Scope of Work

5. Services to be Performed

Contractor shall perform the following services related to the following programs:

A. HIV/AIDS Surveillance Program

HIV/AIDS surveillance provides precise and timely information necessary to identify ongoing patterns of infection and to measure the burden of disease. HIV/AIDS surveillance data provides essential information to describe and monitor trends in infection among geographic and socio-economic groups, plan programs serving infected and affected communities, allocate resources, and develop more effective policy. HIV/AIDS surveillance data are routinely used for quarterly surveillance reports, annual HIV epidemiologic profiles; grant applications for HIV prevention and care, and providing information to public stakeholders. Partnership with local health jurisdictions, HIV testing services, and other health care providers throughout California is essential to core HIV/AIDS surveillance.

B. HIV Care Program

HIV Care Program (HCP) is a two-tiered approach to service prioritization and delivery and is based upon the Health Resources Services Administration (HRSA)-defined service categories.

1. **Tier One:** *Outpatient/Ambulatory Medical Care*. This service must be provided to all clients whether paid for with HCP funds or other funding sources before Tier Two services can be offered through HCP: *Outpatient/Ambulatory Medical Care*
2. **Tier Two:** Tier two services are the remaining HRSA defined service categories listed below. These categories support access to and maintenance in Tier One care, and reduce treatment failure risk:

Medical Case Management Services (including treatment adherence), Case Management (non-medical), Child Care Services, Early Intervention Services (EIS), Emergency Financial Assistance, Food Bank / Home-Delivered Meals, Health Education / Risk Reduction, Health Insurance Premium and Cost Sharing Assistance, Home and Community-Based Health Services, Home Health Care, Hospice Services, Housing Services, Legal Services, Linguistic Services, Medical Transportation Services, Medical Nutrition Therapy, Mental Health Services, Oral Health Care, Outreach Services, Psychosocial Support Services, Referral for Health Care / Supportive Services, Rehabilitation Services, Respite Care, Substance Abuse Services (outpatient), Substance Abuse Services (residential), and Treatment Adherence Counseling.

C. HIV Prevention Program

The HIV Prevention Program works with local health jurisdictions and community-based organizations, providing technical and capacity building assistance, to develop and implement focused HIV prevention interventions to reduce the transmission of HIV; to test high-risk clients for HIV detection; to change individual knowledge and attitudes about HIV and risk behaviors; to promote the development of risk-reduction skills; and to change community norms related to unsafe sexual and drug-taking behaviors.

Scope of Work

6. Allowable Informal Scope of Work Changes

- A. Changes and revisions to the Scope of Work contained in the agreement, utilizing the **"allowable cost payment system"**, may be proposed by the Contractor in writing. All requested changes and revisions are subject to the approval of the State. Failure to notify the State of proposed revisions to the Scope of Work may result in an audit finding.
- B. The State will respond, in writing, as to the approval or disapproval of all such requests for changes or revisions to the Scope of Work within 30 calendar days of the date the request is received in the program. Should the State fail to respond to the Contractor's request within 30 calendar days of receipt, the Contractor's request shall be deemed approved.
- C. The State may also request changes and revisions to the Scope of Work. The State will make a good-faith effort to provide the Contractor 30 calendar days advance written notice of said changes or revisions.

- A. It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this Agreement does not appropriate sufficient funds for the program, this Agreement shall be of no further force and effect. In this event, the State shall have no liability to pay any funds whatsoever to Contractor or to furnish any other considerations under this Agreement and Contractor shall not be obligated to perform any provisions of this Agreement.
- B. If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this program, the State shall have the option to either cancel this Agreement with no liability occurring to the State, or offer an agreement amendment to Contractor to reflect the reduced amount.

5. Timely Submission of Final Invoice

A. A final undisputed invoice shall be submitted for payment no more than sixty (60) calendar days following the expiration or termination date of this agreement, unless a later or alternate deadline is agreed to in writing by the program contract manager. Said invoice should be clearly marked "Final Invoice", thus indicating that all payment obligations of the State under this agreement have ceased and that no further payments are due or outstanding.

B. The State may, at its discretion, choose not to honor any delinquent final invoice if the Contractor fails to obtain prior written State approval of an alternate final invoice submission deadline. Written State approval shall be sought from the program contract manager prior to the expiration or termination date of this agreement.

C. The Contractor is hereby advised of its obligation to submit, with the final invoice, a "**Contractor's Release (Exhibit F)**" acknowledging submission of the final invoice to the State and certifying the approximate percentage amount, if any, of recycled products used in performance of this agreement.

- B. Contractor shall maintain for review and audit and supply to CDPH upon request, adequate documentation of all expenses claimed pursuant to this agreement to permit a determination of expense allowability.
- C. If the allowability or appropriateness of an expense cannot be determined by the State because invoice detail, fiscal records, or backup documentation is nonexistent or inadequate according to generally accepted accounting principles or practices, all questionable costs may be disallowed and payment may be withheld by the State. Upon receipt of adequate documentation supporting a disallowed or questionable expense, reimbursement may resume for the amount substantiated and deemed allowable.
- D. If travel is a reimbursable expense, receipts must be maintained to support the claimed expenditures. For more information on allowable travel and per diem expenses and required documentation, see Exhibit G entitled, "Travel Reimbursement Information".
- E. Costs and/or expenses deemed unallowable are subject to recovery by CDPH. See provision 8 in this exhibit entitled, "Recovery of Overpayments" for more information.

8. Recovery of Overpayments

- A. Contractor agrees that claims based upon a contractual agreement or an audit finding and/or an audit finding that is appealed and upheld, will be recovered by the State and/or Federal Government by one of the following options:
 - 1) Contractor's remittance to the State of the full amount of the audit exception within 30 days following the State's request for repayment;
 - 2) A repayment schedule which is agreeable to both the State and the Contractor.
- B. The State reserves the right to select which option will be employed and the Contractor will be notified by the State in writing of the claim procedure to be utilized.
- C. Interest on the unpaid balance of the audit finding or debt will accrue at a rate equal to the monthly average of the rate received on investments in the Pooled Money Investment Fund commencing on the date that an audit or examination finding is mailed to the Contractor, beginning 30 days after Contractor's receipt of the State's demand for repayment.
- D. If the Contractor has filed a valid appeal regarding the report of audit findings, recovery of the overpayments will be deferred until a final administrative decision on the appeal has been reached. If the Contractor loses the final administrative appeal, Contractor shall repay, to the State, the over-claimed or disallowed expenses, plus accrued interest. Interest accrues from the Contractor's first receipt of State's notice requesting reimbursement of questioned audit costs or disallowed expenses.

There is currently no actual or threatened claim by any such third party based on an alleged violation of any such right by Contractor.
- (d) Neither Contractor's performance nor any part of its performance will violate the right of privacy of, or constitute a libel or slander against any person or entity.
- (e) It has secured and will secure all rights and licenses necessary for Intellectual Property including, but not limited to, consents, waivers or releases from all authors of music or performances used, and talent (radio, television and motion picture talent), owners of any interest in and to real estate, sites, locations, property or props that may be used or shown.
- (f) It has not granted and shall not grant to any person or entity any right that would or might derogate, encumber, or interfere with any of the rights granted to CDPH in this Agreement.
- (g) It has appropriate systems and controls in place to ensure that state funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.
- (h) It has no knowledge of any outstanding claims, licenses or other charges, liens, or encumbrances of any kind or nature whatsoever that could affect in any way Contractor's performance of this Agreement.

(2) CDPH MAKES NO WARRANTY THAT THE INTELLECTUAL PROPERTY RESULTING FROM THIS AGREEMENT DOES NOT INFRINGE UPON ANY PATENT, TRADEMARK, COPYRIGHT OR THE LIKE, NOW EXISTING OR SUBSEQUENTLY ISSUED.

g. Intellectual Property Indemnity

(1) Contractor shall indemnify, defend and hold harmless CDPH and its licensees and assignees, and its officers, directors, employees, agents, representatives, successors, and users of its products, ("Indemnitees") from and against all claims, actions, damages, losses, liabilities (or actions or proceedings with respect to any thereof), whether or not rightful, arising from any and all actions or claims by any third party or expenses related thereto (including, but not limited to, all legal expenses, court costs, and attorney's fees incurred in investigating, preparing, serving as a witness in, or defending against, any such claim, action, or proceeding, commenced or threatened) to which any of the Indemnitees may be subject, whether or not Contractor is a party to any pending or threatened litigation, which arise out of or are related to (i) the incorrectness or breach of any of the

This indemnity obligation shall apply irrespective of whether the infringement claim is based on a patent, trademark or copyright registration that issued after the effective date of this Agreement. CDPH reserves the right to participate in and/or control, at Contractor's expense, any such infringement action brought against CDPH.

- (2) Should any Intellectual Property licensed by the Contractor to CDPH under this Agreement become the subject of an Intellectual Property infringement claim, Contractor will exercise its authority reasonably and in good faith to preserve CDPH's right to use the licensed Intellectual Property in accordance with this Agreement at no expense to CDPH. CDPH shall have the right to monitor and appear through its own counsel (at Contractor's expense) in any such claim or action. In the defense or settlement of the claim, Contractor may obtain the right for CDPH to continue using the licensed Intellectual Property; or, replace or modify the licensed Intellectual Property so that the replaced or modified Intellectual Property becomes *non-infringing* provided that such replacement or modification is functionally equivalent to the original licensed Intellectual Property. If such remedies are not reasonably available, CDPH shall be entitled to a refund of all monies paid under this Agreement, without restriction or limitation of any other rights and remedies available at law or in equity.
- (3) Contractor agrees that damages alone would be inadequate to compensate CDPH for breach of any term of this Intellectual Property Exhibit by Contractor. Contractor acknowledges CDPH would suffer irreparable harm in the event of such breach and agrees CDPH shall be entitled to obtain equitable relief, including without limitation an injunction, from a court of competent jurisdiction, without restriction or limitation of any other rights and remedies available at law or in equity.

The Branch Chief shall render a decision within ten (10) working days after receipt of the written grievance from the Contractor. The Branch Chief shall respond in writing to the Contractor indicating the decision and reasons therefore. If the Contractor disagrees with the Branch Chief's decision, the Contractor may appeal to the second level.

- (2) When appealing to the second level, the Contractor must prepare an appeal indicating the reasons for disagreement with Branch Chief's decision. The Contractor shall include with the appeal a copy of the Contractor's original statement of dispute along with any supporting evidence and a copy of the Branch Chief's decision. The appeal shall be addressed to the Deputy Director of the division in which the branch is organized within ten (10) working days from receipt of the Branch Chief's decision. The Deputy Director of the division in which the branch is organized or his/her designee shall meet with the Contractor to review the issues raised. A written decision signed by the Deputy Director of the division in which the branch is organized or his/her designee shall be directed to the Contractor within twenty (20) working days of receipt of the Contractor's second level appeal.
- b. If the Contractor wishes to appeal the decision of the Deputy Director of the division in which the branch is organized or his/her designee, the Contractor shall follow the procedures set forth in Division 25.1 (commencing with Section 38050) of the Health and Safety Code and the regulations adopted thereunder. (Title 1, Subchapter 2.5, commencing with Section 251, California Code of Regulations.)
- c. Disputes arising out of an audit, examination of an agreement or other action not covered by subdivision (a) of Section 20204, of Chapter 2.1, Title 22, of the California Code of Regulations, and for which no procedures for appeal are provided in statute, regulation or the Agreement, shall be handled in accordance with the procedures identified in Sections 51016 through 51047, Title 22, California Code of Regulations.
- d. Unless otherwise stipulated in writing by CDPH, all dispute, grievance and/or appeal correspondence shall be directed to the CDPH Program Contract Manager.
- e. There are organizational differences within CDPH's funding programs and the management levels identified in this dispute resolution provision may not apply in every contractual situation. When a grievance is received and organizational differences exist, the Contractor shall be notified in writing by the CDPH Program Contract Manager of the level, name, and/or title of the appropriate management official that is responsible for issuing a decision at a given level.

16. Financial and Compliance Audit Requirements

- a. The definitions used in this provision are contained in Section 38040 of the Health and Safety Code, which by this reference is made a part hereof.
- b. Direct service contract means a contract or agreement for services contained in local assistance or subvention programs or both (see Health and Safety [H&S] Code section 38020). Direct service contracts shall not include contracts, agreements, grants, or subventions to other governmental agencies or units of government nor contracts or agreements with regional centers or area agencies on aging (H&S Code section 38030).
- c. The Contractor, as indicated below, agrees to obtain one of the following audits:
 - (1) If the Contractor is a nonprofit organization (as defined in H&S Code section 38040) and receives \$25,000 or more from any State agency under a direct service contract or agreement; the Contractor agrees to obtain an annual single, organization wide, financial and compliance audit. Said audit shall be conducted according to Generally Accepted Auditing Standards. This audit does not fulfill the audit requirements of Paragraph c(3) below. The audit shall be completed by the 15th day of the fifth month following the end of the Contractor's fiscal year, **and/or**
 - (2) If the Contractor is a nonprofit organization (as defined in H&S Code section 38040) and receives less than \$25,000 per year from any State agency under a direct service contract or agreement, the Contractor agrees to obtain a biennial single, organization wide financial and compliance audit, unless there is evidence of fraud or other violation of state law in connection with this Agreement. This audit does not fulfill the audit requirements of Paragraph c(3) below. The audit shall be completed by the 15th day of the fifth month following the end of the Contractor's fiscal year, **and/or**
 - (3) If the Contractor is a State or Local Government entity or Nonprofit organization (as defined by the Federal Office of Management and Budget [OMB] Circular A-133) and expends \$500,000 or more in

Federal awards, the Contractor agrees to obtain an annual single, organization wide, financial and compliance audit according to the requirements specified in OMB Circular A-133 entitled "Audits of States, Local Governments, and Non-Profit Organizations". An audit conducted pursuant to this provision will fulfill the audit requirements outlined in Paragraphs c(1) and c(2) above. The audit shall be completed by the end of the ninth month following the end of the audit period. The requirements of this provision apply if:

- (a) The Contractor is a recipient expending Federal awards received directly from Federal awarding agencies, or
 - (b) The Contractor is a subrecipient expending Federal awards received from a pass-through entity such as the State, County or community based organization.
- (4) If the Contractor submits to CDPH a report of an audit other than an OMB A-133 audit, the Contractor must also submit a certification indicating the Contractor has not expended \$500,000 or more in federal funds for the year covered by the audit report.
- d. Two copies of the audit report shall be delivered to the CDPH program funding this Agreement. The audit report must identify the Contractor's legal name and the number assigned to this Agreement. The audit report shall be due within 30 days after the completion of the audit. Upon receipt of said audit report, the CDPH Program Contract Manager shall forward the audit report to CDPH's Audits and Investigations Unit if the audit report was submitted under Section 16.c(3), unless the audit report is from a City, County, or Special District within the State of California whereby the report will be retained by the funding program.
 - e. The cost of the audits described herein may be included in the funding for this Agreement up to the proportionate amount this Agreement represents of the Contractor's total revenue. The CDPH program funding this Agreement must provide advance written approval of the specific amount allowed for said audit expenses.
 - f. The State or its authorized designee, including the Bureau of State Audits, is responsible for conducting agreement performance audits which are not financial and compliance audits. Performance audits are defined by Generally Accepted Government Auditing Standards.
 - g. Nothing in this Agreement limits the State's responsibility or authority to enforce State law or regulations, procedures, or reporting requirements arising thereto.
 - h. Nothing in this provision limits the authority of the State to make audits of this Agreement, provided however, that if independent audits arranged for by the Contractor meet Generally Accepted Governmental Auditing Standards, the State shall rely on those audits and any additional audit work and shall build upon the work already done.
 - i. The State may, at its option, direct its own auditors to perform either of the audits described above. The Contractor will be given advance written notification, if the State chooses to exercise its option to perform said audits.
 - j. The Contractor shall include a clause in any agreement the Contractor enters into with the audit firm doing the single organization wide audit to provide access by the State or Federal Government to the working papers of the independent auditor who prepares the single organization wide audit for the Contractor.
 - k. Federal or state auditors shall have "expanded scope auditing" authority to conduct specific program audits during the same period in which a single organization wide audit is being performed, but the audit report has not been issued. The federal or state auditors shall review and have access to the current audit work being conducted and will not apply any testing or review procedures which have not been satisfied by previous audit work that has been completed.

The term "expanded scope auditing" is applied and defined in the U.S. General Accounting Office (GAO) issued Standards for *Audit of Government Organizations, Programs, Activities and Functions*, better known as the "yellow book".

17. Human Subjects Use Requirements

(Applicable only to federally funded agreements/grants in which performance, directly or through a subcontract/subaward, includes any tests or examination of materials derived from the human body.)

By signing this Agreement, Contractor agrees that if any performance under this Agreement or any subcontract or subagreement includes any tests or examination of materials derived from the human body for the purpose of providing information, diagnosis, prevention, treatment or assessment of disease, impairment, or health of a human being, all locations at which such examinations are performed shall meet the requirements of 42 U.S.C. Section 263a (CLIA) and the regulations thereunder.

18. Novation Requirements

If the Contractor proposes any novation agreement, CDPH shall act upon the proposal within 60 days after receipt of the written proposal. CDPH may review and consider the proposal, consult and negotiate with the Contractor, and accept or reject all or part of the proposal. Acceptance or rejection of the proposal may be made orally within the 60-day period and confirmed in writing within five days of said decision. Upon written acceptance of the proposal, CDPH will initiate an amendment to this Agreement to formally implement the approved proposal.

19. Debarment and Suspension Certification

(Applicable to all agreements funded in part or whole with federal funds.)

- a. By signing this Agreement, the Contractor/Grantee agrees to comply with applicable federal suspension and debarment regulations including, but not limited to 7 CFR Part 3017, 45 CFR 76, 40 CFR 32 or 34 CFR 85.
- b. By signing this Agreement, the Contractor certifies to the best of its knowledge and belief, that it and its principals:
 - (1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any federal department or agency;
 - (2) Have not within a three-year period preceding this application/proposal/agreement been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - (3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in Paragraph b(2) herein; and
 - (4) Have not within a three-year period preceding this application/proposal/agreement had one or more public transactions (Federal, State or local) terminated for cause or default.
 - (5) Shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under federal regulations (i.e., 48 CFR part 9, subpart 9.4), debarred, suspended, declared ineligible, or voluntarily excluded from participation in such transaction, unless authorized by the State.
 - (6) Will include a clause entitled, "Debarment and Suspension Certification" that essentially sets forth the provisions herein, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- c. If the Contractor is unable to certify to any of the statements in this certification, the Contractor shall submit an explanation to the CDPH Program Contract Manager.

- d. The terms and definitions herein have the meanings set out in the Definitions and Coverage sections of the rules implementing Federal Executive Order 12549.
- e. If the Contractor knowingly violates this certification, in addition to other remedies available to the Federal Government, the CDPH may terminate this Agreement for cause or default.

20. Smoke-Free Workplace Certification

(Applicable to federally funded agreements/grants and subcontracts/subawards, that provide health, day care, early childhood development services, education or library services to children under 18 directly or through local governments.)

- a. Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by federal programs either directly or through state or local governments, by federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such federal funds. The law does not apply to children's services provided in private residences; portions of facilities used for inpatient drug or alcohol treatment; service providers whose sole source of applicable federal funds is Medicare or Medicaid; or facilities where WIC coupons are redeemed.
- b. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible party.
- c. By signing this Agreement, Contractor or Grantee certifies that it will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act. The prohibitions herein are effective December 26, 1994.
- d. Contractor or Grantee further agrees that it will insert this certification into any subawards (subcontracts or subgrants) entered into that provide for children's services as described in the Act.

21. Covenant Against Contingent Fees

(Applicable only to federally funded agreements.)

The Contractor warrants that no person or selling agency has been employed or retained to solicit/secure this Agreement upon an agreement of understanding for a commission, percentage, brokerage, or contingent fee, except *bona fide* employees or *bona fide* established commercial or selling agencies retained by the Contractor for the purpose of securing business. For breach or violation of this warranty, CDPH shall have the right to annul this Agreement without liability or in its discretion to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such commission, percentage, and brokerage or contingent fee.

22. Payment Withholds

(Applicable only if a final report is required by this Agreement. Not applicable to government entities.)

Unless waived or otherwise stipulated in this Agreement, CDPH may, at its discretion, withhold 10 percent (10%) of the face amount of the Agreement, 50 percent (50%) of the final invoice, or \$3,000 whichever is greater, until CDPH receives a final report that meets the terms, conditions and/or scope of work requirements of this Agreement.

23. Performance Evaluation

(Not applicable to grant agreements.)

CDPH may, at its discretion, evaluate the performance of the Contractor at the conclusion of this Agreement. If performance is evaluated, the evaluation shall not be a public record and shall remain on file with CDPH. Negative performance evaluations may be considered by CDPH prior to making future contract awards.

24. Officials Not to Benefit

No members of or delegate of Congress or the State Legislature shall be admitted to any share or part of this Agreement, or to any benefit that may arise therefrom. This provision shall not be construed to extend to this Agreement if made with a corporation for its general benefits.

25. Four-Digit Date Compliance

(Applicable to agreements in which Information Technology (IT) services are provided to CDPH or if IT equipment is procured.)

Contractor warrants that it will provide only Four-Digit Date Compliant (as defined below) Deliverables and/or services to the State. "Four Digit Date compliant" Deliverables and services can accurately process, calculate, compare, and sequence date data, including without limitation date data arising out of or relating to leap years and changes in centuries. This warranty and representation is subject to the warranty terms and conditions of this Contract and does not limit the generality of warranty obligations set forth elsewhere herein.

26. Prohibited Use of State Funds for Software

(Applicable to agreements in which computer software is used in performance of the work.)

Contractor certifies that it has appropriate systems and controls in place to ensure that state funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.

27. Use of Small, Minority Owned and Women's Businesses

(Applicable to that portion of an agreement that is federally funded and entered into with institutions of higher education, hospitals, nonprofit organizations or commercial businesses.)

Positive efforts shall be made to use small businesses, minority-owned firms and women's business enterprises, whenever possible (i.e., procurement of goods and/or services). Contractors shall take all of the following steps to further this goal.

- (1) Ensure that small businesses, minority-owned firms, and women's business enterprises are used to the fullest extent practicable.
- (2) Make information on forthcoming purchasing and contracting opportunities available and arrange time frames for purchases and contracts to encourage and facilitate participation by small businesses, minority-owned firms, and women's business enterprises.
- (3) Consider in the contract process whether firms competing for larger contracts intend to subcontract with small businesses, minority-owned firms, and women's business enterprises.
- (4) Encourage contracting with consortiums of small businesses, minority-owned firms and women's business enterprises when a contract is too large for one of these firms to handle individually.
- (5) Use the services and assistance, as appropriate, of such organizations as the Federal Small Business Administration and the U.S. Department of Commerce's Minority Business Development Agency in the solicitation and utilization of small businesses, minority-owned firms and women's business enterprises.

28. Alien Ineligibility Certification

(Applicable to sole proprietors entering federally funded agreements.)

By signing this Agreement, the Contractor certifies that he/she is not an alien that is ineligible for state and local benefits, as defined in Subtitle B of the Personal Responsibility and Work Opportunity Act. (8 U.S.C. 1601, et seq.)

29. Union Organizing

(Applicable only to grant agreements.)

Grantee, by signing this Agreement, hereby acknowledges the applicability of Government Code Sections 16645 through 16649 to this Agreement. Furthermore, Grantee, by signing this Agreement, hereby certifies that:

- a. No state funds disbursed by this grant will be used to assist, promote or deter union organizing.
- b. Grantee shall account for state funds disbursed for a specific expenditure by this grant, to show those funds were allocated to that expenditure.
- c. Grantee shall, where state funds are not designated as described in b herein, allocate, on a pro-rata basis, all disbursements that support the grant program.
- d. If Grantee makes expenditures to assist, promote or deter union organizing, Grantee will maintain records sufficient to show that no state funds were used for those expenditures, and that Grantee shall provide those records to the Attorney General upon request.

30. Contract Uniformity (Fringe Benefit Allowability)

(Applicable only to nonprofit organizations.)

Pursuant to the provisions of Article 7 (commencing with Section 100525) of Chapter 3 of Part 1 of Division 101 of the Health and Safety Code, CDPH sets forth the following policies, procedures, and guidelines regarding the reimbursement of fringe benefits.

- a. As used herein fringe benefits shall mean an employment benefit given by one's employer to an employee in addition to one's regular or normal wages or salary.
- b. As used herein, fringe benefits do not include:
 - (1) Compensation for personal services paid currently or accrued by the Contractor for services of employees rendered during the term of this Agreement, which is identified as regular or normal salaries and wages, annual leave, vacation, sick leave, holidays, jury duty and/or military leave/training.
 - (2) Director's and executive committee member's fees.
 - (3) Incentive awards and/or bonus incentive pay.
 - (4) Allowances for off-site pay.
 - (5) Location allowances.
 - (6) Hardship pay.
 - (7) Cost-of-living differentials
- c. Specific allowable fringe benefits include:
 - (1) Fringe benefits in the form of employer contributions for the employer's portion of payroll taxes (i.e., FICA, SUI, SDI), employee health plans (i.e., health, dental and vision), unemployment insurance, worker's compensation insurance, and the employer's share of pension/retirement plans, provided they are granted in accordance with established written organization policies and meet all legal and Internal Revenue Service requirements.
- d. To be an allowable fringe benefit, the cost must meet the following criteria:
 - (1) Be necessary and reasonable for the performance of the Agreement.
 - (2) Be determined in accordance with generally accepted accounting principles.
 - (3) Be consistent with policies that apply uniformly to all activities of the Contractor.
- e. Contractor agrees that all fringe benefits shall be at actual cost.
- f. Earned/Accrued Compensation
 - (1) Compensation for vacation, sick leave and holidays is limited to that amount earned/accrued within the agreement term. Unused vacation, sick leave and holidays earned from periods prior to the agreement term cannot be claimed as allowable costs. See Provision f (3)(a) for an example.

- (2) For multiple year agreements, vacation and sick leave compensation, which is earned/accrued but not paid, due to employee(s) not taking time off may be carried over and claimed within the overall term of the multiple years of the Agreement. Holidays cannot be carried over from one agreement year to the next. See Provision f (3)(b) for an example.
- (3) For single year agreements, vacation, sick leave and holiday compensation that is earned/accrued but not paid, due to employee(s) not taking time off within the term of the Agreement, cannot be claimed as an allowable cost. See Provision f (3)(c) for an example.

(a) **Example No. 1:**

If an employee, John Doe, earns/accrues three weeks of vacation and twelve days of sick leave each year, then that is the maximum amount that may be claimed during a one year agreement. If John Doe has five weeks of vacation and eighteen days of sick leave at the beginning of an agreement, the Contractor during a one-year budget period may only claim up to three weeks of vacation and twelve days of sick leave as actually used by the employee. Amounts earned/accrued in periods prior to the beginning of the Agreement are not an allowable cost.

(b) **Example No. 2:**

If during a three-year (multiple year) agreement, John Doe does not use his three weeks of vacation in year one, or his three weeks in year two, but he does actually use nine weeks in year three; the Contractor would be allowed to claim all nine weeks paid for in year three. The total compensation over the three-year period cannot exceed 156 weeks (3 x 52 weeks).

(c) **Example No. 3:**

If during a single year agreement, John Doe works fifty weeks and used one week of vacation and one week of sick leave and all fifty-two weeks have been billed to CDPH, the remaining unused two weeks of vacation and seven days of sick leave may not be claimed as an allowable cost.

31. Lobbying Restrictions and Disclosure Certification

(Applicable to federally funded agreements in excess of \$100,000 per Section 1352 of the 31, U.S.C.)

a. Certification and Disclosure Requirements

- (3) Each recipient shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affect the accuracy of the information contained in any disclosure form previously filed by such person under Paragraph a(2) herein. An event that materially affects the accuracy of the information reported includes:
 - (a) A cumulative increase of \$25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered federal action;
 - (b) A change in the person(s) or individuals(s) influencing or attempting to influence a covered federal action; or

- (c) A change in the officer(s), employee(s), or member(s) contacted for the purpose of influencing or attempting to influence a covered federal action.

The statement must include at a minimum, General Use, Security and Privacy safeguards, Unacceptable Use, and Enforcement Policies. The statement must be signed by the workforce member prior to access to CDPH PCI. The statement must be renewed annually. The Contractor shall retain each person's written confidentiality statement for CDPH inspection for a period of three (3) years following contract termination.
- b. **Background check.** Before a member of the Contractor's workforce may access CDPH PCI, Contractor must conduct a thorough background check of that worker and evaluate the results to assure that there is no indication that the worker may present a risk for theft of confidential data. The Contractor shall retain each workforce member's background check documentation for a period of three (3) years following contract termination.
- c. **Workstation/Laptop encryption.** All workstations and laptops that process and/or store CDPH PCI must be encrypted using a FIPS 140-2 certified algorithm, such as Advanced Encryption Standard (AES), with a 128bit key or higher. The encryption solution must be full disk unless approved by the CDPH Information Security Office.
- d. **Server Security.** Servers containing unencrypted CDPH PCI must have sufficient administrative, physical, and technical controls in place to protect that data, based upon a risk assessment/system security review.
- e. **Minimum Necessary.** Only the minimum necessary amount of CDPH PCI required to perform necessary business functions may be copied, downloaded, or exported.
- f. **Removable media devices.** All electronic files that contain CDPH PCI data must be encrypted when stored on any removable media or portable device (i.e. USB thumb drives, floppies, CD/DVD, Blackberry, backup tapes etc.). Must be encrypted using a FIPS 140-2 certified algorithm, such as Advanced Encryption Standard (AES), with a 128bit key or higher
- g. **Antivirus software.** All workstations, laptops and other systems that process and/or store CDPH PCI must install and actively use comprehensive anti-virus software solution with automatic updates scheduled at least daily.
- h. **Patch Management.** All workstations, laptops and other systems that process and/or store CDPH PCI must have security patches applied, with system reboot if necessary. There must be a documented patch management process which determines installation timeframe based on risk assessment and vendor recommendations. At a maximum, all applicable patches must be installed within 30 days of vendor release.

 - Lower case letters (a-z)
 - Arabic numerals (0-9)
 - Non-alphanumeric characters (punctuation symbols)
- j. **Data Sanitization.** All CDPH PCI must be sanitized using NIST Special Publication 800-88 standard methods for data sanitization when the CDPH PSCI is no longer needed.

2. System Security Controls

- A. **System Timeout.** The system must provide an automatic timeout, requiring re-authentication of the user session after no more than 20 minutes of inactivity.

The audit trail must be date and time stamped, must log both successful and failed accesses, must be read only, and must be restricted to authorized users. If CDPH PCI is stored in a database, database logging functionality must be enabled. Audit trail data must be archived for at least 3 years after occurrence.
- D. **Access Controls.** The system must use role based access controls for all user authentications, enforcing the principle of least privilege.
- E. **Transmission encryption.** All data transmissions of CDPH PCI outside the secure internal network must be encrypted using a FIPS 140-2 certified algorithm, such as Advanced Encryption Standard (AES), with a 128bit key or higher. Encryption can be end to end at the network level, or the data files containing CDPH PCI can be encrypted. This requirement pertains to any type of CDPH PCI in motion such as website access, file transfer, and E-Mail.
- F. **Intrusion Detection.** All systems involved in accessing, holding, transporting, and protecting CDPH PCI that are accessible via the Internet must be protected by a comprehensive intrusion detection and prevention solution.

The plan must include a regular schedule for making backups, storing backups offsite, an inventory of backup media, and the amount of time to restore CDPH PCI should it be lost. At a minimum, the schedule must be a weekly full backup and monthly offsite storage of CDPH data.

5. Paper Document Controls

- A. **Supervision of Data.** CDPH PCI in paper form shall not be left unattended at any time, unless it is locked in a file cabinet, file room, desk or office. Exhibit A
Scope of Work

A. ACTIVE SURVEILLANCE ACTIVITIES – CORE*

Goal: Establish and enhance active and passive HIV/AIDS case surveillance in health and social service settings, including laboratories and confidential test sites. Improve the timeliness, accuracy, and reliability of the local HIV/AIDS case data. Investigate reported HIV/AIDS cases in order to establish an accurate mode of HIV transmission, and in conjunction with California Department of Public Health, Office of AIDS (OA) staff, conduct investigations of cases of public health importance.

Objective 1

Program activities should include regular surveillance visits to previously classified reporting facilities. Identify new reporting sources. All activities should be documented for inclusion in the annual progress report

Objective 2

Evaluate HIV/AIDS name-based case reporting protocols in the facilities identified in Objective 1 above. Establish reporting protocols and revise as needed.

Objective 3

Identify, incorporate, and educate all laboratories of their reporting responsibilities, as specified in the Surveillance Handbook at:
<http://www.cdph.ca.gov/programs/aids/Pages/SurvProcedures.aspx> Laboratories are required to report confirmed HIV/AIDS test results to the submitting health care provider and to the local health department (LHD) using the complete patient name.

Objective 4

Assess and use secondary data sources including cancer, vital statistics, tuberculosis registries, sexually transmitted diseases (STD), and community based organizations to improve the accuracy of HIV/AIDS case reporting.

B. HIV/AIDS CASE REGISTRY OPERATIONS - CORE*

Goal: To improve the timeliness, accuracy and reliability of the local HIV/AIDS case data.

Objective 1

Match HIV positive test results from laboratories to case reports received from health care providers. Ensure that there is no duplication of reports by checking local county surveillance records and contacting OA Surveillance Section for case checks.

*Core is an activity required by all counties.

Exhibit A
Scope of Work

Objective 2

Any update to a case (labs, address changes, status change, diagnosis status, etc.) should immediately be recorded on the Adult HIV/AIDS Confidential Care Report Form ACR and forwarded to California Department of Public Health (CDPH) Office of AIDS per the established CDC Security and Confidentiality Guidelines.

C. EPIDEMIOLOGIC HIV/AIDS CASE INVESTIGATIONS – CORE*

Goal: To investigate reported HIV/AIDS cases in order to identify the mode of HIV transmission and, in conjunction with OA staff, to conduct investigations of Cases of Public Health Importance (COPHI).

Objective 1

Investigate all Priority No Reported Risk (NRR) HIV/AIDS cases (i.e., children, healthcare workers, blood transfusions after 03/85, organ transplants/artificial insemination), within two months of reporting using the most recent Centers for Disease Control and Prevention (CDC) no reported risk (NRR) investigation protocols. Investigate all cases of public health importance (COPHI) NRR HIV/AIDS cases (i.e., HIV2, tattoos, bites) within two months of reporting using the most recent CDC NRR investigation protocols. Investigate all other NRR cases within six months of diagnosis.

In conjunction with OA staff, investigate COPHI including, but not limited to: health care worker(s) whose only reported exposure is job related; blood transfusion; organ transplant; artificial insemination; or unique cases such as tattoos. (See Surveillance "Handbook" at <http://www.cdph.ca.gov/programs/aids/Pages/SurvProcedures.aspx>.)

Objective 2

Educate healthcare providers about the need to obtain and report risk information from their HIV diagnosed patients.

Objective 3

Participate in Medical Monitoring Project and HIV Incidence Surveillance data gathering projects.

D. PROCEDURES FOR ENSURING CONFIDENTIALITY OF ALL INFORMATION - CORE*

Goal: To protect the rights of individuals infected with HIV/AIDS by assuring that identifying information is safeguarded both in original case reports and in disseminated data.

*Core is an activity required by all counties.

Exhibit A Scope of Work

Objective 1

Develop and maintain a secure registry. All physical locations containing HIV/AIDS surveillance data in electronic or paper format, as well as workstations for surveillance personnel, must be enclosed inside a locked, secured area with access limited to authorized personnel in accordance with CDC program requirements. (See Surveillance "Handbook" at <http://www.cdph.ca.gov/programs/aids/Pages/SurvProcedures.aspx>)

Paper copies of surveillance information containing identifying information must be stored inside a locked file cabinet located inside a locked room. Shredding of confidential HIV/AIDS-related information should be performed by authorized surveillance personnel (LHD employees who have signed the Individual Security and Confidentiality Agreement form) using a commercial quality shredder with cross-cutting capability before disposal. Shredding should be used to destroy paper records containing confidential HIV/AIDS-related information. These records include, but are not limited to:

- a. Line listings identifying individuals as having HIV or AIDS
- b. Medical record review notes
- c. Laboratory reports of HIV infection or CD4+ counts
- d. Computer data runs and analyses
- e. Program specific internal reports
- f. Other working papers

Objective 2

An approved encryption program must secure any computer containing HIV/AIDS Reporting System (HARS)/ Enhanced HIV/AIDS Reporting System (eHARS) data. HARS/eHARS files may only be accessed by surveillance and HIV/AIDS research staff. No other copy of the database, other than an encrypted backup of your files, may be produced or retained.

Submit all case report forms, HIV/AIDS related material, and/or encrypted electronic data in double envelopes and the outer envelope (e.g., sender or recipient address or label) must have no reference to HIV/AIDS or include any terms easily associated with HIV/AIDS. The inner envelope must be marked 'Confidential', sealed, and addressed to their assigned Surveillance Coordinator at OA and should also identify the agency that originated the package mailing. All mail must be sent by traceable courier services only (i.e., United Parcel Service, Federal Express [FedEx] or U.S. Post Office). The overnight mailing address is California Department of Public Health, Surveillance Section, MS 7700, 1616 Capitol Avenue, Suite 74.616, Sacramento, CA, 95814. Only county personnel who have signed the OA Individual Confidentiality Agreement are permitted to handle confidential mail.

Electronic mail transmission (e-mail) or FAX of case information containing personal identifiers is strictly prohibited.

*Core is an activity required by all counties.

Exhibit A

Scope of Work

Objective 3

HIV/AIDS case information is transferred from the LHD to the Office of AIDS Surveillance Section on paper-based reports and, for San Francisco and Los Angeles, on encrypted diskettes. LHDs do not report HIV/AIDS cases directly to CDC. LHDs send HIV/AIDS case data for all new, updated, and deleted HIV/AIDS case reports. When receiving or initiating phone conversations to complete or un-duplicate HIV/AIDS case reports, verify that the caller is authorized to exchange confidential HIV/AIDS case information. All telephone conversations must be conducted using phones that are connected to land-lines. Cell phones and wireless communication (except for headsets with land phones) are not permitted.

Objective 4

Laptop computers and other portable electronic devices are vulnerable to theft. These devices warrant the most stringent security protocols. Employing strict security measures ensures that the confidentiality of patients is protected in the event that a device is lost or stolen. As part of the contract with each LHD, OA provides approved hardware and software for use in surveillance activities. OA does not provide laptop computers or funding for portable electronic devices. Only electronic equipment approved by OA should be used to store confidential HIV/AIDS surveillance information. (See Surveillance Handbook at: <http://www.cdph.ca.gov/programs/aids/Pages/SurvProcedures.aspx>).

Objective 5

According to California law, only authorized personnel who have signed an Individual Confidentiality Agreement are permitted to handle confidential public health records. Individual Confidentiality Agreements must be signed at time of employment and annually thereafter. Individuals are not authorized to access confidential surveillance information until their signed Individual Confidentiality Agreements have been reviewed and signed by the supervisor of these individuals, as well as the Chief of the OA Surveillance Section.

E. PARTNER SERVICES (PS) - CORE*

Goal: To reduce the number of new HIV/AIDS cases in California by offering assistance in the counseling and referral of sex and needle-sharing partners.

Objective 1

In conjunction with local HIV prevention and/or care programs and the local STD program, the Public Health Nurse will develop a protocol for referring for Partner Services (PS – formerly known as Partner Counseling and Referral Service) requests and needs to the appropriate PS program within the LHD. This will Assure that PS are offered to all persons reported with HIV/AIDS, and, when the person opts to receive PS, a good faith effort should be made to inform identified partners of potential risk of HIV exposure.

*Core is an activity required by all counties.

Exhibit A

Scope of Work

A designated LHD surveillance person will be responsible to receive and process all local and out of jurisdiction requests for elicitation, notification, counseling, referral, and follow-up of sex and needle-sharing partners.

As part of the ongoing surveillance effort, providers who report HIV/AIDS cases should be notified of the availability of HIV PS in the local health jurisdiction.

OA surveillance coordinators promote the value of PS-based HIV prevention during routine site visits and in communications with health care providers.

Objective 2

Local surveillance programs are required to document collaboration with the local PS program for inclusion in their annual surveillance report.

F. ANALYSIS, DISSEMINATION, AND USES OF SURVEILLANCE DATA

Goal: In collaboration with OA, plan, conduct, and disseminate studies of HIV/AIDS morbidity and mortality. All studies should adhere to confidentiality guidelines. (See Surveillance Handbook at: <http://www.cdph.ca.gov/programs/aids/Pages/SurvProcedures.aspx>).

Objective 1

Assess ability to analyze HIV/AIDS surveillance data, disseminate the results, and use the information to detect local patterns and trends of the disease.

Objective 2

Prepare epidemiological summaries synthesizing HIV/AIDS case data for populations of local interest.

Objective 3

Disseminate HIV/AIDS surveillance information through: responses to data requests; direct contact with HIV/AIDS name based case reporting sources; presentations at conferences and meetings; publications, scientific journals, newsletters and bulletins of community and medical organizations.

Objective 4

Encourage the appropriate use of HIV/AIDS name based surveillance information for funding decisions, establishing public health priorities and making policy decisions. As part of the process, incorporate program awareness and knowledge to medical policy makers, health care providers, persons at risk for HIV infection, and the general population. Conduct further epidemiological investigations as needed and evaluate findings.

*Core is an activity required by all counties.

Exhibit A
Scope of Work

G. EVALUATION OF HIV/AIDS SURVEILLANCE SYSTEM

Goal: Monitor the timeliness and completeness of HIV/AIDS name based case reporting and direct HIV/AIDS case finding activities to ensure optimal use of surveillance resources.

Objective 1

Conduct validation studies of providers who treat HIV infected individuals to monitor HIV/AIDS name based case reporting and continue to encourage major providers to regularly monitor their records in the same way.

Objective 2

Develop, implement, and evaluate the effectiveness of surveillance activities and use evaluation outcomes to allocate appropriate resources.

*Core is an activity required by all counties.

Exhibit A
HIV Care Program and Minority AIDS Initiative
Scopes of Work - Introduction

1. Mission Statement

The goals of the California Department of Public Health, Office of AIDS (CDPH/OA) are: (1) to minimize new HIV infections and (2) to maximum the number of people with HIV infection who access appropriate care, treatment, support, and prevention services. The services required by the HIV Care Program (HCP) and Minority AIDS Initiative (MAI) Scopes of Work (SOWs) in this Memorandum of Understanding are consistent with, and are designed to support, these goals.

2. Service Overview

CDPH/OA utilizes federal Health Resources Services Administration (HRSA) funds to provide support for HIV/AIDS services in local areas. Federal HRSA funds include Part B and Minority AIDS Initiative funding. HIV care services are funded using a Single Allocation Model to consolidate HRSA program funds into a single contract in each local health jurisdiction or service area.

Through this single contract, the Contractor agrees to administer (A) **HCP** and, if applicable, (B) **MAI Outreach and Treatment Education Services**.

- A. The Contractor agrees to administer HCP and to ensure the provision of the HIV care services as described in this SOW. The Contractor may provide direct client services exclusively or subcontract all or part of the client services. The Contractor ensures that, if all or parts of the client services are subcontracted to other client service providers, all services provided by the subcontracted agency will be in accordance with HCP. **(See Exhibit A-1)**

- B. If funded, the Contractor agrees to administer the MAI outreach and treatment education services focused on providing access to, and engagement in, medical care for HIV-positive persons of color, including access to AIDS Drug Assistance Program (ADAP), Medi-Cal, or other appropriate program. **(See Exhibit A-2)**

**Exhibit A-1
HIV Care Program
Scope of Work**

1. HCP Services

The HIV care services to be provided under HCP are HRSA-defined service categories. For a listing of HRSA service category definitions, and the specific services included in each category, please refer to the HRSA website at www.hab.hrsa.gov. Additional information can be found in the *HCP and Budget Guidelines*.

CDPH/OA will not require local utilization of HRSA's "75 percent (Core services) / 25 percent (Support services)" requirement for prioritization of services.

HCP is a two-tiered approach to service prioritization and delivery and utilizes the HRSA-defined service categories, both the Core and Support service categories.

HCP prioritizes service provisions as follows:

Tier One: *Outpatient/Ambulatory Medical Care*, as defined by HRSA. Services include, but are not limited to, primary medical care, laboratory testing, medical history taking, health screening, and prescribing and managing medications. Contractors must ensure that Tier One medical services are provided for all population groups in their geographic region via all HIV/AIDS or other funding sources before allocating HCP funds to Tier Two services.

Tier Two: HRSA-defined Core and Support service categories that (1) assist with access to Tier One care, (2) support maintenance in Tier One care, and (3) reduce the risk of treatment failure and/or HIV transmission. HCP funds may be allocated for any Tier Two service only after Contractors have ensured Tier One services are adequately provided in their geographic region via all HIV/AIDS or other funding sources.

The following HRSA service categories are included in Tier Two of HCP:

- ▶ *Mental Health Services*
- ▶ *Medical Case Management Svcs
(includes Treatment Adherence)*
- ▶ *Case Management (Non-Medical)*
- ▶ *Oral Health Care*
- ▶ *AIDS Pharmaceutical Assistance*
- ▶ *Substance Abuse Services -

**Exhibit A-1
HIV Care Program
Scope of Work**

A. The Contractor shall:

1. Provide comprehensive, ongoing medical services to individuals with HIV/AIDS. Services must be based on the HRSA service category, *Outpatient/Ambulatory Medical Care* or, if these services are not funded by HCP under Tier One, the Contractor must demonstrate and document the availability of primary medical care for HIV-infected persons within each population group in the service area.
2. Provide Tier Two HRSA Core and Support services as necessary, and as funds permit, to ensure access to Tier One care, maintenance in Tier One care, and reduce the risk of treatment failure or HIV transmission.
3. Develop and implement a system of service delivery that offers comprehensive, ongoing health and support services to individuals with HIV/AIDS, that actively seeks individuals who know their HIV status but are not accessing services, that reaches out to people who are HIV positive but unaware of their HIV status, and that is coordinated and integrated with other service delivery systems as appropriate.
4. Advisory and/or focus groups will meet at least **annually** to provide input to the Contractor on issues such as needs assessment, service delivery plans, and comprehensive planning. The Contractor shall maintain minutes and/or documentation of the advisory or focus group meetings.

The advisory and/or focus group, should be made up of representatives from state, federal, and local programs that provide health services and education and prevention services; non-profit and for-profit community-based agencies; staff from other key points of entry into medical care, who either provide services to individuals with HIV/AIDS, or who may have contact with HIV positive individuals who are not in care or not aware of their HIV status; individuals with HIV, and their advocates, etc. The advisory group provides information to the Contractor regarding health services delivery and the needs of individuals with HIV/AIDS living within the community.

5. Ensure the protection of the client's privacy and confidentiality at all times. In addition, federal law requires that individuals have a right of access, to inspect, and obtain a copy of their protected health information (PHI) in a designated record set, for as long as the health information is maintained by a CDPH health plan, CDPH providers, or business associates. There are limited exceptions to an individual's right of access PHI (45 C.F. R. s 164.524).
6. Ensure that any subcontracted agencies have the organizational and administrative capabilities to support the program services and activities.

**Exhibit A-1
HIV Care Program

The coordinated, integrated system of care must be informed by HIV epidemiological data and other data sources and should include leveraged resources. The Contractor shall keep documentation of these working relationships.
9. Ensure that case management services that link available community support services to appropriate specialized medical services shall be provided for individuals residing in rural areas as appropriate.
10. Ensure HIV care services will be provided in a setting that is accessible to low-income individuals with HIV disease. Facilities must also be accessible for hearing-, vision-, and mobility-impaired persons in accordance with the federal Americans with Disabilities Act (ADA).
11. Provide targeted prevention coordinated with all state and federal programs to low-income individuals with HIV disease and to inform such individuals of the services available under Ryan White Part B.
12. To the maximum extent practical, ensure that HIV-related health care and support services delivered pursuant to a program established with assistance provided under Ryan White Part B will be provided without regard to the ability of the individual to pay for such services and without regard to the current or past health condition of the individual with HIV disease.

**Exhibit A-1
HIV Care Program
Scope of Work**

13. Ensure that services provided to women, infants, children, and youth are tracked and reported (see Data Collection, subheading F).
14. Ensure that services provided under this contract are in accordance with the program policy guidance issued by Division of Service Systems (DSS), HIV/AIDS Bureau (HAB) (see www.hab.hrsa.gov), CDPH/OA's *HCP and Budget Guidelines*.
15. Ensure that the Ryan White HIV/AIDS Program funds do not comprise more than sixty percent (60%) of any subcontracted agency's total budget. Ryan White HIV/AIDS Program funds are intended to provide additional funding to those areas negatively affected by HIV disease and cannot be used to supplant local HIV-related budgets.
16. Ensure that clients are eligible for services in accordance with the program policy guidance issued by DSS, HAB (see www.hab.hrsa.gov).

18. In addition, ensure that no more than ten percent (10%) of the allocation is used for all subcontracted agencies' non-direct service (administrative) functions without prior written consent from OA.
19. Conduct assessment of HIV/AIDS service needs for the geographic service area at least once every three years. Review the assessment annually and, if needed, update it. Ensure that no more than five percent (5%) of the allocation is utilized to plan, conduct, and evaluate the needs assessment process. Needs assessment activities may not be billed to CDPH/OA more than once during a three year contract period.

2. Maintain documentation when PS is offered and the outcome (i.e., the number of partners to be notified by the client and/or by the health jurisdiction). Client service providers using ARIES should document these encounters on the Basic Medical screen. Client service providers not using ARIES should document these encounters in the client medical records.

D. Reporting Requirements

HCP Contractors are required to submit quarterly financial and narrative reports to OA. The HCP Quarterly Reports are due to OA according to the following schedule:

Reporting Period	Due dates
July 1 – September 30	November 15
October 1 – December 31	February 15
January 1 – March 31	May 15
April 1 – June 30	August 15

1. The quarterly HCP Financial Report tracks expenditures for the Contractor and any subcontracted agency for the quarter reported. The quarterly Financial Reports shall include the administrative costs of the Contractor and each subcontracted agency, amount of funds obligated to each subcontracted agency, total expended quarterly by each subcontracted agency, percentage expended for the quarter, and total number of unduplicated clients for the quarter reported.
2. The quarterly HCP Narrative Report is an opportunity for the Contractor to describe their HCP programs, services provided, progress and accomplishments, and to identify any technical assistance needs. The quarterly Narrative Reports shall include, for the quarter reported only, descriptions of the programs, services funded with HCP funds, any general accomplishments within the programs, issues or concerns with the programs and services funded in your county, and any technical assistance and/or training needs of the contractor and/or subcontracted agency.

Contractors may access the HCP Financial and Narrative Report formats at:

<http://www.cdph.ca.gov/programs/aids/Pages/OAHIVCareProgram.aspx>

F. Data Collection

The Contractor shall ensure that client service providers:

1. Collect the HCP minimum data set. The HCP minimum dataset includes data elements required by (a) HRSA to complete the Ryan White Program Data Report (RDR), the Ryan White Program Service Report (RSR), selected HAB Quality Management (QM) indicators, and the Women, Infants, Children, and Youth Report, and (b) CDPH/OA for its development of estimates and reports (i.e., estimate of unmet need for HIV medical care, statewide epidemiologic profile, Statewide Coordinated Statement of Need) and to conduct program activities.

**Exhibit A-1
HIV Care Program
Scope of Work**

2. Directly enter data into ARIES within two weeks from a client's date of service. Client service providers may import data into ARIES from other data collection systems only if they obtain prior written approval from CDPH/OA; said providers may not use CDPH/OA funds to develop or maintain their import systems.
3. Electronically submit the aggregate-level RDR through HAB's Electronic Handbook (EHB). The RDR reporting period is January 1 through December 31 of the previous calendar. Submission deadlines will be announced in ARIES Policy Notices.
4. Electronically submit a Provider Report for the RSR through HAB's EHB. Unless exempted by HRSA, client service providers who provide RSR-eligible services must also upload a Client Report, which contains client-level data, as an XML data file to HAB's EHB. The RSR is due twice a year: (a) The first report includes data from the first six months of the current calendar year, and (b) The second report includes all the data from the entire previous calendar year. Submission deadlines will be announced in ARIES Policy Notices.
5. Comply with the policies and procedures outlined in ARIES Policy Notices issued by the CDPH/OA (see www.projectaries.org).

G. Client Service Provider/Subcontracted Agency Reporting Requirements

Comply with the State's timeline to submit to the State a list identifying the names and budget overview of all service provision and subcontracted agencies and total funds available to each Client Service Provider. OA's HIV Care Section will provide the required forms to complete the budget overview and all service provision information. These forms are located on the OA website. Please click on the link to access the current forms at [HCP Budget Forms](#)

H. QM Program

The Contractor shall:

1. Ensure that all client service providers have a QM program in place. The QM program should fit within the framework of the client service providers' other programmatic quality assurance and quality improvement activities. Client service providers may use an existing QM program (e.g., Joint Commission on Accreditation of Healthcare Organizations, Medicaid) or develop their own program. Client service providers who develop their own program should refer to the nine steps in HAB's *QM Technical Assistance Manual* for program formation. (www.hab.hrsa.gov/tools/qm).

**Exhibit A-1
HIV Care Program
Scope of Work**

2. Incorporate selected indicators from Groups 1 and 2 of HAB's HIV/AIDS Core Clinical Performance Measures for Adults and Adolescents (also known as HAB QM indicators) into QM programs as CDPH/OA implements selected HAB QM indicators as part of its QM and monitoring program. Specific indicators will be identified and released by OA Management Memorandum. Contractors and subcontracted agencies can monitor their progress in meeting HAB QM indicators for Groups 1 and 2 by using the Compliance Reports in ARIES as appropriate.

I. Data Encryption

The Contractor shall adhere to the Information Privacy and Security Requirements (Exhibit J). In addition to the procedures set forth in the Information Privacy and Security Requirements exhibit, Contractors must ensure that all mobile devices are equipped with encryption software, even if the Contractor or their subcontracted agencies do not store confidential information on the mobile devices.

**Exhibit A-2
Minority AIDS Initiative
Scope of Work**

1. MAI Services

MAI services must be targeted to HIV infected persons of color and must be planned and delivered in coordination with local HIV prevention outreach services to avoid duplication of effort. The goal of is to increase access to, and engagement in, HIV/AIDS medical care for HIV-positive persons of color. This is achieved by providing outreach and treatment education services to HIV-infected persons of color who have never been in care, or who have been lost to care. For additional MAI information, please refer to the *Fiscal Year 2010-2011 MAI Program and Budget Guidelines*.

In accordance with HRSA guidance, OA has defined two MAI service categories, (1) outreach and (2) treatment education. Outreach and treatment education are the only allowable service categories for MAI funding. These service categories are designed to meet the needs of persons of color in order to ensure that minority clients can access, engage in, and remain in care; receive help in adhering to treatment; and be provided with education and support that will enable them to become active participants in their own health care and improve their overall quality of life. MAI outreach and treatment education services are defined as follows:

Outreach – Those activities typically performed by an outreach worker that results in: (1) Identifying HIV-infected persons of color who know their status but have never been in care or who have been lost to HIV medical care; (2) Removing barriers that have prevented access to HIV medical care, and (3) Establishing engagement in HIV medical care. Outreach services should be conducted at times and in places where there is a high probability that individuals with HIV infection will be reached.

MAI outreach services do not include routine HIV counseling and testing or HIV prevention education. These services may be provided on a case-by-case basis for a specific MAI client only when the service is necessary to remove a barrier to care for that client.

Treatment Education - Providing health education, treatment adherence and risk reduction information to HIV-infected persons of color who know their HIV status but are not accessing medical care or to HIV-infected persons of color who are lost to care. Information includes educating clients living with HIV about how to communicate with medical providers, the importance of treatment adherence, how to manage medication side effects, how to understand their laboratory results, how to improve their health status, how to reduce HIV transmission, and identify medical and psychosocial support services and counseling that are available locally.

For designated county local health jurisdictions receiving additional HRSA funding specifically for MAI outreach and treatment education services to communities of color, the following services and standards must be adhered to:

**Exhibit A-2
Minority AIDS Initiative
Scope of Work**

1. The Contractor may provide direct client MAI services exclusively OR may subcontract all or part of the MAI outreach services. The Contractor must ensure that if all or part of the MAI client services are subcontracted to other service providers, all services provided by the subcontractor will be in accordance with the MAI funding and reporting requirements.
2. The Contractor may employ MAI outreach staff or support other activities to identify HIV-infected persons who are out-of-care or lost-to-care and gradually engage them in appropriate HIV care and treatment services. Target populations are those out-of-care, HIV-infected persons of color who have been unable or unwilling to access services for HIV, despite an awareness of their positive serostatus. As a member of the HIV care program team, the outreach staff person will take actions to reduce or eliminate any cultural or other barriers that prevent access to and/or continued engagement in HIV care services. The Contractor must meet specific parameters to support the needs of this project. The parameters include the Contractor's ability to do the following:
 - a. It is strongly recommended that MAI outreach staff be culturally and linguistically competent "street-level" workers who reflect the communities they serve. Highly recommended is experience in two or three of the following areas: street-based outreach, HIV counseling and testing, health education or HIV case management.
 - b. MAI outreach staff are to take actions to reduce or eliminate any cultural or other barriers that prevent access to and/or continued engagement in care and treatment services. This individual links and supports the client in accessing suitable HIV care and treatment services.
 - c. In lieu of outreach positions, MAI funds can also support outreach/treatment education activities or interventions for HIV-infected persons of color, as determined at the local level and approved by OA.
 - d. Commit to submitting data in an accurate and timely fashion, including committing to full participation in any evaluation or research component.
 - e. Be able to commit the MAI outreach worker to participate in ongoing staff trainings including but not limited to, attendance at various state-mandated meetings, trainings, Webex/teleconferences or conferences as required.

**Exhibit A-2
Minority AIDS Initiative
Scope of Work**

A. The Contractor shall:

1. Provide services that identify and engage HIV-infected individuals who know their HIV status but are not accessing medical care, to reach out to people who are HIV-infected but unaware of their HIV status, and/or to locate and reestablish access for HIV-infected persons who have been lost to care.
2. Work with existing community resources and entities that serve as key points of entry into medical care, including but not limited to emergency rooms, substance abuse treatment programs, TCMP for those individuals released from state correctional institutions, detoxification centers, adult and juvenile detention facilities, STD clinics, HIV counseling and testing sites, mental health programs, homeless shelters, Federal Qualified Health Centers, etc. to coordinate and integrate HIV care service delivery.
3. Ensure that MAI outreach and treatment education services are planned and delivered in coordination with local HIV prevention outreach programs and other HIV services providers to avoid duplication of effort.
4. Ensure that services are responsive to the needs of the clients in the service area, are sensitive to linguistic, ethnic, and cultural differences of the population(s) being served, and that services are linguistically and culturally appropriate. Services may not be denied due to immigration status, place of residence within California, current or prior health condition, or inability to pay.
5. Ensure that PS is offered on a routine basis to all HIV-positive clients. Clients should be made aware that receiving assistance in the referral of partners is voluntary and will be offered periodically.
6. Ensure that MAI planning efforts are coordinated with all other local funding streams for HIV/AIDS to ensure that Ryan White HIV/AIDS program funds are the payer of last resort, maximize education and outreach efforts to link individuals to ADAP and other appropriate program, and reduce any duplication.
7. Ensure that client eligibility and service provision under this contract are in accordance with the CDPH/OA's *MAI Program and Budget Guidelines* for Fiscal Year 2010-2011.
8. Ensure that MAI clients have access to, and are enrolled in, ADAP, Medi-Cal, or other appropriate program providing HIV medications.

**Exhibit A-2

Scope of Work**

9. Ensure HIV care services will be provided in a setting that is accessible to low-income individuals with HIV disease. Facilities must also be accessible for hearing-, vision-, and mobility-impaired persons in accordance with the federal ADA.
10. Ensure the protection of the client's privacy and confidentiality at all times. In addition, federal law requires that individuals have a right of access, to inspect, and obtain a copy of their PHI in a designated record set, for as long as the health information is maintained by a CDPH health plan, CDPH providers, or business associates. There are limited exceptions to an individual's right of access PHI (45 C.F.R. s 164.524).
11. Ensure that any subcontractors have the organizational and administrative capabilities to support the program services and activities. The Contractor is responsible for quality assurance and utilization review activities for subcontracted MAI services.
12. Ensure that any subcontractors have appropriate facilities and resources, including an adequate physical plant and appropriate supplies and equipment available for the provision of services and practical support functions.
13. Ensure that all service providers have a QM program in place. The QM activities should fit within the framework of the Contractor's or subcontractor's other programmatic quality assurance and quality improvement activities. Contractors and subcontractors may use an existing QM program or develop their own program. Those who develop their own program should refer to the nine steps in HAB's *QM Technical Assistance Manual* (www.hab.hrsa.gov/tools/qm). It is strongly recommended that HAB Group 1, 2, and 3 indicators be incorporated into QM programs because CDPH/OA is planning to track selected HAB QM indicators as part of its QM program.
14. Ensure that no more than ten percent (10%) of the allocation is used for non-direct service functions such as:
 - a. Routine contract administration and monitoring activities, including the preparation of applications for these funds, the receipt and disbursement of program funds, the development and establishment of reimbursement and accounting systems, the preparation of routine programmatic and financial reports, and compliance with contract conditions and audit requirements;

16. Ensure that service providers who provide Medi-Cal reimbursable services are certified as providers for purposes of Medi-Cal billing (see www.medi-cal.ca.gov) and have the ability to bill other third-party payers for covered services.
17. Ensure that funds are payer of last resort by ensuring that service providers bill all other third party payers, including Medi-Cal, before invoicing MAI.
18. Ensure that funds are not utilized to make payments for any item or service to the extent that payment has been made, or can reasonably be expected to be made, with respect to that item or service:
 - a. Under any State compensation program, under an insurance policy, or under any Federal or State health benefits program; or
 - b. By an entity that provides health services on a prepaid basis.
19. Ensure that funds are not used to:
 - a. Purchase or improve any building or other facility, with the exception of minor repairs or remodeling approved in writing by the State;
 - b. Pay for automobile parts, repairs, or maintenance, pet care or supplies, funeral expenses, etc. (see www.hab.hrsa.gov); or

 - c. In the case of individuals with an income between the FPG in Columns A and B (see table below), the provider will not, for any calendar year, impose charges exceeding the percentage in Column C of the client's annual gross income:

Column A: Client's income is greater than	Column B: Client's income does not exceed	Column C: Charges are not to exceed
100% of FPG	200% of FPG	5% of the client's annual gross income

SECTION 1: HIV Testing (with/without counseling) Services

The Contractor shall administer HIV testing by providing anonymous and/or confidential (with or without counseling) HIV testing services to Californians with perceived risk for HIV. Both anonymous and confidential HIV testing services may (or may not) provide client-focused prevention counseling and assessment of client needs regarding HIV transmission, personal risk behaviors, risk-reduction planning, and referral to other services.

At a minimum, individuals seeking testing services shall be informed about the validity and accuracy of the antibody test before consent to test is performed. Furthermore, all individuals who are tested at CDPH/OA-funded sites shall be given the results of this test in person. Risk information collected during the client assessment and the counseling session (if applicable) will be used as a basis for data collection and program development.

As in the past, CDPH/OA encourages LHJs to continue providing testing services to populations at highest risk for HIV infection. LHJs should continue to prioritize testing in clinics/venues where high-risk clients access services. If the program is offering counseling, high-risk clients should be offered a 20 minute counseling session. High-risk negatives should receive appropriate referrals to other prevention services, multi-session groups and other appropriate social and support services.

When a client has an HIV-positive test result then the client should be given as much time as needed for the results disclosure session and a Counselor Information Form (CIF) would need to be completed for this encounter.

A. Client Services to be performed

1. Contractor shall provide testing services to clients in accordance with this agreement and as defined in the HIV Testing Guidelines and OraQuick Rapid HIV Testing Guidelines.
2. Client records relating to any program activity or services executed under this agreement containing personally identifying information which was developed or acquired by the Contractor shall be confidential and shall not be disclosed, except as otherwise provided by law for public health purposes or pursuant to a written authorization by the person who is the subject of the record or by his or her guardian conservator.
3. Agencies must comply with all applicable Federal and State laws.
4. Contractor shall obtain informed consent from clients served under this contract to verify consent given by the client. Informed consent is required by statute.
5. Contractor shall provide HIV test result disclosure in person.
6. Contractor shall subcontract with qualified agencies for services provided under this contract to the client as part of this agreement.

Scope of Work
July 1, 2010 – June 30, 2013

7. Testing sites shall provide laboratory testing services from a CDPH/OA approved laboratory or via Clinical Laboratory Improvement Amendments (CLIA)-waived rapid testing in accordance with all laws, regulations and guidelines. The testing process shall consist of a Food and Drug Administration (FDA) approved screening procedure (e.g., enzyme-linked immunosorbent assay [ELISA], OraQuick Advance). Initially reactive and indeterminate ELISA results shall be repeated according to established testing protocols. Repeatedly reactive ELISA, preliminary positive OraQuick or indeterminate results are to be confirmed by an FDA approved HIV antibody supplemental test (e.g., Immunofluorescent Assay or Western Blot.)
8. LHJs that have operational blood and plasma facilities, such as blood banks, shall ensure continued reasonable access to anonymous HIV testing through Alternative Test Sites (ATS). HIV testing services shall be free of charge at an ATS. Voluntary, non-coercive anonymous donations may be accepted. Other than at an ATS, testing may be conducted on an anonymous or confidential basis and co-payments of up to \$15.00 and/or donations may be accepted. Funds collected must remain in the HIV testing program.
9. The contractor shall ensure that all HIV counseling interventions are provided by staff who have successfully completed the OA HIV counselor training according to current OA HIV Counselor Training Program Guidelines.
10. HIV Counseling & Testing information such as Client Assessment Questionnaires, CIFs, invoices, etc. must be retained by the Contractor for three years in addition to the current year.

B. Program Description and Other Requirements

The Contractor shall provide required program descriptions in a manner specified by CDPH/OA. The contractor will develop a comprehensive, written protocol for the provision of the following testing services. Where multiple testing sites exist within one jurisdiction, the written protocol must address operational differences that may occur from site to site (e.g., HIV clinic, sexually transmitted disease clinic, and off-site testing clinics, etc.).

1. If the contractor is providing rapid HIV testing services, a written Quality Assurance Plan and site-specific testing protocols will be developed and maintained.
2. The contractor must maintain a referral list with contact information. The referral list must be updated annually.

The contractor shall set up and maintain CDPH/OA's Local Evaluation Online (LEO) process monitoring system for all testing activities.

1. Activities will be documented by:
 - a. Completing the appropriate CDPH/OA LEO data forms;
 - b. Entering initial client data into the LEO system within 30 days of each client encounter; and
 - c. Completing and closing each client record within three months of the initial client encounter.

SECTION 2: HCV Testing

The Contractor can integrate HIV and HCV testing services to increase the number of injection drug users (IDUs) and men who have sex with men (MSMs) who receive HIV testing services and learn their HIV status by offering HCV screening in coordination with HIV testing. CDPH/OA will allow IDU and MSM clients to test only for HCV if they choose not to take an HIV test.

SECTION 3: PwP in Care and non-Care settings

CDC-DEBI and non-DEBI intervention services may be provided to clients in care and non-care settings. PwP encompasses interventions that assess risk for HIV transmission, support behavioral change, and assist HIV-infected clients in developing risk reduction plans. PwP can be implemented as an individual intervention or can focus on couples, group, or community-based approaches. Interventions delivered in clinic settings can be reinforced by incorporating complementary interventions in community or home settings. The emphasis in recent years on PwP in both care and non-care settings has resulted in the availability of tested, science-based interventions with demonstrated evidence of effectiveness in reducing HIV transmission risk.

SECTION 4: CDC-DEBI and non-DEBI Behavioral Interventions

A. Client Services to be performed

1. Contractor shall provide Health Education/Risk Reduction (HE/RR) services to clients in accordance with this agreement and as defined in the Education and Prevention 2007-2010 Program Guidance (with the exception of the training requirements for behavioral interventions, which are no longer required).
2. HE/RR activities may include:
 - a. Targeted prevention activities for high-risk HIV-negative and HIV-positive persons (TPA);
 - b. Individual level interventions (ILI);
 - c. Group level interventions (GLI);
 - d. Comprehensive Risk Counseling and Services (CRCS) for individuals with multiple health needs;
 - e. Health Communication/Public Information (HC/PI) programs for at-risk behavioral risk groups (BRGs). Note: HC/PI activities must be pre-approved by OA.
3. All selected activities will be targeted to LHJ prioritized BRGs most likely to become infected with or transmit HIV disease. Recent epidemiological data, needs assessments, gap analyses, community input and/or other relevant information will be used in selecting BRGs.

B. Program Description and Other Requirements

1. CDPH/OA's LEO process monitoring system will be set up for all selected activities, including entering BRGs, anticipated numbers to be reached, and estimated dollar amounts dedicated to each BRG within each activity.
2. Activities will be documented by:

Exhibit A
Scope of Work
July 1, 2010 – June 30, 2013

- a. Completing the appropriate CDPH/OA LEO data forms; and
- b. Entering data into the LEO system within 30 days of each client encounter. Optimally, enter data into the LEO system within one week of each client encounter.

SECTION 5: SEPs where authorized

Syringe Exchange services constitute an additional allowable service category as of Fiscal Year 2010 due to recent change in federal law. In December 2009, President Obama signed legislation which lifted the federal ban on the use of federal funds to support syringe exchange. California LHJs may now use allocated HIV Prevention funding to support syringe exchange and satellite syringe exchange activities where authorized by either the county or city government. SEPs which operate under city authorization alone may be funded to operate within city limits with CDPH/OA HIV Prevention Funds.

Data collection should not be a barrier to LHJs funding locally authorized programs. OA has several options available to help both LHJs and SEPs track their services in a way which provides valuable feedback for programs. Contact Alessandra Ross, Injection Drug Use Specialist, at Alessandra.Ross@cdph.ca.gov for more information.

SECTION 6: Services for African Americans

LHJs receiving OA prevention funding will be **required to certify in the first progress report** (without providing documentation) that they spend prevention allocation dollars on prevention interventions focused on African Americans in proportion greater or equal to two times the proportion of living African American male HIV/AIDS cases in their jurisdiction. LHJs may request a waiver from OA. The waiver request should be no more than two pages and must include a narrative that addresses the means by which the LHJ plans to programmatically fulfill the intent of this requirement, including the data used to support this funding decision. Waiver requests must be submitted to Sandy Simms, Chief, Program Operations Section, at Sandy.Simms@cdph.ca.gov.

SECTION 7: Partner Services

1. CDPH/OA places a high value on increasing access to PS for individuals diagnosed with HIV infection, and their sexual and needle-sharing partners. LHJs receiving a PS allocation must use those funds specifically for PS. Testing staff will refer clients diagnosed with HIV infection to Disease Intervention Specialists (DIS)/PS staff. Some testing and other prevention services staff may also be cross-trained in PS activities, in which case PS activities may be done on-site by these trained staff members.
2. Data Collection/Data Entry: A referral to PS is to be documented on both the CIF and the HE/RR forms and the data entered into LEO. In the circumstance where testing staff have training and expertise to provide PS offer and elicitation, then the PS activities (including the type of disclosure [i.e., self-disclosure, dual disclosure, or anonymous third-party disclosure] and number of sex and needle-sharing partners to be notified will be documented on the CIF/HE/RR form. The CIF and HE/RR form data will be entered into LEO. Partner information elicited for dual and third-party notification will be documented on a Partner Information Form (PIF) and the data entered into LEO. PIFs must be entered within one business day of the original client encounter.
