

**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

969

FROM: Waste Management Department

SUBMITTAL DATE:
November 30, 2010

SUBJECT: Contract Award for Excavation and Removal of Material from the Badlands Sanitary Landfill

RECOMMENDED MOTION: That the Board:

1. Accept the bid submitted by Road Builders, Inc (Contractor) in the amount of \$1,125 credit to the Waste Management Department (Department) for the Excavation and Removal of Material from the Badlands Sanitary Landfill; and
2. Authorize the Chairman to execute the Agreement on behalf of the Department.

BACKGROUND: On May 4, 2010, the Department received approval from the Board of Supervisors to advertise for bids regarding the Excavation and Removal of Material from the Badlands Landfill. As none of the bids submitted to the Department were economically feasible, all bids were rejected accordingly. Renewed interest in the material from local construction projects caused the Department to re-advertise for bids. (continued)

F11 – Contract Award for Excavation and Removal of Material from the Badlands Sanitary Landfill
November 30, 2010
Page 2

The Department received approval from the Board of Supervisors to re-advertise for bids for the Excavation and Removal of Material from the Badlands Sanitary Landfill on October 19, 2010. One (1) bid was received on November 16, 2010, at a total credit of \$1,125 from the Contractor to the Department for the removal of 75,000 cubic yards of native soil from the Badlands Sanitary Landfill. The unit cost per cubic yard is \$0.015. As stated in the Contract Documents, the contractor is allowed to excavate and remove up to 185,000 cubic yards. If the Contractor requires any additional material up to the maximum of 185,000 cubic yards, they will be allowed to obtain the material and will credit the Department the unit cost of \$0.015 per cubic yard for a possible total credit of \$2,775.00 to the Department. The award of this contract will result in expediting the completion of the C4P3 liner expansion project and eliminate costly double-handling of material onsite.

California Environmental Quality Act (CEQA)

The Badlands Landfill liner expansion project was considered under Environmental Assessment (EA) No. 37161, for which a Mitigated Negative Declaration and Mitigation Monitoring Program was approved by the Riverside County Board of Supervisors in 1998. The Project will not exceed the daily maximum truck loads as assessed in the EA.

The Department believes the Contractor has the experience and resources necessary to perform the project and recommends an award of contract to the sole bid submitted by Road Builders, Inc.
