Extension of Time Environmental Determination

Project Case Number: PUP00890
Original E.A. Number: EA41466
Extension of Time No.: First
Original Approval Date: February 4, 2009
Project Location: Northerly of Rabbit Scramble Trail, southerly of Mariposa Avenue, easterly of Gingercreek Drive and westerly of Armintrout Drive
Project Description: The use hereby permitted is for a 12,460 sq. ft. facility for religious worship and private tutoring on 6.30 gross acres. The main worship building is 11,500 sq. ft. and includes a 5,000 square foot worship hall, a 3,250 square foot classroom, 1,125 square feet of office space, 812 square feet for restrooms and a 1,312 square foot kitchen. The proposal also includes a 960 square foot portable security office, 20,100 sq. ft. of landscaping, and 151 standard parking spaces with six (6) accessible parking spaces for persons with disabilities for a total of 157 spaces.

On July 6, 2011, this Public Use Permit and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL.
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME.

Subject: Time extension

We have applied for extension of time because due to recession the loan market has dried up for the churches. We are hoping that it will open up soon so we can start up our project.

Also tract No. 27887 Gallery Homes are running behind schedule and they were supposed to build the road in front of the property and behind their tract. Hopefully Gallery Homes will come through with their promises and finish the road soon.

We will appreciate your extension of time so we can complete the project.

Thanks.

RE: EXTENSION OF TIME REQUEST for PUBLIC USE PERMIT NO. 890.

Dear Applicant:

Your proposal was scheduled for a Land Development Committee (LDC) Meeting on March 3, 2011, and a letter/e-mail was sent to you advising you of the recommended conditions of approval on March 7, 2011 requesting your consent. It has been over 30 days since the Planning Department has had any correspondence with you regarding the recommended conditions.

If we have not received a response within fourteen (14) days of the date of this letter, the Planning Department will presume that the recommended conditions are not acceptable. On that basis, we will move the extension of time request forward with a recommendation of denial. Remember, if the hearing body concurs with staff's recommendation and denies the extension of time request, you have the right to appeal and have the Board of Supervisors hear the matter. Whatever decision the Board makes will be final.

If you have any questions, please contact me at 951-955-1681 or via email at catmoral@rctlma.org, or my supervisor Scott Arnold at 951-955-3585 or via email at sarnold@rctlma.org.

Sincerely,

RE: FIRST EXTENSION OF TIME REQUEST for PUP00890

The County Planning Department has transmitted this extension of time request to the Land Development Committee (LDC) for comments on **March 3, 2011**. The LDC has determined it necessary to recommend the addition of ten (10) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public. The Planning Department Landscaping Division is recommending the addition of seven (7) Conditions of Approval. The Transportation Department is recommending the addition of three (3) Conditions of Approval.

Please review the proposed conditions of approval attached in this correspondence. If these conditions are acceptable, then submit a short written letter/memo/email that clearly references this case, the acceptance of each condition by name and number, and clearly state that you, the Extension of Time Applicant, accept these conditions. This documentation will then be included in the staff report package. The attached document is a copy of the recommended conditions which are identified as follows:

10.PLANNING.45	90.PLANNING.34
10.TRANS.3	90.PLANNING.35
80.PLANNING.29	90.PLANNING.36
80.PLANNING.30	90.TRANS.12
80.PLANNING.31	90.TRANS.13

If the addition of the conditions is not acceptable, please notify me so we can discuss your concerns. If the issue cannot be resolved, then I will direct you to contact the individual Department representative to discuss this matter further.

Once the conditions have been accepted, I will begin preparing the staff report package for the Board or Supervisor's. County Ordinance requires that conditions added thru the extension of time process are presented to and accepted by the applicant. If you, the EOT applicant, is unable to accept these conditions, the Planning Department will recommend denial of this extension of time request. An opportunity will, if requested, be provided for arguments to be made to the hearing body justifying why this request should be approved without the recommended conditions of approval.

I am eager to move this case forward and continue the extension of time process. If you have not contacted me within thirty (30) days, I will begin preparing this case with a recommendation of denial. I need one of two items to proceed:

- 1) Correspondence from you, the EOT applicant, accepting the recommended conditions per the directions provided above; or,

- 2) Correspondence from you, the EOT applicant, advising me of the concerns with the recommended conditions. If the concern still exists after our discussion, then direction on how to approach the issue will be given and additional time will be provided until the issue is resolved.

If you have any questions, comments, or concerns regarding this email, please feel free to contact me as indicated below.

Thank you,

FIRST EXTENSION OF TIME for PUBLIC USE PERMIT NO. 890 - Applicant: Jaswant Jhawar - First Supervisorial District - Woodcrest Zoning District - Lake Mathews/ Woodcrest Area Plan: Rural Community: Very Low Density Residential (RC:VLDR) (1 Acre Minimum) - Location: Northerly of Rabbit Scramble Trail, southerly of Mariposa Avenue, and westerly of Armintrout Drive - 6.30 Gross Acres - Zoning: Residential Agricultural - 1 Acre Minimum (R-A-1) - **APPROVED PROJECT DESCRIPTION:** The use hereby permitted is for a 12,460 sq. ft. facility for religious worship and private tutoring on 6.30 gross acres. The main worship building is 11,500 sq. ft. and includes a 5,000 square foot worship hall, a 3,250 square foot classroom, 1,125 square feet of office space, 812 square feet for restrooms and a 1,312 square foot kitchen. The proposal also includes a 960 square foot portable security office, 20,100 sq. ft. of landscaping, and 151 standard parking spaces with six (6) accessible parking spaces for persons with disabilities for a total of 157 spaces. - **REQUEST: FIRST EXTENSION OF TIME REQUEST for PUBLIC USE PERMIT NO. 890**, extending the expiration date to February 4, 2012.

Please review the attached information, together with your existing records for the subject case. This extension request is being placed on the **March 3, 2011 LDC Comment Agenda** in order to establish a deadline for review and comment. All County Agencies and Departments must complete their review prior to the LDC Comment date. Failure to complete the review and/or provide comments within the indicated time frame will result in a presumption that the affected Agency/Department has no comment, and the extension request will be moved forward based on that presumption.

Each LDC Agency or Department may recommend conditions of approval to maintain conformance with the County General Plan, or to ensure the project does not adversely affect the health, safety or welfare of the general public. New or revised conditions of approval should be added to the subject case condition set by the LDC Comment date and placed in recommend status. After the LDC Comment date, the Planning Department will then forward all recommended extension of time conditions to the applicant for acceptance prior to moving this request forward for approval.

LDC MEMBERS ARE ENCOURAGED TO DIFFERENTIATE THOSE CONDITIONS ADDED AS PART OF THE EXTENSION BY ADDING A REFERENCE IN THE CONDITION TITLE AND/OR BODY OF THE CONDITION (ie. "EOT 1, EOT 2")

If any LDC Agency or Department finds that the project, as approved, cannot be found to be in conformance with the General Plan and/or finds the project adversely affects the general health, safety and welfare of the public without the processing and approval of a Revised Permit to the Approved Use Permit, said Agency or Department must provide to the Planning such a recommendation and provide details as to what issues such an application must address.

Should you have any questions regarding this item, please do not hesitate to contact **Catherine Morales** at micro **5-1681** or via e-mail at **CATMORAL@rctlma.org**. You can also send documents to **MAILSTOP# 1070**.

APPLICATION FOR EXTENSION OF TIME

The Planning Department will primarily direct communications regarding this application to the person identified above as the Applicant. The Applicant may be the property owner, representative, or other assigned agent.

All approvals of extension of time must be consistent with the pertinent elements of the Riverside County General Plan, the Riverside County Land Use Ordinance (Ordinance No. 348), and the Multiple Species Habitat Conservation Plan (MSHCP).

An extension of time for a land division based on the filing of a phased final map shall not be granted unless the Planning Department determines that the requisite funds have been expanded to construct, improve, or finance the construction of public improvements outside the boundaries of the land division. Any other extension of time for a land division shall not be granted unless the land division conforms to the Comprehensive General Plan, is consistent with existing zoning, conforms to the currently applicable schedule of improvements specified by the Riverside County Land Division Ordinance (Ordinance No. 348) and does not affect the general health, safety, and welfare of the public. If required to bring the subject land division into conformance with current general plan, Ordinance No. 460 and public health, safety, and welfare requirements, additional conditions of approval may be imposed upon approval of an extension of time request.

I hereby request an extension of time for the above referenced project, and I acknowledge that if the basis for extension is something other than the filing of a phased final map, additional conditions of approval may be imposed upon approval of the extension of time and that I may refuse to accept additional conditions of approval only in writing prior to action by the Planning Director, or in writing or in person prior to action by the Planning Commission.
