EXHIBIT A

Riverside County Department of Mental Health COOPERATIVE CONTRACT Fiscal Year 2011/2012

Scope of Work

I. Introduction

The Inland Empire District of the Department of Rehabilitation (DOR) and Riverside County Department of Mental Health (RCDMH) will provide vocational rehabilitation services to persons in Riverside County with psychiatric disabilities. DOR will determine eligibility and functional limitations, assist DOR/DMH clients in developing an Individualized Plan for Employment (IPE), provide vocational counseling, and coordinate and provide services that will lead to a successful employment outcome.

RCDMH will provide Vocational Assessment, Employment Services, Personal, Vocational, and Social Adjustment (PVSA) services under the terms of this contract in the Western and Desert Regions. Service coordination and collaboration will occur in all service delivery categories via case service contracts.

RCDMH will continue to provide the full range of mental health services for as long as desired and clinically appropriate. Services may include, but are not limited to: service coordination, individual therapy, socialization, and medication management. Special needs for DOR/DMH clients, such as American Sign Language (ASL) interpreting services for the deaf, will be provided when deemed appropriate.

RCDMH will be the primary provider of referrals to the Cooperative Program. DOR may refer clients that meet the Riverside County Department of Mental Health Cooperative Program's eligibility criteria.

During fiscal year 2011/12, it is expected that a total of 350 unduplicated clients will be served under the terms of this agreement. As a result of the services provided through this contract, it is expected that DOR will:

- Open 178 new cases (status 02)
- Develop 175 new Individual Plans for Employment (IPE)
- Close 72 cases successfully (status 26).

II. Services To Be Provided

Services in the Western and Desert Regions will be provided by RCDMH. Services in the Mid-County and parts of the Desert Region will be provided by the case service contract providers. All services provided through the case service contracts will be after authorization for such services from the DOR Counselor.

A. Vocational Assessment

1. Description of Service

Upon referral/authorization, DOR/DMH clients receiving this service will undergo an assessment process that systemically utilizes interviews and individual modalities to assist them in understanding their strengths and weaknesses and make an informed choice about meaningful career goals leading toward vocational development.

Upon completion of an intake, Employment Services Counselor II will develop an Individual Service Plan (ISP) which will include:

- Areas to be addressed
- Proposed assessment activities
- Proposed outcomes (measurable)
- Schedule/Timeline for completion
- Staff responsible

Vocational Assessment Services are limited in scope and short in duration. Services assess basic information about the

DOR/DMH client's current educational and vocational levels, abilities, and interests through the use of questionnaire, an interview, and review of collateral information.

Services within this category will be individualized and may include one-on-one meetings that focus on interest and aptitude exploration, assessment of transferable skills, work related behaviors, identifying barriers to employment, and other areas of job readiness. Medical, psychological, social, vocational, cultural, assistive technology and economic issues will be explored and incorporated into the vocational assessment process. Through this process, DOR/DMH clients will be provided with the opportunity to assess functional capabilities, the need for accommodations and modifications, and ultimately demonstrate sufficient interest and motivation to proceed into community-based employment.

For each DOR/DMH client receiving this service, a written report will be prepared. The format of this report will be jointly developed and agreed upon by both RCDMH and cooperative program staff involved with the program. The DOR Counselor requesting vocational assessment will be invited to attend a meeting with RCDMH staff and DOR/DMH client to discuss the results of the assessment and subsequent recommendations.

2. Service Outcomes/Number to be Served

During fiscal year 2011/12, it is expected that 225 unduplicated DOR/DMH clients will receive Vocational Assessment services. (RCDMH Western: 100, Desert: 30, ANKA Case Service Contract: 65, Oasis Rehabilitation Center Case Service Contract: 15 and Victor Community Support Services Case Service Contracts: 15).

B. Personal, Vocational, and Social Adjustment

1. Description of Service

Upon referral of the DOR Counselor, Employment Services Counselor II will meet with the DOR/DMH client to develop an Individual Service Plan which includes:

- Areas to be addressed
- Proposed training activities
- Proposed measurable outcomes
- Schedule/timeline for completion
- Staff responsible

Employment Services Counselor II will provide Personal, Vocational, and Social Adjustment Services to DOR/DMH clients, who will be assisted in developing or re-establishing skills, attitudes, personal characteristics, interpersonal skills, work behaviors, and functional capacities to achieve and maintain positive employment outcomes. This service is to address one or more barriers that are preventing a DOR/DMH client from successfully completing their DOR Individual Plan for Employment. Training is vocational in nature, time-limited, goal oriented, individualized, and provided in the environment where the identified appropriate behavior is needed or occurs.

PVSA training activities target the elimination/reduction of identified barriers to employment and may include, but are not limited to, issues such as:

- Appropriate interaction in the workplace
- Grooming and hygiene as related to work
- Mobility training
- Work habits and attitudes such as: attendance, punctuality, phoning in if ill, returning promptly from breaks and lunch
- Personal budgeting, banking and bill payment.

For each of the DOR/DMH client receiving this service, a written report will be prepared and provided to the referring DOR counselor outlining information gathered, findings, and recommendation.

2. Service Outcomes/Number to be Served

During fiscal year 2011/12, it is expected that 153 unduplicated DOR/DMH clients will receive PVSA Services. (RCDMH Western: 80, Desert: 20, ANKA Case Service Contract: 40, Oasis Rehabilitation Center Case Service Contracts: 13; and Victor Community Support Case Service Contract: 0).

C. Work Adjustment

1. Description of Service

Job sites are temporary, and not intended to become a permanent placement.

WA services focus on the elimination of barriers to employment and are accomplished in one to four (1-4) months. WA services, however, are most often provided in a work site that generally constitutes an employer / employee relationship and requires payment of wages.

2. Service Outcomes/Number to be Served

During fiscal year 2011/12, it is expected that 30 unduplicated DOR/DMH clients will receive WA Services from ANKA.

The cost of providing these extended services will be borne solely by RCDMH and will not be billed against the contract. - B. For travel reimbursements (if applicable), upon request from the DOR, Contractor to provide purpose, destinations, dates of travel, proof of actual receipts and payments for travel costs, i.e., lodging/mileage, and per diem costs in support of travel expenditures submitted of costs proposed.

- E. Staff line item salary ranges and percentage of time are projected and are subject to change based on actual costs. Claim adjustments are allowable as long as the annualized total line item costs do not exceed what is allowed in Item D above.

2. BUDGET CONTINGENCY CLAUSE

- A. It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this Agreement does not appropriate sufficient funds for the Department of Rehabilitation, this Agreement shall be of no further force and effect. In this event, the State shall have no liability to pay any funds whatsoever to Contractor or to furnish any other considerations under this Agreement and Contractor shall not be obligated to perform any provisions of this Agreement.
- B. If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this program, the State shall have the option to either cancel this Agreement with no liability occurring to the State, or offer an agreement amendment to Contractor to reflect the reduced amount.

For Federally Funded Agreements:

- C. It is mutually understood between the parties that this contract may have been written for the mutual benefit of both parties before ascertaining the availability of congressional appropriation of funds, to avoid program and fiscal delays that would occur if the contract were executed after that determination was made.
- D. This contract is valid and enforceable only if sufficient funds are made available to the State by the United State Government for the current fiscal year and/or any applicable subsequent fiscal years covered for the purpose of this program. In addition, this contract is subject to any additional restrictions, limitations, or conditions enacted by the Congress or to any statute enacted by the Congress that may affect the provisions, terms, or funding of this contract in any manner.
- E. The parties mutually agree that if the Congress does not appropriate sufficient funds for the program, this contract shall be amended to reflect any reduction in funds.

3. PROMPT PAYMENT CLAUSE

Payment will be made in accordance with, and within the time specified in, Government Code Chapter 4.5, commencing with Section 927.

4. PRINCIPLES AND STANDARDS FOR DETERMINING ALLOWABLE COSTS, INCLUDING REQUIREMENTS FOR DOCUMENTING PERSONNEL ACTIVITY CHARGEABLE TO THE CONTRACT

Contracts awarded by the DOR shall be subject to actual costs for services rendered under this agreement. Allowable costs under this contract must meet the following general criteria:

The allowable cost must: 1) be generally recognized and necessary for the operation of the Contractor's organization; 2) be reasonable for the performance of the contract, including acceptable sound business practices; 3) be subject to the terms and conditions of the contract and approved DOR budgeted line items; 4) not be used for general expenses required to carry out other responsibilities of the Contractor, and 5) be properly supported.

Documenting and supporting the distribution of personnel activity to the contract is also required. The Contractor agrees to comply with the 2 CFR Part, 220, 225, 230 (Office of Management and Budget Circulars (OMBs) – Cost Principles as applicable to its organization regarding documentation for the support of personnel activity chargeable to the contract.

5. ACCOUNTING SYSTEM REQUIREMENTS

Contractor must maintain an appropriate cost accounting system that accurately accumulates and segregates reasonable, allocable, and allowable costs in compliance with state and federal regulations. The Contractor's financial management system shall provide for:

- Accurate, current and complete disclosure of the financial results of each federally sponsored project.

- Records that identify adequately the source and application of funds for federally sponsored activities.
- Written procedures for determining the reasonableness, allocable, and allowable costs in accordance with the provisions of the applicable Federal cost principles and the terms and conditions of the agreement.
- Accounting records including cost accounting records that are supported by source documentation.

Contractor shall submit to State such reports, accounts, and records as deemed necessary by State to discharge its obligation under State and Federal laws and regulations, including the applicable 34 Part 74 or 80 Uniform Administrative Requirements and the related 2 CFR Part, 220, 225, 230 (OMB's).

6. PAYMENT OF EXPENDITURES

This is a cost reimbursement contract. For services satisfactorily rendered, and upon receipt and approval of the invoices, the Department of Rehabilitation (DOR) agrees to compensate the Contractor as stated in Exhibit B, Invoicing and Payment 1.A.

Budget must not contain line items that are, or will be, during the period covered by this contract reimbursed/paid by another source of funding. Unexpended funds for a fiscal year shall not be carried over to another fiscal year.

Contract expenditures reimbursed by DOR must be reported as federal funds in the contractor's accounting records and on the Schedule of Federal Awards under the CFDA # 84.126 prepared for the OMB A-133 Single Audit.

7. CERTIFIED EXPENDITURE

Contractor shall certify to the State, on a monthly or quarterly basis as specified in Exhibit F, the Contractor's allowable costs to provide the cooperative program services identified in the Scope of Work, in accordance with the Cooperative Agency Certified Expenditure Budget Summary and Narrative, and applicable Federal regulations and OMB circulars. All such expenditures shall be under the administrative supervision of State and no portion of the certified expenditures shall come from Federal funds. The State shall not be obligated to pay the Contractor for any contributions made by the Contractor in accordance with the Cooperative Agency Certified Expenditure Budget Summary.

The total Cooperative Agency certified expenditure share will be matched to Federal funds at no less than 25%, as indicated on the DOR Program Budget Summary. If the value of the certified expenditures by the Contractor is below 25% of the actual total program cost, the Service Budget (DOR 801A) may be reduced after review by the DOR Contract Administrator. State will not pay the Contractor for actual costs claimed on the Service Invoice (DOR 801B) until the certified expenditure summary for the same period has been submitted.

The Contractor contributions, including any in excess of the amount specified in the "Cooperative Agency Certified Expenditure Budget Summary" will be used by State to obtain Federal funds under Section 110 of the Rehabilitation Act of 1973, as amended. Federal funds

obtained in excess of the "Total Program Cost" as identified on the "DOR Program Budget Summary" shall accrue to the State.

8. INDIRECT COSTS

Indirect costs are allowable costs incurred by an organization which support the activities of a program or contract, but are not directly assigned to the specific program or contract and are allocated to the program or contract using a method in compliance with 2 CFR Part, 215, 220, 230 (OMBs). The allocation method must be fully explained in the contract budget narrative and must be supported by actual costs/expenditures. The allocation of indirect costs cannot be based on an arbitrary fixed rate. Where an estimated percentage rate is used when the contract is written, the actual rate must be used to bill for indirect costs/administrative overhead; however, the actual rate cannot exceed the contracted budget percentage rate. If the actual rate exceeds the budgeted rate, then an amendment is required prior to billing the actual rate. Documentation to support the allocation rate/method must be maintained by the Contractor and is subject to review by the Department of Rehabilitation, State Auditors, Federal Department of Education auditors, or their designated representatives.
