BACKGROUND (continued):

The adjustment allows a "pass through" for any changes to landfills including the Alternative Daily Cover (ADC) surcharge or transfer station fees, and a cost of living increase, based on Consumer Price Index for All Urban Consumers (CPI), for the balance of the rate. All non-disposal costs are adjusted by the CPI for the Los Angeles/Anaheim/Riverside Metropolitan Area, as published by the United States Department of Labor, Bureau of Labor Statistics. The proposed rates implement the adjustment methodology using a CPI of 1.3% for the twelve (12) month period January 2010 through December 2010.

PROPOSED ADJUSTMENT DETAILS

The proposed rate adjustments are as follows:

1. A 1.3% increase for all Franchise Areas (1-13), based on the CPI, as described above;
2. A new rate in the amount of \$25.00 for Franchise Areas 5, 6, 7 and 9 (within portions of the Board of Supervisors' Districts 1, 3 and 5, serviced by CR&R) for the setup of new residential, commercial and rolloff accounts. These services were provided for no charge in the past, provided at a rate that did not cover the cost, or is a new service. The \$25.00 amount would cover the costs of the provided service, including the account's initial setup, the initiation of billing, customer service, and the placement of containers.

SUMMARY

The approval of the proposed 1.3% increase would raise the typical residential rate in the Franchise Areas approximately \$0.01 to \$0.02 per month.

The new charge for the services described above would be assessed when the services are requested by the customer and would not result in an increase for the typical customer.

The detailed rate sheets will be provided to the Clerk of the Board upon completion of the final calculations no later than July 15, 2011.

FISCAL

The approval of this change will result in no cost to the County; implementation expenses are borne by the franchisee.
