SUBJECT: Professional Services Agreement for Medicare-Certified Home Health Medical Services for Riverside County HealthCare (RCHC)

BACKGROUND:

The Department of Health Care Services (DHCS) released program applications for all eligible entities to participate in the Low Income Health Program (LIHP), which provides entities the opportunity to help build the bridge to the health care reform in 2014. The LIHP consists of the Medicaid Coverage Expansion (MCE) and the Health Care Coverage Initiative (HCCI) programs. These programs provide health care benefits to eligible persons in accordance with the Welfare & Institutions Code (WIC) Section 15909 - 15915 (Chapter 723, Statutes of 2010, Assembly Bill 342), and the Special Terms and Conditions (STCs) of the federal section 1115(a) California Bridge to Reform Demonstration. Riverside County Regional Medical Center (RCRMC) in conjunction with, other Riverside County departments partnered with Inland Empire Health Plan (IEHP) as a third party administrator in administering the service which implements the requirements of LIHP. Through this collaborative partnership, the requirements for the LIHP were developed and incorporated in the Riverside County HealthCare (RCHC). RCHC is Riverside County's new health care plan to help bridge to the health care reform in 2014. Patients eligible to participate in RCHC will have the opportunity to receive services through specific referrals. RCHC expects approximately 20,000 eligible participants/patients to participate in the health care plan.

In an effort to provide eligible patients the opportunity to utilize the service through RCHC, County Purchasing released Request for Proposal (RFP MCARC164), to secure Medicare-certified home health medical services for patients throughout Riverside County. Solicitations were sent to eleven (11) prospective vendors specializing in this service and advertised on the County's Internet/Website. Two bids were received and evaluated. The bids were reviewed based on the bidder's overall responsiveness to the RFP requirements, the ability to provide and deliver services to patients residing throughout Riverside County, and the bidder's rate(s) as it compares to Medi-Cal allowable rates.

After a review and evaluation of the two proposals received, both vendors proposed rates which exceeded the Medi-Cal allowable rates. A best and final request was sent to the bidders; Visiting Nurse Association of the Inland Counties was determined to be the most responsible/responsive vendor.

PRICE REASONABLENESS:

Of the two bids reviewed both exceeded the Medi-Cal allowable rates. The best and final rates were presented to the Health Care Governance Committee which provided approval of VNA's best and final rates as they were determined to be the most responsible/responsive vendor in terms of experience and offered the lowest cost.

FINANCIAL IMPACT:

100% LIHP. Based on program enrollment, a budget adjustment may be needed mid-fiscal year to reallocate funds as the program develops. No additional general fund support is necessary as all expenditures will be reimbursed through the LIHP.
