BACKGROUND:

The RCRMC ETS Facility Expansion project includes the remodel and expansion of the ETS portion of the RCRMC Inpatient Treatment Facility (ITF). This project has been divided into two phases. Phase 1 of this project included the relocation of Medical Records equipment and staff from ETS to Suite 3 of the ITF. Furthermore, Suite 3 of the ITF was remodeled to accommodate RCRMC program requirements. The space formerly used by Medical Records in ETS will be used to expand patient capacity during Phase 2.

On November 24, 2009, the Board of Supervisors approved the construction agreement with De La Secura, Inc., of Orange in the amount of \$233,912 for the RCRMC Emergency Treatment Services Facility Expansion – Phase 1 and authorized the Chairman to execute the agreement on behalf of the County of Riverside.

The project has been inspected and found to comply with all contract requirements. This Board action will release the balance of the contract retention funds of \$24,273 to De La Secura.

All costs associated with the project will be fully funded by RCRMC Enterprise Funds; thus no net county costs will be incurred as a result of this agreement.
