BOARD OF SUPERVISORS

FORM 11: APPROVAL OF THE AGREEMENT WITH SENTINEL OFFENDER SERVICES, LLC TO PROVIDE ELECTRONIC MONITORING SERVICES FOR THE SHERIFF DEPARTMENT

PAGE 2

BACKGROUND

Under the supervision of the Sheriff Department, Sentinel Offender Services, LLC has been providing equipment and services to operate the Supervised Electronic Confinement Program (SECP). Currently, the Riverside Superior Court provides eligible male and female participants to the program. This option gives the participant the ability to serve their sentences out of custody, within their own homes, wearing electronic monitoring devices. The devices used on the program are provided through a service contract with the vendor. The service provider charges monitoring fees to the Sheriff's Department for all participants. Currently the Sheriff's Department recovers the cost by charging the participants administrative and monitoring fees. The Sheriff Department uses sworn officers for compliance visits and release decisions.

With Senate Bill AB-109 approved by the State Legislature, the number of inmates that could participate in the electronic monitoring program will increase dramatically. It is anticipated that the Sheriff's Department will utilize electronic monitoring to assist in jail overcrowding. It is unknown on what cost recovery will be available with inmates placed on the program from jail custody. Currently there are approximately 300 participants per month on the program at any given time. The number of participants could double in the next fiscal year.

PRICE REASONABLENESS: County Purchasing and Fleet Services, on behalf of the Sheriff Department, released a Request for Proposal (RFP) SHARC-161, mailing solicitations to twenty-one companies, and advertising on the County's Internet. The County received five responses to the RFP.

The proposals were reviewed by an evaluation team consisting of personnel from the Sheriff Department and the Probation Department. The evaluation team reviewed and scored each proposal based on the bidder's overall responsiveness to the requirements of the RFP; bidders experience, technical ability and project methodology; cost and fees which include replacement charges for lost, damaged, and stolen equipment; references; financial status; clarification, exceptions or deviations; credentials, resumes, licenses, and certifications. In August 2011, vendor presentations were held at County Purchasing inviting all five vendors that responded to the RFP. The presentations included a company overview, review of the electronic monitoring equipment, which included RF equipment, GPS devices, Alcohol devices and drive by equipment, and a question and answer session with each vendor. The County requested best and final offers from all five vendors. Based on the response to the RFP requirements, and the best and final offers received from all five vendors, Sentinel Offender Services, LLC is the most responsive/responsible and lowest vendor cost for providing these services to the County of Riverside. The services that will be provided to the County will be RF Monitoring, Cellular Based Monitoring, and GPS Monitoring with a technician on site. The Probation Department will utilize these services through the Sheriff Department for Electronic Monitoring Services.

The evaluation committee recommends that the award be given to Sentinel Offender Services, LLC.
