BACKGROUND: The Department of Animal Services has been utilizing the services of Statewide Public Safety to provide security guard services at the Western Riverside County/City Animal Shelter since the shelter was under construction beginning in August of 2009. Statewide Public Safety was originally hired by the Economic Development Agency (EDA) to provide security during the construction phase of the project. Once the building was completed and handed over to the Department of Animal Services (DAS) in May 2010, DAS elected to retain Statewide as the security provider on a short term basis. At that time, CHA Purchasing performed a price comparison, pitting the hourly rate from Statewide against an existing security services provider, Guardian Eagle Security, serving the Community Health Agency. The pricing was competitive, and further negotiated to match the pricing from Guardian Eagle Security. Based on this negotiated pricing, a purchase order was issued with a maximum value of \$24,990 to allow time for CHA Purchasing to issue a formal bid and make the award. Processing of the formal bid required more time than anticipated, and the funds made available on the purchase order were expended. In order to continue services without interruption, it was necessary to increase funding by an additional \$15,000. A new contract award has been completed with a new security services provider selected to take over. As a result of a formal Request for Proposal, a new contract has been awarded to a new security services provider which will take effect on December 20, 2010.

FINANCIAL INFORMATION: The security services cost is a part of the existing budget for the Department of Animal Services and no adjustment is necessary.

PRICE REASONABLENESS: Pricing for the services provided by Statewide Public Safety was negotiated to match the pricing of an existing provider serving the Community Health Agency under a competitively awarded County contract, HSARC095. During the short term period of performance, the pricing has remained unchanged. The contractor has performed admirably, including the timely notification to Animal Services personnel of a water main break which occurred on the property, preventing significant damage to the property. Based on the negotiated pricing, the price is deemed to be fair and reasonable.
