

**M E M O R A N D U M**  
RIVERSIDE COUNTY FLOOD CONTROL  
AND WATER CONSERVATION DISTRICT

**DATE:** June 6, 2011

**TO:** Kecia Harper-Ihem, Clerk of the Board

**FROM:** Stuart E. McKibbin, Chief of Regulatory Division 

**RE:** Prado Basin and Vicinity, Including Reach 9 and Stabilization  
of the Bluff Toe at Norco Bluffs Project

The Board is scheduled to approve the above project on June 14, 2011. The CEQA Notice of Determination (NOD) will need to be posted at the County Clerk-Recorder's office within five days of the Board's approval. It is our understanding that your office is responsible for ensuring that the NOD is posted following the Board's approval.

The County Clerk-Recorder's office requires that a total of \$64.00 in fees be paid before they will post the NOD. We are enclosing an Authorization to Bill Form for the County Clerk-Recorder in the amount of \$64.00. Please use this form to post the NOD at the Clerk-Recorder's office. Please note that your office must also send the Notice of Determination to the State Office of Planning and Research. However, the State does not require any fees to post documents.

When transmitting the NOD to the Clerk-Recorder's Office, please inform them that the California Department of Fish and Game Fees were previously paid when a NOD was posted on December 19, 2001 by the County of Orange for the same project. To demonstrate this to the Clerk-Recorder's Office, we are enclosing a copy of the previously filed NOD and the related Environmental Filing Fee Cash Receipt. Thus, a total of \$64.00 is required to post the NOD at this time.

If you have any questions regarding this matter, please contact me at 51233 or Jason Swenson at 58082. We would like to thank you in advance for your assistance in this matter.

Area Code/Telephone/Extension

**Project Location (include county):**

The proposed project is located upstream of Prado Basin along the Norco Bluffs, Prado Basin and Reach 9 of the Santa Ana River in the cities of Norco and Corona and the counties of Riverside and Orange, California.

**Project Description:**

The proposed project consists of flood control improvements to Prado Dam and vicinity that will be constructed by the U.S. Army Corps of Engineers (Corps). The District, as a CEQA responsible agency, will be acquiring right-of-way and approving construction within District right-of-way for this project. Pursuant to CEQA and NEPA, the County of Orange as the CEQA lead agency and the Corps as the NEPA lead agency certified the Final Supplemental Environmental Impact Statement/Environmental Impact Report (SEIS/EIR) for the Prado Basin and Vicinity, Including Reach 9 and Stabilization of the Bluff Toe at Norco Bluffs in December, 2001. The Corps also prepared a Supplemental Environmental Assessment (SEA)/CEQA Addendum to the SEIS/EIR in March 2011 to address minor technical project changes and demonstrate compliance with the Western Riverside County Multiple Species Habitat Conservation Plan for the Santa Ana River Flood Control Project Reach 9, Phase 2A Embankment. The District has reviewed the SEA/CEQA Addendum to the SEIS/EIR and has made the determination that none of the conditions described in Section 15162 of the CEQA Guidelines calling for the preparation of a subsequent EIR have occurred. The SEA/CEQA Addendum has been prepared pursuant to Section 15164 of the CEQA Guidelines.

This is to advise that the Riverside County Flood Control and Water Conservation District has considered the SEIS/EIR and \_\_\_\_\_ Lead Agency  X  Responsible Agency

approved the above described project on  June 14, 2011  and has made the following determinations regarding the above described project:

1. A Final Environmental Impact Report has been certified by the Lead Agency.
2. Pursuant to CEQA, the District considered and accepted the Addendum as adopted by the Corps.
3. The project will have a significant effect on the environment.
4. Mitigation Measures were made a condition of the approval of the project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the record of project approval is available to the General Public at:

The Office of Clerk of the Board, County Administrative Center, 4080 Lemon Street, Riverside, CA 92501
