- c. The payment of funds for the cost of the project is consistent with the Implementation Plan for the project area and is necessary to effectuate the purpose of the project area's Redevelopment Plan, which calls for construction of infrastructure improvements; and
2. Consent to the expenditure of redevelopment funds for the project.

BACKGROUND:

The Redevelopment Agency for the County of Riverside (RDA) and the Jurupa Community Services District (JCSD) identified a need to replace the waterline on 56th Street and Van Buren Boulevard in the Jurupa Valley Redevelopment Project Area. The project will improve public safety by providing improved fire flows and fire protection services.

The attached agreement between JCSD and the agency provides \$50,000 in Jurupa Valley Redevelopment Capital Improvement Project Funds for the construction of the project. County Counsel has approved the attached agreement and staff recommends that the Board make the aforementioned findings and approve the agreement to provide funding for the project.
