

**SUBMITTAL TO THE BOARD OF SUPERVISORS  
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

110 A

**FROM:** Agricultural Commissioner's Office

**SUBMITTAL DATE:**  
June 5, 2012

**SUBJECT:** Cooperative Agreement for the European Grapevine Moth Detection Program.

**RECOMMENDED MOTION:** That the Board of Supervisors:

- 1) Approve Cooperative Agreement No. 11-0527-SF in the amount of \$106,871 for FY 12/13; and
- 2) Authorize the chairman to sign the agreement.

**BACKGROUND:** Agricultural production in Riverside County contributes an estimated \$4 billion to the local and regional economy. Among the rich and varied assortment of agricultural commodities produced, grape production alone represents 8% of this economic contribution, with about 11,400 planted acres.

This program will fund early detection of this invasive insect species which was recently detected for the first time within the United States, in California's Napa Valley. Establishment of the European Grapevine Moth within Riverside County would eliminate a large proportion of our export markets and would present a serious threat to the continued viability of local grape production.

This agreement was approved as to form by County Counsel.

## SCOPE OF WORK

### AGREEMENT SPECIFICATIONS FOR STATE-COUNTY EUROPEAN GRAPEVINE MOTH (EGVM) TRAPPING

#### **Section 1 -- The California Department of Food and Agriculture shall:**

1. Provide trapping materials for European Grapevine Moth (EGVM) detection: including traps, lures and handouts.
2. Provide technical assistance and training to county agricultural commissioner personnel on the use of traps and detection procedures.
3. Provide GPS units or reimbursement for GPS units up to \$250. Reimbursement will require a copy of the receipt.
4. Ensure timely payment of invoices following confirmation of agreement compliance.
5. Provide quality assurance of program.

#### **Section 2 -- The County Agricultural Commissioner shall:**

1. Submit a completed budget display and Trapping Hours Worksheet using the provided files and following the trap density described in the European Grapevine Moth (EGVM) Trapping Guidelines, April 24, 2012.
2. Hire and/or train personnel.
3. Ensure that trapping procedures are followed.
4. Ensure that all documentation of work is complete and accurate.
5. Submit weekly reports into IPHIS or send Attachment 1 to [debby.tanouye@cdfa.ca.gov](mailto:debby.tanouye@cdfa.ca.gov).
6. Submit monthly invoices (using the template provided) and a Report 1 no later than 30 days past the end of the month in which the invoiced activity occurred. Invoices must list the names of the staff that were paid for the monthly activities. Reimbursement will not occur unless weekly reports are submitted in a timely manner (either entry into the USDA's Integrated Plant Health Information System (IPHIS) or submission of Attachment 1).

7. Provide one set of trapping records for all traps. This set, in the form of a "Trap Book," shall indicate the exact trap location using a site map and all information regarding trap placement, servicing, baiting, relocation and removal.
8. Counties must use maps displaying the square mile grid and appropriate subgrids as determined by CDFA or USDA. If needed, maps or the GIS layers will be provided. If the county has the ability to produce this, verify the accuracy with CDFA.
9. Allow state detection personnel and/or federal Plant Protection and Quarantine (PPQ) officers to perform quality control inspections on EGVM county trap lines.
10. Allow state detection personnel and/or federal PPQ officers to accompany trappers and/or supervisors in the field. This will be credited as field training for county personnel.
11. Provide and maintain trapping vehicles.
12. Submit EGVM samples to the Plant Pest Diagnostics Laboratory in Sacramento via approved method(s). See **Submitting Specimens for Identification** in the attachment, "European Grapevine Moth (EGVM) Trapping Guidelines (April 24, 2012)."

### **Section 3 -- Description of Work**

1. Trapping activities will be conducted by County personnel following the guidelines and direction found in the attachment, "European Grapevine Moth (EGVM) Trapping Guidelines (April 24, 2012)."
2. Commercial trapping not in conjunction with any other detection activity will be fully reimbursed.
3. Trapping performed in conjunction with existing detection trapping routes and/or sites (piggybacked) will be reimbursed at six minutes per trap. These traps are serviced and maintained by existing general detection trappers.
4. Mileage reimbursement is not allowed for EGVM traps piggybacked onto other pest detection sites.
5. Delimitation trapping may be required upon detection of new finds, but only with the approval of PD/EP project management.

6. If EGVM traps are piggybacked onto other detection sites, incorporate the documentation (data card, maps, etc) for EGVM traps into the books used for pest detection programs.
7. Complete a Daily Trapping Summary (DTS) (Form 60-210) for each trapper. This will serve as official documentation of work performed. This form must be available for review by the district entomologist or CDFA audit office for three years. To facilitate program audits, the DTS must be signed by the individual who performed the work indicated on that summary.
8. Provide vehicle accountability in the form of a log to include vehicle license plate number (or other identifying number), dates vehicle used on the EGVM project, daily mileage, and employee name.

#### **Section 4 -- Basis for Payment**

1. Submit invoices by postal mail or e-mail to: Joanne Shimada:  
  
CDFA- PD/EP, Joanne Shimada  
1220 N Street, Room 315  
Sacramento, CA 95814  
  
OR: [joanne.shimada@cdfa.ca.gov](mailto:joanne.shimada@cdfa.ca.gov).
2. If the invoice carries a signature block, the block must be signed. Invoices with blank signature blocks cannot be processed.
3. Only authorized charges matching the work plan will be reimbursed; for example salaries, benefits, overhead, supplies, vehicle mileage and vehicle leasing costs. These expenditures must be itemized on the invoice with documentation to support the charges in the event of an audit (federal or state). Any expenditure that is not listed in the work plan is considered unauthorized and cannot be reimbursed.
4. A sample invoice is included with the agreement. The county may use this form or submit their own invoice, but the invoice must contain the following:
  - o County name
  - o County address
  - o Remit to address
  - o Date of submittal
  - o Contract name
  - o Contract number
  - o Billing period

- Allowable Itemized charges as listed on the work plan.
  - Employee name (or other unique identifying number), classification, hours worked on the EGVM project, hourly rate, benefit rate.
  - Vehicles license plate number (or unique identifying number), driver name, ownership of the vehicle (county, state, or leased), allowable mileage rate for the vehicle, and if leased, the monthly lease rate for the vehicle.
- 5. Payment of the invoice is contingent upon data entry into IPHIS, or sending CDFA weekly reports (for entry into IPHIS), submission of the Report 1, and compliance with the required information as listed in #4.
- 6. Payment is contingent upon receiving weekly reports (either data entry into IPHIS or Excel spreadsheet) and listing the names of staff receiving payment on the invoice.
- 7. To insure payment of work performed, all invoices must be received no later than 60 days after the agreement expires.
- 8. Payment will be made monthly, in arrears, upon receipt and approval of invoice.

## European Grapevine Moth (EGVM) Trapping Guidelines

### *Detection Trapping*

- **Non-regulated counties (Butte, Fresno, Imperial, Kern, Kings, Madera, Mendocino, Monterey, Riverside, San Joaquin, San Luis Obispo, Santa Cruz, and Tulare)**
  - Twenty five traps per square mile (~ 1 trap per 25 acres) in commercial grape production areas, using a 5x5 (25 traps) subgrid overlay. Do not place more than one trap per subgrid. Do not place a trap in a subgrid that does not contain grapes. Attachment 1 shows an example of a 5x5 overlay.
  - **Beginning August 15** reduce the 25 traps per square mile to 9 traps per square mile for Generations 2 and 3. How to do this? Remove 16 of the traps, leaving 9 at even density throughout the square mile. **Keep** the existing traps numbers of the remaining 9 traps.
  - Primary host – grapes only.
  - Service traps every two weeks, removing them during the first servicing after October 1, 2012.
  - In square miles with a mix of vineyards and non-vineyards, the number of traps deployed in the vineyards is prorated based on the equivalent density of commercial grape acreage in that square mile.
  - Do not relocate unless access to the trap is impaired for more than one servicing.

### *Delimitation Trapping*

- **In response to a new EGVM detection**
  - Place 100 traps in the core square mile - and increase traps to 25 traps per square mile in a three-mile radius around the detection site on both commercial and residential properties, including portions in cities and natural areas within the delimitation area.
  - Use a 10x10 (100 traps) subgrid overlay for the core and a 5x5 (25 traps) subgrid overlay for all other miles. For the core, a 5x5 (25 traps) subgrid overlay can be used as well, by placing four traps in each subgrid.
  - Place the trap in grapes, if possible. Use secondary hosts if grapes are not available.
  - Service delimitation traps daily for the first week, then bi-weekly thereafter.
  - Do not relocate or rotate unless access to the trap is impaired for more than one servicing.
  - Coordinate trap deployment and servicing with CDFA.

## ***Delimitation Areas – within Moth Counties as of January 2012***

- **Deregulation Trapping following 2012 – Nevada, Santa Clara, Santa Cruz, and parts of Solano and Sonoma Counties<sup>1</sup>**
  - 100 traps per square mile in locations within 500 meters of a detection site for at least two full generations.
  - 25 traps per square mile in a three-mile radius of a detection site in commercial grape production areas, residential properties, and natural areas.
  - Service traps every two weeks, removing them during the first servicing after October 1, 2012.
  - In the event of a new detection, service traps weekly for one full generation, then resume bi-weekly servicing.
  
- **Napa**
  - 25 traps per square mile in a three-mile radius in both commercial and residential host properties, including portions in cities within the delimitation area.
  - Service traps every two weeks, removing them during the first servicing after October 1, 2012.
  - In the event of a new detection, maintain the 2-week servicing interval.
  
- **Quarantined Counties – Urban survey**
  - Piggyback up to five traps per square mile onto medfly sites in urban and rural residential areas. Do not add traps to rural medfly sites.
  - Follow the medfly trap servicing and relocation interval. Always use a new EGVM trap when relocating.
  - Place the trap in grapes, if possible. Otherwise, use a secondary EGVM host (See Host(s) on Page 3). When using a medfly host, keep 10' between traps keeping in mind that medfly traps have host and placement priority. If no EGVM host is present, place trap in whatever tree is available, keeping trap out of reach of children.
  - Service traps every two weeks, removing them during the first servicing after October 1, 2012.

### ***Other Parameters***

#### **Trap**

- The trap consists of three parts: the red delta trap body (red is not attractive to honey bees), lure (rubber septum) and the trap hanger or zip tie.

---

<sup>1</sup> Solano and Sonoma Counties – areas that are beyond three miles of detection sites in Napa County.

## Attractant

- The attractant for EGVM is a male sex pheromone. This lure acts primarily as a male attractant. The lure does not contain any insecticide.

## Inspection Frequency

- Two-week servicing interval, unless directed otherwise (see Delimitation Trapping). If pesticide treatments or other factors in the vineyard preclude servicing a trap, document the missed servicing in both the trap book and the provided electronic data base Integrated Plant Health Information System.

## Host(s)

- Grapes are the primary host. Complete lifecycles may also occur in secondary hosts which include: olive, Prunus species (apricot, nectarine, prune, cherry and plum), kiwi, pomegranate, and ornamentals such as Daphne gnidium, rosemary, privet, ivy, and carnation.

## Trap Placement

- Vineyards – Place traps at the end of the rows of the major vineyard throughways, hanging them from the vine support wires using zip ties or support poles away from the branches of the vines (unobstructed). As the vine grows, move the trap up higher so that it is in proximity of the flowers and fruit. It is also acceptable to hang the trap from metal JB poles or from the branches of the vines. Avoid hanging any trap from small branches or cordons to minimize trap loss due to harvest, maintenance, pruning, or vine growth.
- Place traps in open spaces, unobstructed by branches or leaves. Align traps so that they are parallel to the vine row.
- Open the ends of the trap. The openings must be free from obstructions; this will allow airflow and dispersal of the pheromone.
- In residential areas, place the trap out of the reach of children.
- GPS
  - All sites trapped must be GPS'd using Datum NAD83 in decimal degrees to 6 decimal points (e.g., 34.423314, -119.825056). If there are more than 6 digits, please truncate the figures (DO NOT round up or down). The minimum information recorded in the GPS unit is trap number, placement date, and degree decimal waypoint reading. New GPS points must be recorded if EGVM traps are relocated.
  - Document the GPS coordinates on the trap card. New GPS values must be taken and recorded for 2012. Do not re-use the 2011 GPS coordinates even if the 2012 trap site is utilizing a previously used map and trap card.
  - All GPS points will be verified by the USDA. Following completion of trap placement, submit GPS points on an Excel spreadsheet (include county, trap number and GPS points) to [debby.tanouye@cdfa.ca.gov](mailto:debby.tanouye@cdfa.ca.gov).

## **Trap Assembly & Numbering**

- Traps will arrive fully assembled and the lure will be placed inside the trap by the trapper.
- Write the trap number and date of deployment on the trap body prior to placing the trap.
- Trap numbers for EGVM will include either:
  - The six-digit grid number, subgrid designation, and the identifying letters "EGVM." For example: 075045-10-EGVM; or
  - The five-digit alpha-numeric number, subgrid designation, and the identifying letters "EGVM." For example: BD201-15-EGVM.
- TO PREVENT CONTAMINATION OF OTHER SURFACES, AVOID DIRECT CONTACT WITH THE PHEROMONE SEPTA OR THE INSIDE SURFACE OF THE POUCH.
- Open the septa pouch; squeeze the septa directly into the trap, securing it onto the stickum on the bottom of the trap or use forceps to place it. Discard the empty packet in a manner approved by the trapping office.
- DO NOT DISPOSE OF LURES OR LURE PACKAGES IN THE FIELD. All trapping materials are to be disposed of at the inspector's field station.

## **Maps**

- Counties must use maps displaying the square mile grid and appropriate subgrids as determined by CDFA or USDA. If needed, maps or the GIS layers will be provided. If the county has the ability to produce these, verify the accuracy with CDFA.

## **Baiting Interval**

- Every four weeks replace the septa. Old septa can be left in the trap. If too many septa accumulate in the trap, replace the entire trap.

## **Trap Replacement**

- Replace the trap when the trap body deteriorates or the stickum becomes excessively dirty.

## **Trap Relocation**

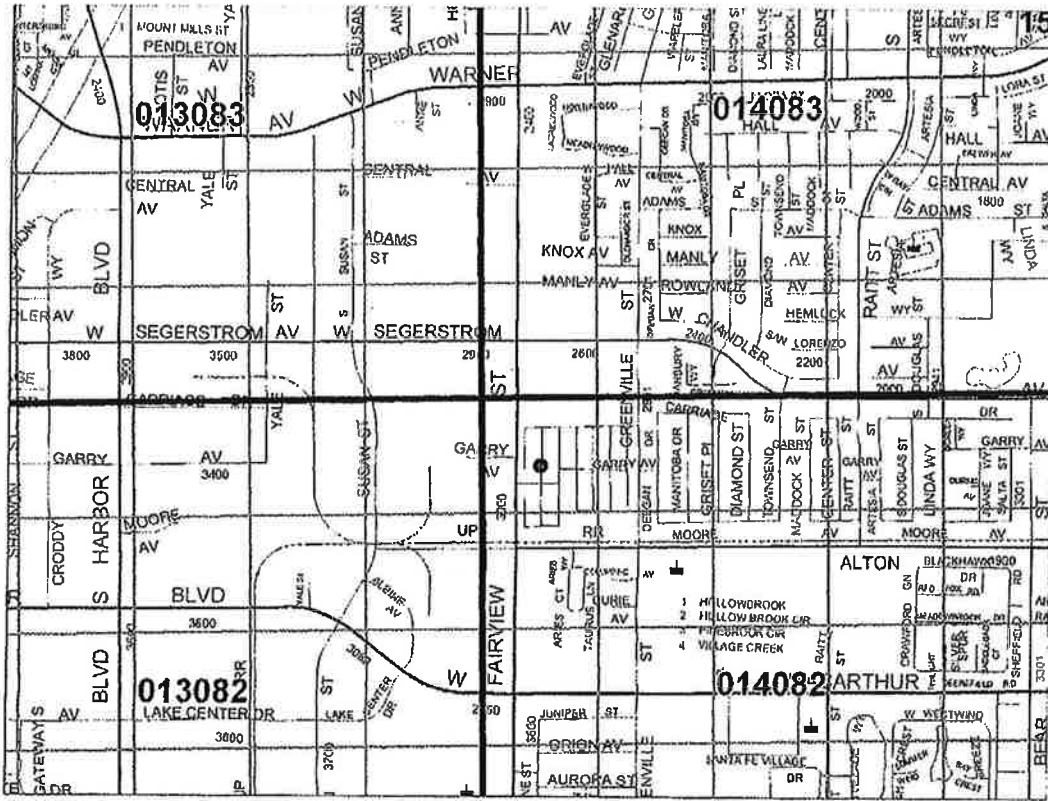

- Vineyard traps-- Do not relocate unless access to the trap is impaired for more than one servicing.
- Traps do not need to be relocated; however, as the vines grow, move traps to the upper third of the vine, as practical.
- Follow all pesticide regulations before entering a vineyard that has been treated.

- GPS the new site. Document the GPS units on the trap card and enter into the IPHIS database.

### **Submitting Specimens for Identification**

- The entire trap containing the suspect moth(s) should be collected and returned to the office for supervisory inspection. Before leaving the site, replace the old trap with a new one.
- Immediately contact the district entomologist after trapping a suspect moth(s). Send suspect specimens to Sacramento by the quickest means possible.
- Submit the entire trap, leaving the suspect EGVM adult(s) in the trap, for identification to the CDFA Plant Pest Diagnostics Laboratory. If the suspect moth is alive in the trap, place the trap in the freezer for at least one hour to kill the moth(s). Do not send live specimens!
- All suspect specimens should be submitted along with Form 65-020, the electronic version of the Pest and Damage Report (e-PDR). The website for the e-PDR is <http://phpps.cdfa.ca.gov>. Persons completing this form will need a username and a password.
- Notify Debby Tanouye ([debby.tanouye@cdfa.ca.gov](mailto:debby.tanouye@cdfa.ca.gov)) upon all submissions. Include the e-PDR number in this communication.

**5 x 5 subgrid overlay, covering 4 grids**

The dark lines are the square mile grid lines.

The red lines are the 5 x 5 subgrid overlay (at 25 subgrids per square mile).

The green dot is a "find."

The subgrid lines must "line up" with the grid lines.

## EXHIBIT B

### BUDGET AND PAYMENT PROVISIONS

#### 1. Invoicing and Payment

- A. For services satisfactorily rendered, and upon receipt and approval of the invoices, the State agrees to compensate the Recipient for actual allowable expenditures incurred in accordance with this Agreement and stated herein, which is attached hereto and made a part of this Agreement.

Original invoices shall include the Agreement Number, dates-of-service, type of work performed, and when applicable, a breakdown of the costs of parts and materials, labor charges, and any other relevant information required to ensure proper invoices are submitted for payment.

- B. Unless stated in Exhibit A, Scope of Work, monthly invoices must be submitted within thirty (30) days after the end of each month in which work under this Agreement was performed to the CDFA Agreement Manager.
- C. A final invoice will be submitted for payment no more than thirty (30) days following the expiration date of this Agreement, unless an alternate deadline is agreed to by the CDFA Agreement Manager. The invoice must be clearly marked "Final Invoice" thus indicating that all payment obligations of the State under this Agreement have ceased and that no further payments are due or outstanding.

#### 2. Budget Contingency Clause

If funding for any fiscal year is reduced or deleted by the State Budget Act for purposes of this program, the State will have the option to either cancel this Agreement with no liability occurring to the State, or offer to amend the Agreement to reflect the reduced amount.

#### 3. Prompt Payment Clause

Payment will be made in accordance with, and within the time specified in, California Government Code Title 1, Division 3.6, Part 3, Chapter 4.5, commencing with Section 927 – The California Prompt Payment Act.

#### 4. Allowable Line Item Shifts

- A. Upon approval of the CDFA Agreement Manager, line item shifts of up to ten percent (10%) of a budget category amount are allowed without changes to Exhibit B, Budget, so long as the annual Agreement total dollar amount neither increases nor decreases.
- B. The Recipient shall obtain approval from the CDFA Agreement Manager when a line item shift amount is over ten percent (10%).

#### 5. Allowable Expenses/Fiscal Documentation

- A. The Recipient will comply with all applicable State and Federal regulations including, but not limited to, the Code of Federal Regulations (7 CFR 3015, 3016 and 3019) and allowable cost principles found in 2 CFR 220, 225 and 230 or Federal Acquisition Regulation 48 CFR 31.2.
- B. The Recipient will maintain adequate documentation for expenditures subject to this Agreement to permit the determination of the allowability of expenditures reimbursed by the State under this Agreement. If CDFA cannot determine expenditures are allowable under the terms of this Agreement because records are nonexistent or inadequate according to generally accepted accounting principles, the CDFA may disallow the expenditure.
- C. If domestic travel is a reimbursable expense, receipts must be maintained to support the claimed expenditures. The maximum rates allowable are those established in Title 2, California Code of Regulations, Sections 599.619 and 599.630.
- D. If international travel is a reimbursable expense, receipts must be maintained to support the claimed expenditures. The maximum rates allowable are those established in a per diem supplement to Section 925, Department of State Standardized Regulations. All international travel must comply with the "Fly America Act" U.S.C. Title 49 § 40118, government-financed air transportation.
- E. The Recipient will maintain and have available, upon request by CDFA, all financial records and documentation pertaining to this Agreement. These records and documentation will be kept for three (3) years after completion of the Agreement period or until final resolution of any performance/compliance review concerns or litigation claims.

#### 6. Budget

For a detailed budget for all work to be performed under the Scope of Work, see attached Budget.

COMMENTS:

## EXHIBIT C

### GENERAL TERMS AND CONDITIONS

**1. Approval**

This Agreement is of no force or effect until signed by both parties. The Recipient may not invoice for work performed prior to the commencement date or completed after the termination date of this Agreement.

**2. Assignment**

This Agreement is not assignable by the Recipient, either in whole or in part, without the consent of the CDFA, in the form of a form of writing.

**3. Indemnification**

Recipient agrees to indemnify, defend and save harmless the State, its officers, agents and employees from any and all claims and losses accruing or resulting to any and all contractors, subcontractors, suppliers, laborers, and any other person, firm or corporation furnishing or supplying work services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims and losses accruing or resulting to any person, firm or corporation who may be injured or damaged by Recipient in the performance of this Agreement.

**4. Disputes**

Recipient will continue with the responsibilities under this Agreement during any dispute. In the event of a dispute, the Recipient will file a "Notice of Dispute" with the CDFA within ten (10) days of discovery of the problem. The Notice of Dispute will contain the Agreement number. Within ten (10) days of receipt of the Notice of Dispute, the Agency Secretary, or Designee, will meet with the Recipient, CDFA Program Management, and Federal Funds Management for the purpose of resolving the dispute. The decision of the Agency Secretary or Designee will be final. In the event of a dispute, the language contained within this Agreement will prevail.

**5. Potential Contractors**

If the Recipient contracts for a portion of the work required by this Agreement, nothing contained in this Agreement or otherwise, will create any contractual relation between the State and any contractors, and no contract will relieve the Recipient of their responsibilities and obligations hereunder. The Recipient agrees to be as fully responsible to the State for the acts and omissions of its contractors and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Recipient. The Recipient's obligation to pay its contractors is an independent obligation from the State's obligation to make payments to the Recipient. As a result, the State will have no obligation to pay or to enforce the payment of any moneys to any contractor.

**6. Independent Recipient/Contractor**

Recipient, and the agents and employees of Recipient, in the performance of this Agreement, will act in an independent capacity and not as officers or employees or agents of the State.

**7. Recycling Certification**

The Recipient will certify in writing under penalty of perjury, the minimum, if not exact, percentage of post consumer material as defined in the Public Contract Code Section 12200, in products, materials, goods, or supplies offered or sold to the State regardless of whether the product meets the requirements of Public Contract Code Section 12209. With respect to printer or duplication cartridges that comply with the requirements of Section 12156(e), the certification required by this subdivision will specify that the cartridges so comply (Pub. Contract Code §12205).

**8. Non-Discrimination Clause**

During the performance of this Agreement, Recipient and its contractors will not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, sexual orientation, race, color, ancestry, religious creed, national origin, physical disability, mental disability, medical condition, age, marital status, and denial of family care leave.

Recipients and contractors will insure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. Recipient and contractors will comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 (a-f) et seq.) and the applicable regulations promulgated there under (California Code of Regulations, Title 2, Section 7285 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Agreement by reference and made a part hereof as if set forth in full. Recipient and its contractors will give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining unit or other Agreement.

Recipient will include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under this Agreement.

**9. Governing Law**

This Agreement is governed by and will be interpreted in accordance with all applicable Federal and State laws.

**10. Unenforceable Provision**

In the event that any provision of this Agreement is unenforceable or held to be unenforceable, then the parties agree that all other provisions of this Agreement have force and effect and will not be affected thereby.

**11. Excise Tax**

The State of California is exempt from Federal excise taxes and no payment will be made for any taxes levied on employees' wages. The State will pay for any applicable State of California or local sales or use taxes on the services rendered or equipment or parts supplied pursuant to this Agreement. California may pay any applicable sales and use tax imposed by another State.

**12. Right to Terminate**

CDFA reserves the right to terminate this Agreement subject to thirty (30) days written notice to the Recipient. The Recipient may submit a written request to terminate this Agreement only if CDFA substantially fails to perform its responsibilities as provided herein. However, the Agreement can be immediately terminated for cause.

**13. Termination for Cause**

The State may terminate this Agreement and be relieved of any payments should the Recipient fail to perform the requirements of this Agreement at the time and in the manner herein provided. In the event of such termination the State may proceed with the work in any manner deemed necessary by the State. All costs to the State will be deducted from any sum due the Recipient under this Agreement and the balance, if any, will be paid to the Recipient upon completion of the work.

**14. Reporting Requirements**

Recipient agrees to complete all reporting requirements listed in Exhibit A, Scope of Work.

**15. Publicity and Acknowledgement**

The Recipient agrees that it will acknowledge CDFA's support whenever projects funded, in whole or in part, by this Agreement are publicized in any news media, brochures, or other type of promotional material.

**16. Amendments**

Changes to Exhibit A, Scope of Work, Exhibit B, Budget, or the Agreement term, must be requested in writing to the CDFA Agreement Manager via letter, fax or email no later than thirty (30) days prior to the requested implementation date. CDFA Agreement Manager will respond in writing via letter, fax or email as to whether the proposed changes are accepted. Any changes to the Scope of Work, Budget, or Agreement term must be approved in writing by CDFA prior to implementation. If approved by CDFA, the agreed upon changes will be made and become part of this Agreement.

**17. Memorandum of August 2009**

The County agrees to abide by Articles 3 through 13 of the Memorandum of Understanding (MOU) agreed to between the California Department of Food and Agriculture (CDFA) and the United States Department of Agriculture (USDA), Animal and Plant Health Inspection Services Plant Protection and Quarantine signed by CDFA August 2009. The Articles in the MOU provide for cooperation, of the parties involved in plant protection and quarantine programs and activities directed at plant pests and noxious weeds of mutual concern to the USDA and California. The Articles outline authorities, codes and sections under which cooperation will be met, including data sharing responsibilities, limitations and confidentiality under Section 1619 of the Food, Conservation, and Energy Act of 2008.
