FIRST EXTENSION OF TIME REQUEST for PLOT PLAN NO. 19414

JUSTIFICATION FOR EXTENSION REQUEST:

As per the correspondence from the Extension of Time applicant (dated April 18, 2011), construction has not occurred within the required period of time because the applicant was unable to obtain financing for the construction of the site.

BACKGROUND:

On January 23, 2007, The Board of Supervisors tentatively approved General Plan Amendment No. 758, tentatively approved Change of Zone No. 6969, and approved Plot Plan No. 19414 as recommended by the Planning Commission.

The County Planning Department, as part of the review of this extension of time request, and after transmittal to Land Development Committee Members, has determined it necessary to recommend the addition of eleven (11) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public. The Planning Department Landscaping Division is recommending the addition of seven (7) Conditions of Approval. The Planning Department Cultural Resources Division is recommending the addition of four (4) Conditions of Approval.

The Extension of Time applicant was informed of these recommended conditions of approval and has agreed to accept the conditions. Included in this staff report package are the

recommended conditions of approval, and the correspondence from the Extension of Time applicant (dated April 15, 2011) indicating the acceptance of the eleven (11) conditions.

Extension of Time Environmental Determination

Project Case Number: PP19414
Original E.A. Number: EA39553
Extension of Time No.: FIRST
Original Approval Date: 1/23/2007
Project Location: Northerly of Van Gaale Lane, Southerly of Auld Road and Easterly of Leon Road

Project Description: Three story, 78,410 sq. ft. building for office and retail use with a total of 307 parking spaces.

On 4/19/11, this Plot Plan and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL.
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME.

Dear Carolyn,

This memo is in regards to the extension request for PP19414.

PP19414 plot was not used because we were unable to obtain finances for the construction of the site. As of now one of our investors is in the process of obtaining construction financing from an Asian bank that was not affected by the collapse of the housing market in the US.

Catherine,

PP19414 plot was not used because we were unable to obtain finances for the construction of the site. As of now one of our investors is in the process of obtaining construction financing from an Asian bank that was not affected by the collapse of the housing market in the US.

Attached is a memo stating the same addressed to Carylyn Syms Luna.

Tamara,

Thank you for the letter. At this time, I will also need reason(s) as to why PP19414 was not used within the required period of time. This would enable the Planning Director to make a determination that valid reasons exist for the request for extension of time. This determination is referenced in ORD 348, Section 18.30(g).

Please provide a memo addressed to the Carolyn Syms Luna, Planning Director, that includes facts as to the reasons why the plot plan was not used within the required time period. I will also have to incorporate this in the staff report .

RE: EXTENSION OF TIME REQUEST for PLOT PLAN NO. 19414

The County Planning Department has transmitted this extension of time request to the Land Development Committee (LDC) for comments on **April 15, 2010**. The LDC has determined it necessary to recommend the addition of eleven (11) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public. The Planning Department Landscaping Division is recommending the addition of seven (7) Conditions of Approval. The Planning Department Cultural Resources Division is recommending the addition of four (4) Conditions of Approval.

Please review the proposed conditions of approval attached in this correspondence. If these conditions are acceptable, then submit a short written letter/memo/email that clearly references this case, the acceptance of each condition by name and number, and clearly state that you, the Extension of Time Applicant, accept these conditions. This documentation will then be included in the staff report package. The attached document is a copy of the recommended conditions which are identified as follows:

10.PLANNING.41	80.PLANNING.28
10.PLANNING.42	90.PLANNING.35
10.PLANNING.43	90.PLANNING.36
60.PLANNING.20	90.PLANNING.37
80.PLANNING.26	90.PLANNING.38
80.PLANNING.27	

If the addition of the conditions is not acceptable, please notify me so we can discuss your concerns. If the issue cannot be resolved, then I will direct you to contact the individual Department representative to discuss this matter further.

Once the conditions have been accepted, I will begin preparing the staff report package for the Hearing Body. County Ordinance requires that conditions added thru the extension of time process are presented to and accepted by the applicant. If you, the EOT applicant, is unable to accept these conditions, the Planning Department will recommend denial of this extension of time request. An opportunity will, if requested, be provided for arguments to be made to the hearing body justifying why this request should be approved without the recommended conditions of approval.

I am eager to move this case forward and continue the extension of time process. If you have not contacted me within thirty (30) days, I will begin preparing this case with a recommendation of denial. I need one of two items to proceed:

- 1) Correspondence from you, the EOT applicant, accepting the recommended conditions per the directions provided above; or,
- 2) Correspondence from you, the EOT applicant, advising me of the concerns with the recommended conditions. If the concern still exists after our discussion, then direction on how to approach the issue will be given and additional time will be provided until the issue is resolved.

If you have any questions, please contact me at 951-955-1681 or via email at catmoral@rctlma.org, or my supervisor Larry Ross at 951-955-3585 or via email at lross@rctlma.org.
