Allocate Additional Funds for the Coachella Valley Rescue Mission Project in the City of Indio,
County of Riverside, California
June 16, 2011
Page 2

## **BACKGROUND:** (Continued)

The fencing is now needed to secure county owned property, minimize risk and improve public safety. The new fence will serve to keep both people and animals away from the county owned property and retention basin while providing access for maintenance of the property.

The following summarizes the funding that would be necessary to install a fence around APN: 603-050-011:

EDA Real Property Costs	\$10,000
Estimated Fence Costs	\$40,000
Total Estimated Costs	\$50,000

All costs associated with installing the fence will be fully funded through the Palm Desert Redevelopment Pass-Through Funds for FY 2010/11. Thus, no additional net county costs will be incurred as a result of this transaction.
