SCHEDULE A

SCOPE OF SERVICES

Project Name: Environmental Assessment for Land Acquisition

Airport Name: Hemet-Ryan Airport (HMT)

Services Provided: Environmental Services
National Environmental Policy Act (NEPA)

Overview of Services

C&S Engineers, Inc., (CONSULTANT) shall provide the required professional services to prepare a concise Environmental Assessment (EA) for the following proposed action at Hemet-Ryan Airport (HMT) for the Riverside County Economic Development Agency (SPONSOR):

1. Land acquisition of approximately five acres

Proposed Action

The proposed action will study the potential environmental impacts associated with the acquisition of approximately five acres of land that are currently within the existing Runway 17-35 Runway Protection Zone (RPZ) at HMT and prepare the required documentation to satisfy the National Environmental Policy Act (NEPA) requirements.

According to the SPONSOR, preparation of the required California Environmental Quality Act (CEQA) documentation is currently being prepared. The ongoing Environmental Impact Report (EIR) includes the proposed action and will help supplement the environmental analysis that will be completed as part of the EA.

Guidelines for EA Preparation

The EA, as defined by the Council on Environmental Quality (CEQ) regulations, will be a concise public document for which a federal agency is responsible that serves to briefly provide sufficient evidence and analysis for determining whether to prepare an Environmental Impact Statement (EIS) or a Finding of No Significant Impact (FONSI).

The EA documentation will be prepared in a manner that is consistent with the following guidance documents:

- Federal Aviation Administration (FAA) Order 5050.4B, *National Environmental Policy Act (NEPA) Implementing Instructions for Airport Actions*

- FAA Order 1050.1E, *Environmental Impacts, Policies and Procedures*
- Local rules and regulations

According to FAA Order 1050.1E, the FAA's primary mission is to assure aviation safety, security, and efficiency. NEPA compliance and other environmental responsibilities are integral components of that mission. NEPA assures informed decision-making. NEPA provides a means for assuring that environmental concerns and interests of the public, federal, state or local agencies and tribes are appropriately considered as part of the decision-making process.

Administration Phase

The preparation of the EA will be conducted by the SPONSOR with grant assistance from the FAA Airport Improvement Program (AIP).

The CONSULTANT shall aid the SPONSOR by acting as its liaison and project coordinator with the FAA. The SPONSOR will continue to participate in meetings, conference calls, e-mails and review of environmental and supporting documents. The CONSULTANT shall assist the SPONSOR in the preparation of all paperwork required to secure funds for the EA. The specific services to be provided by CONSULTANT as part of this phase are as follows:

- Preparation of grant application and reimbursement request packages, coordination of their execution by the SPONSOR, and submission to the funding agencies.
- Aid the SPONSOR by acting as liaison and project coordinator with the funding and reviewing agencies.
- Preparation of a draft FONSI.

Environmental Assessment Preparation

The EA process generally comprises the following five steps:

- Description of existing conditions
- Description of proposed action
- Consideration of alternatives
- Measurement of significant changes
- Minimization of unavoidable impacts

The major components of the EA are:

Purpose and Need

The proposed action to be assessed, the requested federal action, and the time frame for such action will be identified. The following items will be discussed:

- Description of proposed action
- Relevant information regarding the purpose and need for the proposed action

Alternatives

A range of conceptual alternatives (up to three, including the no-action alternative) will be developed. The results of the alternative analysis will be the basis for preparation of the alternative development section of the EA. The alternatives phase will include development, and a description, of a “No-Action” alternative in accordance with CEQ regulations. Based on preliminary information supplied by the SPONSOR for the proposed action, only two alternatives are expected to be included under the alternatives analysis.

Affected Environment

An on-site walkover will be conducted to familiarize the CONSULTANT with the proposed action being considered. In addition, relevant background information from a variety of sources will be collected and presented in the Affected Environment chapter regarding the existing conditions of the proposed action area. This information will help identify specific resources that could be potentially impacted by the proposed action.

As part of the preparation of the Affected Environment chapter consultation in regards to Native American tribes, Section 7 with the U.S. Fish and Wildlife Service (USFWS), and Section 106 with the State Historic Preservation Office (SHPO) will be initiated by the FAA. To support the required FAA consultation efforts the CONSULTANT will prepare a biological assessment, provide information regarding the previously prepared cultural/archeological assessment, and provide a letter to the Native American Historic Commission letter and California Historical Information System documentation. All surveys and correspondence will be consistent with an identified Area of Potential Effect (APE).

Environmental Consequences – Specific Impact Categories

This part of the EA involves examining the potential environmental impacts of the proposed action and determining if these impacts are significant. During this process, specific consultation with both tribes and resource agencies will be accomplished.

According to the SPONSOR, preparation of CEQA documentation is currently being prepared that includes the proposed action. To prevent the duplication of work, many resource categories, outlined below, will include information from the analysis already completed for the ongoing EIR.

Air Quality

The Environmental Protection Agency (EPA) Green Book for current National Ambient Air Quality Standards (NAAQS) attainment areas has been reviewed and Riverside

County is located within a non-attainment area for particulate matter less than 2.5 micrometers (PM_{2.5}), particulate matter less than 10 micrometers (PM₁₀), and 8-hour ozone air quality standards. Due to this designation, the preparation of an emissions inventory is typically necessary to demonstrate that the proposed action will meet state air quality standards and not exceed EPA mandated de-minimis threshold levels. However, due to the nature of the proposed action the preparation of an emissions inventory is not considered necessary as it will not result in an increase in existing or future emissions. The proposed action is also listed on the FAA's Federal Presumed to Conform (*Federal Presumed to Conform Actions Under General Conformity*, 72 Federal Register 41565, dated July 30, 2007) list removing the SPONSOR's need to perform further analysis for applicability, conformity, or regional significance.

Coastal Resources

As applicable, any coastal zone management programs or coastal barriers affected by the proposed action will be identified. Given the location of the proposed action (*i.e.*, not in proximity to Coastal Resources), no impact or need to perform additional analysis is expected.

Compatible Land Use

Any impacts exceeding thresholds of significance that have land use ramifications, such as disruption of communities, relocation of residences or businesses, or impacts to natural resource areas, will be identified. Land Use assurance letters will be included in the under this section.

Construction Impacts

Specific effects during construction of the proposed action that may create adverse environmental impacts are typically identified. However, due to the nature of the proposed action the analysis of construction impacts is not considered necessary as no construction will take place as a result of the proposed action.

Department of Transportation Section 4(f)

The EA will identify and consider publicly owned land, including public parks, recreation areas, wildlife and waterfowl refuges, or historic sites that could be affected by the proposed action. The proposed action is located within an area that has been identified as industrial land use and no need for additional analysis is expected.

Farmlands

This part of the EA will identify the effects of converting farmland to non-agricultural uses and involves determining if the farmland is protected by the Farmland Protection Policy Act (FPPA).

Fish, Wildlife, and Plants

The EA will review the potential of the proposed action to have an effect on state or federally listed threatened or endangered species. This includes coordination with the U.S. Fish and Wildlife Service (USFWS) and the California Department of Fish and Game (CDFG) to determine which species of concern or their habitats may occur within

or near the proposed project area. Based on input from the above agencies, a biological/habitat evaluation for federally listed endangered, threatened, and candidate species will be conducted on all areas that are either being acquired or exchanged and any other areas of ground disturbance, including the proposed detention pond. The entire study area will be evaluated, with extra emphasis placed on identifying habitat that may exist for special status species.

Floodplains

The Flood Insurance Rate Map or the Flood Insurance Study Report will be reviewed to determine if the proposed action is located within a flood plain. The presence or absence of flood plains and the potential for impacts will be documented.

Hazardous Materials, Pollution Prevention, and Solid Waste

A review to determine the likelihood of encountering land that may contain hazardous substances or may be contaminated will be undertaken. As required by the FAA for real estate transactions, a Phase I Environmental Due Diligence Audit (EDDA) will be completed by the CONSULTANT to determine if activities involving hazardous materials have occurred at a site or resulted in environmental contamination. An EDDA is a form of pre-acquisition protection against Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) and Resource Conservation and Recovery Act (RCRA) liability and a defense in lawsuits addressing contaminated lands. If the Phase I EDDA indicates that the land is, was, or has the potential for such activities or occurrences, a Phase II EDDA would be necessary to verify and identify the existence of the materials. The Phase I EDDA will be prepared by the CONSULTANT per guidance set forth under FAA Order 1050.19, *Environmental Due Diligence Audits in the Conduct of FAA Real Property Transactions*. The EA will use the Phase I EDDA to assess potential impacts to these resources. The scope of services does not include preparation of a Phase II EDDA.

Historic, Architectural, Archeological, and Cultural Resources

The CONSULTANT will conduct an investigation to determine if the proposed action will have an effect upon any properties in, or eligible for inclusion in, the National Register of Historic Places, and whether there is any reason to believe that significant scientific, prehistoric, historic, archaeological, or paleontological resources would be lost or destroyed as a result of the proposed action or future development.

Based on information supplied by the SPONSOR a cultural survey has already been prepared for the ongoing CEQA documentation. Data contained in that survey will be used as part of this analysis.

Light Emissions & Visual Impacts

Consideration will be given as to the extent to which any lighting or visual impacts associated with the proposed action will create an annoyance among people in the vicinity of the airport. No impact or need for additional analysis is expected.

Natural Resources, Energy Supply, and Sustainable Design

Energy requirements associated with the proposed action include assessing the following impacts:

- Those which relate to changed demands for stationary facilities (e.g., airfield lighting and terminal building heating). Any major changes in stationary facilities' demands, which would have a measurable effect on local supplies, will be identified; and
- Those which involve the movement of air and ground vehicles.

No impact or need for additional analysis is expected.

Noise

The potential of the proposed action to impact noise to surrounding communities as a result of an anticipated increase in aircraft operations, changes to the existing aircraft fleet mix, or changes to the way aircraft operate at the airport is required. However, given the nature of the proposed action no impact is expected and the need for additional analysis is not required.

Secondary (Induced) Impacts

The potential of the proposed action to have induced or secondary impacts on surrounding communities will be identified. The EA will describe in general terms such factors as shifts in patterns of population movement and growth, public service demands, and changes in business and economic activity to the extent influenced by development.

Socioeconomic Impacts, Environmental Justice, and Children's Environmental Health and Safety Risks

This section of the EA will consider the magnitude of potential economic and social impacts associated with the proposed action. The effect of the proposed action upon the social and community aspects of the area will be described in terms of the numbers of people and businesses affected and available forms of relocation assistance. Road closures and surface transportation disruptions will be identified and described, as appropriate.

Environmental justice is concerned with a variety of public policy efforts to ensure that adverse human health or environmental effects of governmental activities do not fall disproportionately upon minority populations and low-income populations. In the realm of aviation, environmental justice means that transportation system changes, such as runway extensions, are studied carefully to determine the nature, extent, and incidence of probable impacts, both favorable and adverse. The EA will also identify and assess environmental health risks and safety risks of the proposed action that may disproportionately affect children. No impact or need for additional analysis is expected.

Water Quality

The potential effects of the proposed action on water quality will be discussed. However, given the nature of the proposed action no impact or need for additional analysis is expected.

Wetlands

The CONSULTANT will conduct an investigation to determine if the proposed action will have an effect upon wetlands. A preliminary review of the USWFS supplied National Wetlands Inventory (NWI) maps have indicated that wetlands do not exist within the study area limits. However, in compliance with Section 404 of the Clean Water Act, the CONSULTANT will prepare documentation for the FAA to use to determine if any effects will occur and to complete required consultation with the United States Army Corps of Engineers (USACE). Wetlands data contained in the ongoing CEQA documentation will be used as part of this analysis.

Wild and Scenic Rivers

The U.S. Department of the Interior will be contacted to determine the presence or absence of Wild and Scenic Rivers that could be affected by the proposed action. If necessary, potential impacts will be identified and mitigation measures will be recommended.

Other Considerations

This part of the EA will discuss whether the proposed action is likely to be highly controversial on environmental grounds; is likely to be inconsistent with any federal, state, or local law or administrative determination relating to the environment; and is reasonably consistent with plans, goals, policies, or controls that have been adopted for the area in which the airport is located.

Cumulative Impacts

CEQ Regulation 1500.7 states that “cumulative impact” is the impact on the environment which results from the incremental impact of an action when added to other past, present, and reasonably foreseeable future actions, regardless of what agency or person undertakes such other actions. Cumulative impacts are defined as existing or baseline (no-build) impacts on the environment, plus the incremental direct effect of the proposed action, plus the indirect/secondary impacts of the proposed action. These will be assessed to determine the environment’s ability to sustain such impacts.

Anticipated Permits or Approvals

All required permits for the proposed action will be identified.

Mitigation

Mitigation measures that will need to be taken to avoid or minimize significant impacts on a particular resource will be identified. Any impacts that cannot be mitigated, or that cannot be mitigated below the threshold of significance identified in FAA Order 1050.1E,

will be discussed. Final mitigation (i.e., design) plans are *not* included as part of this Scope of Services.

Public Involvement

Once the EA is in draft form, interested parties/the public will have the opportunity to review and provide comments on the proposed action and environmental analysis during the 30 day public review period.

Report Preparation

The Draft Environmental Assessment (DEA) will be forwarded to the SPONSOR for review and comment (15 day comment period). The CONSULTANT assumes that five hardcopies and one electronic (CD) copy will be sufficient for review. Once SPONSOR comments have been incorporated, the DEA will then be forwarded to the FAA for review and comment (30 day comment period).

A total of 15 copies of the Draft Environmental Assessment (DEA) and 15 copies of the Final Environmental Assessment (FEA) document will be distributed. The distribution list will include the SPONSOR, the FAA, the State Department of Transportation, and other regulatory agencies.

Additionally, copies of the FEA will be made available in print form at various public locations and will also be posted on the CONSULTANT's ftp server in PDF format for access by the public and agencies. The CONSULTANT assumes that up to 10 hardcopies will be sufficient for delivery to the various public locations, and will provide the SPONSOR with up to five hardcopies of the draft FEA for distribution to locations for public review and one electronic copy; though more hardcopies can be provided on a time and materials basis.

If the environmental determination is a Finding of No Significant Impact (FONSI) the FAA will prepare the FONSI determination document.

Schedule

The CONSULTANT agrees to complete the work identified herein in a manner satisfactory to the SPONSOR within 18 to 24 months after receiving a written Notice to Proceed from the SPONSOR, or within such extended periods as agreed to by the SPONSOR. The schedule is based on estimated approval times for environmental assessments being reviewed within the FAA Los Angeles Airport District Office.

Assumptions made by the CONSULTANT and agreed to by the SPONSOR:

- Up to three on-site meetings are included in the EA Scope of Services to conduct a site walk over and to address any potential issues directly with the SPONSOR or FAA. If additional meetings require attendance by the

CONSULTANT, and the FAA subsequently approves the CONSULTANT's attendance, it is agreed that this is additional work and that, if necessary, a supplemental agreement will be executed by the SPONSOR.

- The CONSULTANT will endeavor to complete the EA Scope of Services identified herein within 18 to 24 months after receiving the written Notice to Proceed. However, if circumstances beyond the control of the CONSULTANT (including but not limited to review by involved governmental agencies) prevent the CONSULTANT from completing the work within the agreed upon time frame, then the CONSULTANT may request an extension of time to complete the work and may be entitled to additional compensation based on remaining effort anticipated and agreed to in advance by the SPONSOR and FAA.
- The CONSULTANT fees associated with the work assume that an Environmental Impact Statement (EIS) will not be necessary.
- The scope of services includes the completion of a Phase I EDDA. If additional analysis is required, it is agreed that this is additional work and that, if necessary, a supplemental agreement will be executed by the SPONSOR, with subsequent approval from the FAA for reimbursement. If a Phase I EDDA has already been completed as a result of the ongoing CEQA documentation the scope of services will be adjusted by the CONSULTANT.
- The proposed project, as identified under our project understanding, shall not be altered by the SPONSOR during the course of environmental analysis. Should the SPONSOR choose to change aspects of the proposed project, the CONSULTANT will perform the additional tasks on a time and materials basis, and reserves the right to alter the schedule.
- All necessary data, resources, and materials will be provided on a timely basis to allow the CONSULTANT sufficient opportunity to complete the EA (and associated technical studies) in the proposed schedule. Should required information or resources be delayed, then the CONSULTANT assumes the right to adjust the schedule accordingly to meet the requirements necessary for preparing the items identified under the scope of work.

SECTION I - COVERAGES

COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY

1. Insuring Agreement

a. We will pay those sums that the Insured becomes legally obligated to pay as damages because of "bodily injury" or "property damage" to which this insurance applies. We will have the right and duty to defend the insured against any "suit" seeking those damages. However, we will have no duty to defend the insured against any "suit" seeking damages for "bodily injury" or "property damage" to which this insurance does not apply. We may, at our discretion, investigate any "occurrence" and settle any claim or "suit" that may result. But:

- (1) The amount we will pay for damages is limited as described in Section III - Limits Of Insurance; and
- (2) Our right and duty to defend ends when we have used up the applicable limit of insurance in the payment of judgments or settlements under Coverages A or B or medical expenses under Coverage C.

No other obligation or liability to pay sums or perform acts or services is covered unless explicitly provided for under Supplementary Payments - Coverages A and B.

b. This insurance applies to "bodily injury" and "property damage" only if:

- (1) The "bodily injury" or "property damage" is caused by an "occurrence" that takes place in the "coverage territory";

(2) The "bodily injury" or "property damage" occurs during the policy period; and

(3) Prior to the policy period, no insured listed under Paragraph 1. of Section II - Who Is An Insured and no "employee" authorized by you to give or receive notice of an "occurrence" or claim, knew that the "bodily injury" or "property damage" had occurred, in whole or in part. If such a listed insured or authorized "employee" knew, prior to the policy period, that the "bodily injury" or "property damage" occurred, then any continuation, change or resumption of such "bodily injury" or "property damage" during or after the policy period will be deemed to have been known prior to the policy period.

c. "Bodily injury" or "property damage" will be deemed to have been known to have occurred at the earliest time when any insured listed under Paragraph 1. of Section II - Who Is An Insured or any "employee" authorized by you to give or receive notice of an "occurrence" or claim:

- (1) Reports all, or any part, of the "bodily injury" or "property damage" to us or any other insurer;
- (2) Receives a written or verbal demand or claim for damages because of the "bodily injury" or "property damage"; or
- (3) Becomes aware by any other means that "bodily injury" or "property damage" has occurred or has begun to occur.

d. Damages because of "bodily injury" include damages claimed by any person or organization for care, loss of services or death resulting at any time from the "bodily injury".

e. Incidental Medical Malpractice

(1) "Bodily injury" arising out of the rendering of or failure to render professional health care services as a physician, dentist, nurse, emergency medical technician or paramedic shall be deemed to be caused by an "occurrence", but only if:

- (a) The physician, dentist, nurse, emergency medical technician or paramedic is employed by you to provide such services; and
- (b) You are not engaged in the business or occupation of providing such services.

*35B0001GE4820101 03567

- (2) For the purpose of determining the limits of insurance for incidental medical malpractice, any act or omission together with all related acts or omissions in the furnishing of these services to any one person will be considered one "occurrence".

- (2) Assumed in a contract or agreement that is an "insured contract", provided the "bodily injury" or "property damage" occurs subsequent to the execution of the contract or agreement. Solely for the purposes of liability assumed in an "insured contract", reasonable attorney fees and necessary litigation expenses incurred by or for a party other than an insured are deemed to be damages because of "bodily injury" or "property damage", provided:
 - (a) Liability to such party for, or for the cost of, that party's defense has also been assumed in the same "insured contract"; and
 - (b) Such attorney fees and litigation expenses are for defense of that party against a civil or alternative dispute resolution proceeding in which damages to which this insurance applies are alleged.

This exclusion applies:

However, this subparagraph does not apply to:

This exception does not apply if the "bodily injury" or "property damage" arises out of the intentional discharge, dispersal or release of the fuels, lubricants or other operating fluids, or if such fuels, lubricants or other operating fluids are brought on or to the premises, site or location with the intent that they be discharged, dispersed or released as part of the operations being performed by such insured, contractor or subcontractor;

- e. All costs taxed against the insured in the "suit".
- f. Prejudgment interest awarded against the insured, on that part of the judgment we pay. If we make a written offer to pay the applicable limit of insurance, we will not pay any prejudgment interest based on that period of time after the offer.
- g. All interest on the full amount of any judgment that accrues after entry of the judgment and before we have paid, offered to pay, or deposited in court the part of the judgment that is within the applicable limit of insurance.

These payments will not reduce the limits of insurance.

2. If we defend an insured against a "suit" and an indemnitee of the insured is also named as a party to the "suit", we will defend that indemnitee if all of the following conditions are met:

- a. The "suit" against the indemnitee seeks damages for which the insured has assumed the liability of the indemnitee in a contract or agreement that is an "insured contract";
- b. This insurance applies to such liability assumed by the insured;
- c. The obligation to defend, or the cost of the defense of, that indemnitee, has also been assumed by the insured in the same "insured contract";
- d. The allegations in the "suit" and the information we know about the "occurrence" are such that no conflict appears to exist between the interests of the insured and the interests of the indemnitee;
- e. The indemnitee and the insured ask us to conduct and control the defense of that indemnitee against such "suit" and agree that we can assign the same counsel to defend the insured and the indemnitee; and
- f. The indemnitee:

(1) Agrees in writing to:

- (a) Cooperate with us in the investigation, settlement or defense of the "suit";
- (b) Immediately send us copies of any demands, notices, summonses or legal papers received in connection with the "suit";
- (c) Notify any other insurer whose coverage is available to the indemnitee; and
- (d) Cooperate with us with respect to coordinating other applicable insurance available to the indemnitee; and

(2) Provides us with written authorization to:

- (a) Obtain records and other information related to the "suit"; and
- (b) Conduct and control the defense of the indemnitee in such "suit".

So long as the above conditions are met, attorneys' fees incurred by us in the defense of that indemnitee,

necessary litigation expenses incurred by us and necessary litigation expenses incurred by the indemnitee at our request will be paid as Supplementary Payments. Notwithstanding the provisions of Paragraph 2.b.(2) of Section I – Coverage A – Bodily Injury And Property Damage Liability, such payments will not be deemed to be damages for "bodily injury" and "property damage" and will not reduce the limits of insurance.

Our obligation to defend an insured's indemnitee and to pay for attorneys' fees and necessary litigation expenses as Supplementary Payments ends when:

- a. We have used up the applicable limit of insurance in the payment of judgments or settlements; or
- b. The conditions set forth above, or the terms of the agreement described in Paragraph f. above, are no longer met.

SECTION II – WHO IS AN INSURED

Any other person or organization responsible for the conduct of such person is also an insured, but only with respect to liability arising out of the operation of the equipment, and only if no other insurance of any kind is available to that person or organization for this liability. However, no person or organization is an insured with respect to:

- a. "Bodily injury" to a co-"employee" of the person driving the equipment; or

Any person or organization from whom you lease land or premises, but only with respect to liability arising out of the ownership, maintenance or use of that part of the land or premises leased to you.

The limits of insurance that apply to additional insureds under this provision is described in Section III – Limits Of Insurance.

How this insurance applies when other insurance is available to the additional insured is described in the Other Insurance Condition in Section IV – Commercial General Liability Conditions.

No person or organization is an insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations.

SECTION III – LIMITS OF INSURANCE

1. The Most We will Pay

The Limits of Insurance shown in the Declarations and the rules below fix the most we will pay regardless of the number of:

- a. Insureds;
- b. Claims made or "suits" brought; or

c. Persons or organizations making claims or bringing "suits".

2. General Aggregate Limit

The General Aggregate Limit is the most we will pay for the sum of:

- a. Medical expenses under Coverage C;
- b. Damages under Coverage A, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard"; and
- c. Damages under Coverage B.

3. Products-Completed Operations Aggregate Limit

The Products-Completed Operations Aggregate Limit is the most we will pay under Coverage A for damages because of "bodily injury" and "property damage" included in the "products-completed operations hazard".

4. Personal and Advertising Injury Limit

Subject to 2. above, the Personal and Advertising Injury Limit is the most we will pay under Coverage B for the sum of all damages because of all "personal and advertising injury" sustained by any one person or organization.

5. Each Occurrence Limit

Subject to 2. or 3. above, whichever applies, the Each Occurrence Limit is the most we will pay for the sum of:

- a. Damages under Coverage A; and
- b. Medical expenses under Coverage C because of all "bodily injury" and "property damage" arising out of any one "occurrence".

6. Damage To Premises Rented To You Limit

Subject to 5. above, the Damage To Premises Rented To You Limit is the most we will pay under Coverage A for damages because of "property damage" to any one premises, while rented to you, or in the case of damage by fire, lightning or explosion, while rented to you or temporarily occupied by you with permission of the owner.

In the case of damage by fire, lightning or explosion, the Damage to Premises Rented To You Limit applies to all damage proximately caused by the same event, whether such damage results from fire, lightning or explosion or any combination of these.

7. Medical Expense Limit

Subject to 5. above, the Medical Expense Limit is the most we will pay under Coverage C for all medical expenses because of "bodily injury" sustained by any one person.

8. How Limits Apply To Additional Insureds

If you have agreed in a written contract or written agreement that another person or organization be

added as an additional insured on your policy, the most we will pay on behalf of such additional insured is the lesser of:

- a. The limits of insurance specified in the written contract or written agreement; or
- b. The Limits of Insurance shown in the Declarations.

Such amount shall be a part of and not in addition to Limits of Insurance shown in the Declarations and described in this Section.

The Limits of Insurance of this Coverage Part apply separately to each consecutive annual period and to any remaining period of less than 12 months, starting with the beginning of the policy period shown in the Declarations, unless the policy period is extended after issuance for an additional period of less than 12 months. In that case, the additional period will be deemed part of the last preceding period for purposes of determining the Limits of Insurance.

SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS

1. Bankruptcy

Bankruptcy or insolvency of the insured or of the insured's estate will not relieve us of our obligations under this Coverage Part.

2. Duties In The Event Of Occurrence, Offense, Claim Or Suit

a. Notice Of Occurrence Or Offense

You or any additional insured must see to it that we are notified as soon as practicable of an "occurrence" or an offense which may result in a claim. To the extent possible, notice should include:

- (1) How, when and where the "occurrence" or offense took place;
- (2) The names and addresses of any injured persons and witnesses; and
- (3) The nature and location of any injury or damage arising out of the "occurrence" or offense.

b. Notice Of Claim

If a claim is made or "suit" is brought against any insured, you or any additional insured must:

- (1) Immediately record the specifics of the claim or "suit" and the date received; and
- (2) Notify us as soon as practicable.

You or any additional insured must see to it that we receive written notice of the claim or "suit" as soon as practicable.

c. Assistance And Cooperation Of The Insured

You and any other involved insured must:

- (1) Immediately send us copies of any demands, notices, summonses or legal papers received in connection with the claim or "suit";
- (2) Authorize us to obtain records and other information;

(3) Cooperate with us in the investigation or settlement of the claim or defense against the "suit"; and

(4) Assist us, upon our request, in the enforcement of any right against any person or organization which may be liable to the insured because of injury or damage to which this insurance may also apply.

d. Obligations At The Insureds Own Cost

No insured will, except at that insured's own cost, voluntarily make a payment, assume any obligation, or incur any expense, other than for first aid, without our consent.

e. Additional Insureds Other Insurance

If we cover a claim or "suit" under this Coverage Part that may also be covered by other insurance available to an additional insured, such additional insured must submit such claim or "suit" to the other insurer for defense and indemnity.

However, this provision does not apply to the extent that you have agreed in a written contract or written agreement that this insurance is primary and non-contributory with the additional insured's own insurance.

f. Knowledge Of An Occurrence, Offense, Claim Or Suit

Paragraphs a. and b. apply to you or to any additional insured only when such "occurrence", offense, claim or "suit" is known to:

- (1) You or any additional insured that is an individual;
- (2) Any partner, if you or an additional insured is a partnership;
- (3) Any manager, if you or an additional insured is a limited liability company;
- (4) Any "executive officer" or insurance manager, if you or an additional insured is a corporation;
- (5) Any trustee, if you or an additional insured is a trust; or
- (6) Any elected or appointed official, if you or an additional insured is a political subdivision or public entity.

This duty applies separately to you and any additional insured.

3. Legal Action Against Us

No person or organization has a right under this Coverage Part:

- a. To join us as a party or otherwise bring us into a "suit" asking for damages from an insured; or
- b. To sue us on this Coverage Part unless all of its terms have been fully complied with.

A person or organization may sue us to recover on an agreed settlement or on a final judgment against an insured; but we will not be liable for damages that are not payable under the terms of this Coverage Part or

*35B0001GB44820101 03573

that are in excess of the applicable limit of insurance. An agreed settlement means a settlement and release of liability signed by us, the insured and the claimant or the claimant's legal representative.

4. Other Insurance

If other valid and collectible insurance is available to the insured for a loss we cover under Coverages A or B of this Coverage Part, our obligations are limited as follows:

a. Primary Insurance

This insurance is primary except when b. below applies. If other insurance is also primary, we will share with all that other insurance by the method described in c. below.

b. Excess Insurance

This insurance is excess over any of the other insurance, whether primary, excess, contingent or on any other basis:

(1) Your Work

That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";

(2) Premises Rented To You

That is fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

(3) Tenant Liability

That is insurance purchased by you to cover your liability as a tenant for "property damage" to premises rented to you or temporarily occupied by you with permission of the owner;

(4) Aircraft, Auto Or Watercraft

If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion g. of Section I - Coverage A - Bodily Injury And Property Damage Liability;

(5) Property Damage to Borrowed Equipment Or Use Of Elevators

If the loss arises out of "property damage" to borrowed equipment or the use of elevators to the extent not subject to Exclusion j. of Section I - Coverage A - Bodily Injury And Property Damage Liability;

(6) When You Are Added As An Additional Insured To Other Insurance

Any other insurance available to you covering liability for damages arising out of the premises or operations, or products and completed operations, for which you have been added as an additional insured by that Insurance; or

(7) When You Add Others As An Additional Insured To This Insurance

Any other insurance available to an additional insured.

However, the following provisions apply to other insurance available to any person or organization who is an additional insured under this coverage part.

(a) Primary Insurance When Required By Contract

This insurance is primary if you have agreed in a written contract or written agreement that this insurance be primary. If other insurance is also primary, we will share with all that other insurance by the method described in c. below.

(b) Primary And Non-Contributory To Other Insurance When Required By Contract

If you have agreed in a written contract, written agreement, or permit that this insurance is primary and non-contributory with the additional insured's own insurance, this insurance is primary and we will not seek contribution from that other insurance.

Paragraphs (a) and (b) do not apply to other insurance to which the additional insured has been added as an additional insured.

When this insurance is excess, we will have no duty under Coverages A or B to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and

(2) The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

5. Premium Audit

- a. We will compute all premiums for this Coverage Part in accordance with our rules and rates.
- b. Premium shown in this Coverage Part as advance premium is a deposit premium only. At the close of each audit period we will compute the earned premium for that period and send notice to the first Named Insured. The due date for audit and retrospective premiums is the date shown as the due date on the bill. If the sum of the advance and audit premiums paid for the policy period is greater than the earned premium, we will return the excess to the first Named Insured.
- c. The first Named Insured must keep records of the information we need for premium computation, and send us copies at such times as we may request.

6. Representations

a. When You Accept This Policy

By accepting this policy, you agree:

- (1) The statements in the Declarations are accurate and complete;
- (2) Those statements are based upon representations you made to us; and
- (3) We have issued this policy in reliance upon your representations.

b. Unintentional Failure To Disclose Hazards

If unintentionally you should fail to disclose all hazards relating to the conduct of your business that exist at the inception date of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

7. Separation Of Insureds

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this Coverage Part to the first Named Insured, this insurance applies:

- a. As if each Named Insured were the only Named Insured; and
- b. Separately to each insured against whom claim is made or "suit" is brought.

8. Transfer Of Rights Of Recovery Against Others To Us

a. Transfer of Rights Of Recovery

If the insured has rights to recover all or part of any payment, including Supplementary Payments, we have made under this Coverage Part, those rights are transferred to us. The Insured must do nothing after loss to impair them. At our request, the

insured will bring "suit" or transfer those rights to us and help us enforce them.

b. Waiver Of Rights Of Recovery (Waiver Of Subrogation)

If the insured has waived any rights of recovery against any person or organization for all or part of any payment, including Supplementary Payments, we have made under this Coverage Part, we also waive that right, provided the insured waived their rights of recovery against such person or organization in a contract, agreement or permit that was executed prior to the injury or damage.

9. When We Do Not Renew

If we decide not to renew this Coverage Part, we will mail or deliver to the first Named Insured shown in the Declarations written notice of the nonrenewal not less than 30 days before the expiration date.

If notice is mailed, proof of mailing will be sufficient proof of notice.
