

**SUBMITTAL TO THE BOARD OF SUPERVISORS  
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

550

**FROM:** Stanley L. Sniff Jr., Sheriff-Coroner-PA

**SUBMITTAL DATE:**  
10/12/10

**SUBJECT:** Approval of Budget Adjustments to Purchase Vehicles  
and Mobile Electronics for the Sheriff's Court Services Civil Fleet

**RECOMMENDED MOTION:** Move that the Board of Supervisors:

1. Approve and direct the Auditor-Controller to make the necessary budget adjustments on the attached Schedule A, which will enable Sheriff's Court Services (SCS) to utilize Civil Writ Assessment sub funds for the purchase of 26 black and white and 4 "plain" vehicles.
2. Approve the purchase of 26 mobile radios and 26 mobile data computers from approved or awarded County vendors.

**BACKGROUND:** The SCS civil law enforcement unit has developed a mobile technology project that will allow it to move court services data wirelessly to and from mobile data computers (MDC's) and print documents in the field. The project will better utilize the SCS Deputies' time, allowing them to stay in the field while sending and receiving assignments.

FISCAL PROCEDURES APPROVED  
ROBERT E. BYRD, AUDITOR-CONTROLLER

 RCIT: ANA R. Stodary

3.40

In a companion Form 11 on today's agenda, the SCS is proposing the purchase of a number of new or upgraded software programs and computer hardware and peripherals for its three business offices, a portion of which will provide the platforms for this mobile technology project. All of these purchases have been segregated to a separate Form 11 because all expenditures will be made from the Court Services Automation sub fund.

This Form 11 requests Board approval to utilize Civil Writ Assessment sub funds for the purchase of 26 black and white and 4 "plain" vehicles and the associated radios and mobile data computers. Per State Government Code Section 26746, revenue from the County's Writ Assessment sub fund can be utilized for the vehicle purchases. See Attachment B for a detailed listing of the vehicles and prices. Per Attachment B, the total price for the 30 vehicles, including the installation of specialized equipment and vehicle build-out, is \$1,518,911.

To reiterate wording from the companion Form 11, the mobile technology project will utilize the following new or upgraded software:

- Upgrades for the Sirron Automated Civil software, which will enable Court Service Deputies to run the Sirron client software on MDC's and print court documents in the field.
- Afaria Device Management software, which will enable file synchronization for the distribution and management of files on MDC's.
- Software for mapping, driving directions and Automatic Vehicle Location (AVL).

The project will require the construction of a secure high-speed path for the MDC's, utilizing cellular modems supplemented by up to five WiFi hot spots, to transfer and receive images, applications, and software and security updates between the MDC's and Court Service Office servers.

SCS will also purchase a server, which will be located in Sheriff's Dispatch, as a platform for the AVL and mapping system applications. This will allow SCS to provide routing for new assignments to vehicles in the field. Lastly, vehicles will also carry mobile printers and scanners, which will be provided in suitcases so that they can be moved among vehicles, as needed.

The Sheriff's Department will be able to redeploy the vehicles currently used in Court Services to Patrol services, and thereby delay the purchase of some Patrol replacement vehicles for another three years.

**Schedule A**

**Increase Appropriations:**

10000-2500500000-520220	County Radio Systems	\$159,120
10000-2500500000-520250	Communications Equipment-Install	383,900
10000-2500500000-546060	Equipment -Communications	172,874
10000-2500500000-546320	Vehicles-Cars/Light Trucks	<u>803,017</u>
	<b>Total</b>	<b>\$1,518,911</b>

**Memo Line Only:**

11067-2500500000-308141	Reserved for Sheriff's Civil Fees	\$1,518,911
