The Honorable Board of Supervisors

RE: Limonite Avenue Resurfacing Project from Hamner Avenue in the City of Eastvale to Wineville Avenue in the City of Jurupa Valley.

September 13, 2012

Page 2 of 2

BACKGROUND: By Minute Order dated July 31, 2012 (Agenda Item 3.76), the Board authorized the Clerk of the Board to advertise the Limonite Avenue resurfacing project within the jurisdictional boundaries of the cities of Eastvale and Jurupa Valley, additionally, the specifications and plans were approved by that Board action.

Bids for the project were opened in the office of the Director of Transportation and Land Management at 2:00 PM, Wednesday, August 22, 2012. Four bids were received, ranging from \$357,100 to \$396,374. The basis for the selection of a contractor is the lowest responsive and responsible bid. The lowest responsible bid was submitted by All American Asphalt of Corona, in the amount of \$357,100, which is \$96,900 (21.34%) below the Engineer's Estimate.

The project was programmed based on strong community concerns from both cities to provide relief from deteriorating pavement conditions. This project will improve the pavement conditions between Hamner Avenue and Wineville Avenue, and this project will also improve safety conditions by constructing a raised median island from Pat's Ranch Road to Interstate 15 (I-15) northbound ramps and restrict left-turn movements from the Park and Ride facility and from Pat's Ranch shopping center.

The County identified the need for pavement resurfacing on Limonite Avenue, funds were budgeted and construction drawings were substantially prepared prior to incorporation of the City of Jurupa Valley. During the design phase, the City of Jurupa Valley requested to add a raised median island within their jurisdictional boundaries and agreed to pay for that improvements. The City and County staff have been working to finalize the Cooperative Agreement that will provide the mechanism for the City of Jurupa Valley to reimburse the County. This agreement was approved by the City Council on September 6, 2012 and will be coming before the Board at a future meeting. The City of Eastvale has also agreed to contribute funding for the improvements within their City limits. The Eastvale City Council has executed the Cooperative Agreement on September 12, 2012, for their share of the project costs and the agreement will be going to the Board for approval at a future meeting.

The proposed road improvements include, cold plane the existing pavement, placing new asphalt concrete pavement. Additional improvements include, place slurry seal installation of new detector loops, striping, thermoplastic pavement markings, construction of a median island, and other associated work. The Cities of Eastvale and Jurupa Valley concur with the proposed improvements.

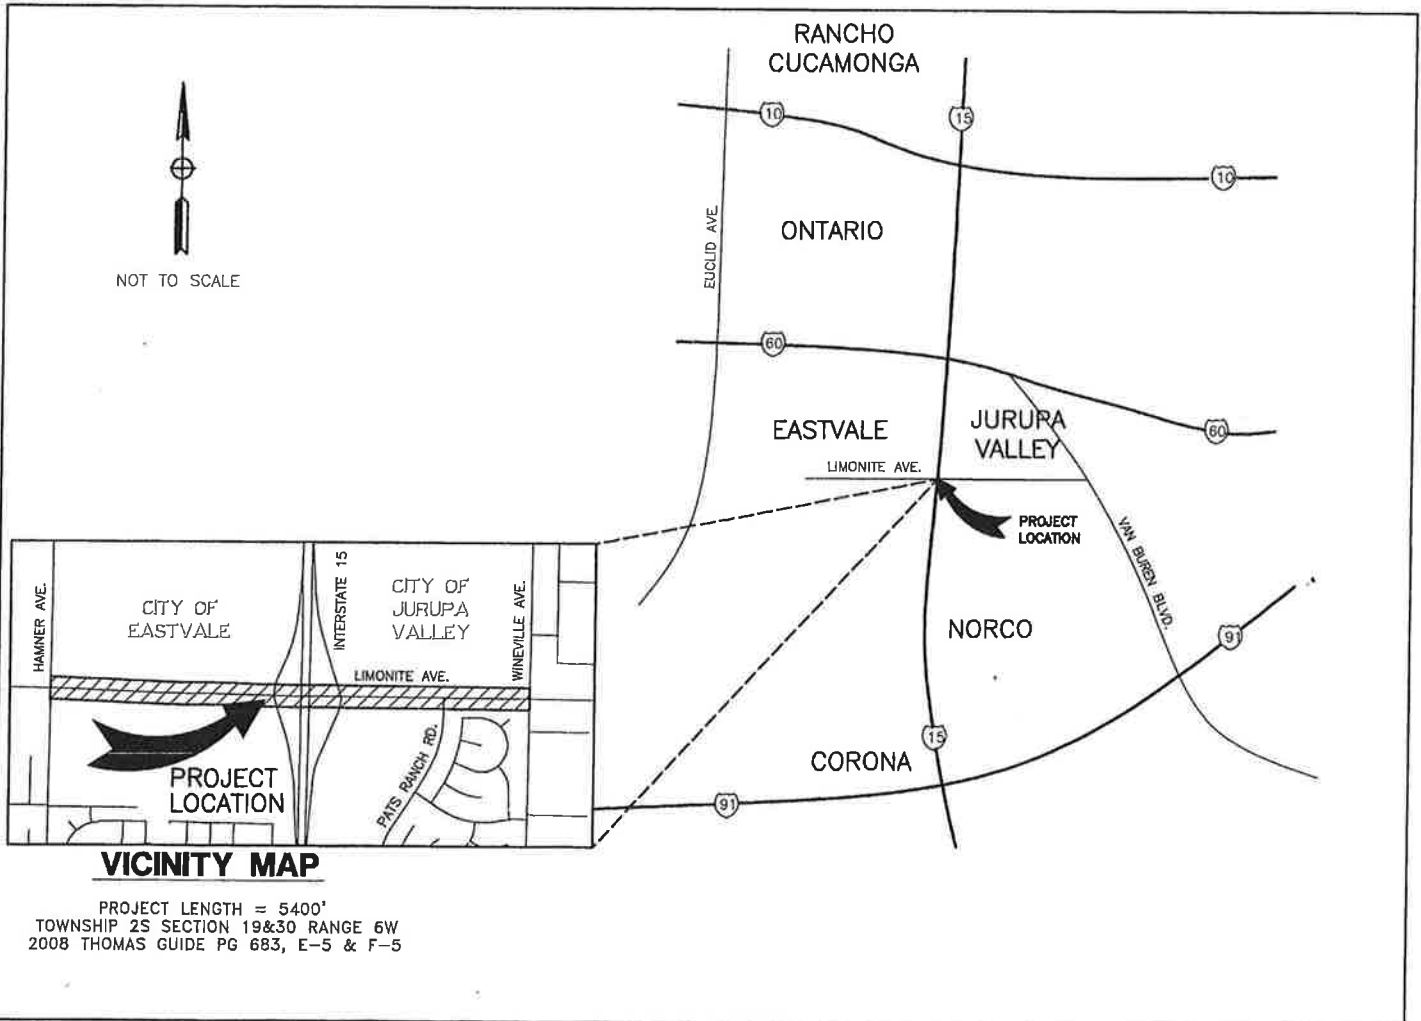

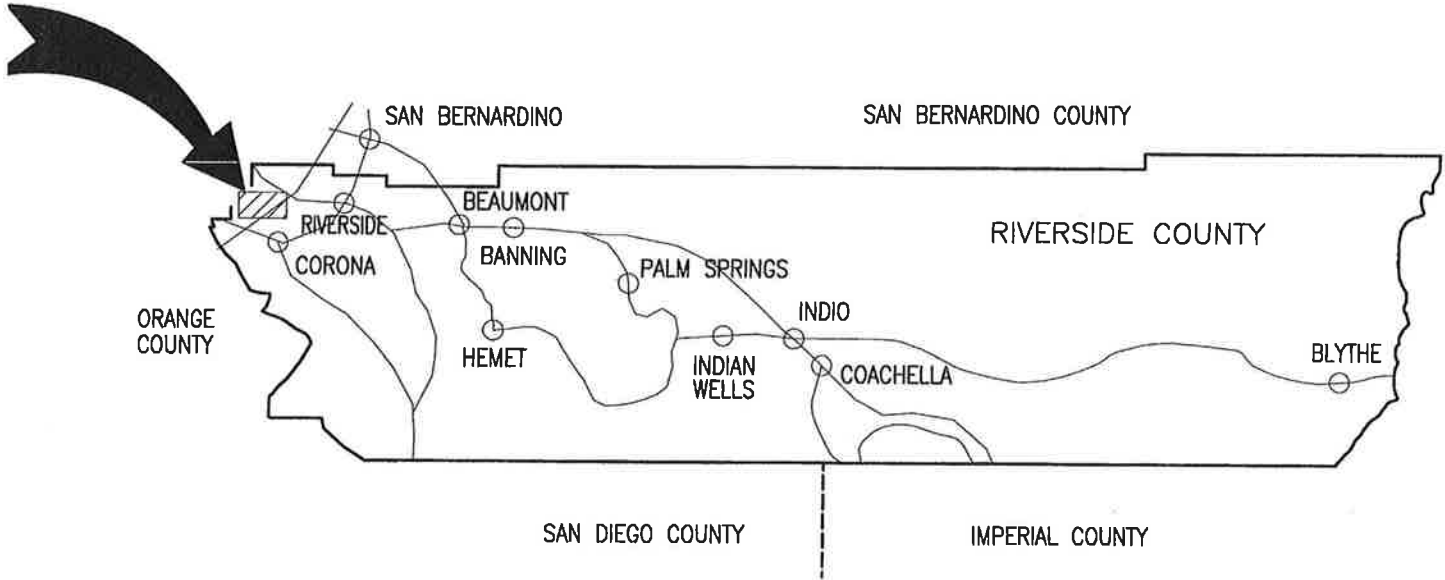

The estimated total project expenses are expected to be less than the proposed project budget base on the above mentioned agreements with the cities, as shown on Attachment A.

The Contractor will execute the contract and provide bonds and insurance documents after Board approval. The Contractor is qualified to perform the work as outlined in the bid.

All of said Documents presently in existence are by this reference incorporated herein with like effect as if here set forth in full and upon the proper issuance of other documents they shall likewise be deemed incorporated. The Bid Bond is exonerated upon execution of this Agreement and the Payment Bond and Faithful Performance Bond.
2. The Work. Contractor shall do all things necessary to construct the work generally described in Recital No. 1 in accordance with the Contract Documents.

3. Liquidated Damages and Time of Completion. Attention is directed to the provisions in Section 8-1.06, "Time of Completion", and in Section 8-1.07, "Liquidated Damages", of the Standard Specifications and these Special Provisions.

The Contractor shall begin work within 15 days of the date stated within the written "Notice to Proceed".

The Contractor shall notify the Engineer, in writing, of his intent to begin work at least 72 hours before work is begun. The notice shall be delivered to the Transportation Department's Construction Engineer and shall specify the date the Contractor intends to start. If the project has more than one location of work, a separate notice shall be given for each location.

Should the Contractor begin work in advance of receiving a written "Notice to Proceed", any work performed by him in advance of the date stated in the "Notice to Proceed" shall be considered as having been done by him at his own risk and as a volunteer and subject to the following:

- (1) The Contractor shall, on commencing operations, take all precautions required for public safety and shall observe all the provisions in the Specifications and the Special Provisions.
 - (2) All work done according to the contract prior to the issuance of the "Notice to Proceed", will be considered authorized work and will be paid for as provided in the contract.
 - (3) The Contractor shall not be entitled to any additional compensation or an extension of time for any delay, hindrance or interference caused by or attributable to commencement of work prior to the issuance of the "Notice to Proceed".
4. Compensation. Contractor shall be paid in the manner set forth in the Contract Documents the amount of his Proposal as accepted by County, the above rates, subject to additions and deductions as provided in the Contract Documents. Said Proposal is on file in the Office of the Clerk of the Board of Supervisors of County.
