necessitate a corresponding increase in the annual tax rate applied with respect to general obligation bonds issued by the District.

Tax Rates, Levies, Collections and Delinquencies

Taxes are levied for each fiscal year on taxable real and personal property as of the preceding February 1. Real property which changes ownership or is newly constructed is revalued at the time the change occurs or the construction is completed. The current year property tax rate is applied to the reassessed value, and the taxes are then adjusted by a proration factor that reflects the portion of the remaining tax year for which taxes are due. The annual tax rate is based on the amount necessary to pay all obligations payable from *ad valorem* taxes and the assessed value of taxable property in a given year. Economic and other factors beyond the District's control, such as a general market decline in land values, reclassification of property to a class exempt from taxation, whether by ownership or use (such as exemptions for property owned by State and local agencies and property used for qualified educational, hospital, charitable or religious purposes), or the complete or partial destruction of taxable property caused by natural or manmade disaster, such as earthquake, flood, toxic dumping, etc., could cause a reduction in the assessed value of taxable property within the District.

For assessment and collection purposes, property is classified either as "secured" or "unsecured" and is listed accordingly on separate parts of the assessment roll. The "secured roll" is that part of the assessment roll containing real property the taxes on which are a lien sufficient, in the opinion of the County Assessor, to secure payment of the taxes. Other property is assessed on the "unsecured roll."

Property taxes on the secured roll are due in two installments, on November 1 and February 1 of each fiscal year, and become delinquent on December 10 and April 10, respectively. A penalty of ten percent attaches immediately to all delinquent payments. Properties on the secured roll with respect to which taxes are delinquent become tax defaulted on or about June 30 of the fiscal year. Such property may thereafter be redeemed by payment of a penalty of 1.5% per month to the time of redemption, plus costs and a redemption fee. If taxes are unpaid for a period of five years or more, the property is deeded to the State and then may be sold at public auction by the County Treasurer and Tax Collector.

Property taxes on the unsecured roll are due as of the February 1 lien dates and become delinquent on August 31. A ten percent penalty attaches to delinquent unsecured taxes. If unsecured taxes are unpaid at 5 p.m. on October 31, an additional penalty of 1.5% attaches to them on the first day of each month until paid. The County has four ways of collecting delinquent unsecured personal property taxes: (1) a civil action against the taxpayer; (2) filing a judgment in the office of the County Clerk specifying certain facts in order to obtain a lien on certain property of the taxpayer; (3) filing a certificate of delinquency for record in the County Recorder's office in order to obtain a lien on certain property of the taxpayer; and (4) seizure and sale of personal property, improvements or possessory interests belonging or assessed to the assessee.

The Board of Supervisors of the County has adopted the Alternative Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds (the "Teeter Plan"), as provided for in Section 4701 et seq. of the California Revenue and Taxation Code. This alternative method is used for distribution of the *ad valorem* property tax revenues. Under the Teeter Plan, each entity levying property taxes in the County may draw on the amount of uncollected secured taxes credited to its fund, in the same manner as if the amount credited had been collected. The District participates in the Teeter Plan, and thus receives 100% of secured property taxes levied in exchange for foregoing any interest and penalties collected on delinquent taxes.

The Teeter Plan is to remain in effect unless the Board of Supervisors orders its discontinuance or unless, prior to the commencement of any fiscal year of the County (which commences on July 1), the Board of Supervisors shall receive a petition for its discontinuance joined in by resolutions adopted by two thirds of the participating revenue districts in the County, in which event the Board of Supervisors is to order discontinuance of the Teeter Plan effective at the commencement of the subsequent fiscal year. In the event that the Teeter Plan were terminated, receipt of revenue of *ad valorem* taxes in the District would depend upon the collections of the *ad valorem* property taxes and delinquency rates experienced with respect to the parcels within the District.

So long as the Teeter Plan remains in effect, the District's receipt of revenues with respect to the levy of *ad valorem* property taxes will not be dependent upon actual collections of the *ad valorem* property taxes by the County.

The following table sets forth the largest local secured taxpayers within the District for fiscal year 2009-10.

Retirement Systems

The District participates in the State Teachers' Retirement System ("STRS"). This plan basically covers all full-time certificated and some classified District employees. The District's employer contribution to STRS was \$6,105,060 for Fiscal Year 2007-08, was \$5,930,083 for Fiscal Year 2008-09 and is budgeted to be \$5,407,218 for Fiscal Year 2009-10.

The District also participates in the State Public Employees' Retirement System ("CalPERS"). This plan covers all classified personnel who are employed four or more hours per day. The District's employer contribution to CalPERS was \$1,983,379 for Fiscal Year 2007-08, \$1,931,721 for Fiscal Year 2008-09 and is budgeted to be \$1,931,123 for Fiscal Year 2009-10.

Both CalPERS and STRS are operated on a statewide basis and, based on available information, STRS has unfunded liabilities, while CalPERS has net assets available in excess of total pension/award benefit obligations. (Additional funding of STRS by the State and the inclusion of adjustments to such State contributions based on consumer price changes were provided for in 1979 Statutes, Chapter 282.) The amounts of the pension/award benefit obligation (CalPERS) or actuarially accrued liability (STRS) will vary from time to time depending upon actuarial assumptions, rates of return on investments, salary scales, and levels of contribution. The District is unable to predict what the amount of liabilities will be in the future, or the amount of the contributions which the District may be required to make.

Post Employment Benefits

In June 2004, the Governmental Accounting Standards Board ("GASB") Statement No. 45, *Accounting and Financial Reporting by Employers for Post Employment Benefits Other Than Pensions*, in June 2004. The pronouncement will require employers providing healthcare benefits to retirees to recognize and account for the costs for providing these benefits on an accrual basis and provide footnote disclosure on the progress toward funding the benefits. The implementation date for this pronouncement will be staggered in three phases based upon the entity's annual revenues, similar to the implementation for GASB Statement No. 34 and 35. GASB Statement No. 45 became effective for the District for the Fiscal Year ending June 30, 2009.

School districts should establish a reserve fund and annually transfer sufficient funds to this reserve in order to pay for retiree employment benefits other than pensions ("Health & Welfare Benefits"), for the period of time agreed in union contracts. Employees who are eligible to receive Health & Welfare Benefits while in retirement must meet specific criteria, *i.e.*, age and years with the District. Currently certificated criteria are currently 55 years old and 10 years with the District and on July 1, 2011 will change to 60 years old and 15 years with the District. Classified criteria are 55 years old and 10 years with the District. Management criteria are 50 years old and 15 years with the District. At June 30, 2009, 40 employees met those eligibility requirements and the District contributes the COBRA medical rate for the retiree only until age 65. Expenditures for post-employment benefits are currently recognized on a pay-as-you-go basis, as premiums are paid. During Fiscal Year 2007-08, expenditures of \$304,634 were recognized for retirees' healthcare benefits. Based on an actuarial study completed on February 6, 2007, the District's annual actuarially required contribution is \$726,049. The actuarial study also indicated that the District had an unfunded actuarial accrued liability ("UAAL") of \$4,149,385. In 2006-07, the District deposited \$1,500,000 in an Irrevocable Trust for post-employment benefits and in 2007-08 and 2008-09 the District did not deposit any moneys into such Irrevocable Trust. The Irrevocable Trust had a balance of \$1,377,874 as of June 30, 2009. The District is in the process of determining the impact that the implementation of GASB 45 will have on the government-wide statement of net assets and activities.

Insurance

The District maintains various insurance programs, the majority of which are partially or entirely self-insured, while smaller and/or specialized types of coverage are placed with commercial insurance carriers including excess property coverage for loss due to fire.

The District is a member of the Riverside Schools Risk Management Authority public entity risk pool, a self-insured Joint Powers Authority ("JPA") for its Workers' Compensation Program, a member of the Riverside County Insurance Authority self-insured JPA for Property and Liability Insurance, and a member of the Riverside County Employer/Employee Partnership self-insured JPA for Health and Welfare Insurance. The relationships between the District, the pools and the JPAs is such that they are not a component unit of the District for financial reporting purposes.

The District has budgeting and financial reporting requirements independent of member units and their financial statements are not presented in the District's audited financial statements. Fund transactions between the District and the entities are included in the District financial statements. Audited financial statements are available from the respective entities. See APPENDIX D – "VAL VERDE UNIFIED SCHOOL DISTRICT AUDITED FINANCIAL STATEMENTS FOR FISCAL YEAR ENDED JUNE 30, 2009."

District Debt

Set forth below is a direct and overlapping debt report (the "Debt Report") prepared by California Municipal Statistics Inc. and dated January 1, 2010. The Debt Report is included for general information purposes only. The District has not reviewed the Debt Report for completeness or accuracy and makes no representations in connection therewith. The Debt Report generally includes long-term obligations sold in the public credit markets by public agencies whose boundaries overlap the boundaries of the District. Such long-term obligations generally are not payable from revenues of the District (except as indicated) nor are they necessarily obligations secured by land within the District. In many cases, long-term obligations issued by a public agency are payable only from the general fund or other revenues of such public agency.

The first column in the table identifies each public agency that has outstanding debt as of the date of the report and whose territory overlaps the District in whole or in part. Column 2 shows the percentage of each overlapping agency's assessed value located within the boundaries of the District. This percentage, multiplied by the total outstanding debt of each overlapping agency (which is not shown in the table) produces the amount shown in column 3, which is the apportionment of each overlapping agency's outstanding debt to taxable property in the District.

FORM OF OPINION OF BOND COUNSEL

[Date of Closing]

Val Verde Unified School District
975 West Morgan Street
Perris, California 92570

Re: \$ _____ Val Verde Unified School District
2010-11 Tax and Revenue Anticipation Notes, Series A

We have acted as Bond Counsel for the Val Verde Unified School District (the "District") in connection with the issuance by the County of Riverside of \$ _____ aggregate principal amount of the District's 2010-11 Tax and Revenue Anticipation Notes, Series A (the "Notes"). The Notes are dated September __, 2010, are payable June 30, 2011, and bear interest at the rate of ____% per annum.

Both the principal of and interest on the Notes are payable at maturity in lawful money of the United States of America at the principal office of U.S. Bank National Association. The Notes are issued in accordance with the provisions of Article 7.6, Chapter 4, Part 1, Division 2, Title 5 of the Government Code of the State of California (constituting Sections 53850 through 53858, inclusive).

We have examined such instruments, certificates and documents as we have deemed necessary or appropriate for the purposes of the opinion rendered below. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity to the authentic original documents of all documents submitted to us as copies. As to any facts material to our opinion, we have, when relevant facts were not independently established, relied upon the aforesaid instruments, certificates and documents, including the Tax Exemption Certificate of the District (the "Tax Certificate"), dated as of the date hereof, and the statement of reasonable expectations of future events set forth in such Tax Certificate.

The Internal Revenue Code of 1986, as amended (the "Code"), provides that certain requirements must be met subsequent to the issuance and delivery of the Notes in order that interest thereon be and remain excluded from the gross income of the owners thereof for Federal income tax purposes. Noncompliance with such requirements could cause the interest on the Notes to be included in gross income retroactive to the date of issuance of the Notes. The District has covenanted in the Tax Certificate and the Resolution (hereinafter defined) to do and perform all acts and things permitted by law and necessary to assure that interest paid on the Notes be and remain excluded pursuant to section 103 of the Code from the gross income of the owners thereof for Federal income tax purposes.

In our opinion, under existing law, interest on the Notes is exempt from personal income taxes of the State of California and, assuming compliance with the aforementioned covenant, interest on the Notes is excluded pursuant to section 103(a) of the Code from the gross income of the owners thereof for federal income tax purposes. The Notes are not "specified private activity bonds" within the meaning of

section 57(a)(5) of the Code and, therefore, the interest on the Notes will not be treated as an item of tax preference for purposes of computing the alternative minimum tax imposed by section 55 of the Code.

Except as stated in the preceding paragraph, we express no opinion as to any federal or state tax consequences of the ownership or disposition of the Notes.

In our opinion, the Notes are valid and legally binding general fund obligations of the District, payable by the District from taxes, revenues, cash receipts and other moneys of the District lawfully available therefore, as more particularly described in the resolution adopted by the District on August 10, 2010 (the "Resolution"). The Notes are secured by a pledge of, and first lien and charge (the "Lien") against, all such taxes, revenues, cash receipts and other moneys received by the District. Nevertheless, the rights of the holders of the Notes and the enforceability of the Notes and the Lien are subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws relating to or affecting creditors' rights heretofore or hereafter enacted, as applied to the District, and their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

Respectfully submitted,
