

**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

371

FROM: Executive Office

SUBMITTAL DATE:
June 23, 2011

SUBJECT: Authorization to issue Request for Proposal (RFP) for Comprehensive Operational Review (CORE) Assessment of Riverside County Landfills

RECOMMENDED MOTION: That the Board of Supervisors authorize the Executive Office to issue the RFP for Comprehensive Operational Review (CORE) Assessment of Riverside County Landfills.

BACKGROUND:

On June 7, 2011, the Riverside County Board of Supervisors awarded the Solid Waste System Study to HF&H. In concert with that action, the Riverside County Executive Office was requested to evaluate the County's landfill operational efficiencies through an independent third party audit, in an effort to identify additional cost savings initiatives. A third party, in-depth operational analysis would complement the overall system and regional study by HF&H, focusing the scope of work on equipment spreads, waste to cover ratios, density optimization, equipment replacement schedules and maintenance programs, etc.

- I. **Quantities:** The amount of work to be done or materials to be handled under the Contract as noted in the proposal are but estimates and are not to be taken as an expressed or implied statement that the actual amount of work or materials will correspond to the estimate. The County reserves the right to increase or decrease or to entirely eliminate certain items from the work or materials if found desirable or expedient. The Contractor will be allowed no claims for anticipated profits, loss of profits or for any damages of any sort because of any difference between the estimated and the actual amounts of work done, or materials furnished or used in the completed project.
- II. **Discrepancies and Omissions:** Discrepancies, omissions, ambiguities, or requirements likely to cause disputes shall be immediately brought to the attention of RCWMD. When appropriate, Addenda will be issued by RCWMD. No communication by anyone as to such matters except by an Addendum affects the meaning or requirements of the proposal. If at any time (before or after submittal of its bid) the Contractor is of the opinion that there is or may be a discrepancy or inconsistency in the plans, drawings, specifications or other Contract Documents, it shall immediately report this in writing to RCWMD and shall not proceed with any related work until ordered so to do.
- III. **Invalid Proposals:** Proposals submitted by fax or email and those which fail to reach the place fixed for opening of proposals prior to the date and hour set for opening will not be considered.
- IV. **Inspection of Site and Understanding of Contract Provisions:** Prior to submission of a bid, bidders must have examined the site and fully acquainted themselves with all conditions affecting the work. Information derived from maps, plans or specifications, or from RCWMD will not relieve the successful bidder from properly carrying out all the terms of the contract. By the submittal of a proposal, the bidder will be held to have personally examined the site and the drawings, to have carefully read all of the specifications and RFP, and to have satisfied himself as to his ability to meet all the difficulties attending the execution of the work. The bidder agrees that if he is awarded the contract he will make no claim against the County based on ignorance or misunderstanding of the contract provisions; and that the bidder fully understands the payment method for the work.
- V. **Qualifications of Bidders:** No proposal will be accepted from a Contractor who is not licensed under laws of California, as evidenced by the submittal of the Statement of Licensure. No award will be made to any bidder who cannot give satisfactory assurance to RCWMD as to his ability to carry out the contract, both from his financial standing and by reason of his previous experience as a Contractor on work of the nature contemplated in the Contract.
- VI. **Vendor Registration** – Unless stated elsewhere in this document, vendor must register online at www.Purchasing.co.riverside.ca.us with all current Vendor information, to be registered on the County's database.

- VIII. **Pricing/Terms/Tax** - All pricing shall be quoted both F.O.B. shipping destination, (e.g., cash terms less than 20 days should be considered net) excluding applicable tax. The County pays California Sales Tax and is exempt from Federal excise tax. In the event of an extension error, the unit price shall prevail.
- IX. **Period of Firm Pricing** - Unless stated otherwise elsewhere in this document, prices shall be firm for 120 days after the RFP closing date. If the County elects to do negotiations that require additional time, RCWMD may request bidder's prices be firm for an additional period of time to complete negotiations and award the contract.
- X. **Method of Award** – RCWMD reserves the right to reject any or all offers, to waive any discrepancy or technicality and to split or make the award in any manner determined by RCWMD to be most advantageous to RCWMD. RCWMD recognizes that prices are only one of several criteria to be used in judging an offer and that RCWMD is not legally bound to accept the lowest offer.
- XI. **Other Terms and Conditions** – The terms and conditions as indicated in this document and/or attached are hereby included with full force and like effect as if set forth herein. Copies of the applicable Terms and Conditions may be obtained by visiting the County's website at www.purchasing.co.riverside.ca.us or contact Riverside County Purchasing at the number shown above and request a copy to be faxed or mailed to you.

Contractor agrees to allow auditor(s) access to such records during normal business hours and allow interviews of any employees or others who might reasonably have information related to such records. Further, the Contractor agrees to include a similar right of the County, the State of California, or the Federal government to audit records and interview staff in any subcontract related to the performance of this contract.
- XIV. **Local Preference** - The County has adopted a local preference program for those bidders located within the County of Riverside. A five percent (5%) price preference may be applied to the total bid price during evaluation of the bid responses. To qualify as a local business, the business must have fixed offices within the geographical boundaries of Riverside County and must credit all sales taxes paid resulting from this RFQ/P to that Riverside County location. To qualify for local preference BIDDER must include a copy of a Riverside Business Tax Certificate that supports the local preference status and complete Form 116-260 Local Business Qualification Affidavit. 2 PURPOSE/BACKGROUND

In an effort to reduce costs, maximize landfill life, and improve the overall efficiency of the landfill system, on July 12, 2011 the Riverside County Board of Supervisors (BOS) directed the Riverside County Executive Office (EO) to procure the services of a consultant to perform a "Comprehensive Operational Review (CORE) Assessment" of Riverside County Landfills (EXHIBIT A).

As a public agency operating as an enterprise fund, the Riverside County Waste Management Department (Department) plans, designs, operates, inspects, maintains and monitors six active landfills and 32 inactive/closed landfills directly and one active landfill indirectly through a complex public-private agreement (for a total of 39). The basic purpose of a landfill is to receive, push, compact and cover waste efficiently and for a minimal cost. Additional diversion mandates and laws governing the processing of materials containing hazardous waste (MCHW) are also conducted at the landfill.

The County is inviting your firm (Consultant) to submit a proposal to perform an analysis of two representative landfills that reflect the customer service demands of a large and geographically diverse county. The locations and driving distances of the primary waste handling facilities (landfills and transfer stations) are as indicated in EXHIBIT B. Of those landfills, the Badlands and Blythe landfills have been selected for a detailed operational analysis.

Proposers are expected to understand California's solid waste permitting regulations and laws and have a thorough knowledge of landfill operations.

3 SCOPE OF SERVICE

3.1 TASK 1 – SITE OBSERVATION

Current operations are expected to be compared to other similar operations, using simple benchmarks (i.e., number of tons per day, equipment size, method of operation, cost per ton, types of machines, etc.). This "snapshot" look at the facility is expected to expose some obvious areas where improvement can be made.

Once a "snapshot" look at each facility has been completed, the focus will be on finding ways to improve the current operation in regard to efficiency, diversion, machine utilization and cost reduction.

A wide range of analytical tools is expected to be proposed, blending traditional time-motion studies with other techniques including six sigma and lean engineering. The primary goal is to review current performance and identify ways to improve those things that are working and correct those that are not. Some common analytical tools that may be used are Time Studies, Unit Changing, Time-Lapse Filming and/or Activity Sampling. Proposers will be expected to provide an analysis of the currently active landfills, including but not limited to:

- Staffing levels
- Equipment levels
- Fill to cover ratios
- Compaction densities
- Operating Hours
- Waste Inspection levels
- Safety levels

3.2 TASK 2 – OPERATIONAL ANALYSIS

During this task, the data obtained in TASK 1 will be evaluated, including the following components of the facility. The CORE assessment should be based on a detailed inspection of the various sub-activities related to waste handling at each site. The assessment is intended to be representative of the entire operation and is to include an evaluation of following tasks:

As the evaluation begins and information is compiled about the operation of each landfill, efforts must be prioritized on those areas of the operation that appear to have the greatest potential to increase customer service, save time, save money, increase diversion, or maximize landfill airspace. In order to determine these priorities, it is expected that a Sensitivity Analysis will be performed that can predict which items generate the highest results given a set of input parameters (whether it be operational, economical, or political).

The specific tasks that are to be studied in-depth include, but are not limited to, the following:

- Fee Collection and Transaction Management
- Equipment Spread & Productivity
- Equipment Maintenance Procedures
- Equipment Replacement Schedule
- Refuse Handling Procedures
- State Minimum Standards Compliance & BMP Procedures
- Landfill Hours

- Inactive and Closed Site Monitoring
- Adequacy of Staffing

3.3 TASK 3 – DRAFT REPORT

Once the evaluation of each landfill is complete, a draft report will be submitted for review and comment. Proposers should expect that the comments will address the feasibility and validity of findings from a practical, economical, and political standpoint. Then, based on comments/corrections received, a final report is to be prepared.

3.4 TASK 4 – FINAL REPORT

Based on the feedback received in TASK 3, a final report is to be prepared listing findings and presenting recommendations. The format of this report will be as follows:

- General Synopsis
- Specific Areas of Inefficiency within the Current Operation
- Specific Areas of Efficiency within the Current Operation
- Specific Recommendations to Improve the Operation
- Estimated Savings (in time or \$) that the Changes Would Produce
- Recommended Schedule/Procedure for Implementing the Proposed Changes

3.5 TASK 5 – FOLLOW-UP MEETINGS

The proposer should anticipate a minimum of three, one-day follow-up meetings for the purpose of presenting the findings of the above-listed tasks for County staff, regulatory staff, and the Board of Supervisors.

4 WORK PRODUCT

All work papers prepared in connection with the contractual services will remain the property of the successful bidder; however, all reports rendered to the County are the exclusive property of the County and subject to its use and control.

Attempts by the Contractor to contact any other County representative may result in disqualification of the Contractor. All evaluation material will be considered confidential and not released by the County. The County reserves the right to split or make the award that is most advantageous to the County.

It is anticipated that the County will utilize a selection committee, comprised of representatives from the

County's Executive Office, Environmental Health Department and Waste Management Department to evaluate all submittals. Prior to selecting a Consultant for this project, the selection committee may require an interview with one or more of the Consultants for the purposes of proposal clarification and additional information requests. In general, the proposal most responsive to the RFP's requirements will be selected.

12 INTERPRETATION OF RFP

The Contractor must make careful examination and understand all of the requirements, specifications, and conditions stated in the RFP. If any Contractor planning to submit a proposal finds discrepancies in or omissions from the RFP, or is in doubt as to the meaning, a written request for interpretation or correction must be given to the County. Any changes to the RFP will be made only by written addendum and will be posted on the Purchasing website at www.purchasing.co.riverside.ca.us. The County is not responsible for any other explanations or interpretations. If any provision in this agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions will nevertheless continue in full force without being impaired or invalidated in any way. All notices regarding this procurement may be posted on the County's purchasing website at www.purchasing.co.riverside.ca.us.

13 CONTRACTUAL DEVELOPMENT

If a proposal is accepted, the County will enter into a contractual agreement with the selected Contractor. A sample of the standard contract to be used for this project is attached as EXHIBIT C – Sample Agreement. If an agreement cannot be reached, negotiations with the second ranking Contractor shall commence.

All bidder(s) shall describe any exception or deviation from the requirements of the RFP. Each clarification, exception or deviation must be clearly identified. If your firm has no clarification, exception or deviation, a statement to that effect shall be included in this section. The following contractual (EXHIBIT C of this RFP) terms are non-negotiable:

All information submitted in the proposal becomes "public record" as defined by the State of California upon completion of the procurement process. If any proprietary information is contained in or attached to the proposal, it must be clearly identified by the Contractor; otherwise the Contractor agrees that any and all documents provided may be released to the public after contract award.

The procurement process may be canceled after opening, but prior to award if the County determines that cancellation is in the best interest of the County for reasons (but not limited to) such as:

- Inadequate, ambiguous, or otherwise deficient specifications that were cited in the RFP.
- The services are no longer required.
- Proposals received are at an unreasonable cost.
- Proposal did not independently arrive in open competition, were collusive, or were not submitted in

good faith.

- The County determines, after analysis of the proposals that its needs can be satisfied through a less expensive method.

The County reserves the right to amend or modify the project Scope of Services prior to the award of contract, as necessity may dictate, and to reject any and all proposals hereunder. This Request for Proposal does not commit the County to award a contract or to pay any costs incurred in the preparation of a proposal in response to this request. The County reserves the right to accept or reject any or all proposals received as a result of this request, to negotiate with any qualified source or to cancel in part or in its entirety this Request of Proposal if it is in the best interest of the County.

15 CONFIDENTIALITY AND PROPRIETARY DATA

All materials received relative to this RFP will be kept confidential, until such time an award is made or the RFP is canceled, at which time all materials received will be made available to the public.
