

SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

954

FROM: Riverside County Fire - OES

SUBMITTAL DATE:
June 2, 2011

SUBJECT: FY11 Emergency Operations Center (EOC) Grant Program

RECOMMENDED MOTION: Move that the Board of Supervisors:
Authorize County Fire – OES to apply for the EOC grant program up to \$1,000,000 for architectural design, planning and infrastructure.

BACKGROUND: The Department of Homeland Security (DHS) Fiscal Year (FY) 2011 Emergency Operations Center (EOC) Grant Program is intended to improve emergency management and preparedness capabilities by supporting flexible, sustainable, secure, strategically located, and fully interoperable EOCs with a focus on addressing identified deficiencies and needs. Fully capable emergency operations facilities at the State and local levels are an essential element of a comprehensive national emergency management system and are necessary to ensure continuity of operations and continuity of government in major disasters or emergencies caused by any hazard. DEPT: Riverside County Fire, OES

SUBJECT: FY11 Emergency Operations Center (EOC) Grant Program

BACKGROUND (Continued):

County Fire - OES would like to submit an application for this grant to utilize grant funds for the architectural design, planning, space needs and infrastructure of the Counties New EOC to be constructed at the Ben Clark Training Facility. The Board of Supervisors has directed that a new Emergency Operations Center (EOC) be one of the top Capital Improvement Projects for the county. Utilizing grants funds will allow the County to maximize our financial resources during these tough economic times.

This grant provides 75% funding for our initial phase of the EOC Design. The county would be responsible for providing the additional 25% for this phase. If awarded, this grant also requires the project to be completed within 36 months.

This is one of the only grants that provides funding for the design and construction of an emergency operations center.
