The Honorable Board of Supervisors

RE: Pedestrian sidewalk construction and associated improvements, Krameria Avenue in the Woodcrest area and Jurupa Road in the City of Jurupa Valley.

April 12, 2012

Page 2 of 2

**BACKGROUND:** The Transportation Improvement Program provides for the construction of sidewalks and associated improvements on Krameria Avenue and Jurupa Road.

Krameria Avenue improvements include the construction of a sidewalk on the north side of Krameria Avenue between Gardner Avenue and Gamble Avenue. The existing obstructions such as fences, road signs, irrigation systems, mailboxes, trees, and water meters will be relocated as needed. Other project features include new curb and gutter, access ramps and accessible driveways.

Jurupa Road improvements include the construction of a sidewalk on the north side of Jurupa Road between Rutile Street and Poinsetta Place. The existing obstructions such as fences, road signs, irrigation systems, mailboxes, trees, and water meters will be relocated as needed. The existing curb and gutter will be enhanced with access ramps, and accessible driveways.

Both projects are partially funded with SB 821 funds for which the County successfully competed. Additionally, Krameria Avenue is partially funded with SRTS-Safe Routes to School funds for which the County successfully competed.

The County identified the need for sidewalk and associated improvements on Jurupa Road, funds were budgeted, and construction drawings were substantially prepared prior to the incorporation of the City of Jurupa Valley. The City of Jurupa Valley desires the County continue as lead agency through project completion and they have approved the construction drawings.

Bid documents include the following schedules of work:

Schedule A: Project improvements on Krameria Avenue.

Alternate 1: Adjustment of water meters and relocation of fire hydrants on Krameria Avenue, to be funded by the Western Municipal Water District under the terms of a cooperative agreement, which will be executed prior or concurrently with the submission of the construction contract for award.

Schedule B: Project improvements on Jurupa Road.

Alternate 2: Adjustment and relocation of water meters and water meter boxes on Jurupa Avenue, to be funded by Jurupa Community Services District (JCSD) under the terms of a cooperative agreement, which will be executed prior or concurrently with the submission of the construction contract for award.

If the utility owners concur with bid prices, as bid by the apparent low bidder, the alternate bid schedules will be included with the contract award and the costs for the work will be funded by that utility owner.

The submitted plans and specifications have been approved as to form by County Counsel. Environmental clearance is complete.
