### RECOMMENDATIONS:

**FIND** that **CONDITIONAL USE PERMIT NO. 3676** is **EXEMPT** from the California Environmental Quality Act pursuant to CEQA Guidelines Sections 15061(b)(2) and 15301; and,

D.M.

**ADOPTION** of a **FINDING** of “**PUBLIC CONVENIENCE AND NECESSITY**,” regarding the sale of beer and wine from the subject site for off-site consumption, based upon the findings and conclusions incorporated in the staff report; and,

**APPROVAL** of **CONDITIONAL USE PERMIT NO. 3676**, subject to the attached conditions of approval, and based upon the findings and conclusions incorporated in the staff report.

**CONCLUSIONS:**

1. The proposed project is in conformance with the Community Development: Commercial Retail (CD: CR) (0.20 - 0.35 Floor Area Ratio) land use designation, and with all other elements of the Riverside County General Plan.
2. The proposed project is consistent with the applicable policies of the Village Tourist Policy Area.
3. The proposed project is consistent with the Scenic Highway Commercial (C-P-S) zoning classification of Ordinance No. 348, and with all other applicable provisions of Ordinance No. 348.
4. The public’s health, safety and general welfare are protected through project design.
5. The proposed project is clearly compatible with the present and future logical development of the area.
6. The proposed project will not preclude reserve design for the Western Riverside County Multiple Species Habitat Conservation Plan (WRCMSHCP).
7. The proposed project will not have a significant effect on the environment.

**FINDINGS:** The following findings are in addition to those incorporated in the summary of findings, which is incorporated herein by reference.

1. The project site is designated Community Development: Commercial Retail (CD: CR) (0.20 – 0.35 Floor Area Ratio) and is located within the Village Tourist Policy Area, on the Riverside Extended Mountain Area Plan.
2. The Community Development: Commercial Retail land use designation allows for the development of commercial retail uses at a neighborhood, community and regional level, as well as for professional office and tourist-oriented commercial uses, and the Village Tourist Policy Area intends to apply a method that would allow community serving amenities at higher densities or intensities than prescribed by the plan. The commercial center is a commercial land use and is consistent with the applicable policies of the Village Tourist Policy Area.
3. The project site is surrounded by properties which are designated Community Development: Medium Density Residential (CD: MDR) (2 - 5 Dwelling Units per Acre) to the north, south, east and west.
4. The zoning for the subject site is Scenic Highway Commercial (C-P-S).
5. In accordance with Ordinance No. 348, Section 9.50. a. (38), (45), (60), (61), (95), b. (8), (22), (23) & (24), the proposed uses, convenience store with the sale of beer and wine (License Type

20) for off premise consumption, operator's residence, gasoline service station, office, hobby shop, laundry facility, recycling collection facility and liquid petroleum service stations, are permitted subject to approval of a conditional use permit in the Scenic Highway Commercial (C-P-S) zone.

6. The proposal, as designed, is consistent with the development standards set forth in the Scenic Highway Commercial (C-P-S) zone.
7. The project site is surrounded by properties which are zoned Village Tourist Residential – 20,000 Square Feet Minimum (R-3A-20,000) to the north, south, east and west.
8. Within the vicinity of the proposed project there are single family residences to the north, east and west and a mobilehome park to the south.
9. This project is not located within a Criteria Area of the Western Riverside County Multiple Species Habitat Conservation Plan (WRCMSHCP).
10. The project is located within census tract 444.01. The year 2010 census population for census tract 444.01 was 4,119 persons according to the US Census Bureau.
11. The maximum concentration level for General Liquor License (Type 21) is combined with Beer and Wine (Type 20) and limited to one per 1,250 people by census tract (Alcoholic Beverage Control Act: California Business and Professions Code 23817.5).
12. Per a facsimile received January 11, 2012 from the California Department of Alcoholic Beverage Control (ABC), currently three (3) alcohol beverage control licenses are allowed in Census Tract 444.01. However, five (5) licenses have been issued. Approval of this Conditional Use Permit would increase the number of existing ABC licenses from five (5) to six (6). Therefore, a Public Necessity and Convenience determination is required in order to allow the facility to obtain an ABC License.
13. The project site is consistent with the objectives of Section No. 18.48 (Alcoholic Beverage Sales) of Ordinance No. 348.
14. The project site is located within 100 feet of existing and habited residences.
15. The project is not located within 1,000 feet from a school, church or an existing public park and/or playground.
16. The proposed use will not be situated in such a manner that the facility will cause undue vehicle traffic impacts to any residences since adequate parking capacity is proposed. The addition of alcohol sales is not anticipated to create more traffic than what is anticipated and is intended to be a convenience to the customers of the convenience store.
17. The proposed use provides public necessity and convenience for the residents of the surrounding community.
18. The proposed project has been determined not to have a significant effect on the environment and which shall, therefore, be exempt from the provisions of CEQA. Section No. 15301 ("Existing Facilities") of CEQA states:

"Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or **minor alteration of existing public or private structures**, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. The types of "existing facilities" itemized below are not intended to be all-inclusive of the types of projects which might fall within Class 1. The key consideration is whether the project involves negligible or no expansion of an existing use. Examples include but are not limited to:

(e) **Additions to existing structures** provided that the addition will not result in an increase of more than:

(2) **10,000 square feet** if:

(A) The project is in an area where **all public services and facilities are available to allow for maximum development permissible in the General Plan** and

(B) The area in which the project is located is not environmentally sensitive." (**emphasis added**)

19. The project proposes to permit a 3,261 square foot commercial center, add a 20 square foot recycling collection facility, add a trash enclosure to enclose the existing trash bins and relocate a 500 gallon above-ground propane tank within the 0.40 gross acre site. The project will not exceed 10,000 square feet of floor area. A total of 20 square feet of minor alteration on construction is proposed as shown on EXHIBIT A.

a. The project currently has public water, gas and electric on site and is served by the applicable utilities. The project site is located easterly of Highway 243. The General Plan Circulation Element designates Highway 243 as a Mountain Arterial 110' Right-Of-Way roadway where public services and facilities are available to existing and/or future urban development.

b. The project is not located within an environmentally sensitive area or in a Criteria Area of the Western Riverside County Multiple Species Habitat Conservation Plan (WRCMSHCP). The project site is located northerly of Pine Cove Road and easterly of Highway 243 in the Community of Pine Cove which is one (1) of the largest of the mountain resort areas within the Riverside Extended Mountain Area Plan. Single family residences and a mobilehome park currently surround the project site. Currently the site is surfaced with asphaltic and there is approximately 3,261 square feet of main building area.

10. GENERAL CONDITIONS

FLOOD RI DEPARTMENT

10.FLOOD RI. 1 USE FLOOD HAZARD REPORT

RECOMMND

Conditional Use Permit 03676 is a proposal to permit a commercial development on an approximately 0.4-acre site. Various uses are proposed including a convenience store, gas station, laundromat and video arcade. The site is located in the Idyllwild area on the northwest corner of State Highway 243 and Old Banning Idyllwild Road (Pine Cove Road).

The site receives minimal offsite storm runoff. All buildings/structures/improvements are existing and no additional improvements or grading is proposed. The existing drainage patterns of the site will be perpetuated and the project should be considered relatively free from ordinary storm flood hazard. However, a storm of unusual magnitude may cause some damage. This project, located within the Santa Ana watershed, does not create any additional impervious surfaces which would qualify as 'Significant Redevelopment'. Therefore, no project-specific Water Quality Management Plan (WQMP) will be required. It should be noted that if any future development on the site that results in a loss of pervious surface, a WQMP may be required.

The District does not object to this request.

PLANNING DEPARTMENT

10.PLANNING. 1 GEN - IF HUMAN REMAINS FOUND

RECOMMND

The developer/permit holder or any successor in interest shall comply with the following codes for the life of this project:

If human remains are encountered, State Health and Safety Code Section 7050.5 states that no further disturbance shall occur until the County Coroner has made the necessary findings as to origin. Further, pursuant to Public Resources Code Section 5097.98 (b), remains shall be left in place and free from disturbance until a final decision as to the treatment and their disposition has been made. If the Riverside County Coroner determines the remains to be Native American, the Native American Heritage Commission shall be contacted within the period specified by law. Subsequently, the Native American Heritage Commission shall

identify the "Most Likely Descendant." The Most Likely Descendant shall then make recommendations and engage in consultation with the County and the property owner concerning the treatment of the remains as provided in Public Resources Code Section 5097.98. Human remains from other ethnic/cultural groups with recognized historical associations to the project area shall also be subject to consultation between appropriate representatives from that group and the County Planning /Director.

10.PLANNING. 2 GEN - INADVERTANT ARCHAEO FIND RECOMMND

The developer/permit holder or any successor in interest shall comply with the following for the life of this project:

If during ground disturbance activities, cultural resources are discovered that were not assessed by the archaeological reports and/or environmental assessment conducted prior to project approval, the following procedures shall be followed. A cultural resources site is defined, for this condition, as being three or more artifacts in close association with each other, but may include fewer artifacts if the area of the find is determined to be of significance due to its sacred or cultural importance.

1.All ground disturbance activities within 100 feet of the discovered cultural resource shall be halted until a meeting is convened between the developer, the project archaeologist, the Native American tribal representative (or other appropriate ethnic/cultural group representative), and the Planning Director to discuss the significance of the find.

2.At the meeting, the significance of the discoveries shall be discussed and after consultation with the Native American tribal (or other appropriate ethnic/cultural group representative) and the archaeologist, a decision is made, with the concurrence of the Planning Director, as to the appropriate mitigation (documentation, recovery, avoidance, etc) for the cultural resource.

3.Further ground disturbance shall not resume within the area of the discovery until an agreement has been reached by all parties as to the appropriate preservation or mitigation measures.

### 10.PLANNING. 3

### USE - LOW PALEO

RECOMMND

According to the County's General Plan, this site has been mapped as having a "Low Potential" for paleontological resources. This category encompasses lands for which previous field surveys and documentation demonstrates a low potential for containing significant paleontological resources subject to adverse impacts. As such, this project is not anticipated to require any direct mitigation for paleontological resources. However, should fossil remains be encountered during site development:

1.All site earthmoving shall be ceased in the area of where the fossil remains are encountered. Earthmoving activities may be diverted to other areas of the site.

2.The owner of the property shall be immediately notified of the fossil discovery who will in turn immediately notify the County Geologist of the discovery.

3.The applicant shall retain a qualified paleontologist approved by the County of Riverside.

4.The paleontologist shall determine the significance of the encountered fossil remains.

5.Paleontological monitoring of earthmoving activities will continue thereafter on an as-needed basis by the paleontologist during all earthmoving activities that may expose sensitive strata. Earthmoving activities in areas of the project area where previously undisturbed strata will be buried but not otherwise disturbed will not be monitored. The supervising paleontologist will have the authority to reduce monitoring once he/she determines the probability of encountering any additional fossils has dropped below an acceptable level.

6.If fossil remains are encountered by earthmoving activities when the paleontologist is not onsite, these activities will be diverted around the fossil site and the paleontologist called to the site immediately to recover the remains.

7.Any recovered fossil remains will be prepared to the point of identification and identified to the lowest taxonomic level possible by knowledgeable paleontologists. The remains then will be curated (assigned and labeled with museum\* repository fossil specimen numbers and

The remains will then be accessioned into the museum\* repository fossil collection, where they will be permanently stored, maintained, and, along with associated specimen and site data, made available for future study by qualified scientific investigators. \* The County of Riverside must be consulted on the repository/museum to receive the fossil material prior to being curated.

10.PLANNING. 4                   USE - COMPLY WITH ORD./CODES                   RECOMMND

The gasoline service station may operate 24 hours per day.

(Amended at Planning Commission on February 15, 2012)

10.PLANNING. 10 USE - BASIS FOR PARKING RECOMMND

REF: Conditional Use Permit No. 3676 - Shane Stewart - Pine Cove (Idyllwild) California

Dear Christian,

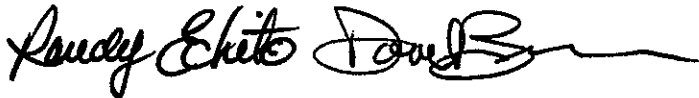

We would like to give written testimony in favor of the conditional use permit for the Pine Cove Market and Shane Stewart.

As part-time residents of Pine Cove (full time in about a year) we have been able to take advantage of the services offered by the Pine Cove Market for the past five years. It was a shame when the previous tenant could not continue with offering services, but it was a real blessing when Shane purchased the property, remodeled and cleaned it up, and opened again for the benefit of locals.

Mr. Stewart has put a great deal of time and money into this property to make it visually appealing, accessible to all and offering services and products that will benefit the local Pine Cove area. The benefit of having a market, gas station, post office and laundry will save local residents the time and gas to have to drive to Idyllwild to get these services.

We have never met Mr. Stewart, but we wholeheartedly support his efforts to revitalize the area and offer these services. We strongly support this CUP, and hope the Planning Commission will see their way clear to approve it.

Best Wishes,

I am a 35 year resident of Pine Cove, California, now retired, and am writing to express my support and endorsement for the endeavors of Mr. Shane Stewart and his efforts to revive The Market Place at Pine Cove.

The Market Place at Pine Cove is crucial to the small community of Pine Cove. The 24-hour available gasoline station and the extended-hour convenience store serves the needs of our mountain population extremely well. Mr. Stewart has developed a well-kept, clean and presentable facility. He has developed a compliment to the area.

My wife and I regularly purchase gasoline and propane at the marketplace. We encourage the development of the available office space, video arcade hobby shop, storage area and recycling collection facility. In years past, I have purchased beer and basic market essentials at the convenience store and I intend to continue using Mr. Stewart's facility.

The community of Pine Cove is greatly enhanced by Mr. Stewart's endeavors. I have observed that many off-the-hill visitors to the greater Idyllwild area frequent both the convenience store and gasoline station. Mr. Stewart has strove to benefit the community. I endorse his efforts and encourage the approval of the Conditional Use Permit of Mr. Stewart's commercial center in it's entirety.

Sincerely,

DAVID L. FRASER

Dear Mr. Hinojoso,

Thank you for the opportunity to comment about CUP 3676.

While we think highly of Mr. Stewart and appreciate the effort he has put in to clean up the site of the Pine Cove Market, I have reservations about some of the requests on his CUP.

This market and gas station are located smack in the middle of residential use, without any buffer area as do the alcohol sales in the business area of Idyllwild. We see the people hanging around in front of the liquor store and market there. I feel that liquor sales and a video arcade would negatively impact our neighborhood and would very soon become an attractive nuisance.

Regarding the residence on site, this may be an asset to maintain the safety of the site.

As far as the laundry and recycling use, there may be issues with the noise and the close proximity of residences.

Supervisors, please do not approve liquor sales and a video arcade at this location !

Sincerely A C Toering, Pine Cove resident

We the people of the community of Pine Cove and surrounding areas hereby request the County of Riverside to grant the necessary entitlement(s) which will allow ABC to issue a Beer & Wine License to the Pine Cove Market immediately.

RE: Conditional Use Permit No. 3676

A noise study is not required based upon the submitted diagrams, existing property elevation and vegetation between sensitive receivers on the north and west of the existing market site. However, they still need to follow:

1. Facility-related noise, as projected to any portion of any surrounding property containing a “sensitive receiver, habitable dwelling, hospital, school, library or nursing home”, must not exceed the following worst-case noise levels 45 dB(A) – 10 minute noise equivalent level (“leq”), between the hours of 10:00 p.m. to 7:00 a.m. (nighttime standard) and 65 dB (A) – 10 minute leq, between 7:00 a.m. and 10:00 p. m. (daytime standard).

Please contact Steve Hinde if you have any questions.

## **Business Plan For CUP# 03676**

**Monday, November 14, 2011**

**The business located on the two properties that we are currently obtaining the CUP for are as follows:**

**Pine Cove Market with self-serve reverse recycling vending machines, Pine Cove Spirit Gas, Pine Cove Laundry (Coin-Op), Pine Cove Arcade and Pine Cove Auto Repair.**

**The Entire complex is commonly known as "The Marketplace At Pine Cove". All of the businesses are owned and operated out of the Pine Cove Market under one sole owner and umbrella.**

**The Complex is open seven days a week from 7:00 a.m. to 9:00 p.m. Sunday through Thursday and 7:00 a.m. to 10:00 p.m. Friday & Saturday year round. We have one Fulltime Manager who lives on-site in the owner/managers apartment above the Market. We have one part time employee that relieves the manager two days a week. Once we open the auto repair we would only have one mechanic. Our Gas pumps are open 24 hours a day automated. Propane is sold during Market hours. The arcade and Laundry will be open until 7:00 p.m. daily. The auto repair shop will be open daily to 5:00 p.m. Recycling reverse vending machines will be available for use from 7:00 a.m to 7:00 p.m.**

**In the store we sell convince and market products including the sale of beer, wine, Lotto & Lottery. From the Market we also control the gas pumps and sales. The coin-op laundry will also be operated through the market. All auto repair sales will be handled through the market. We receive fuel deliveries between the hours of 5:00 a.m. and 7:00 a.m. on various days depending on when we need fuel. We receive market deliveries on Tuesdays and Fridays in the morning hours. We have a public single bathroom that is open daily during market hours. Our parking lot is shared amongst all of the operations and to date from 5/2011 we have never exceeded the maximum amount of parking we have.**

**Our business is a business of convenience for the Pine Cove Community as we are the only commercial business located in the Pine Cove. The next retail location is located four miles away in Idyllwild or twenty six miles away in Banning.**

**Should you have any questions please feel free to contact me direct at (951) 500-6140**
