and projects. The on-call contracts provide flexibility to engage consultants for a variety of tasks for various projects on short notice to provide special engineering expertise and to augment our staff resources. The engineering services rendered under these on-call contracts will be provided on an as-needed basis only and do not guarantee work for the annual allocated budget amount.

A request for proposal was published on the Transportation Department's website, and a notification letter was also mailed directly to almost 100 firms. Sixty-seven firms submitted written proposals which were carefully reviewed and evaluated by representatives of the Transportation Department and Caltrans. Based on each consultant's expertise and the Transportation Department's needs, the shortlisted consultants were divided into four different categories: 1) General Engineering, 2) Traffic Engineering, 3) Bridge/Structure Constructability Review, and 4) Land Development Review/Plan Check. The top five firms in the traffic engineering category were shortlisted for interviews.

Albert A. Webb Associates was ranked as one of the top five firms and has been selected to provide for on-call services in the traffic engineering category. This contract is for a 2-year term for a not-to-exceed annual amount of \$350,000 and a total aggregate of \$700,000.

The County has negotiated with Albert A. Webb Associates for staff billing rates to remain fixed through June 30, 2012.

The County has the option to extend the contract for two additional one-year terms following the close of the initial (2) year term. All associated contract costs will be funded using project funds.

The terms of the agreement also provides the County the option to terminate the agreement within 30 days without cause.

2. Any controversy or claim arising out of or relating to this contract which cannot be resolved by mutual agreement may be settled by arbitration in accordance with the rules of the American Arbitration Association, provided that the parties mutually agree to submit to arbitration.

L. Termination Without Cause

1. COUNTY reserves the right to terminate this contract at COUNTY's discretion and without cause, upon thirty (30) calendar days written notice to ENGINEER.
2. In the event of termination of the Agreement, upon demand, ENGINEER shall deliver to COUNTY all field notes, surveys, studies, reports, plans, drawings, specifications, and all other materials and documents prepared by or provided to ENGINEER in the performance of this Agreement. All such documents and materials shall be property of COUNTY.
3. In the event that the contract is terminated, ENGINEER is entitled to full payment for all services

performed up to the time written notice of contract cancellation is received by ENGINEER. Payment shall be made for services performed to date based upon the percentage ratio that the basic services performed bear to the services contracted for, less payments made to date; plus any amount for authorized, but unpaid, extra work performed and costs incurred.

M. Termination for Lack of Performance

COUNTY may terminate this agreement and be relieved of the payment of any consideration to ENGINEER should ENGINEER fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination, COUNTY may proceed with the work in any manner deemed proper by COUNTY. In such event, ENGINEER shall be paid only for work completed and delivered to COUNTY in a timely and successful manner.
