Code Enforcement uses this money for tire bins in conjunction with the community clean-ups, which have already been prescheduled. The in-kind requirement for the grant is already being expended by conducting the community clean-up program. Therefore, no additional general funds are being allocated for the in-kind requirement.

These funds allow our department to supplement the community clean-up events and use the monies to pay for bins that allow us to collect illegally dumped tires and tires collected by our citizen's in an effort to prevent future illegal dumping of these tires.

The Board's action today will allow for Code Enforcement to submit an updated resolution and continue to apply annually for the grants through calendar year 2015. Code Enforcement will return with any grant awards to the Board on an annual basis for approval to receive funding per Board Policy A-30.

1 **NOW, THEREFORE, BE IT RESOLVED** that the Riverside County Board of  
2 Supervisors authorizes the submittal of an application to the Department of Resources,  
3 Recycling and Recovery or CalRecycle for all available tire-related grants for the period  
4 of 2010 through 2015.

5  
6 **BE IT FURTHER RESOLVED** that the Director of the Riverside County Code  
7 Enforcement Department, or his designee, is hereby authorized to execute in the name of  
8 the County of Riverside the grant application and any documents supporting said  
9 application for the purpose of securing the grant funds.
