The terms and conditions of reimbursement shall be at

the sole discretion of the Commission. This provision is not terminated upon termination of this Contract.

13. RCCFC FISCAL REQUIREMENTS

A. Budget Adjustments

A budget adjustment is the transfer of funds from one approved categorical line item to another approved categorical line item. Individual transfers shall not exceed 10% of the approved destination categorical line item amount and in no case will cumulative transfers over the course of a fiscal year period exceed more than 10% of the total First 5 Riverside contract amount without written approval of the Executive Director, or designee. Written justification from the CONTRACTOR is required in the Program Progress Report submitted for the quarter in which the transfer is made and written notification of the transfer to the Commission's contract specialist from the CONTRACTOR is required during the month in which the transfer is made. Budget adjustments having a potential effect on the CONTRACTOR'S ability to comply with the SOW require prior approval from F5R staff. Budget adjustments will not change the total Contract amount and additional line items are **not** to be included. Failure of the Commission to discover or object to any unsatisfactory quarterly fiscal reports prior to payment will not constitute a waiver of the Commission's right to require CONTRACTOR to correct such quarterly reports. Budget Adjustments will be considered until June 30, 2012.

B. Budget Revisions

Budget revisions are requests to transfer more than 10% of the total contract amount and/or the addition of line items that were not previously approved. The Executive Director, or designee, will accept proposed budget revisions along with written justification from CONTRACTOR through March 31, 2012. The Executive Director, or designee, will respond to budget revisions within thirty (30) calendar days after receipt at the Commission office.

C. Amendments

Necessity for budget amendments to this Contract will be determined by the Executive Director, or designee, and may include, but are not limited to contract increases or decreases and significant changes to the Scope of Work (SOW). All budget amendments to the Contract shall require formal approval of the Executive Director acting on behalf of the Commission, as provided herein, before they are effective. Major budget amendments, as determined by the Executive Director, in consultation with Commission legal counsel, will require formal approval of the Commission. Contract budget amendments will be considered until March 31, 2012.

D. Cost Allocation

CONTRACTOR shall have or establish a cost allocation plan to identify prorated costs shared by multiple funding sources, including Proposition 10 funds. CONTRACTOR's Cost Allocation Plan must be approved by CONTRACTOR's appropriate governing body and submitted with the executed contract.

A Cost Allocation Plan (CAP) is defined as a written summarization that documents the methods and procedures that the CONTRACTOR will use to allocate costs between two or more programs or funding sources. The goal is to ensure that each program or funding

source bears its fair share, and only its fair share, of the total costs. The CONTRACTOR must have a method of identifying and distributing program costs that are comprehensive, well documented, and defensible under the Generally Accepted Accounting Principles (GAAP).

A written CAP is required if any of the conditions below are met:

- a. Funded staff members share their time between a First 5 Commission funded program and one or more other grant funded programs.
- b. A single-funded staff member shares their time between two or more First 5 Commission funded programs.
- c. The same facilities and/or resources are utilized by more than one funded program.

E. Overhead/Indirect Costs

1. Overhead/Indirect costs are defined as costs incurred for a common or joint purpose benefiting more than one cost objective and cannot be readily identified with a particular final cost objective. These costs do not provide a measurable, direct benefit to a particular program or activity, unlike direct costs. Indirect cost may include salaries, benefits and operating expenses. Capital expenses and subcontractor costs are **excluded**.
2. Indirect costs shall be based on the CONTRACTOR's official governing board approved Cost Allocation Plan or state/federal approved rate not to exceed 10%. These costs will be reviewed and approved on a case-by-case basis.
3. A pass through is defined as those instances where the CONTRACTOR forwards funds obtained from the Commission to a subcontractor and the Commission maintains no relationship or responsibility for the performance of the subcontractor. Proposition 10 funds shall not be used in a manner that will cause payment for indirect costs associated with the CONTRACTOR's funded program more than once. RCCFC will not pay for subcontractor indirect costs as part of CONTRACTOR budget.

F. Revenues Received

Any and all revenue received by the CONTRACTOR (except funds received from the Commission) to operate the program funded pursuant to this Contract shall be reported as revenue received within the monthly fiscal report. All such revenues shall be used to fully compensate expenses within the program funded and/or to provide additional services within the program funded pursuant to this Contract. Any unused revenues shall be deducted from Contract reimbursement, as authorized by the Commission.

G. Payroll Taxes

The Commission shall not be directly responsible for the payment of any taxes on the CONTRACTOR's behalf. In the event that the Commission is required to do so by state, federal or local taxing agencies, CONTRACTOR agrees to promptly reimburse the Commission for the full value of such paid taxes plus interest and penalty, if any. These taxes shall include, but are not limited to the following: FICA (Social Security), unemployment insurance contributions, income tax, disability insurance and workers' compensation insurance.

14. CONTRACTOR AUDIT REQUIREMENTS

- A. All CONTRACTORS are required to have an annual financial audit. Each CONTRACTOR shall provide a copy of their annual audited financial statements to the Commission

covering the fiscal year that funds are received for services provided pursuant to this Contract. The audit will cover the CONTRACTOR's fiscal year and will include a statement of internal controls over financial reporting. All audits shall be performed by either: (1) a Certified Public Accountant who possesses a valid license to practice within the State of California; (2) a Public Accountant currently certified and licensed by the State of California.

- B. CONTRACTORS who have a Single Audit completed, under the auspices of the Federal Office of Management and Budget (OMBA-133), in any given year will be required to have a Program Specific Audit completed under guidelines as stated under Government Auditing Standards. The Program Specific Audit will cover the CONTRACTOR's fiscal year and will include a statement of compliance.
- C. Audits are to be submitted to the Executive Director, or designee, within one hundred and eighty (180) calendar days after the close of the CONTRACTOR's fiscal year for every year covered under this Contract. Proposition 10 funds and expenditures must be identified separately within the financial audit. If an audit is not received on or before the required due date and an extension has not been granted, the audit shall be considered delinquent and immediate corrective action is required. If the CONTRACTOR fails to produce or submit an acceptable audit, the Commission has the authority to withhold funding, and if necessary, secure an Auditor, and the CONTRACTOR shall be liable for all Commission costs incurred in obtaining an independent audit. The cost of the audit will be applied against the Contract encumbered amount, thereby reducing the amount of funding available to the program.

15. INVENTORIAL EQUIPMENT/VEHICLES

- A. The title of vehicles or property derived from approved purchases funded by Proposition 10 funds shall be maintained by the CONTRACTOR for the uses and purposes provided; CONTRACTOR shall administer such property only for the purposes for which they were granted.
- B. Inventoriable equipment is items purchased with Proposition 10 funds that cost \$1,000 or more. The CONTRACTOR shall inventory and report any and all equipment purchases meeting this criterion, on the Commission Inventory Record Form. This record must accompany CONTRACTOR's final Quarterly Report submitted at the end of the Contract period. Applicable receipts must be maintained by the CONTRACTOR to validate expenditures and shall be made available as requested during the Commission Administrative Review visits. Ownership and documentation of vehicles shall be maintained by the CONTRACTOR. CONTRACTOR shall submit a copy of the Certificate of Title for vehicle ownership with the final Quarterly Reports. It is understood that the CONTRACTOR is liable for any/all liability and damages resulting from the use and/or misuse of equipment/vehicles purchased with Proposition 10 funds. Equipment/vehicles shall not be used for personal use by the CONTRACTOR, and/or their employees, agents, subcontractors and/or collaborating partners.

16. REVERSION OF ASSETS

Real or Personal Property Assets. Any real property or moveable or immovable personal property under CONTRACTOR's control or ownership that was acquired or improved in whole or in part with Proposition 10 funds disbursed under this Contract, or under any previous Contract between the Commission and CONTRACTOR, where the original cost exceeded one thousand dollars (\$1,000.00) shall either be, at the election of the Commission as determined by the Executive Director, or designee: (1) used by CONTRACTOR for the services described in Exhibit A for a period of five (5) years after termination or expiration of this Contract, unless a longer period is specified in Exhibit A; or (2) disposed of and proceeds paid to the Commission in a manner that results in the Commission being reimbursed in the amount of the current fair market value (assuming depreciation in accordance with customary business practices) of the real or personal property less any portion of the current value attributable to CONTRACTOR's out of pocket

expenditures using non-commission funds for acquisition of, or improvement to, such real or personal property and less any direct and reasonable costs of disposition.

- A. In furtherance of the foregoing, if the Commission selects continued use of the capital asset, as provided herein, the CONTRACTOR hereby agrees that it shall be subject to an ongoing operating and use covenant relating to the subject real or personal property. The foregoing covenant shall survive the termination or expiration of this Contract and shall be actionable at law or in equity by the Commission against CONTRACTOR and its successors in interest.
- B. In the event the Commission selects disposition of the subject real or personal property, the CONTRACTOR shall exercise due diligence to dispose of such property in conformity with applicable laws and regulations and in accordance with customary business practices. The net proceeds of such disposition shall be disbursed directly to and be payable to the Commission upon the close of the applicable disposition transaction, such as close of escrow for the sale of real property, transfer of a motor vehicle "Certificate of Title" in accordance with applicable California Vehicle Code requirements, or completion of sale of personal property by bill of sale in accordance with Uniform Commercial Code (UCC) requirements.

ATTACHMENT A: SCOPE OF WORK

Riverside County Department of Public Health – Injury Prevention Services
Strategy: Special Needs
Contract #1032 OP-12
July 1, 2011 – June 30, 2012

Riverside County Injury Prevention Services (RCIPS) will implement a countywide Child Safety Education Program (CSEP) focused on children with special needs. The program's goal is to prevent infant and childhood injuries and fatalities in the County of Riverside by providing families with resources, safety information and car seats that will empower them to create safe, nurturing environments for their children. RCIPS will deliver and coordinate the CSEP with collaborating agencies that provide existing services to children ages 0-5. These agencies will help identify and refer families to group and individual education workshops regarding child passenger safety.

In recognition of Child Passenger Safety Week, RCIPS will partner with agencies that serve children with special needs to promote the use of child safety seats and provide awareness to parents regarding the dangers of misuse.

Group Education

RCIPS staff will conduct a series of child safety education workshops to parents/caregivers of children with special needs at host agencies in the County. In addition, RCIPS will contact all partnering agencies and request to review and/or present to staff the CPS for Children with Special Needs Program process.

Child Passenger Safety (CPS)

Education and training on current child passenger safety laws and how to select, properly use and install various conventional types of car seats will be presented to parents/caregiver groups for children with special needs.

Individual Training/Education Regarding Car Seats for Children with Special Needs

Specialized car seats and or restraint systems will be distributed to children with special needs that are referred to RCIPS by their social worker, physician, physical therapist, nurse, parent or other family advocates.

A RCIPS Certified Car Seat Technician will conduct an assessment to determine which specialized car seat would most appropriately meet each child's medical, physical, behavioral and/or social needs. Each assessment is a multi-step process and requires approximately 3–4 hours of staff time from the initial request for service to completion. The process includes:

- Review of Request for Service Form. This can either be completed by the referring agency or a call is received by the referring agency and RCIPS completes.
- RCIPS will then contact either parent/caregiver to discuss the child's particular medical and physical needs. If necessary, calls will be placed to the physical therapist, nurse or any other individual appropriate in the care of the child.
- A one (1) hour Fitting Station appointment is scheduled for each family.
- RCIPS will then select and order the most appropriate car seat to meet the child's individual needs. Often it is necessary to order two or three car seat options to have on hand at the time of the Fitting Station appointment.

- The final step is the Fitting Station appointment where the certified Car Seat Technician explains in detail to the parents/caregivers the particular functions of the special needs seat, demonstrates fitting the child into the new seat and installs the car seat into the vehicle.
- The final step is the return demonstration by the parents/caregivers.

The RCIPS Car Seat Technician will schedule a fitting station appointment with the child's parent/caregiver to demonstrate how to install the car seat into the vehicle and fit the child into the car seat correctly. Upon completion of the assessment, the parent is eligible to purchase the specialized car seat on a sliding scale for \$20 to \$50. Up to a maximum of 20% of car seats or up to 15 car seats, can be provided to children 0-5 who are siblings (non-special needs) of special needs children contingent upon documented assessment and demonstrated need.

Car Fitting Stations

RCIPS will conduct fitting stations at its Sherman office and will coordinate fitting stations with agencies that serve children with special needs. RCIPS will coordinate fitting station activities at south, mid and desert location partner agencies serving children with special needs. Riverside County residents will be able to schedule a special needs appointment for a one-on-one inspection of their child's car seat for proper fit and correct installation. RCIPS will also conduct fitting station appointments on an as-needed and/or emergency basis.

Strategy: Special Needs

Aggregate Targets:

Child Passenger Safety (CPS) Workshops:

1. By June 30, 2012, RCIPS staff will conduct a minimum of **15** child passenger safety workshops to parents/caregivers with children 0-5 with special needs.
