3. Approve the Possession & Use Agreement between the County of Riverside and the Riverside County Transportation Commission for the right to possess and use the real property, identified as Assessor Parcel Numbers 215-120-006, 215-310-006, & 215-132-001 through -008.

BACKGROUND:

The Riverside County Transportation Commission (RCTC) is the lead agency on a multitude of highway improvement projects in Riverside County, including the SR-91 HOV project, which is intended to add high occupancy vehicle (HOV) lanes to Highway 91 from Adams Street to the 60/91/215 interchange, in both directions. The project will also improve ramps, bridges and freeway access, and it will close a six mile HOV gap. Included in this project is replacement of the westbound 9th Street onramp in downtown Riverside with a new westbound onramp at 10th Street that would cut through the existing County employee parking lots situated across Lime Street from the County Administrative Center.

The onramp relocation would necessitate temporary closure of portions of the County employee parking lots for varying time intervals as RCTC's contractors completely rebuild the redesigned parking lots. The lots currently provide parking stalls for 336 vehicles. The project would be phased in three stages; during which the number of available stalls would never dip below 200. At the end of the project, the redesigned parking lot would contain 362 parking stalls. The anticipated duration of the project is 18 months. RCTC shall provide for replacement parking and transportation, if necessary, to the reasonable satisfaction of the County, on an interim basis.

Pursuant to Government Code Section 25365, the County may convey or exchange interests in real property belonging to the County to another public agency, upon the terms and conditions as are agreed upon and without complying with any other provisions of the Government Code, if the property or interest therein is not required for County use.

On December 16, 2010, RCTC presented a revised offer to the County of Riverside to purchase various fee and easement interests, along with temporary construction easements. The amount of the offer is \$1,702,000.00. In addition, the County will bear no expense in reconstruction of the parking lots. At the end of the construction period, RCTC will arrange for the State of California to convey fee simple title to that portion of the existing 9th Street onramp that will no longer be required for use by commuters. This land has been appraised at \$464,500.00.

The County intends to convey to the Riverside County Transportation Commission District, by Grant Deed, Easement Deeds and Temporary Construction Easement Deed, fee, easement and temporary construction easement interests in real property located in the City of Riverside, located east of Lime Street & west of Highway 91, Between 9th & 12th Streets in the City of Riverside, California, consisting of portions of Assessor's Parcel No. 215-310-006, 215-132-001 through 008 & 215-120-006 as depicted on Exhibit A (aerial image) and more particularly described in Exhibit B-1, B-2, C-1, C-2, D-1, D-2, E-1 and E-2, legal descriptions and depictions, attached to Resolution Number 2011-021.

(Continued)

BACKGROUND: (Continued)

Real Estate Division staff labor, County Counsel review and TLMA Survey Review costs will be withheld from the escrow process. The estimated costs are \$150,000. The remainder of the proceeds will be directed to the general fund.

In the interim, in order for RCTC to obtain Caltrans right of way certification, staff recommends that County enter into the Possession & Use Agreement ("Agreement"), which will protect the project funding and enable construction bidding to begin while the property acquisition details are finalized. RCTC does possess the power to acquire real property by condemnation; however, this acquisition is proceeding as a voluntary transaction. Some of these terms and conditions contained within the Possession and Use Agreement are in the event that the parties cannot reach an agreement within 180 days of the execution thereof. This Possession & Use Agreement grants an irrevocable right to RCTC to possess and use the described real property, waives notice required by Code of Civil Procedure Section 1240.235 and not challenge RCTC's right to take such property in an eminent domain action to further its SR-91 HOV project. It is anticipated that the parties will conclude the negotiations and the purchase and sale of the real property will be completed voluntarily.

This resolution has been reviewed and approved by County Counsel as to legal form.

ALSO, TOGETHER with non-exclusive right of access to the aerial easement hereinabove described for the purpose of inspection, maintaining, retrofitting and repairing said freeway structures and for inspecting the uses made of the land under the aerial easement by way of such roads or passageways as may now or hereafter exist on owner's remaining property; provided, however, that State's exercise of such right of access shall not unreasonably interfere with owner's use of such roads or passageways.

RESERVING unto owner, its successors and assigns, lessees and licensees all rights in and to the airspace at an elevation higher than a plane parallel with and 9 meters above the roadway surface of said freeway structure as originally constructed, provided, that the use of such space shall not interfere with the enjoyment, safety and compatibility of said aerial easement, provided further, that owner, its lessees and/or licensees shall first secure such encroachment permits as may be required by law, which permits shall not be unreasonably withheld. Encroachment permits issued to owner or its subsidiaries or affiliated companies, shall have designated across the face thereof "For Notice of Record Purposes Only"; provided however, that in case of any subsequent conveyance by owner, its subsidiaries or affiliated companies, such facilities and installations shall be subject to a standard encroachment permit.

ALSO RESERVING unto owner, its successors and assigns, the general right to use and enjoy the area of land under the aerial easement hereinabove described. The general right to use and enjoy said land by owner, its successors and assigns, shall however, be subject to the following limitations and conditions:

1. No use may be made of the area of land under the aerial easement hereinabove described which would impair the full use and safety of said freeway structure, or would otherwise interfere with the free flow of traffic thereon or would unreasonably impair the maintenance thereof.
2. No use may be made of the area of land under said aerial easement hereinabove described for the manufacture or storage of flammable, volatile, explosive or corrosive substances, and such substances shall not be brought onto said land except in such quantities as are normally required for the maintenance operations of occupants of said land and except as may be transported by rail or pipelines. Installation of any pipelines carrying volatile substances shall have the written approval of the State as to the safety and compatibility with freeway purposes and such discretion shall not be exercised in a capricious or arbitrary manner. The use of any such substances shall be in conformance with all applicable code requirements.
3. No hazardous or unreasonably objectionable smoke, fumes, vapors, dust or odors shall be permitted, which would adversely affect the use or maintenance of said freeway or the traveling public thereon.
4. No building of combustible construction shall hereafter be constructed on the area of land under the aerial easement hereinabove described. The State shall be given the opportunity to review and approve plans for any construction within said aerial easement area 60 days prior to said construction. No buildings, no permanent structures, and no advertising displays, may be constructed within 2.5 meters of the undersides nor within 4.5 meters (measured horizontally) of the sides of said freeway structure without the express written approval of the State. The State shall have the discretion to determine whether such proposed construction will be inimical to or incompatible with the full enjoyment of the public rights in the freeway or against the public interest, but such discretion shall not be exercised in a capricious or arbitrary manner.

EXCEPTING AND RESERVING THEREFROM all oil, oil rights, minerals, mineral rights, natural gas, natural gas rights, and other hydrocarbons by whatsoever name known that may be within the area of land hereinabove described, together with the perpetual right of drilling, mining, exploring and operating therefor and removing the same from said land or any other land, including the right to whipstock or directionally drill and mine from lands other than the area of land hereinabove described, oil or gas wells, tunnels and shafts into, through or across the subsurface of said land, and to bottom such whipstocked or directionally drilled wells, tunnels and shafts under and beneath or beyond the exterior limits thereof, and to redrill, retunnel, equip, maintain, repair, deepen and operate any such wells, or mines, without, however, the right to drill, mine, explore and operate through the surface or the upper 30.5 meters of the subsurface of said land or otherwise in such manner as to endanger the safety of any highway that may be constructed on said land.

Those portions of Block 10, Range 3, and Eleventh Street, Map of the Town of Riverside, in the City of Riverside, County of Riverside, State of California, as per Map on file in Book 7, page 17 of Maps, Records of San Bernardino County, more particularly described as follows:

BEGINNING at a point on the southwesterly line of said Block 10, Range 3, said point being distant South $60^{\circ}15'55''$ East, 231.86 feet from the westerly corner of said Block 10, Range 3; thence South $3^{\circ}40'14''$ West, 29.48 feet; thence South $5^{\circ}30'39''$ West, 7.15 feet to a line parallel with and 33.00 feet southwesterly measured at right angles from said southwesterly line of said Block 10, Range 3, said parallel line also being the centerline of said Eleventh Street; thence along said parallel line, North $60^{\circ}15'55''$ West, 21.24 feet; thence North $10^{\circ}00'02''$ East, 73.59 feet; thence North $0^{\circ}14'57''$ West, 30.05 feet; thence North $89^{\circ}43'37''$ East, 12.53 feet to the beginning of a non-tangent curve concave westerly having a radius of 2166.50 feet, a radial line bears South $88^{\circ}08'21''$ East; thence southerly along said curve through a central angle of $0^{\circ}48'38''$ an arc distance of 30.65 feet; thence South $3^{\circ}40'14''$ West, 46.04 feet to the **POINT OF BEGINNING**.

The bearings and distances used in the above description are based on the California Coordinate System of 1983, Zone 6. Divide distances shown by 0.9999727 to obtain ground level distances.

ALSO, TOGETHER with non-exclusive right of access to the aerial easement hereinabove described for the purpose of inspection, maintaining, retrofitting and repairing said freeway structures and for inspecting the uses made of the land under the aerial easement by way of such roads or passageways as may now or hereafter exist on owner's remaining property; provided, however, that State's exercise of such right of access shall not unreasonably interfere with owner's use of such roads or passageways.

RESERVING unto owner, its successors and assigns, lessees and licensees all rights in and to the airspace at an elevation higher than a plane parallel with and 9 meters above the roadway surface of said freeway structure as originally constructed, provided, that the use of such space shall not interfere with the enjoyment, safety and compatibility of said aerial easement, provided further, that owner, its lessees and/or licensees shall first secure such encroachment permits as may be required by law, which permits shall not be unreasonably withheld. Encroachment permits issued to owner or its subsidiaries or affiliated companies, shall have designated across the face thereof "For Notice of Record Purposes Only"; provided however, that in case of any subsequent conveyance by owner, its subsidiaries or affiliated companies, such facilities and installations shall be subject to a standard encroachment permit.

ALSO RESERVING unto owner, its successors and assigns, the general right to use and enjoy the area of land under the aerial easement hereinabove described. The general right to use and enjoy said land by owner, its successors and assigns, shall however, be subject to the following limitations and conditions:

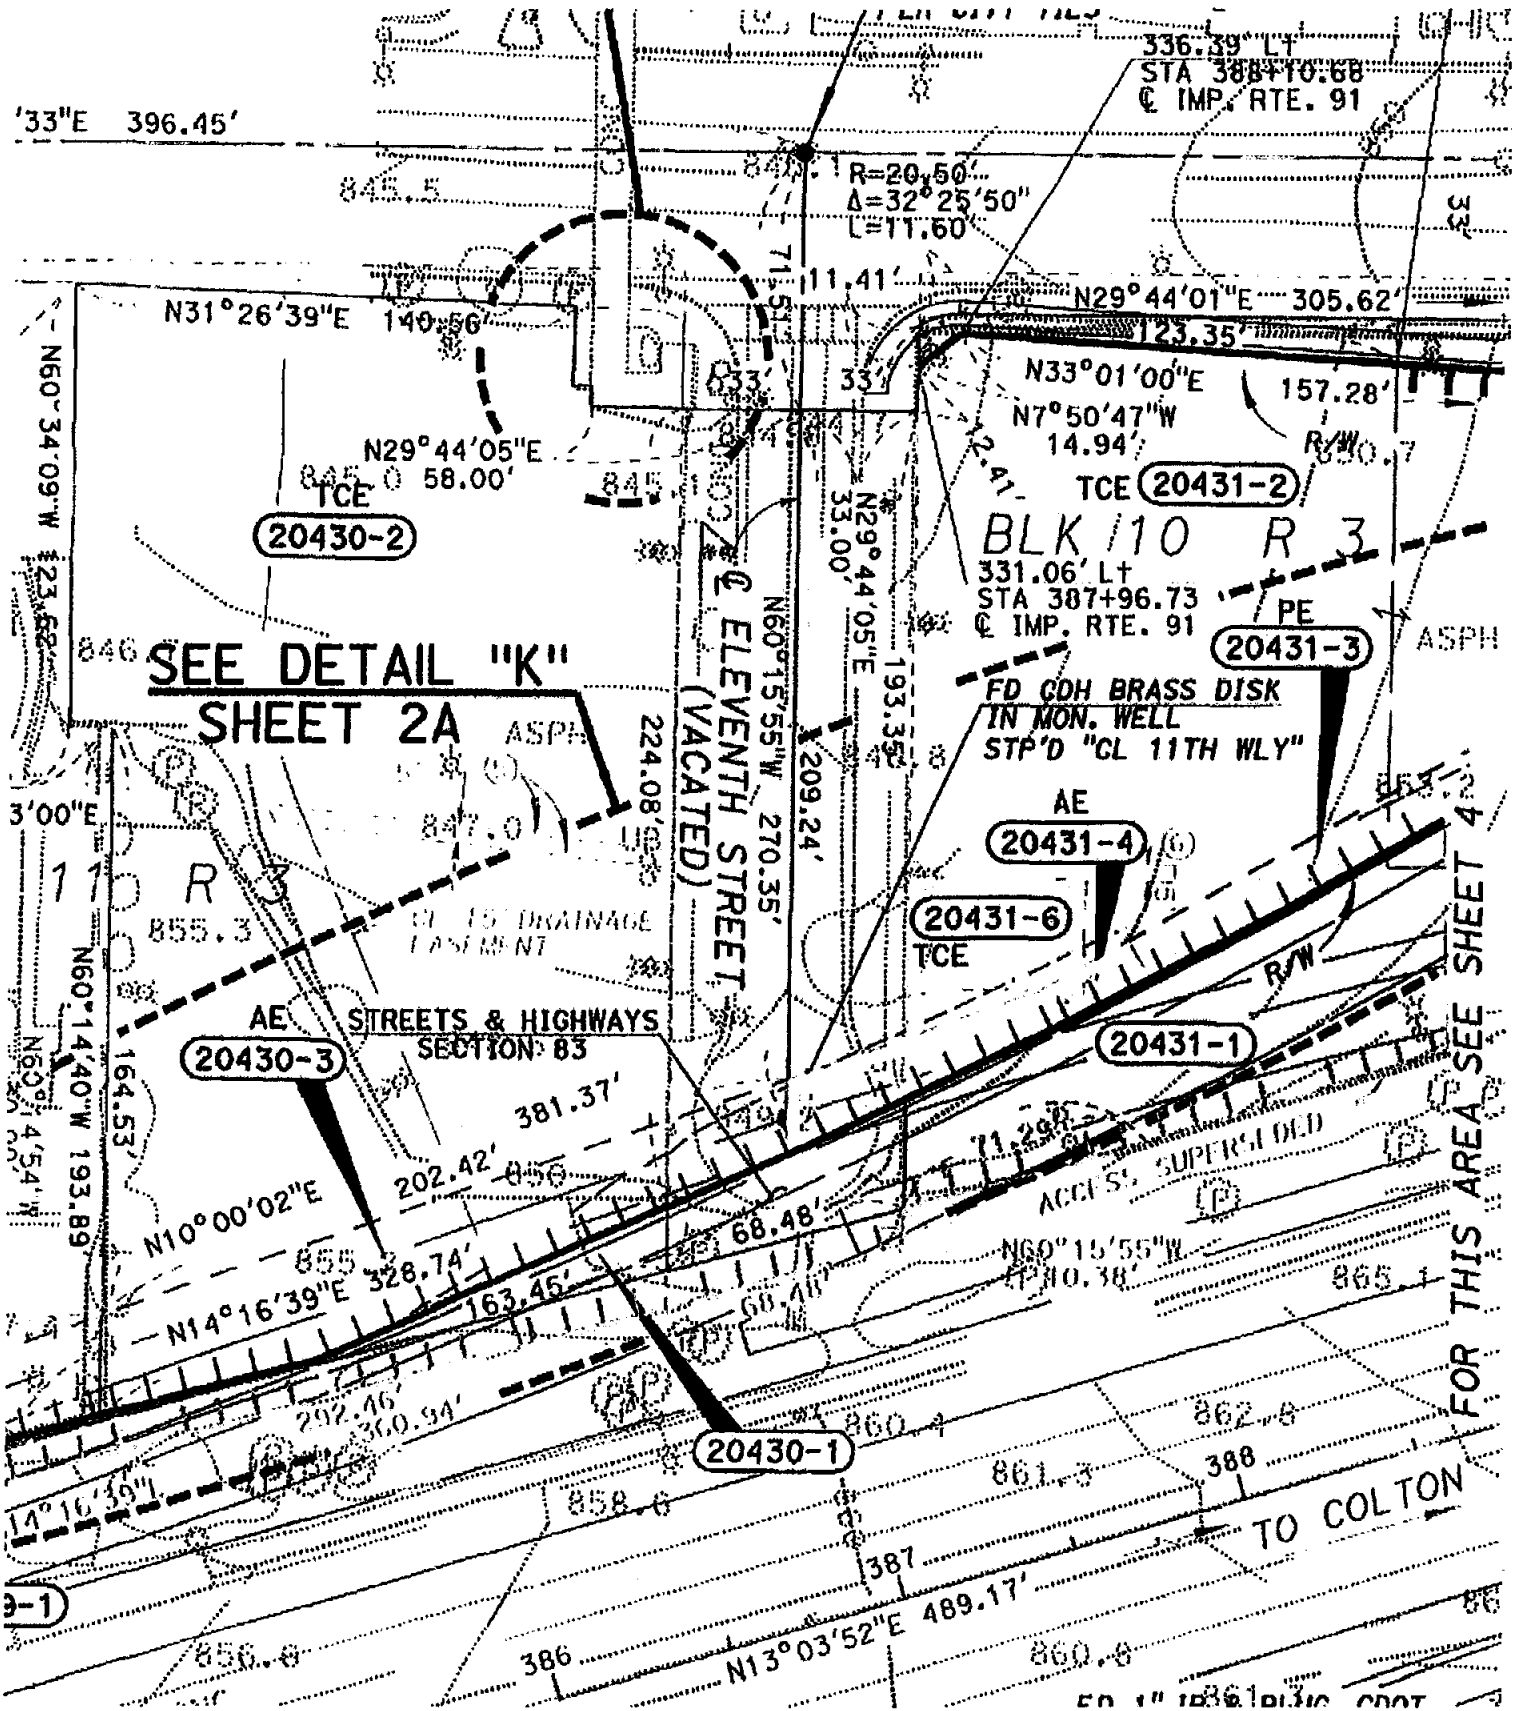

1. No use may be made of the area of land under the aerial easement hereinabove described which would impair the full use and safety of said freeway structure, or would otherwise interfere with the free flow of traffic thereon or would unreasonably impair the maintenance thereof.
2. No use may be made of the area of land under said aerial easement hereinabove described for the manufacture or storage of flammable, volatile, explosive or corrosive substances, and such substances shall not be brought onto said land except in such quantities as are normally required for the maintenance operations of occupants of said land and except as may be transported by rail or pipelines. Installation of any pipelines carrying volatile substances shall have the written approval of the State as to the safety and compatibility with freeway purposes and such discretion shall not be exercised in a capricious or arbitrary manner. The use of any such substances shall be in conformance with all applicable code requirements.
3. No hazardous or unreasonably objectionable smoke, fumes, vapors, dust or odors shall be permitted, which would adversely affect the use or maintenance of said freeway or the traveling public thereon.
4. No building of combustible construction shall hereafter be constructed on the area of land under the aerial easement hereinabove described. The State shall be given the opportunity to review and approve plans for any construction within said aerial easement area 60 days prior to said construction. No buildings, no permanent structures, and no advertising displays, may be constructed within 2.5 meters of the undersides nor within 4.5 meters (measured horizontally) of the sides of said freeway structure without the express written approval of the State. The State shall have the discretion to determine whether such proposed construction will be inimical to or incompatible with the full enjoyment of the public rights in the freeway or against the public interest, but such discretion shall not be exercised in a capricious or arbitrary manner.

EXCEPTING AND RESERVING THEREFROM all oil, oil rights, minerals, mineral rights, natural gas, natural gas rights, and other hydrocarbons by whatsoever name known that may be within the area of land hereinabove described, together with the perpetual right of drilling, mining, exploring and operating therefor and removing the same from said land or any other land, including the right to whipstock or directionally drill and mine from lands other than the area of land hereinabove described, oil or gas wells, tunnels and shafts into, through or across the subsurface of said land, and to bottom such whipstocked or directionally drilled wells, tunnels and shafts under and beneath or beyond the exterior limits thereof, and to re-drill, re-tunnel, equip, maintain, repair, deepen and operate any such wells, or mines, without, however, the right to drill, mine, explore and operate through the surface or the upper 30.5 meters of the subsurface of said land or otherwise in such manner as to endanger the safety of any highway that may be constructed on said land.

**AGREEMENT
FOR POSSESSION AND USE**

This AGREEMENT FOR POSSESSION AND USE ("Agreement") is made this _____ day of _____, 2011, by the **RIVERSIDE COUNTY TRANSPORTATION COMMISSION, a public agency of the State of California**, hereinafter referred to as "RCTC," and the COUNTY OF RIVERSIDE, a Political Subdivision of the State of California, hereinafter referred to as "Owner."

It is hereby agreed by and between the parties that the RCTC requires immediate possession of the Owner's real property to construct a State highway project. The Owner's property is legally described in attached Exhibit "A," and has been designated as Parcel 215-120-006, 215-132-001 through 008 and 215-310-006, hereinafter referred to as "Parcel." The Parcel is required for the purpose of constructing a portion of State Highway Route 91. The purpose of this Agreement is to allow RCTC to proceed with the construction of its State highway project without delay.

It is agreed by the parties that any delay in the start of construction of this project is contrary to the public interest. It is the intent of this agreement to offer fair-market compensation to the Owner for permission to enter the Parcel and construct the project. RCTC has made a firm written offer to pay the total sum of \$1,702,000.00 to the Owner and any other persons having an interest in the Parcel which is located in the County of Riverside, State of California.

In consideration of the sum to be paid to the Owner and any other consideration hereinafter set forth, RCTC and Owner agree as follows:

1. Owner hereby irrevocably grants to RCTC, its contractors, agents, and all others deemed necessary by RCTC, the irrevocable right to possession and use of the Parcel including the right to remove and dispose of improvements within the right of way. In consideration for this irrevocable grant of possession and use, RCTC will tender into escrow the sum of \$1,702,000.00. RCTC shall have the right to take possession of the Parcel on the date this sum is paid into escrow. Owner acknowledges that this sum represents the full amount of RCTC-approved appraisal of what is believed by RCTC to be just compensation owed for the acquisition of the Parcel. Owner waives any right to challenge RCTC's right to possess and use the Parcel in any subsequent eminent domain proceeding filed by RCTC.
2. This transaction will be handled through an escrow with Stewart Title their Escrow No. TBD. RCTC shall pay all escrow and recording fees incurred in

this transaction. Owner shall be entitled to an interim disbursement of the sum referred to in paragraph 1 less any amounts payable to any other person having an interest in the Parcel. Any unearned rents will be prorated in escrow and RCTC will be credited with any outstanding security deposits. Owner shall not be entitled to receive any proceeds until:

- a. all holders of liens and encumbrances on the Parcel have received full payment for all principal and interest due to them and have executed reconveyance of their interests in the Parcel;
- b. all other parties having interests in the Parcel have received payment therefor or have consented to a payment to Owner, and;
- c. RCTC has acknowledged in writing that it concurs that all other parties having interests in the Parcel have received full payment or have consented to Owner's withdrawal.

This escrow shall remain open until either a settlement is reached, this agreement is terminated or a final order of condemnation under Section 1268.030 of the California Code of Civil Procedure is entered by the court. Any sum disbursed to Owner from this escrow shall be deducted from the ultimate amount received by Owner as a result of any settlement, award or verdict of just compensation for the Parcel.

3. On and after the date of execution of this agreement, Owner shall not voluntarily assign, sell, encumber or otherwise transfer all or any portion of its interest in the Parcel, or the larger parcel of which the Parcel is a part, without first obtaining the written consent of RCTC.
4. Owner agrees to pay when due all taxes, including prorated taxes for the current year, and special assessments due on the date RCTC takes possession of the Parcel.
5. This agreement is made with the understanding that RCTC will continue to negotiate in good faith with Owner to acquire its interest in the Parcel by direct purchase. It is further understood that in the event a settlement is not reached within 180 days of the execution of this Agreement, such failure will be an acknowledgment that the negotiations to acquire the Parcel have proved futile. On this date, RCTC shall begin timely preparations for the filing of a complaint in eminent domain to acquire title to the Parcel. If RCTC begins proceedings in eminent domain, it is understood and agreed that this agreement shall continue in effect until either a settlement is reached or a final order of condemnation under Section 1268.030 of the California Code of Civil Procedure is entered by the court.
6. Section 1245.235 of the Code of Civil Procedure requires RCTC, RCTC's governing body, to give each person whose property is to be acquired by eminent domain notice and a reasonable opportunity to appear before the RCTC's governing body and be heard on the matters referred to in Section 1240.030 of the Code of Civil Procedure, which provides:

The power of eminent domain may be exercised to acquire property for a proposed project only if all of the following are established:

- (1) The public interest and necessity require the project.
 - (2) The project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury.
 - (3) The property sought to be acquired is necessary for the project.
 - (4) The offer required by Section 7267.2 of the Government Code has been made to the Owner or others of record. (If an offer has not been made, an appraisal will be prepared as soon as practicable and an offer made of the full amount of such appraisal.)
7. By granting this irrevocable right to possession and use of the parcels to RCTC, Owner agrees to the following: (1) Owner specifically waives the notice required by Code of Civil Procedure Section 1245.235 of the hearing of the matter referred to in Code of Civil Procedure Section 1240.030 and the adoption of the resolution of necessity by the RCTC's governing body authorizing the taking of the property described in Exhibit A; (2) Owner shall not object to the filing of an eminent domain proceeding to acquire the property described in Exhibit A; and (3) in any eminent domain action filed by RCTC to acquire the property described in Exhibit A, Owner shall not challenge RCTC's right to take such property, and the only issue shall be the amount of just compensation for the property.
8. Owner agrees that in the event the ultimate amount of any settlement, award, or verdict is less than the total of the sums paid to and withdrawn by Owner, the Owner shall refund the difference including interest to RCTC.
9. Owner expressly waives all claims and defenses in its favor in any subsequent eminent domain Proceeding Except a claim for greater compensation.
10. In the event proceedings in eminent domain are begun, the date of valuation for determining the amount of just compensation for the Parcel shall be the date on which RCTC files the complaint in said proceeding.
11. Compensation awarded in an eminent domain proceeding shall draw interest as prescribed at the apportionment rate calculated by the Controller as the rate of earnings by the Surplus Money Investment Fund for each six-month period. Owner shall be entitled to receive interest on any sum received as compensation for its interest in the Parcel, whether pursuant to this agreement, a subsequent settlement or court judgment, beginning on the date RCTC is authorized to take possession of the Parcel pursuant to this agreement and ending on the earliest of the following dates:
- a. the date the amount placed into escrow by RCTC is paid to the Owner;

- b. the date the amount is paid directly to the Owner, or;
 - c. the date the amount is deposited with the court as the award in a judgment in condemnation.
12. At any time after the commencement of the proceeding in eminent domain, RCTC reserves the right to abandon the proceeding in whole or in part.
 13. If any hazardous materials are present on the Parcel on the date RCTC takes possession of the Parcel, Owner shall be responsible for and bear the entire cost of all removal, disposal, cleanup and decontamination which may be required because of these hazardous materials. Owner shall further hold RCTC, its officers and employees harmless from all responsibility, liability and claims for damages to persons or property resulting from the existence or use of hazardous materials which are present on the Parcel on the date RCTC takes possession under this agreement.
 14. This agreement shall also extend to and bind the heirs, devisees, executors, administrators, legal representatives, successors and assigns of the parties.
 15. RCTC shall record a memorandum of this agreement.
